Dear Mr Seanego

**AMENDMENT TO PROGRAMME AT THE REQUEST OF THE PUBLIC PROTECTOR'S
LEGAL TEAM**

Following discussions between Adv Mpofo, SC and Adv Bawa, SC the Chairperson has been updated that the Public Protector's legal team will return to the Committee hearings. The appearance of Ms Bianca Mvuyana, who had been summoned, on the request of the Public Protector, to appear before the Committee from Monday 13 February 2023, will be postponed for a second time.

The Chair has directed me to inform you that to afford the Public Protector's team an additional day, to consult with Ms Mvuyana tomorrow, the hearing on Wednesday, 15 February 2023 will not take place. The hearings will resume on 9h00 on Thursday 16 February, and to make up for time lost, the sitting day will be split into two hybrid sessions as follows due to the SONA Reply:

Session 1 – 9h00 to 13h00

Session 2 – 16h00 to 20h00 or until such time as required on the day in order to compensate for the loss of time tomorrow.

The Chairperson has instructed that the postponement is conditional upon Ms Mvuyana's testimony being concluded by the end of the hearing on that day, including questions from the evidence leaders and members, if any.

The Chairperson further notes the update in respect of the issue of the non-payment of legal fees and is pleased to hear that Adv Mpofo, SC has informed Adv Bawa, SC that the matter is receiving the necessary attention and the issue of non-payment will no longer be raised in the Committee as an impediment to the further continuance of the matter.

Should your client and her team require a meeting room to utilise between sessions on Thursday, kindly let me know urgently so I can make the necessary arrangements. Lunch and tea will be served as usual.

Yours faithfully

Mr Thembinkosi Ngoma
