Your reference: Written Submission on the 2023 Eskom Debt Relief Bill (Bill)

Dear Mr Arends

With reference to the abovementioned Bill that was released on 11 April 2023 for public consultation, Nedbank has taken the opportunity to review the content of the Bill.

While we understand and are aligned to the key objectives of the Bill i.e. to provide necessary financial assistance to Eskom, we are of the view that there are certain requirements that may require further clarification in order to achieve the true purpose of the Bill.

Our comments have been included in an attachment to this email titled as 'Annexure A'.

Thank you for the opportunity in this regard and trust you find the above mentioned in order.

Yours faithfully

Kerri-Ann Eaton
