Dear Sir

APPLICATION FPR FINANCIAL SUPPORT

BUSINESS BACKGROUND

Shukuma Mdantsane Youth is a co-operative formed and registered in 2005. It is located in Mdantsane and was established in consideration of unemployed youthful matriculants.

Reference

Our application vision, mission, and objectives originate on our "Freedom Charter clause no3" quoted as follows "BANTU BAYAKUXHAMLA UBUTYEBI BELIZWE"

VISION

Our vision is to assist our government to speed up service delivery under the Urban Renewal Programme in street name changing and water sanitation

OBJECTIVES

We are intending to use the unemployed youth in acceleration of basic needs demand while creating employment opportunities and alleviation of poverty levels. The opening of old dilapidated factories in Mdantsane is also one of our intensions.

CONCEPT

We are one of the co-operatives who never get any kind of financial support to implement our objectives as other registered organisations. We are now appealing to all members of parliament to make a contribution of R20 000 per person on a monthly basis.

SOCIO ECONOMIC RESPONSIBILITY PLAN

The operation of this organisation will create employment; reduce crime and poverty levels among the community members while providing people with skills.
We would like our application to be a testimony that the poor are not neglected and considered only to make numbers during election and vote and that only the politicians are getting rich.

We hope that our application will get your favourable attention

Yours Affectionately
M.J Flaks
(Director)
