PROPOSED AMENDMENTS

1. The Bill provides that there are different funds available, a proposal that this funds be utilised to initiate youth empowerment programs as there is lot youth unemployment in the country. It is further proposed that the R350 relief grant be increased to at least R700.00.
2. There is lack of accountability and incompetency for the disbursements of the disaster relief fund after the declaration of the disasters to provinces as per the provision of Section 36 (2) of the Disaster Management Act¹. It is therefore proposed that there must be accountability and monitoring after a disaster has occurred especially in the local municipalities.
3. Clause 2(a) of the Bill which seeks to amend section 17 of the Act on the reduction of the Board Members from 10 to 15. The Bill does not clarify as to what informs such reduction. It is then suggested that composition of Board members remains the same.
