Sasol Comments to Draft Mineral and Petroleum Resources Development Bill

Sasol welcomes the opportunity presented by the Portfolio Committee on Mining to comment on the "Draft Mineral and Petroleum Resources Development Bill" ("the Bill").

We would like to reiterate our support of the submissions made by both the Chamber of Mines and that of the Petroleum Association of South Africa. In light of that, attached comments therefore echo aforementioned submissions and aim to specifically highlight the impact the Bill is likely to have on Sasol. Sasol would also appreciate the opportunity to make an oral submission to the Portfolio Committee on Mining regarding the Bill. Your favourable consideration of this request would be highly appreciated.

Sasol remains committed to supporting government policy imperatives and looks forward to regular and mutually beneficial engagements. Should there be any further questions of clarity, please do not hesitate to contact me on the details below.

We trust that our comments will be duly considered.

Yours sincerely,

Mr Johan Thyse
