RE: Rejection of proposed Financial Sector Regulation Bill - May 2016.

Honourable President, Ministers, Deputy Ministers, Delegates, Officials and public;-

Please grant us the opportunity to extend our greetings to all of you, from the very heart of our communities, the public, the citizens and more specifically the taxpayers.

With reference to the above, we as a legitimate organisation reiterate that we **reject the "Financial Sector Regulations Bill - May 2016,"** as well as all workings relating to such a law. It is our conviction that neither the bill, nor the institutions involved are capable of administering such a law. The aforesaid bill is in our view intended to cover-up decades of corruption and theft from political sources and resources to be blamed on the absence of legislation. Similarly trying to sell the concept to us; (the public and the taxpayers) that it is possible to deposit freshly picked apples amidst rotten apples in an old basket, resulting in not causing the newly picked apples to be spoilt. Factually, sufficient laws are in existence to regulate the financial sector. However politically vested interest and related games are being played, which in our opinion are equal to financial rape. We the public and taxpayers feel that the "Financial Sector Regulation Bill's intention is to hide this rape with lots of song and dance. The aforesaid Financial Sector Regulation Bill will be explained and elucidated per examples attached. We also propose an intervention to realign all the above, on our- and the public behalf, by a person who have sufficient knowledge and tenacity to realign the Departments of Finance-, Education-, Police and Justice and Correctional Services; to deliver services to us and the public as intended by STATECRAFT, as a **"minister without portfolio" with proper powers assigned to him**, who have a history of being a philan'thropist, our appointed Security and Protection Specialist of OTLSA, Mr AR Fondse.

Yours in service of Traditional Freedom,

As: Secretary General of OTLSA

J H von Molendorff (Abdullah Al-Qaddafi)
