- 4.2 There Bill must deal with disappeared contractors and measures in place to trace them.

09/04/2007 13:38

4.3 Municipalities, NHBRC and the Department of Local Government and Housing should jointly cooperate in monitoring the quality of the houses.

4.4 Punitive measures against inspectors, contractors, housing consumers or whoever violates the Bill should be included in the Bill.

4.5 Home-owners should not in anyway whatsoever, be made to pay any fees related to poor quality houses. Such expenses should be borne by contractors or the Department.

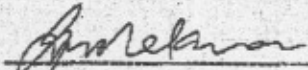

4.6 Registration of builders should also be extended to contractor employees so that they are also individually accountable for poor workmanship

5. FINDINGS

With the concerns raised above, the provisions of the Bill were well supported by the stakeholders and the general public.

6. NEGOTIATING MANDATE

The Committee, having supported the provisions of the Bill recommends to the NCOP Delegates to negotiate in favour of the Bill with the concerns and inputs raised during the hearings.
