- Strategic Plan Impact Statement, Outcomes and Indicators
- Medium-Term Expenditure Framework Estimates
- APP Financial Year 2020/2021

RECOMMENDATION TO THE PORTFOLIO COMMITTEE

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

EXECUTIVE AUTHORITY'S OVERVIEW

The severe economic recession that our country is facing, which has only been exacerbated by the COVID-19 pandemic, has placed an added urgency on us to navigate a new normal. The Council for the Built Environment, together with its eight Professional Councils have a very important challenge, which now has an added urgency in the 2021/22 financial year, to not only aggressively transform the Built Environment Sector but in so doing enable the investment and implementation of integrated and spatially transformed communities.

The other main focus areas of the CBE includes the mentorship or up and coming Built Environment Professionals and in so doing, building the capacity of the State. This is not only one of the 7 key priorities of the 6th Administration but is also a golden thread through SA's Infrastructure Investment Plan and South Africa's Economic Reconstruction and Recovery Plan.

I have tasked the CBE to contribute further in fulfilling its legislated mandate and to ramp up its interventions to add value to a Sector that should have seen more transformation over the past 27 years. There is a lack of recognition of the wealth of talent that we have in South Africa. The focus areas for the CBE and its Professional Councils are to be in mentorship that focuses on empowering women, youth and persons with disabilities. Further, the CBE should be brokering enabling systems that transform the built environment and speed up delivery.

MANDATE

CONSTITUTIONAL MANDATE

Section 195 of the Constitution of the Republic, Act 108 of 1996 states that *Public Administration must be governed by the democratic values and principles enshrined in the Constitution, including the following principles:*

a) A high standard of professional ethics must be promoted and maintained.

(b) Efficient, economic and effective use of resources must be promoted.

(c) Public administration must be development-oriented.

(d) Services must be provided impartially, fairly, equitably and without bias.

(e) People's needs must be responded to, and the public must be encouraged to participate in policy-making.

(f) Public administration must be accountable.

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

LEGISLATIVE AND POLICY MANDATE

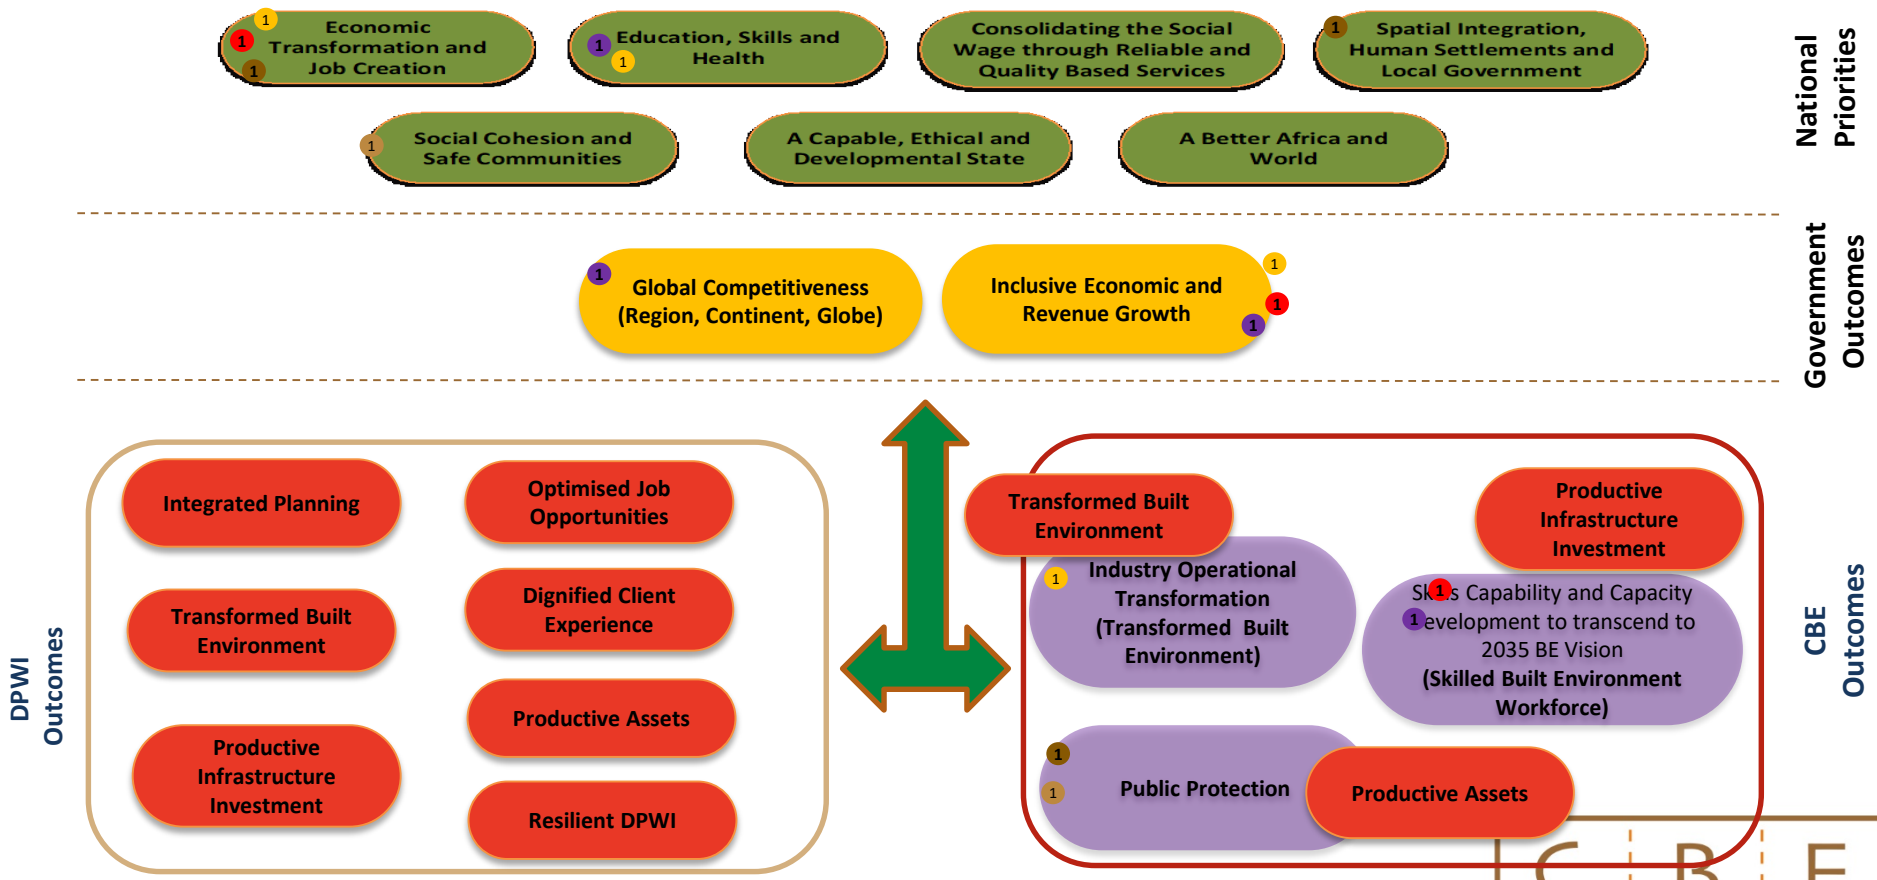
The mandate of CBE as set out in the Council for the Built Environment Act 43 of 2000:

- **Promote and protect the interests of the public in the built environment;**
- Promote and maintain a sustainable built environment and natural environment;
- **Promote ongoing human resource development in the built environment;**
- Facilitate participation by the built environment professions in integrated development in the context of national goals;
- **Promote appropriate standards of health, safety and environmental protection within the built environment;**
- **Promote liaison in the built environment in the field of training, both in the Republic and elsewhere, and to promote the standards of such training in the Republic;**
- **Serve as a forum where the representatives of the built environment professions may discuss relevant issues;**
- **Ensure uniform application of norms and guidelines set by the Professional Councils throughout the built environment.**

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

STRATEGIC FOCUS

CBE ALIGNMENT TO DPWI'S OUTCOMES AND 7 NATIONAL PRIORITIES



VISION AND MISSION

Mission	Vision	Brand Promise	Values
To lead, regulate, advise and coordinate professions and their councils to meet the National Built Environment and Transformation Future of the industry	An intelligent, inclusive, adaptive and thriving built environment by 2035	Building South Africa's future	Quality is non-negotiable Professionalism in all that we do Future orientated All-round inclusiveness

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

SITUATIONAL ANALYSIS: EXTERNAL ENVIRONMENT

SITUATIONAL ANALYSIS

Technology

There is demand for the upskilling of BEPs to keep up with the ever changing modern technology – CBE, CBEP, VAs and tertiary institutions partnership is critical.

Legal

Utilisation of non registered persons by government remains a challenge.

SITUATIONAL ANALYSIS – EXTERNAL ENVIRONMENT

Economy

- GDP from the construction industry decreased to R70039.94 million in the second quarter of 2020 from R100664.93 million in the first quarter of 2020. The Construction's contribution to GDP ranged between 3 and 4 percent during Q1:2020 to Q2:2020
- The construction industry experienced an annual decrease of 45 000 (-7.4%) in total employment in March 2020 compared with March 2019.
- The impact could result in a year-on-year contraction of 18%, which represents 4% of GDP. Potentially, this could mean the loss of up to 140 000 formal jobs
- The official unemployment rate increased by 1.7 percentage points to 32.5% in the last quarter of 2020.
- Out of the 7,2 million unemployed persons in the fourth quarter of 2020, as many as 52,3% had education levels below matric, followed by those with matric at 37,9%. The findings further highlighted that only 1,8% of unemployed persons were graduates, while 7,5% had other tertiary qualifications as their highest level of education. Construction sector is also affected by this high unemployment rate

KEY ACHIVEMENTS OF THE PAST FINANCIAL YEAR

- Engagements with the Competition Commission (Facilitation by the Minister and Deputy Minister)
- Gazetting of the identification of work for the built environment professionals to enable the Councils to regulate the registered persons
- Registration conducted remotely to lessen the burden to the applicants
- Withheld penalties for Registered Persons who didn't comply with CPD (continued professional development) requirements (in support of the impact of COVID-19 to the professionals' financial state)
- Review of Recognition of Prior Learning by the Councils
- Use of technology by Councils to continue to conduct Continuous Professional Development of the professionals
- Support of the industry to government e.g. The Association for Construction Project Managers' contribution: They were main hub of communication and administration in terms of the quarantine.
- Sites assessed: Department of Mineral Resource – 9 sites; DPWI – 12 sites were re-assessed under "FAIR" conditions; Tourism list sites– 75 assessed; City of Tshwane – 37 sites assessed.
- Estimated monetary value of this support was about R4 million.

KEY ACHIVEMENTS OF THE PAST FINANCIAL YEAR

- Transformation Collaborative Committees engagements with National Treasury on the Procurements Bill
- Transformation Collaborative Committees engagements with National School of Government on the Professionalisation of the Public Sector

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES AND INDICATORS

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES

Impact Statement : Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions

What we wish to achieve as per Strategic Plan 2020-2025 Our Outcomes

1. Optimum functioning Council

2. Transformed Built Environment

3. Skilled Built Environment Professionals

4. Informed decision-making which impacts the current and future operational requirements of the Industry

5. Public interest in the Built Environment promoted and protected

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

KEY GOVERNMENT PRIORITIES

The **Medium Term Strategic Framework (MTSF) 2019–2024** translates the ruling party's electoral mandate into government's priorities over a five-year period.

Basic Education is critical in priority 2, 3, and 6:

- **Priority 1:** A capable, ethical and developmental state;
- **Priority 2:** Economic transformation and job creation;
- **Priority 3:** Education, skills and health;
- **Priority 4:** Consolidating the social wage through reliable and quality basic services;
- **Priority 5:** Spatial integration, human settlements and local government;
- **Priority 6:** Social cohesion and safe communities; and
- **Priority 7:** A better Africa and world.

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES AND INDICATORS

Impact Statement: Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions

Outcome: Optimum functioning Council

Outcome Indicator	Baseline	Five-Year Target
1.1 Business processes delivering optimally on their required outputs.	New	All business processes documented in standard operating procedures approved.
1.2 Approved Cloud Strategic Plan that include IoT and 4IR Initiatives Roadmap.	New	All Roadmap Initiatives completed and implemented.
1.3. Number of CBE Brand Awareness Campaigns conducted.	New	Twenty CBE Brand Awareness Campaigns conducted.
1.4 Percentage increase of income generated.	Zero percent increased revenue.	Increase revenue by 4% of the grant and levies income received.

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES AND INDICATORS

Impact Statement: Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions

Outcome: Transformed Built Environment

Outcome Indicator	Baseline	Five-Year Target
2.1 Percentage of change in the Built Environment professionals demographics.	Thirty percent Transformation in the Built Environment.	Fifty percent improvement on 2019 baseline.

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES AND INDICATORS

Impact Statement: Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions

Outcome: Skilled Built Environment Professionals

Outcome Indicator	Baseline	Five-Year Target
3.1 Percentage reduction of Built Environment Skills Gap against requirement forecasts.		Ten percent reduction of Built Environment Skills Gap against requirement forecasts.

CBE
COUNCIL FOR THE BUILT ENVIRONMENT

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES AND INDICATORS

Impact Statement: Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions

Outcome: Informed decision-making which impacts the current and future operational requirements of the Industry

Outcome Indicator	Baseline	Five-Year Target
4.1 Number of policy advisory recommendations submitted to the Built Environment role-players	1. Occupational Special Dispensation (OSD) on Engineering and related professions 2. Role of Built Environment Professionals on the Expanded Public Works Programme (EPWP) 3. Standard for Infrastructure Procurement and Delivery Management (SIPDM) 4. State of compliance on Health and Safety 5. State of the Built Environment Professions	Five annual policy advisory recommendations submitted to Built Environment role players

STRATEGIC PLAN IMPACT STATEMENT, OUTCOMES AND INDICATORS

Impact Statement: Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions

Outcome : Public interest in the Built Environment promoted and protected

Outcome Indicator	Baseline	Five-Year Target
5.1 Percentage of appeals decided within 60 days from the day of lodgement	One hundred percent of appeals decided within 60 days from the day of lodgement	One hundred percent of appeals decided within 60 days from the day of Lodgement
5.2 Number of periodic corporate governance assessments of the six CBEP on compliance with the provisions of the adopted Governance Framework to identify potential governance weaknesses	Adopted Governance Framework. Assessment of the Corporate Governance Implementation Checklist in the six CBEP, submitted to Council and DPW	Five periodic corporate governance assessments of the six CBEP on compliance with the provisions of the adopted Governance Framework to identify potential governance weaknesses

THEORY OF CHANGE RESULTS CHAIN

Impact	**Well-regulated and inclusive Built Environment Professions that contribute to national priorities and ambitions**				
Outcomes	**Optimum Functioning CBE**	**Transformed Built Environment**	**Skilled Built Environment Professionals**	**Informed decision-making which impacts the current and future operational requirements of the industry**	**Promote and protect the interest of the public in the Built Environment**
Interventions	Robust technology, align business process, improve governance & compliance; increase awareness of the CBE mandate	Develop a coordinated broad-based long-term recommended social and economic Transformation Strategy for the Built Environment	Coordinate enabling Built Environment skills pipeline from school to professional level	Coordinate research and advise on issues impacting the Built Environment	Review Built Environment Legislation, enhance sound governance for the CBEP
Assumptions	MTEF budget allocations in line with the service requirements, all activities of the plan will be implemented, all activities will have desired impact	Availability of targeted beneficiaries, Resources to implement Transformation Strategy	Cooperation of role players, availability of targeted beneficiaries, willingness of the institutions to provide the CBE will all relevant information	Research Agenda will be developed, formally agreed upon, quality assured and implemented	CBEP will participate and provide their proposed legislative reviews, documents required in terms of Appeals policy submitted timeously, functional appeals cases management
