AGSA strategy to the audit of predetermined objectives

2004/05 to 2008/09

- Adopted a phased-in approach
- Factual audit findings reported in both management and audit reports
- No audit opinion in audit reports – only findings
- Regular interaction with stakeholders (NT, Presidency, DPSA) to determine and test audit approach
- Provided inputs to drafting of NT Frameworks (FMPP)

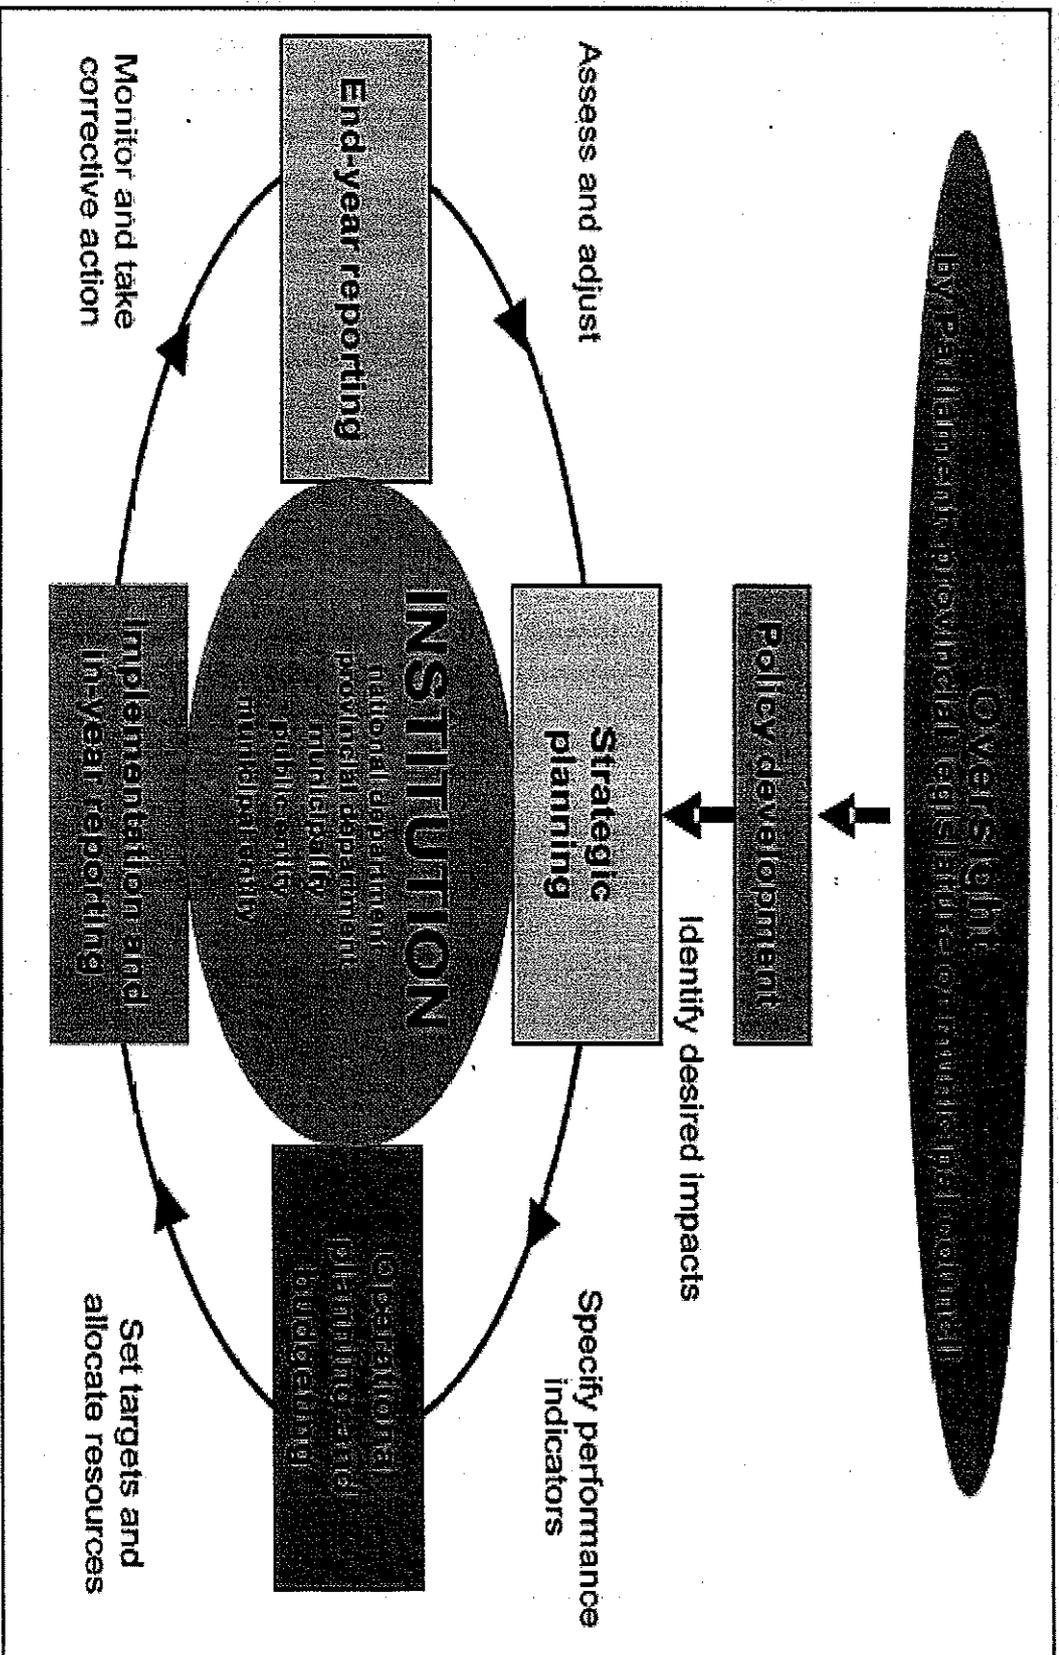

2009/10 to 2012/13

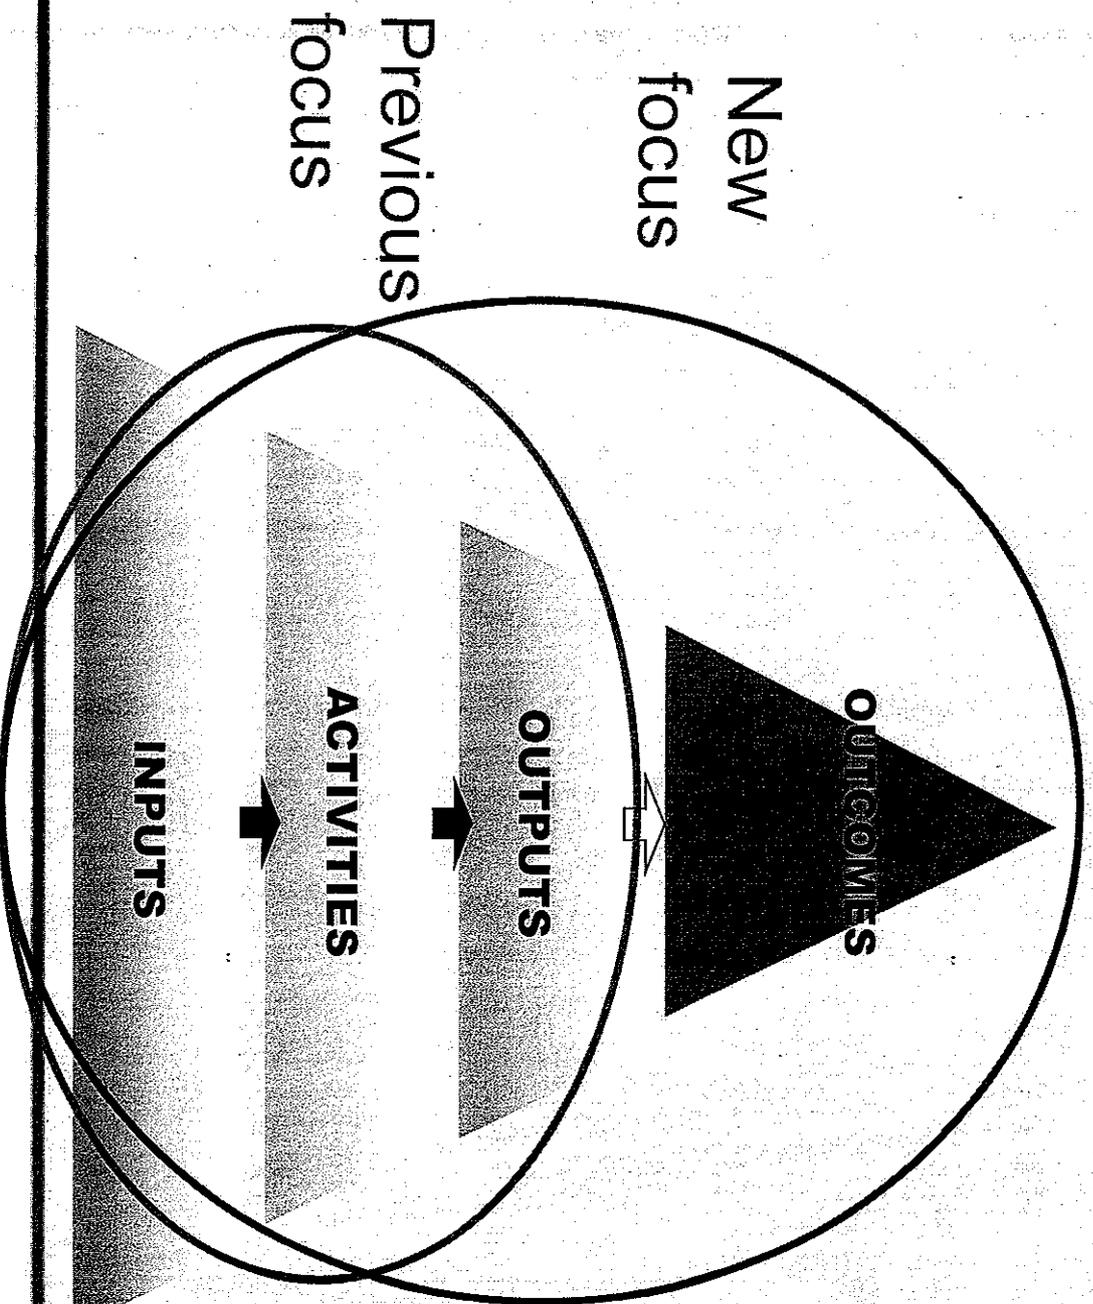

- Completed phased audit approach
- Audit to the extent necessary to express an audit opinion
- Audit opinion in the management report
- Audit reports contain audit findings – not audit opinions

Planning frameworks

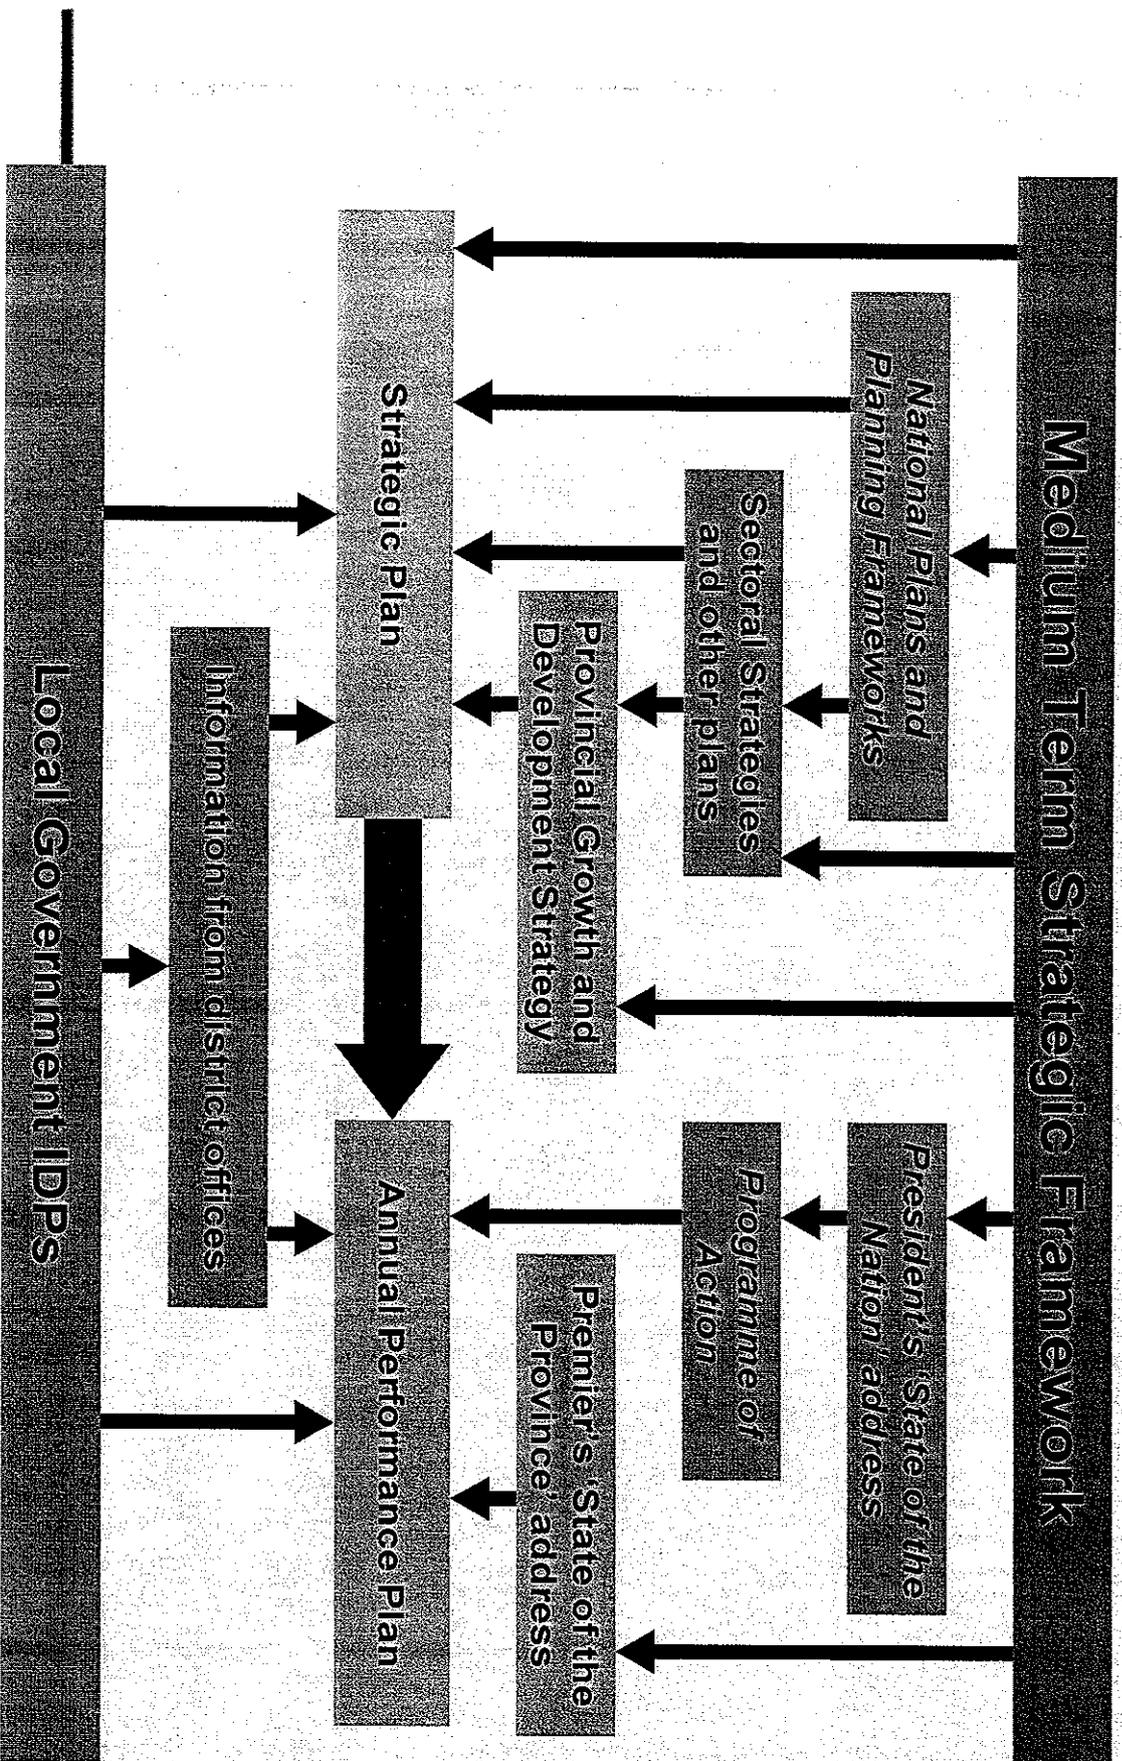

- In terms of the Government Wide Monitoring and Evaluation framework, National Treasury is responsible for managing performance information. In view of that, the following frameworks were developed:
 - Framework for Managing Programme Performance Information (FMPPPI)
 - Issued by National Treasury in May 2007
 - Outlines key concepts in the design and implementation of management systems to define, collect, report and use performance information in the public sector
 - To clarify definitions and standards for performance information in support of regular audits
 - New Framework for Strategic Plans and Annual Performance Plans
 - Framework drafted using international best practice planning models (New Zealand, Canada, United Kingdom and United States of America).
 - Issued to national departments in September 2010.
 - Issued to provincial departments in May 2009.
 - Guide on what should be in SP and APP - taking other existing policies, plans and the budget into consideration
 - The FMPPPI and the planning frameworks should be used in conjunction with each other when preparing planning documents, especially for performance information.
