TO WHOM IT MAY CONCERN

Sir / Madam

The above-mentioned Traditional Council Office once more write this letter to confirm its support to the re-opening of MOLEHABANGWE MIDDLE SCHOOL in Dryharts village as a third Primary School.

- We would like to see the school functioning again to solve the problem of over crowding in the neighbouring Molemoeng Primary School.
- This action will help to shorten the distance travelled by children from the expanded settlement in Dryharts.
- The re-opening of the school will help to counter any criminal activities that could take place in the dis-used buildings in the middle of the village.
- We would like to preserve the legacy left for the community by the late Chief Motlhamare Jerry Mahura.

We hope you will find this in order

Yours sincerely

Kgosi kgolo Mankuroane TF
