

ONS BOU LANDBOU

GRIEVANCE AGAINST GREATER TZANEEN MUNICIPALITY'S ELECTRICITY SUPPLY AND ELECTRICAL DEPARTMENT

We, the farmers and residents of the Greater Tzaneen area (letsiele, Tzaneen, Polisi, Haenertsburg) need parliament to intervene and ensure we receive reliable, safe and quality electricity supply.

Since 2017 Agri Letaba has been part of the Greater Tzaneen Municipality's Energy Forum.

Unfortunately, after three and a half years and after a lot of meetings and correspondence from the Energy Forum and Agri Letaba, we are still in the same crises situation as in 2017 with little or no improvement in our network.

Example: The previous Eland/La Cotte outage were for 12 days which happened from the 7th of February until the 18th of February 2020.

It is vital that the following paramount issues are addressed to enable the Greater Tzaneen Municipality to have a functional electricity network.

In-dependent Technical infrastructure Audit

Quality and reliable electricity supply

Transformers Failure and Lack spare transformers

Failure to adhere to OHS Act

Lack of auto-reclosures

Prolong and poor Repairs and maintenance of power lines

Equipped with functional Control Room

Failure to correctly meter, invoice and recover electricity usage.
