Dear Sir/Madam

SUBMISSION ON DRAFT 2017 TLAB AND 2017 DRAFT TALAB.

I hereby wish to make a submission on the above mentioned draft bills. I submit that the proposed amendments must include the regulation of informal trade by foreign nationals to enforce them to pay tax for any trade they make in the country. Currently we have foreign nationals operating shops in the country and not paying tax, whereas they are using some of our government services like healthcare. We also have foreign nationals who are employed in the country but are also not paying tax. I believe the law that says everyone who has an income in the country, that income must be declared and taxed must also cover foreign nationals not only South African citizens as it is the case currently. The foreign nationals through their shops and jobs, they are taking money out of the country but they are not contributing anything -

- to the gross domestic product of the country. We believe this is unfair and the new proposed amendments of the bill must remedy the situation. That is my submission.

HOPE YOU WILL FIND THIS TO BE IN ORDER

YOURS FAITHFULLY
