NURCHA MANDATE

"NURCHA ensures the availability of bridging finance to small, medium and established contractors, building low and moderate income housing and related community facilities and infrastructure."

NURCHA VISION

"To be regarded as a partner of choice for those seeking innovative bridging finance solutions"

NURCHA MISSION

"NURCHA initiates programmes and takes considered risks to ensure a sustainable flow of finance for the construction of low-income and affordable housing, community facilities and infrastructure. We work in partnership with all role-players in these markets to maximize the development of sustainable human settlements"

BUSINESS MODEL & ORGANISATIONAL CHANGES

Old Business Model

Use of intermediaries

- Project viability assessments,
- Control loan and project accounts
- Visits to construction sites
- Support procurement and payments to project related suppliers
- Model focus on contractor risk whilst risk were emerging from employers at a growing rate.
 - Growth in fraudulent activities diversion of project proceeds,
 - Weakening contract and programme management processes:
 - slow flow of payments,
 - · slow inspections on sites,
 - slow approval of variation orders and final accounts etc

New Business Model

- Direct lending (built in-house capabilities)
 - Business re-engineering process
 - Restructure to fulfil business 'cradle to grave'
 - Tightened risk management processes and lending rules - certificate based lending
 - Introduce CFDP as skills development and finance
 programme integration with client processes.
 - Improve performance of the loan book.
 - Transitional challenges and working out old business with intermediary.
- Introduced programme & fund management stream
 - Proactive risk management approach to address sources of risk in partnership with departments in HS sector.
 - Systems, knowledge and leadership capacity in place to fulfil this.

CORE PRODUCTS

LENDING BUSINESS

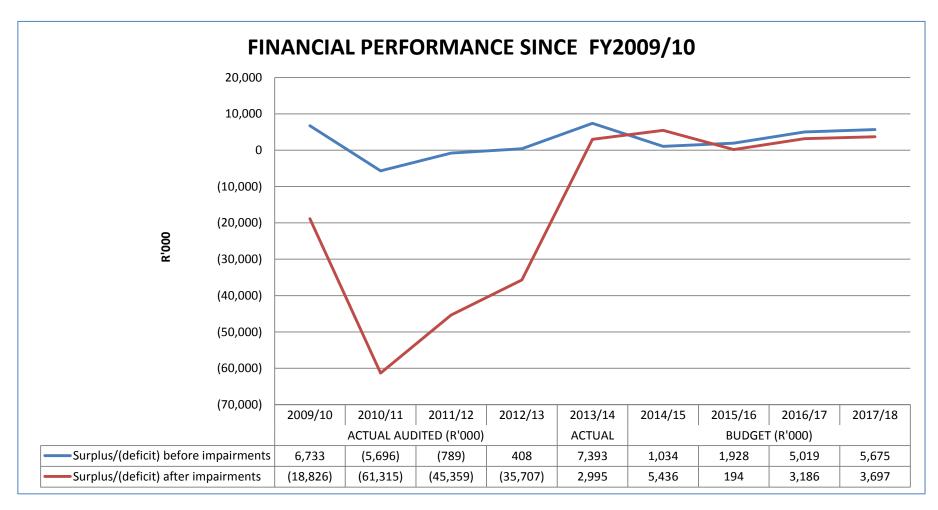

- Affordable Housing
 - Ownership
 - Rental conventional and student accommodation (short term finance)
- Bridging finance to Contractors delivering subsidy housing,

Contractors Finance Development Programme

CONCLUSION

- Funding required from the fiscus estimated at R450m to R500m. Initial request submitted a 12 months
 ago to NDHS and NT. National Treasury awaiting ministerial consent.
- Collaboration with provinces and enable easier flow of finance to Contractors and Developers
 delivering housing products is key. Engagements at MINMEC to agree of the 'rules of the game' and
 enabling protocols to be agreed.
- Finalisation of outstanding administrative matters requiring ministerial approval,
 - Application for sale of shares from intermediaries that were phased out as part of the old model.
 - Consent enabling National Treasury to process the funding application already in their system.
