Dear Sir/Madam

SUBMISSION ON 2018 DIVISION OF REVENUE BILL.

The bill must allow for the increase of budget for provinces and the increase of municipal infrastructure grant. Currently when we need certain services in communities provincial departments and municipalities cry budget constraints and as a result the services are not rendered and that leads to violent service delivery protests. The bill must therefore allow for the assessment of provinces and municipalities and allocate budgets and grants according to the population and the economic state of the communities under those provinces and municipalities. Currently other municipalities run on deficit while others return money unspent. This must change. That is my submission.

HOPE YOU FIND THIS TO BE IN ORDER.

YOURS FAITHFULLY

E. C. S. - Malala
