Dear Yvonne,

I trust you noticed that the email came from Contralesa PEC, the Chairperson Nkosi Nonkonyana through the Deputy Secretary Nkosazana Malahle, and that none of the other Khoi and San Leaders were part of the initial email sent to your office.

Which is why I am a bit puzzled why you felt the need to copy people into a response when none of them ARE MEMBERS OF CONTRALESA and by choice, as they all opted not to become part of Contralesa when we launched both Sarah Baartman Region and the Nelson Mandela Metro Region. I dont know if this was done in error, but please do not attempt to practice the Colonialist tactic of divide and rule, by deliberately trying to divide the Khoi an San leadership in Sarah Baartman and Kouga in this instance.

I will however accept if this was done in error but see it as highly unprofessional if it had malicious intent. In fu1ure, respond to the writer and dont copy people into emails you think should be part of the communication. Having said this, I still maintain, as an advocate of the importance of Contralesa, to formally invite all these people you copied into

this email to join the only Organization advocating true Traditional Leadership in South Africa, All they need to do is speak to me as the Secretary of Contralesa in Sarah Baartman District, fill in the appropriate forms and become members of Contralesa and you will have my blessing to copy them into any correspondence from Contralesa, Until such time, remain professionalism in Governance and stop this behaviour. We however was successful with the Sarah Baartman District Municipality who indicated their willingness to assist in our plight as a properly constituted structure and extension to Governance in South Africa.

I trust you will find my response appropriate and very self explanatory.

P.s. imagine you sending an email to me and I respond to you and copy John Steenhuizen, Gayton McKenzie and every Tom Dick and Harry into the response.

I am not going to debate this, because it was an assumption to believe those were the leaders mentioned in the snippet. However, in future please do not copy people into correspondence that was not part of the original correspondence, because I've never seen any correspondence where I was copied into that I was not the initial scribe of. Let's take the matter as resolved, with a clear instruction on professionalism and conduct.

Good evening Leadership, I've been following with interest the comments made over the above-mentioned organisation. I humbly request that we all exercise restraint as there are still a long way to go for any Leadership to be officially recognized within the Sarah Baartman District and the Nelson Mandela Metro Region.

When it comes to the above-mentioned region's, history dictates that we have a vested interest, with or without membership of CONTROLESA, in Gamtoos Valley and Bethelsdorp as we regard it as our Ancestral Homes.

Let us respect the Rule of Law, in our case Act 3 of 2019, until such a time that formal recognition are bestowed upon successful applications as stated by a directive issued by Cogta. Let us focus on Social Cohesion and Nation building. I've had discussions with the Leadership of CONTROLESA EC and they respect our stance and reasons for not joining the organization at this juncture in time.

Hope this helps to iron out any uncertainty about the House of Klaas and Dawid Stuurman and their position and role to be played in any upcoming endeavors within the Kouga Municipality.

The bone of contention is not formal recognition but correspondence from Contralesa being shared with non-members to the Institution which I love dearly and have huge respect for. Recognition from ANG Minister Nkosazana Dlamini Zuma through ANG Premier Oscar Mabuyane as per prescripts of Act 3 of 2019, has zero bearing on Contralesa as the only Institution governing Traditional Leadership. Contralesa is a voluntary, independent and non-political Institution; founded as a structure for Kings, Queens, Senior Traditional Leaders and Headmen, that requires no recognition status to obtain membership.

However, I will never fight with my own Khoi and San people so thanks PC Edmond Stuurman, as you've just highlighted and confirmed the fact that you are not members of Contralesa at this point in time, as you put it, therefore the communication to yourselves was unwarranted and honestly unprofessional. Needless to say, I trust we are all in agreement now with respect to this matter and it can be laid to rest.

I value your input and also assisting in confirming your membership status with Contralesa.

Good day HOD,

We trust that you are well.

Following the meeting we had with the Honourable MEC and the Departmental official regarding the Eastern Cape History Project which we intend to undertake to document the History of the Eastern Cape by means of a documentary series and a book. We had a wonderful meeting which resolved to have a follow up about the steps required in taking the project forward. The advice came that we should request a meeting with you and some Departmental officials where now we will seek to take the project forward.

Having requested the University of Fort Hare to host this project as one of the Institutions with a Huge History, within this email are the UFH officials we met with who agreed to host this Historical Project of the Province that not only has an impact to the Province, and South Africa only but to the rest of the continent.

We will therefore be glad if your office could advise us of your availability and for your office to set up the meeting that will look on the ways and means to see this project to fruition. We requested the office of the Honourable MEC to circulate minutes of our previous meeting for the benefit of those who couldn't make it and some who had to leave the meeting before its closure for various reasons, we therefore will be glad if the record of the meeting can be circulated for us to take from the spirit of the previous meeting.

We hope to hear from you of the above.

Good day all,

Kindly note that I have received an acknowledgement of receipt of my previous email, but no return date for when we can sit with all stakeholder departments to discuss a plan of action w.r.t. the establishment of the Great Place.

The intentions of the Xammiqua di IIAre-malleis, which I lead in Kouga Eastern Cape, is to have the official launch/opening of the Great Place and Biodiversity Centre around Heritage Day which is 24 September 2023. I've already discussed a date along those lines, with Actress Jolene Martin who will be the MC of the opening and I would love if Minister Creecy would honour us with the official cutting of the ribbon to the Great Place.

I would really appreciate if we could speed up the stakeholder engagement to ensure we reach our project timelines and to ensure proper planning of an establishment first of its kind.

Kind regards

Dear Honourable MEC,

Attached please find the correspondence between ourselves (Links Royal House) and the MEC Peters. This is where the land issue originated from which is registered in your Department's title. This is known as Khoi land on which my forefathers roamed since before the arrival of the Portuguese, Dutch and British. I will forward all the correspondence as well as our documentation for guidance on how to get this transferred into the title of the Links Royal House who are the original custodians of the land.

Kind regards

Attached please find the correspondence between ourselves (Links Royal House) and the MEC Peters. This is where the land issue originated from which is registered in your Department's title. This is known as Khoi land on which my forefathers raomed since before the arrival of the Portuguese, Dutch and British. I will forward all the correspondence as well as our documentation for guidance on how to get this transferred into the title of the Links Royal House who are the original custodians of the land.

Kind regards
Gaokx'aob Xammi

Gmail- OUTSTANDING DOCUMENTS

Dear Ms. Mcoseli,

Herewith please find the documentation you requested in order to finalize the long lease, I deliberately forwarded the email from the Department of Agriculture as proof that we are still finalizing the Hemp permit application of which the process was delayed by the change of responsibilities between SAPRA and Dept of Agriculture. Also attached is the Biodiversity business plan for the site Papiessfontein, which MEG Madikizela said will be motivated while we proceed with the four sites as per this application. Papiessfontein is currently with National Public Works and all business models are based on this particular site, but can easily be applied on the properties applied for in Theescombe.

Attached please find our business proposals, our biodiversity plan for future site to be motivated, letter of applications, business registrations of both our NPO and Co-operative and property details of the Papiessfontein property in the care of National Public Works. I am still awaiting the Hemp and Cannabis extraction business plan as well as the Aqua farming proposal from one of my Council Members which I will definitely send as soon as I have received such. Kindly contact me if anything is still required to ensure that MEG Madikizela still cuts the ribbon to these sites while he is still occupying the office. He has been very helpful and instrumental in trying to create a platform where we as Khoi and San can also be afforded the opportunity to own land in our Native Country and must be celebrated for his efforts; and that goes for everyone who is part of this process.

I will await your swift response.

Kind regards
Gaokx'aob Xammi (Chief Petersen)

Molo Councillor, I must address the Councillor now.
I unfortunately am in the IDP review processes and I am only back on Monday.
As a councillor you know how strategic those reviews are.
I would also need to engage with Mr Els, hence I requested a couple of dates for August that we could work around.
I agree this matter is serious and urgent.

How's your next week looking and we can do the meeting at our offices.

Greetings Mr. Govender,

I always say I'm first a Cultural Leader then a Councilor as Traditional leadership is a customary calling while political office is an elected deployment. Needless to say, can we then arrange for Monday next week as I am really itching to get the ball rolling. However if Monday is too soon then I'm leaving to you to suggest a date next week as I will clear my schedule to accommodate this important engagement.

I will await your swift response.

Kind regards

Good evening Madam,

My humble apologies for any confusion my email might have caused. There is a letter addressed to the Deputy Minister also attached, but the letter that was addressed to MEC Pieters was previous correspondence to prove some sort of engagement at Provincial level and why its being escalated to a National Level. Allow me to explain the interactions we had that brought us to this point. At first we made contact with the Kouga Municipality who said the land is registered in title to Public Works, then we approached the Provincial Department of Agriculture, MEC Pieters District Director Mr. Nonkonyana, who then indicated that I need to speak to Public Works. I then engaged the office of Provincial Department of Public Works, MEC Madikizela, who after investigation advised that I contact the National Department of Public Works as it is registered in the title of National Public Works and not Provincial. Hence, our request now to the Deputy Minister Kiviet for assistance herewith.

I trust this clarifies the attached correspondence, however please feel free to contact me if there is any uncertainty on anything.
