Foreword by the chairperson

It is appropriate that I begin this statement by emphasising that Artscape is a gathering place for the celebration of diverse cultures and storytelling, occupying a unique position in the cultural landscape of the Western Cape and nationally. It is a home to a diverse range of performances and experiences, which our visitors have come to enjoy and appreciate. Renowned as being one of the busiest performing arts centers, Artscape is synonymous with inspiration and imagination.

We continue to feel a profound sense of loss for each of those members of staff who lost loved ones during the coronavirus pandemic. The impact of Covid-19 has highlighted the value of the Artscape online presence and programming to our artists and audiences. The coronavirus pandemic has diminished revenue from productions as we slowly and safely welcomed back patrons in accordance with the easing of health and safety restrictions.

Artscape is operated on behalf of the Ministry for Sport, Arts and Culture, whilst the building is owned and maintained by the Provincial Government of the Western Cape. Council pays its thanks to our Principal and partners in Government for providing us with a sharp focus and inspiring leadership at a critical time. The Council of Artscape is committed to doing all we can to inspire and bring about change and social cohesion, as we implement our Transformation Action Plan, together with the support from our stakeholders, donors, partners and the communities we serve. For all of those who have journeyed with us during this challenging and complex time, we acknowledge your creativity, drive, intelligence and determination in making Artscape the 'Theatre of Choice'.

For over 50-years, the works presented on our stages has always been evolving. On and off its stage, Artscape continues to foster various programmes including educa-

tion, equality and sustainability. This has increased the potential for future engagement with new audiences as people connect with our content.

It is a matter of institutional pride that Artscape met its targets and achieved a clean audit opinion. I applaud everyone involved and I would like to thank my fellow members of Council for their efforts and collective leadership that led to this outcome. I also extend our appreciations' to CEO Marlene Le Roux and the management team for their focus and dedication over the course of the year. I would also like to express gratitude from Council to the Honourable Minister for the cultural vision and continued support Artscape receives. Rest assured Minister, Council will be keeping pace with your call for growth and development, continuing to make Artscape the unique place that it undoubtedly is.

Thank you.

Chief Executive Officer's Overview

The Arts industry has taken a battering over the last two years due to the impact of COVID-19 which resulted in lockdown measures. The Artscape mandate as a receiving house has been put under severe pressure with live events being curtailed, and we have had to become agile in our response to this. In the face of adversity we continued to assist artists and producers to ensure that their work still reaches audiences, both physically and virtually.

Artscape continues to drive the narrative of social cohesion and nation building through our diverse annual artistic programmes. These programmes are only possible with the financial support of committed Funders and the creative inputs from Producers, Community Arts Organisations and Associated Arts Companies. In the same way that the arts needs to relook at how it steps into the future, the funding of artists and producers needs to be adjusted to better support the new forms of delivery of productions/performances. Funding mechanisms should be more accessible to a broader base of arts practitioners. The development of youth within the arts both artistically and technically needs the transfer towards a more professional status in order to elevate and promote more sustainable careers for those in the arts sector.

Artscape views 2022/2023 as the first ripple of change for the future within the arts and we are adjusting our plans in order to embrace the changes in an attempt to support the industry. Performing arts institutions should

be seen as conduits of artistic expression, creating opportunities and funding; thereby empowering the arts sector and its practitioners. Government should see this as an opportunity to revise and streamline the funding models within the arts sector and make funding for transformational projects a priority. COVID still remains an ongoing challenge for the arts sector in the short term but armed with the lessons learnt during this time we can help re-imagine, reposition and reshape the arts landscape for the future. We need to find new ways of engaging with audiences, while also focusing on ensuring that the arts remains relevant and meaningful.

AUDITOR'S REPORT: PREDETERMINED OBJECTIVES

The AGSA currently performs the necessary audit procedures on the performance information to provide reasonable assurance in the form of an audit conclusion. The audit conclusion on the performance against predetermined objectives is included in the report to management, with no material findings being reported under the Predetermined Objectives heading in the Report on other legal and regulatory requirements section of the auditor's report. Refer to page 62 of the Report of the Auditors Report, published as Part E: Financial Information.

SITUATIONAL ANALYSIS

Artscape has already achieved significant success as the leading public Performing Arts venue in the Western Cape and the country. Artscape has distinguished itself as an organisation which has not only presented a diverse artistic programme in its theatre complex but has also taken the arts to communities outside of the complex. We have also distinguished ourselves with regard to disability access and continue to implement measures to further reduce our environmental impact. Artscape has progressively expanded its role in technical training and ensuring that skills transfer take place so that Artscape stage staff are sought after nationally and internationally.

Artscape has achieved this success in spite of the fact that Performing Arts has over the last number of years been significantly underfunded. With increased commitments to fund facilities and the Performing Arts generally, Artscape now finds itself with the opportunity to significantly expand its facilities, activities and contribution to the economy and communities of the Western Cape.

Artscape aims to ensure that the artistic content presented is based on a multicultural consciousness which ensures the promotion of all artistic products which attract and entertain audiences.

The key challenges that Artscape is facing include:

- Ageing stage equipment – we need to stay abreast with the changes in the industry so as to make the venue attractive for hirers
- Decreasing funding for productions – this continues to present challenges when trying to present a diverse programme.
- Scarcity of technical skills within the industry – the availability of suitably qualified technical skills places a strain on the resources
- Competition – the number of entertainment options within the city is increasing and competition for audience is at an all-time high
- The overall impact of the current macro-economic situation
- The long-term impact of Covid-19 on the arts industry

Despite these challenges Artscape continues to explore new opportunities such as:

- Partnering with various education institutions to enhance the technical training opportunities available
- Exploring new types of theatre performances to remain at the forefront of artistic expression
- Continuing to find new and innovate ways of attracting audiences
- Continuing with partnerships that will enhance future funding

PERFORMANCE INFORMATION BY PROGRAMME/ ACTIVITY/ OBJECTIVE

Artscape undertakes all its activities whilst being mindful of the role that we can play in contributing to social cohesion, nation building, education, poverty alleviation and job creation through the arts.

Artscape's Annual Performance Plan for the 2021/2022 financial year identified the following strategic outcome oriented goals and objectives:

PERFORMANCE INFORMATION BY PROGRAMME/ ACTIVITY/ OBJECTIVE

PROGRAMME 1: ADMINISTRATION

SUB PROGRAMME 1.1:

ENSURE A ROBUST AND SUSTAINABLE FINANCIAL FUTURE

OBJECTIVE: Operate on a financially sustainable basis

PERSPECTIVES:

Financial sustainability is vital as it will enable Artscape to cover its administration costs and to prioritise activities in order to achieve its mandate. Financial sustainability also ensures the survival and continuity of the organisation in the long run. Striving for Financial sustainability will encourage effective and efficient planning.

Funding challenges include:

- Funding received from Donors is ear marked for specific programmes
- Funding received from DSAC is not sufficient to cover fixed administration costs
- DSAC funding does not increase at the same rate as the expenditure
- Economic conditions affect third stream income predictions and the organisation has no control on these conditions
- Continuity of programmes that are successful as far as achieving our mandate are concerned cannot be maintained due to lack of funds
- We are currently not registered as a PBO and therefore cannot attract donations from private companies so that they can get tax benefits as per section 18 A

The need to achieve financial sustainability is achievable in the long run, however the challenge is the tough decisions that need to be made to get there. These decisions may not be ideal, but necessary.

Artscape is feeling the crunch as business is not improving from the third-stream income's point of view. Artscape experienced tremendous challenges with regards to its cash flow since December 2018. A turnaround strategy was implemented where we reduced operating expenses to ensure that we meet our monthly obligations and to ensure that we remain a going concern.

Artscape commit to In-house programmes which are financially viable and adhere to DSAC objectives. This does not always yield

the result we based our planning on. Funds therefore have to be sourced from funds ear-marked for administration costs, and that is one of the reasons why we are operating at a deficit. It is imperative that, as mentioned above, we only roll out programmes that have been funded, and use Third stream income as funds to bridge the current deficit gap as well as work toward future financial sustainability.

The following aspects have to be attended to, in order to ensure financial sustainability:

- Ensure continuous monitoring of the Budget vs Actual costs, and have acceptable commentary on the variances and take action where necessary.
- Ensure that all programmes that are rolled out, are fully funded.
- Ensure that Artscape has a financial plan over and above the annual budget. A financial plan that is dynamic and can be changed depending on the circumstances, in order to meet short term and long term goals without compromising the long-term goals.
- Ensure that we continue to implement measures in place that encourage costs savings throughout the organization.
- Ensure that the positive attitude towards cost savings starts from Senior management in the organisation and drills down to the employee in the lower levels of the organisation.
- Ensure that we have set deadlines of how much income should be generated before committing to Transformation Programmes.
- Ensure that we adopt an attitude that clearly shows that we cannot spend funds we do not have.
- Engage with current and future partners well in advance, so as to manage financial expectations.
- Continuous monitoring of the various business areas to ensure that they will contribute to achieving Artscape mandate and are not detrimental to Artscape's long term financial sustainability goal.

LINKING TO GOVERNMENT PRIORITIES

PRIORITY 1: ECONOMIC TRANSFORMATION AND JOB CREATION

- Establish partnerships for corporate social investments and/or capital raising – along the value chain

SUB PROGRAMME 1.2: SUSTAINING EMPLOYEE COMPETENCE AND CULTURE

OBJECTIVE: Competent and motivated workforce achieving their performance targets

PERSPECTIVES:

To achieve Artscape's mandate and vision, will require a competent workforce. Competency development is a crucial driving force for increasing employee effectiveness and employability in the industry. Mature entities develop their employees not only for self, but for serving in the industry or any organ of the state. Artscape will therefore partake on initiatives that will stimulate competency development as well as creating a conducive environment for performance. Focusing on developing and sustaining employee competence is very important for Artscape and this will result in the following:

- The creation and sustaining of a high-performance culture
- Unleashing employee interest on continuous learning/ self-development
- Superior service by employees thereby position Artscape as a theatre of choice
- Trust and confidence in the entity by all relevant stakeholders
- Improve staff morale and improving staff retention rate

In order to ensure employee competence is sustained, Artscape must ensure a clear functional and post structure, ensure role clarity for all employees through signed job profiles, ensure a functional performance management system is implemented and sustained. Artscape must create the understanding by all that Performance Management is a journey and not a destination and create a conducive environment for performance management. Artscape should prioritize employee wellness and ethic of care as key business deliverables

Excellence in Leadership and Staff - Artscape will continue to strive to maintain strong leadership in its executive management and continue to develop excellence within its management and staff at all levels. Artscape should have a competent, motivated and client centred work force which is representative of the South African and Provincial demography.

LINKING TO GOVERNMENT PRIORITIES

Artscape operates within the ambit of the broader DSAC priorities and Artscape's HR objective are linked to the following Government priorities:

PRIORITY 2: EDUCATION, SKILLS AND HEALTH -

Develop skills along the value chain (human capital development pipeline) – core and support functions

PRIORITY 6: A CAPABLE, ETHICAL AND DEVELOPMENTAL STATE -

Honest and capable state with professional, ethical and meritocratic public servants contributing to an improved level of trust in the public sector and credibility of public institutions

SUB PROGRAMME 1.3: ENSURE EFFECTIVE AND SUSTAINABLE OPERATIONS AND GOVERNANCE

OBJECTIVE: Efficient and compliant operations and processes

PERSPECTIVES:

Artscape received unqualified audit opinions for the 6 years leading up to the year ending 31 March 2018. An unqualified audit report provides current and potential funders the assurance that internal controls are in place and that their donations will be managed in terms of the conditions applicable, and in terms of the Public Finance Management Act.

For the year that ended 31 March 2019, Artscape received a qualified audit opinion on the following items.

- Property, plant and equipment - The entity did not recognise all items of property, plant and equipment in accordance with GRAP 17, specifically costumes used in productions were not recognised as property, plant and equipment. The entity did not assess the residual value and useful life of plant and equipment at the reporting date
- Revenue from exchange transactions: Other operating revenue – lack of audit evidence relating to revenue from cafeteria, restaurant and bars, included in other operating revenue
- Other operating expenditure – Lack of audit evidence for catering expenditure (cafeteria, restaurant and bars), included in other operating expenditure

The challenges to ensure an Unqualified Audit Opinion

- Inconsistent interpretation and application of GRAP standards by the Auditor General from year to year
- Inconsistent interpretation of GRAP by different offices of the AG
- Non-compliance by staff of SCM policies and the PFMA
- Failure of systems of Internal Control
- Artscape not being a going concern if it is unable to reduce its operating expenses in line with its income, resulting in Artscape not being able to pay its suppliers and staff on time
- Implement improvements on audit findings of previous year
- Ensure that audit findings for new year are managed and not material to result in a qualification
- Ensure that lack of evidence of Fedics operating expenses and income is significantly addressed so as to enable the AG not to raise a material finding on the matter

Subsequent to the 2019 financial year, Artscape achieved an unqualified audit opinion with an emphasis of matter for the years ending 31 March 2020 and 31 March 2021.

LINKING TO GOVERNMENT PRIORITIES

PRIORITY 6: A CAPABLE, ETHICAL AND DEVELOPMENTAL STATE -

Compliance with regulations and organisations that operate in a fair and transparent manner

SUB PROGRAMME 1.4: DEVELOP ARTSCAPE BRAND

OBJECTIVE: Enhanced Artscape Brand

PERSPECTIVES:

Artscape will continue to strive to develop its brand to be known in both the local and international tourism markets. Artscape will strive to be a must-see attraction for any visitor to Cape Town. Its appearance, atmosphere and character should support its attraction through its distinctive and African culture.

LINK TO GOVERNMENT PRIORITIES

PRIORITY 5: SOCIAL COHESION AND SAFE COMMUNITY -

Promoting social cohesion across society through increasing interaction across race and class - Sharing of space across race and class – winning nation and active nation

Explanation of Planned Performance over the Five Year Planning Period.

PROGRAMME 2: BUSINESS DEVELOPMENT

SUB-PROGRAMME 2.1: DIVERSE PROGRAMMES

OBJECTIVE: Create arts programme that serves the community

PERSPECTIVES:

Artscape's vision is to create a platform for emerging arts practitioners and so enrich the collective art and culture experience. The various Artscape programmes encompasses development, inclusivity and outreach. Participants are given opportunities to develop and showcase their skills through workshops, mentorships and productions. The programmes that have been presented to date have contributed greatly to youth development, social cohesion, job creation and nation building. The programmes continue to have an impact on both those that participate and those that attend the performances. It is important to continue to create opportunities, through the arts, for everyone.

- Education & development – this will include workshops, mentorship programmes and productions with a strong focus on youth
- Inclusivity – to ensure that there is a platform for marginalised art forms and artists, this includes the encouragement of new works
- Social cohesion – a focus on nation building through the celebration of national days
- Outreach – to enable accessibility and exposure to the opportunities that exist within the arts industry. This will include roadshows that will engage those in rural and peri-urban areas

The current economic climate has meant that funding for the various programmes have continued to become scarce. The impact of this is that decisions need to be made with regard to the programmes that are to be done as well as the extent of these programmes.

The following concepts will underpin the programme offering at Artscape:

Multicultural Programme - Artscape has in both its vision statement and mission statement the focus on multicultural performing arts to achieve growth and transformation. The primary strategic objective of Artscape will be to fulfil this vision and mission by ensuring an artistic programme in its complex which achieves transformation and growth in the performing arts while acknowledging, supporting and developing the multiple cultures of its stakeholders.

The focus on multiculturalism must ensure that the sum of the individual performing arts programme creates a whole which is more than the sum of the individual parts. In other words, Artscape will focus, on a holistic approach to ensure a multicultural performing arts programme where Western arts, Indigenous Arts, and other cultural programmes do not just co-exist, but in fact contribute to one another.

Aspirational Artscape - Artscape will focus its development activities on developing itself as an aspirational venue in which to perform. This will focus on developing multiple art forms and programmes where the objective will eventually be to present and perform these programmes in the Artscape facilities. The aspiration of excellence in Artscape should mean that performers have “not arrived” until they have performed at Artscape.

Diverse Educational Programmes - Artscape should continue to place a significant strategic emphasis on the participation of the younger generations in the performing arts.

Diverse Programmes - The development of the programmes and the delivery through the facilities should continually balance the objectives of quality product with development and the provision of opportunities for growth and transformation.

Rural Outreach Programme - In Artscape’s endeavours to embrace all communities in the Western Cape, Artscape embarks on an annual programme of structured community outreach programmes, in partnership with local government. Through these programmes the interest in the performing arts is enhanced in non-urban areas.

LINK TO GOVERNMENT PRIORITIES

PRIORITY 1: ECONOMIC TRANSFORMATION AND JOB CREATION

- Creating job opportunities for youth within the arts sector

PRIORITY 5: SOCIAL COHESION AND SAFE COMMUNITY

- Equal opportunities, inclusion and redress - honour men and women, fast track the promotion and implementation of indigenous languages, as well as active citizenry and leadership - Celebrate National Days on an intercultural basis and ensure that they are fully inclusive of all South Africans.

SUB-PROGRAMME 2.2: DIVERSE EDUCATIONAL PROGRAMME

OBJECTIVE: Create educational programme that serves the community

PERSPECTIVES:

Artscape’s vision is to create a platform for emerging arts practitioners and so enrich the collective art and culture experience. The various Artscape education programmes also encompasses development, inclusivity and outreach. Participants are given opportunities to develop and showcase their skills through workshops, mentorships and productions. The programmes that have been presented to date have contributed greatly to youth development, social cohesion, job creation and nation building. It is important to continue to create opportunities, through the arts, for everyone. Specific activities to achieve this include:

Internship Programme - The internship programme provides training and skills transfer in arts administration and management and is fully dependent on dedicated funding.

Continental Exchange - Artscape should aim to develop its Academy as the leading and aspirational location for technical performing arts training and should establish links with festivals and theatres across the continent to develop technical exchange programmes and establish the demand for the technical training and education through the Academy.

Resource Centre - In order to ensure that emerging artists, arts practitioners and arts organisations have access to the necessary resources, Artscape’s Resource Centre facilitates training programmes and workshops to build capacity and in some instances, a base from which to operate administratively.

The Artscape Resource Centre aims to be at the centre of the artistic network and artistic community of the Western Cape while improving the overall arts administration skills of the industry through various workshops, training programmes and access to resources. The Resource Centre also provides the following services to the arts community:

- Physical space – a place to work and meet
- IT infrastructure – access to computers, printing and internet

- Networking events – opportunities to meet and engage with others in the arts community (including professionals) as well as those in business
- Library - access to various media
- Career guidance – expos and help desk sessions

LINKING TO GOVERNMENT PRIORITIES

PRIORITY 2: EDUCATION, SKILLS AND HEALTH - Place young people in international internship and or exchange programmes established through bilateral and multilateral partnerships and develop and implement cultural programmes in schools and communities that raise awareness of career opportunities in the creative industries.

PROGRAMME 3: INFRASTRUCTURE

(New Programme)

SUB-PROGRAMME 3.1: INFRASTRUCTURE EXCELLENCE

OBJECTIVE: Safe, functional, universal design facilities

Over the years, the Artscape leadership has strived to achieve Infrastructure Excellence by adopting a strong maintenance ethic and has systems in place to ensure effective and efficient maintenance of the building infrastructure. The failure of, or a lack of maintenance, could have serious economic, social, health, safety or security consequences.

We have developed and implemented asset management plans for our building infrastructure, which includes strategic infrastructure that Artscape cannot do without to achieve its mandate. Maintenance plays an important role as it ensures that limited maintenance and capital works resources achieve the best possible outcome for the organisation.

It is also mandatory for the accounting officer of a public entity, in terms of the GIAMA (Government Immovable Asset Management Act), the PFMA and Public Service Act, 1994, to assess the utilisation and functional performance of its immovable assets in terms of service delivery objectives and to prioritise the need for repair, upgrade or refurbishment of state-owned immovable assets. The Accounting authority should also ensure appropriate steps are taken to implement the provisions of the OHSA.

LINK TO GOVERNMENT PRIORITIES:

In line with the Government’s overarching priorities, we have identified **PRIORITY 4: SPATIAL INTEGRATION, HUMAN SETTLEMENTS AND LOCAL GOVERNMENT** which will be addressed by ensuring that the building is accessible to all communities including persons with disability

SUB-PROGRAMME 3.2: LEVERAGE TECHNOLOGY

OBJECTIVE: Leverage on Technology to achieve its mandate and objectives and improve Artscape’s service to its stakeholders

PERSPECTIVES:

The ICT function plays an important role in supporting the various business strategies and activities of Artscape. It is the enabler within the organisation ensuring that the organisation remains effective and efficient.

Leveraging Information technology faces a number of challenges, including the rapidly changing technology and the fact that most stage technology developers are in the USA and Europe and Asia and few of these products have distributors in South Africa. This means that while we may be aware of new products we do not always have the opportunity to see them in operation and if they will be useful to Artscape. The financial constraints mean that certain projects take longer to implement.

LINK TO GOVERNMENT PRIORITIES

Government Priority 4 (Spatial Integration, Human Settlements and Local Government) will be addressed by:

- A spatially integrated sport, arts, culture and heritage infrastructure space
- Using technology to enhance the experience of arts facilities and programmes
- Leveraging technology to engage with audiences

PROGRESS TOWARDS ACHIEVEMENT OF INSTITUTIONAL IMPACTS AND OUTCOMES

INTRODUCTION

During 2021/2022, COVID-19 continued to have a major impact on the arts sector. With limited audiences allowed under the various lockdown levels it made it financially challenging to stage most productions. This led to the continued trend from 2020 where events were cancelled and theatre venues closed down. As we look ahead to the 2022/2023 financial year, it is important to start reimagining how the arts can continue to have an impact. The overall goal is to make a meaningful contribution to social cohesion, national building and youth development. We will continue to expand on the experiences of utilizing virtual platforms and incorporate them into our programmes.

No amendments were made to the 2020/ 2025 Business Strategy during the financial year under review.

The progress made towards the achievement of the institutional impacts and outcomes can be summarized as follows:

Programme 1: Administration

Artscape managed to achieve its aim to ensure a robust and sustainable financial future for the entity and operated on a financially sustainable basis by achieving a surplus on a cash basis.

The entity continued to strive towards sustaining employee competence and culture and building a competent and motivated workforce. Performance Management Agreements have been concluded with all members of the executive. The KPI's of the executive staff members are linked to the outcome of the annual audit and therefore the final performance assessment of executive staff could only be finalized post this audit.

A clean audit has been achieved by the entity for the 2021/2022 financial year, ensuring achievement of its aim to operate effectively and sustainably and ensure good governance and compliance. No irregular expenditure has been reported and no incidents of fraud have been detected.

Artscape achieved its target to remain a venue of choice and to enhance the Artscape brand and achieved 100% of its targets in terms of its Marketing Plan.

Programme 2: Business Development

Despite COVID-19, Artscape managed to significantly exceed its targets and presented 33 diverse arts productions and 6 festivals through partnerships and/or funded programmes by presenting productions both virtually and physically.

Artscape also managed to exceed its targets and presented 6 educational programmes through successful partnership with educational organizations.

Programme 3: Infrastructure

The entity continued to achieve infrastructure excellence and offered a safe, functional and universal facility to all theatre goers on an equal theatre going experience.

By presenting on both physical and virtual platforms, the entity managed to exceed its target and presented 186 events during the financial year. Continued restrictions on audiences numbers due to COVID-19 regulations, however resulted in the entity only reaching 54 127 audience members.

The entity achieved 100% of its targets in terms of its Annual Maintenance Plan.

In order to develop and leverage on existing digital technology to promote digital engagements, interactions and ticketing, the entity strives to achieve 100% of its targets in terms of its approved Annual IT Plan. An amendment in the internal audit plan however resulted in the entity only being able to achieve 87,5% of its targets in terms of its IT Plan.

RISK MANAGEMENT

Artscape annually conducts a risk management workshop. This workshop is attended by management and key members of staff.

Once all pertinent risks have been identified each risk is assessed in terms of its impact on achieving the business objectives as well as the likelihood of the risk occurring. This is done on an inherent risk basis, i.e. before considering existing systems, processes, controls and people in place to manage the risk. The outcomes of the risk management workshop are presented to the Audit and Risk Committee and form the basis for the internal audit coverage plan.

Management ensures that existing controls and processes are in place to sufficiently address risks and will implement specific action plans to manage the residual risk exposure to an acceptable level. The Audit and Risk Committee as well as the Council may wish to include/incorporate additional risks if deemed necessary. The risk register is updated on a quarterly basis.

INTERNAL CONTROL UNIT

Artscape has limited resources and the size of the organisation does not justify having an internal control unit. Internal control is a responsibility for each individual manager. We have policies and procedures which are used to prescribe internal controls and the policies are reviewed on a regular basis to ensure they are up to date in terms of laws and regulations. Management also uses the findings of the auditors to improve and strengthen internal controls.

The management of Artscape monitors compliance to internal policies and procedures.

AUDIT AND RISK COMMITTEE RESPONSIBILITY

The Audit and Risk Committee is mandated by Council to provide the necessary oversight to ensure that the governance, risk management and control environment is sound and effective through the processes facilitated by management and the assurance obtained by internal and external audit.

The report of this committee appears on page 48 of the Annual Report.

COMPLIANCE WITH LAWS AND REGULATIONS

Artscape, the Council and all members of staff are required to comply with the principles of good corporate governance and all laws and regulations. Management report on a quarterly basis on compliance with laws and regulations. The PFMA checklist is compiled and any non-compliance is reported to Council and its subcommittees.

The system of internal control is considered effective as the various reports of the Internal Auditors and the Auditor-General have not reported any significant or material non-compliance with prescribed policies and procedures and laws and regulations in the current year.

B-BBEE COMPLIANCE

Artscape's Supply Chain Management process ensures that the entity enforced the preference points system and thus provided the platform to implement its socio-economic objectives at correcting the imbalances of the past. Due to a ruling by the Constitutional Court in February 2022, we could not apply the PPPFA from

16 February 2022 until further guidance on the matter was provided by National Treasury after the financial year-end. Artscape's policy is intended to address the Preferential Procurement Policy Framework Act (PPPFA) objectives. Artscape has recently been verified and is non-compliant but is addressing this issue and working towards compliance in the future.

Artscape has continued to provide a platform to empower artists and performers from all walks of life.

FRAUD AND CORRUPTION

Artscape has a fraud prevention plan and strategy based on prevention, detection, response and investigation and a Fraud Prevention Committee.

Staff guilty of misconduct are disciplined in term of Artscape's disciplinary code. All disciplinary matters are reported to Council's Human Resources Committee and also included in the Annual Report (see page 55).

The Audit and Risk Committee also considers fraud at each quarterly meeting.

MINIMISING CONFLICT OF INTEREST

All staff members are required to make annual declarations of financial interests to avoid conflict of interest.

Council and external Audit and Risk Committee members are also required to submit annual declarations of interest and to declare their possible interests at every meeting.

CODE OF CONDUCT

A code of conduct is in place for all staff members. Non-compliance will result in staff being subjected to the disciplinary code and procedure.

Artscape also has a code of conduct for Council members, which is included in the Council Charter.

HEALTH, SAFETY AND ENVIRONMENTAL ISSUES

In order to ensure safety on stage, Artscape provides all the hirers with a copy of the theatre rules and regulations as part of the venue rental agreement.

As part of the building and renovation projects, an outside health, safety environmental company was appointed as consultants to ensure that health, safety and environmental requirements are considered and adhered to.

COMPANY SECRETARY

The Company Secretary is responsible for ensuring the proper compilation and timely circulation of Council documents and accurate recording of meetings and resolutions. She assists the Council and its committees with drafting of annual work plans and provides Council members collectively and individually with guidance as to their duties, responsibilities and powers. The Company Secretary has a key role to play in ensuring that Council procedures are both followed and regularly reviewed and that Council members are aware of any law relevant to or affecting the entity.

SOCIAL RESPONSIBILITY

Artscape has an internship programme to provide on-the-job training to interns from schools, universities and arts organisations. In addition to this Artscape also has exchange programmes with organisations. However, due to the Covid-19 pandemic these programmes could not be realised in the 2021/2022 financial year.

B-BBEE COMPLIANCE PERFORMANCE INFORMATION

in Terms of Section 13(G)(1) of the Broad-Based Black Economic Empowerment Act 53 of 2003 as Amended by Act 46 of 2013

Has the Public Entity applied any relevant Code of Good Practice (B-BBEE Certificate Levels 1 – 8) with regards to the following:		
Determining qualification criteria for the issuing of licences, concessions or other authorisations in respect of economic activity in terms of any law?	No	This is not applicable to Artscape
Developing and implementing a preferential procurement policy?	No	The Preferential Procurement requirements are included in the Procurement for Goods and Services Policy Artscape has in place.
Determining qualification criteria for the sale of state-owned enterprises?	No	This is not applicable to Artscape.
Developing criteria for entering into partnerships with the private sector?	No	This is not applicable to Artscape.

AUDIT AND RISK COMMITTEE REPORT

Members and Attendance

The Audit and Risk Committee (the Committee) consists of the members listed hereunder and meets at least twice per annum as required by the Public Finance Management Act and as per its approved terms of reference. Six meetings were held during the 2021/2022 financial year.

Member	No. of Meetings attended
Mr Philip van Ryneveld	5
Ms Ndileka Manana	5
Mr Mongezi Menye	5
Ms Crystal Abdoll (external member)	6
Mr Richard Rhoda (external member)	6

Audit and Risk Committee Responsibility

The Committee reports that it has complied with its responsibilities arising from section 51(1)(a)(ii) of the PFMA and Treasury Regulation 27.1.10. The Committee also reports that it has adopted appropriate formal terms of reference as its Audit and Risk Committee Charter, has regulated its affairs in compliance with this charter and has discharged all its responsibilities as contained therein.

Risk Management

The Committee ensured that risks identified through the risk management workshop, facilitated by Internal Audit, for managers are continuously monitored and that the risk register is updated on a regular basis.

Internal Audit

The internal audit function is outsourced to Nexia SAB&T. Through its reports, Internal Audit makes recommendations to assist in the establishment and maintenance of an effective system of internal control to manage the risks associated with Artscape and its activities. The Audit and Risk Committee has reviewed and approved the internal audit charter and the audit coverage plans for the year ended 31 March 2022. Internal audit reports were presented to the committee during the year under review.

The following internal audits were approved by the Audit and Risk Committee and completed by Internal Audit during the financial year:

- Technical review of Draft AFS for year ending 31 March 2021
- Review of Business Continuity Plan and
- Follow-up reviews of previous Internal Audits

The areas for improvement, as noted by Internal Audit during the performance of their work, were agreed to by management. The Audit and Risk Committee monitors the implementation of the agreed actions on a quarterly basis.

Artscape also engaged a service provider to assist us in developing a Combined Assurance Framework.

The Effectiveness of Internal Control

The financial controls have been found to be effective. We review internal audit and external audit recommendations and implement these. Business Continuity Management has been found ineffective and we will engage a service provider to provide the necessary plans for implementation. The Auditor General has identified a weakness in the description of our technical indicators for our performance reports. We will revisit these indicators to ensure they adequately describes and incorporates all events which we wish to measure and report on.

The Quality of Quarterly Reports

Quarterly reports on performance information and Artscape's finances are presented and reported at Committee meetings. The Committee is satisfied with the content and quality of quarterly reports prepared and issued by the institution during the year under review.

Compliance

The Audit and Risk Committee reviewed the entity's compliance with legal and regulatory provisions on a quarterly basis. Management will review its current compliance management processes and introduce improvements as required.

Fraud and corruption

No matters of fraud or corruption were brought to the Committee's attention during the year under review.

Focus areas for 2022 -2023 financial year

The Audit and Risk Committee has identified the following focus areas for the year ahead:

- The combined assurance process
- The development of a Business Continuity Plan.
- Strengthening of Risk management

Auditor's Reports

We have reviewed the entity's implementation plan for audit issues raised in the prior year and we are satisfied that the matters have been adequately resolved.

Evaluation of Financial Statements and Predetermined Objectives

The Committee has reviewed the:

- Audited annual financial statements to be included in the annual report;
- Report on predetermined objectives to be included in the annual report;
- AGSA management letter and management's response; and
- Report of the Auditor-General for the year ended 31 March 2022.

Through the guidance of the Committee, the finance function has enhanced its processes and controls, and this has impacted on the audit outcomes.

The Committee concurs and accepts the conclusions of the Auditor-General on the annual financial statements and is of the opinion that the audited annual financial statements be accepted and read together with the report of the AGSA.

INTRODUCTION

Artscape understands that its human capital is the hidden centre of competitive advantage where sustainable and unmatched value is created. To strive towards sustainable results for the organisation, the Artscape Human Resource Committee (HRC) meets on a quarterly basis to provide oversight over human resource management at the public entity.

The key highlights of the past financial year include:

- Performance Management – performance agreements with the key executives were implemented during the year.
- Staff redeployment – in response to COVID-19's negative impact on employment, Artscape put more efforts into retaining staff by redeploying some of them in areas that lacked capacity instead of employing new employees.
- Hybrid model of work- Artscape ensured continued service in the midst of lockdown through the introduction of the hybrid work model. Employees able to work from home were supported with IT infrastructure to work productively from home.
- Staff Wellness – Remained a critical focus of Artscape with the employee wellness service provider offering services to employees and their immediate family members.

Health Promotion and HIV/AIDS Programmes

Employee wellness remains a key focus area of Artscape. Artscape ensured in this financial year that employees remained equipped to deal with COVID-19 pandemic and its negative impact. The employee wellness service provider continued to support the Artscape employees and their immediate families. Although no corporate wellness day was arranged during the year under review due to the COVID-19 pandemic, however, there was continued wellness communication via the CEO's video messages, email messages and line managers' engagements and communication to the staff.

Misconduct and Disciplinary Hearings for permanent and annual contractual employees finalised

There were 3 hearings in this financial year.

Skills Development

Regardless of limited finances due to the COVID – 19 pandemic Artscape continued investing in learning and development initiatives, not just as activities but for impact. Artscape's skills development programme included ongoing training to permanent and contractual staff. Priority was given to critical developmental needs due to financial constraints. Furthermore Artscape participated in youth development initiative through the EPWP and Distell internship programme in the 2021 – 2022 financial year. These are highlighted below:

Overview of the year ended 31 March 2022

Total revenue increased by 17,70% in 2022, from R81,3m to R95,6m, mainly due to a significant increase in Government grants for Capital works as well as the insurance claim received for business interruption as a result of the COVID-19 pandemic, which forced the closure of our theatres for a considerable period of time. The total government grants for 2022 increased slightly by 13,7% from 2021 to 83% of total revenue (2021: 86%), while other operating income generated contributed 3,6% of total revenue. Interest revenue contributed 1,1% of total revenue.

The graph below reflects a comparison of revenue between 2022 and 2021.

- The annual grant from the Department of Sport, Arts and Culture (DSAC) increased by 1% from R65,3m to R65,8m.
- Other Government Grants utilised in the current year included R9,6m from DSAC for Capital Works, R1,2m for the Incubator Programme and R2 m from the City of Cape Town.
- Other operating revenue increased by 283% from R1,4m to R5,5m, mainly as a result of the once-off insurance claim for business interruption.
- Interest received slightly from R0,6m to R1,1m due to slightly higher interest rates and an improved cash flow.

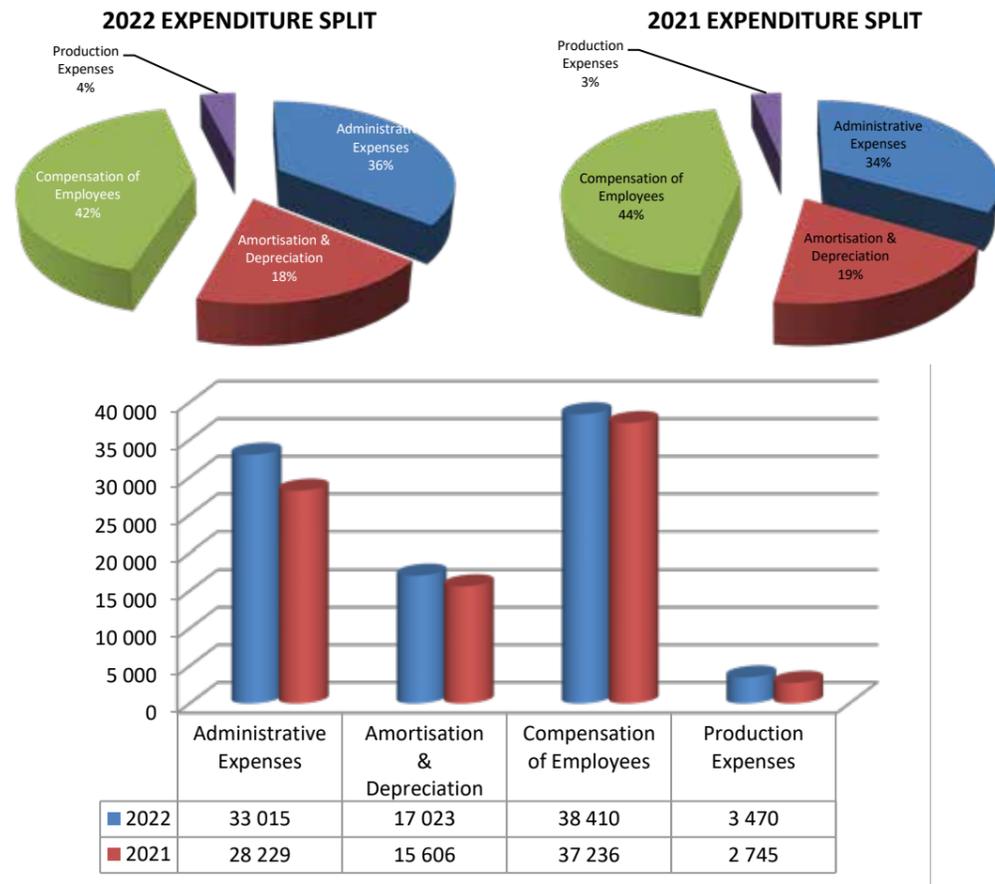

Operating Expenses

A comparison between 2022 and 2021 shows an increase of R8,1 million in total expenses incurred.

EXPENDITURE COMPARISON

Administrative expenses (excluding amortisation and depreciation) increased from R28,2m to R33,0m.

Substantial changes include:

- Repairs and maintenance decreased by 35% from R1,6m to R1,1m due to a reduction in infrastructure facilities management expenditure.
- Electricity and water consumption increased by R2,5 million from R3,6 m to R6,1 m due to the theatre being opened to a lot more productions during the current financial year, compared to the severe lockdown in the 2021 financial year as a result of the COVID-19 pandemic.
- Transport related expenses increased from R92 194 in 2021 to R469 089 in 2022 due to increase in activities as a result of the relaxation of the Covid-19 lockdown regulations.

Compensation of employees increased by 3% from R37,2m to R38,4m. This was mainly as a result of no annual salary adjustment for the 2021 financial year, no overtime worked, and where positions became vacant, no replacements were appointed, whilst in the 2022 financial year a small salary increase and a once-off allowance was granted to all members of staff.

Production costs increased by 26,4% to R3,5m. This was mainly as a result of funding received for productions from the City of Cape Town and DSAC.

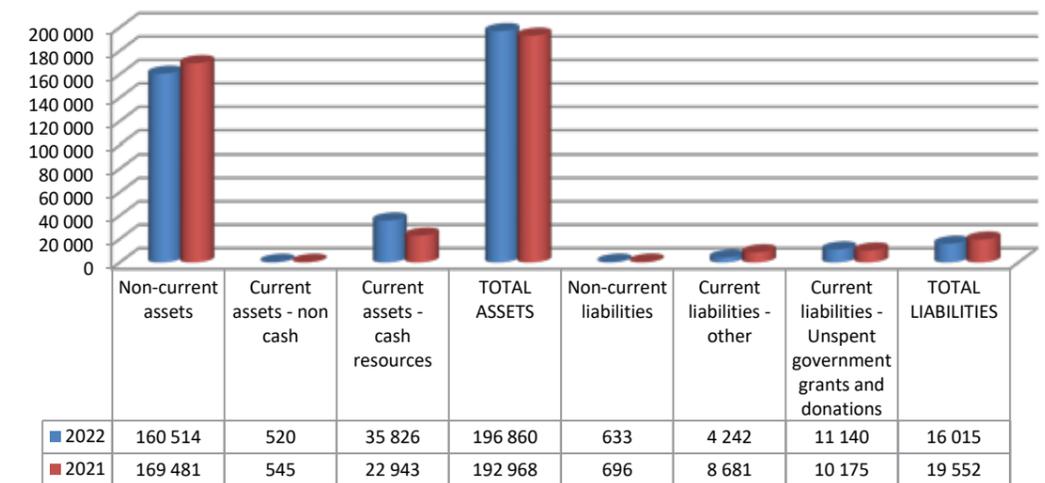

Operating Surplus

An operating surplus of R3,7m (2021 deficit of R2,6m) was achieved for this financial year. The operating surplus is mainly the result of the managing of costs much more effectively through our turnaround strategy, a substantial increase in the capital grant income and an insurance claim for business interruption of R3,3 million in 2022.

Provision for post-retirement medical benefit

The actuarial valuation, as well as current contributions paid, resulted in a liability being decreased from R0,836m in 2021 to R0,734 million in 2022 as a result of the reduction in qualified pensioners from 3 to 2 members during the financial year.

FINANCIAL POSITION (R'000)

The decrease in non-current assets is due to the very little additions to property, plant and equipment and a significant depreciation charge of R17,0 m for the year.

The decrease in non-cash current assets is due to the decrease in receivables mostly as a result of minimal production activities for the year due to COVID-19.

The increase in cash resources is as a result of a reduction in expenditure due to our turnaround strategy which improved cash flows and capital funding from DSAC.

Non-current liabilities decreased slightly due to the reduction in the actuarial valuation of the post-retirement medical benefit.

Current liabilities (other) increased primarily due to an increase in unspent government grants.

REPORT OF THE AUDITOR GENERAL TO PARLIAMENT ON ARTSCAPE

Report on the financial statements

I have reviewed the financial statements of Artscape set out on pages 68 to 99, which comprise the statement of financial position as at 31 March 2022, the statement of financial performance, statement of changes in net assets, cash flow statement and statement of comparison of budget and actual amounts for the year then ended, as well as notes to the financial statements, including a summary of significant accounting policies.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the financial statements do not present fairly, in all material respects, the financial position of Artscape as at 31 March 2022, and its financial performance and cash flows for the year then ended in accordance with the Standards of Generally Recognised Accounting Practice (Standards of GRAP) and the requirements of the Public Finance Management Act 1 of 1999 (PFMA).

Emphasis of matter

I draw attention to the matter below. My conclusion is not modified in respect of this matter.

Restatement of corresponding figures

As disclosed in note 30 to the financial statements, the corresponding figures for 31 March 2021 were restated as a result of errors in the financial statements of the entity at, and for the year ended, 31 March 2022.

Responsibilities of the accounting authority for the financial statements

The accounting authority is responsible for the preparation and fair presentation of the financial statements in accordance with the Standards of GRAP and the requirements of the PFMA, and for such internal control as the accounting authority determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the accounting authority is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Auditor-general's responsibilities for the review of the financial statements

My responsibility is to express a conclusion on the accompanying financial statements. I conducted my review in accordance with the International Standard on Review Engagements (ISRE) 2400 (Revised), Engagements to Review Historical Financial Statements. ISRE 2400 (Revised) requires me to conclude on whether anything has come to my attention that causes me to believe that the financial statements, taken as a whole, are not prepared in all material respects in accordance with the applicable financial reporting framework. This standard also requires me to comply with the relevant ethical requirements.

A review of financial statements in accordance with ISRE 2400 (Revised) is a limited assurance engagement. I am required to perform procedures, primarily consisting of making inquiries of management and others within the entity, as appropriate, and applying analytical procedures, and evaluating the evidence obtained.

The procedures performed in a review engagement are substantially less than those performed in an audit conducted in accordance with International Standards on Auditing. Accordingly, I do not express an audit opinion on these financial statements.

Report on the annual performance report

In accordance with the Public Audit Act 25 of 2004 (PAA) and the general notice issued in terms thereof, I have a responsibility to report material findings on the usefulness and reliability of the reported performance information against predetermined objectives presented in the annual performance report. The accounting authority is responsible for the preparation of the annual performance report.

I performed procedures to evaluate the usefulness and reliability of the reported performance information on selected performance indicators in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice.

I performed the procedures in accordance with the AGSA audit methodology. This engagement is not an assurance engagement. Accordingly, I do not express an opinion or an assurance conclusion.

My procedures address the usefulness and reliability of the reported performance information on the selected performance indicators, which must be based on the entity's approved performance planning documents. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures do not examine whether the actions taken by the entity enabled service delivery. My procedures do not extend to any disclosures or assertions relating to the extent of achievements in the current year or planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.

I performed procedures to determine whether the reported performance information was properly presented and whether the performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the selected performance indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.

I selected the following material performance indicators contained in programme 2: Business development presented in the entity's annual performance report for the year ended 31 March 2022 set out on page 27. I selected the indicators that measure the entity's performance on its primary mandated functions and which are of significant national, community or public interest.

Performance indicators – Programme 2: Business development
Indicator 2.1: Present annual arts programmes
Indicator 2.2: Present educational programmes

I did not raise any material findings on the usefulness and reliability of the reported performance information for the selected material performance indicators.

Other matters

I draw attention to the matter below.

Achievement of planned targets

Refer to the annual performance report on page 26 for information on the achievement of planned targets for the year and management's explanations provided for the over achievement of targets.

Adjustment of material misstatement

I identified a material misstatement in the annual performance report submitted for auditing. These material misstatements were in the reported performance information of programme 2: business development. As management subsequently corrected the misstatements, I did not raise any material findings on the usefulness and reliability of the reported performance information.

Report on compliance with legislation

- In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the entity's compliance with applicable legislation relating to financial matters, financial management and other related matters. The accounting authority is responsible for the entity's compliance with legislation.
- I performed procedures to test compliance with selected requirements in key legislation in accordance with the AGSA audit methodology. This engagement is not an assurance engagement. Accordingly, I do not express an assurance opinion or conclusion.
- I selected requirements in key legislation for compliance testing that are relevant to the financial and performance management of the entity, clear to allow consistent measurement and evaluation, while also sufficiently detailed and adequately available to report in an understandable manner. The Accounting Authority is responsible for the Institution's internal controls and risk management. These controls are designed to provide reasonable, but not absolute assurance as to the reliability of the financial state-

ments, and to adequately safeguard, verify and maintain accountability for assets and to prevent and detect material misstatements and loss. Nothing has come to the attention of the Accounting Authority to indicate any material breakdown in the functioning of these controls, procedures and systems during the year under review.

In view of our current financial position, the Accounting Authority has every reason to believe that Artscape will be a going concern in the year ahead and has continued to adopt the going concern basis in preparing the financial statements.

Differences between budget and actual amounts basis of preparation and presentation

The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by functional classification to be on the same basis as the final approved budget. In addition, adjustments to amounts in the financial statements for timing differences associated with the continuing appropriation and differences in the entities covered (government business enterprises) were made to express the actual amounts on a comparable basis to the final approved budget. The amounts of these adjustments are identified in the above table.

The effect of Covid-19 had a tremendous impact on operations of Artscape.

Explanation of differences between budget and actual amounts for the current year.

- 1*- Capital works funds were received during the year, however, were not included in the 2021/2022 budget.
- 2*- Operating revenue decreased as a result of the suspension of theatre productions as a result of the national lockdown.
- 3*- The interest income was lower than budgeted due to lower interest rates and cash.
- 4*- Administrative expenses decreased as a result of the suspension of theatre productions due to Covid-19 national lockdown.
- 5*- Depreciation and Amortisation costs are slightly higher than the budgeted amount due to additions to PPE
- 6*- Employee cost is below the budgeted amount primarily due to the implementation of Artscape's cost containment actions, which resulted in the delay in filling certain vacancies, curtailment of overtime and only a 2% salary increase for the year.
- 7*- Repairs and maintenance expenses are in line with the budget for the year.
- 8*- Production expenses are slightly below budget, due to a timing difference as funds were received late during the year and not all expenses have been incurred by year end.
- 9*- Assets which were identified as redundant with no economic value, have been written off. This loss was not budgeted for.
- 10*- The beneficiaries of the post retirement medical benefit decreased from 3 members to 2 members during the course of the financial year.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

Accounting Policies

1. Presentation of Annual Financial Statements

The annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP), including any interpretations, guidelines and directives issued by the Accounting Standards Board in accordance with Section 91(1) of the Public Finance Management Act (Act 1 of 1999). These annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention as the basis of measurement, unless specified otherwise. They are presented in South African Rand. All figures have been rounded to the nearest Rand. Assets, liabilities, revenues and expenses were not offset, except where offsetting is either required or permitted by a Standard of GRAP. The principal accounting policies adopted in the preparation of these annual financial statements are set out below. The accounting policies applied are consistent with those used to present the previous year's financial statements, unless explicitly stated.

1.1 Going concern assumption

The financial statements have been prepared on a going concern basis in accordance with Standards of Generally Recognised Accounting Practice on a basis consistent with the prior year.

1.2 Significant judgements and sources of estimation uncertainty

In preparing the annual financial statements, management is required to make estimates and assumptions that affect the amounts represented in the annual financial statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the annual financial statements. Significant judgements include:

Impairment of trade receivables

Artscape assesses its trade receivables for impairment at the end of each reporting period. In determining whether an impairment loss should be recorded in surplus or deficit, the management makes judgements as to whether there is observable data indicating a measurable decrease in the estimated future cash flows from a financial asset.

Fair value estimation

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values due to the short term nature of these assets and liabilities.

Provisions and contingencies

Management judgement is required when recognising and measuring provisions and when measuring contingent liabilities. Provisions are discounted where the time value effect is material.

Property, plant and equipment and intangible assets

Artscape assesses the useful life and residual values of these assets based on the condition of the assets and the current practice for the replacement.

1.3 Property, Plant and Equipment

Land and buildings are registered in the name of the Provincial Government of the Western Cape (PGWC) and are made available to Artscape on a permanent basis. Such land and buildings not belonging to Artscape are not recognised as property, plant and equipment.

Property, plant and equipment are stated at historical cost less accumulated depreciation. Improvements to the property belonging to PGWC are capitalised and are stated at cost less accumulated depreciation. Work in progress on improvements to leased property are capitalised and are stated at cost and transferred to improvements to leased property upon completion. Vehicles, equipment, music instruments, furniture and fittings and computers are depreciated on a straight-line basis over their estimated useful lives to their residual value.

The useful life of an item of property, plant and equipment is the period over which the assets are expected to be available for use by Artscape. The residual value is the estimated amount that Artscape would obtain from the disposal of the asset, after deducting the estimated costs of disposal, if the asset was already of the age and in the condition expected at the end of its useful life.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets, or over the term of the lease, where the lease period is shorter (as listed in note 1.6.1 below).

Surpluses and losses on disposal of property, plant and equipment are credited or charged to the statement of financial performance and is recognised as a profit or loss on disposal.

Depreciation is calculated on the straight-line method, to write off the cost of each asset to estimated residual values over its estimated useful life as follows:

Improvement to leasehold property	10 - 25 years
Motor vehicles	14 - 51 years
Cellular phones	2 years
Equipment	2 - 60 years
Musical instruments, furniture and fittings	10 - 60 years
Computer equipment	3 - 25 years

Artworks are not depreciated as their current residual value is expected to be greater than their carrying amount. Stage props and costumes are written off on acquisition. Work in progress is not depreciated and is transferred to improvement to leasehold property upon completion.

Annual reassessment of useful life

The useful life of an item of property, plant and equipment is the period over which the asset is expected to be available for use by Artscape.

The useful life of assets is reassessed on an annual basis to ensure that the estimated useful lives are still appropriate. Where a change in the estimated useful life is identified, the change is accounted for as a change in accounting estimate on a prospective basis. In other words, the remaining value is written off on a straight-line basis over the remaining newly assessed useful life.

Residual values

Residual values are reviewed each year and, where estimates differ from those previously determined, the difference is accounted for as a change in accounting estimates on a prospective basis.

Impairment

The carrying amount of assets, other than inventories, is reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. For the purpose of impairment testing, the condition of the asset is evaluated to ascertain its value in use. Where the asset is damaged beyond repair, the fair value of the asset is its scrap value.

An impairment loss is recognised if the carrying amount of the asset exceeds its recoverable amount. Impairment losses are recognised in profit or loss.

Notes to the Annual Financial Statements

Reversals of impairment

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss has been recognised.

1.4 Intangible Assets

Intangible assets, being identifiable non-monetary assets without physical substance, are accounted for in terms of the cost model, at cost less accumulated amortisation and any accumulated impairment losses.

Intangible assets comprise of computer software and have been assessed as having a useful life of 3 years with the amortisation charge thereon recognised on a straight line basis.

The residual value of an intangible asset is assumed to be zero as there is no expectation of disposing of it before the end of its economic life.

The recoverable amount of an asset is the greater of its value in use and its fair value less costs to sell. For the purpose of impairment testing, the condition of the asset is evaluated to ascertain its value in use. Where the asset is damaged beyond repair, the fair value of the asset is its scrap value.

1.5 Inventory

Inventory is valued at the lower of cost, determined on the first-in first-out basis, and net realisable value (the estimated selling price in the ordinary course of business, less the costs necessary to make the sale).

1.6 Leases

1.6.1 Financial Leases

Leases are classified as finance leases where substantially all the risks and rewards associated with ownership of an asset are transferred to Artscape. Assets subject to finance lease agreements are capitalised at their cash equivalent and the corresponding liabilities are raised. The cost of the assets is depreciated at appropriate rates using the straight-line basis over the estimated useful lives of the assets. Lease payments are allocated between finance costs and the capital repayments using the effective interest rate method. Lease finance costs are expensed when incurred.

1.6.2 Operating Leases

Operating leases are those leases, which do not fall within the scope of the above definition. Payments made under operating leases are charged to the statement of financial performance on a straight-line basis over the period of the lease.

1.7 Financial Instruments

Financial instruments recognised on the statement of financial position include cash and cash equivalents, trade and other receivables and trade and other payables. Management determines the classification of its financial assets and financial liabilities at initial recognition. The classification depends on the purpose for which the financial assets were acquired.

1.7.1 Trade and other receivables

Trade and other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for doubtful debts. Trade and other receivables are assessed individually for impairment in terms of recoverability.

1.7.2 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and at bank, as well as deposits held on call with banks and are stated at cost. Interest on cash in bank and call accounts are accrued on a monthly basis and disclosed as interest received in the statement of financial performance.

1.7.3 Trade and other payables

Trade and other payables comprise trade payables, accruals and amounts owed to third parties in relation to employee costs. Trade and other payables are categorised as a financial instrument under current liabilities and recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, where applicable.

1.8 Provisions and contingencies

Provisions are recognised where the Artscape has a present legal or constructive obligation as a result of a past event; a reliable estimate of the obligation can be made and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation at the reporting date.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Provisions are reversed if it is no longer probable that an outflow of resources embodying economic benefits or service potential will be required, to settle the obligation.

Contingent assets and contingent liabilities are not recognised.

1.9 Commitments

Commitments represent capital goods/services that have been approved and/or contracted, but where no delivery has taken place at the reporting date. Commitments are thus not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance but are included in the disclosure notes.

1.10 Related party

Related party transaction is a transfer of resources or obligations between related parties, regardless of whether a price is charged. Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions or if the related party entity and another entity are subject to common control. The disclosure note details the related party relationships and transactions.

Individual as well as their close family members and/or entities are related parties if one party has the ability, directly or indirectly, to control or jointly control the other party or exercise significant influence over the other party in making financial and/or operating decisions.

Key management personnel are defined as the Chief Executive Officer and all other management reporting directly to the Chief Executive Officer or as designated by the Chief Executive Officer.

Artscape operates as a National Public Entity with its parent department being the Department of Sport, Arts & Culture and it is therefore regarded as a related party. As a consequence of the constitutional independence of the three spheres of government in South Africa, all entities commonly controlled by the Department of Arts & Culture are considered to be related parties.

Only transactions and balances with related parties not at arms length or not in the ordinary course of business are disclosed.

National Department of Sport, Arts & Culture (DSAC) has ownership control over Artscape. DSAC provides Artscape with an operational grant, additional funding for essential maintenance and funding for special projects and events. All public entities under the control of DSAC are also regarded as related parties.

The Provincial Government of the Western Cape (PGWC) owns the Artscape Theatre Centre. No rental for the use of the premises is being charged to Artscape.

Management are those persons responsible for planning, directing and controlling the activities of the entity, including those charged with the governance of the entity in accordance with legislation, in instances where they are required to perform such functions. Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that management in their dealings with the entity. Only transactions with related parties not at arm's length or not in the ordinary course of business are disclosed.

Notes to the Annual Financial Statements

1.11 Employee benefits

1.11.1 Short-term employee benefit

The cost of all short term employee benefits is recognised during the period in which the employee renders the related service. The provisions for employee entitlements to salaries, wages and annual leave represents the amount which Artscape has a present obligation to pay as a result of employees' service provided for at the reporting date. The provisions have been calculated at undiscounted amounts based on current salary rates.

1.11.2 Defined contribution plans

Prior to 30 September 2009 employees could elect to join either the existing pension fund, a defined benefit fund, or the newly formed Provident Fund for the Performing Arts Institutions, a defined contribution fund. Since this date, all qualifying employees had to join the defined contribution fund.

Contributions in respect of defined contribution plans are recognised as an expense in the year to which they relate.

1.11.3 Post-retirement medical benefits

With effect from 31 March 2000 the Institution changed its accounting policy relating to post-retirement medical benefit costs. Provision is made for post-retirement benefits in the form of medical aid benefits for certain employees who were pensioned prior to 1997 and employees approved by Council subsequent to this date. The total cost is assessed in accordance with the advice of qualified and independent actuaries. The amount accrued for post-retirement medical benefits are included as a liability.

The cost of providing benefits under this plan is determined using the projected unit credit actuarial valuation method. The current service in respect of the defined benefit plan is recognised as an expense in the current period. Past service costs and actuarial gains and losses relating to the above-mentioned retired employees are charged to the statement of financial performance in full in the current period.

1.12 Revenue from exchange transactions

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets, other than increases relating to contributions from owners.

Measurement

Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

Interest

Revenue arising from the use by others of the institution's assets yielding interest, royalties and dividends or similar distributions is recognised when:

- it is probable that the economic benefits or service potential associated with the transaction will flow to the institution and
- the amount of the revenue can be measured reliably.

Interest is recognised, in surplus or deficit, using the effective interest rate method.

Other operating revenue

Other operating revenue comprises marketing and publicity services, costume manufacturing, hiring of costumes, contributions by ticketing agent towards employee costs of Artscape's Box office staff.

Production revenue

Production revenue comprises gross ticket sales in respect of Artscape's own productions.

1.13 Revenue from non-exchange transactions

Revenue from non-exchange transactions arises when an entity receives value from another entity without directly giving approximately equal value in exchange. An asset acquired through a non-exchange transaction shall initially be measured at its fair value as at the date of acquisition.

This revenue will be measured at the amount of increase in net assets recognised by the entity.

An inflow of resources from a non-exchange transaction recognised as an asset shall be recognised as revenue, except to the extent that a liability is recognised for the same inflow. As an entity satisfies a present obligation recognised as a liability in respect of an inflow of resources from a non-exchange transaction recognised as an asset, it will reduce the carrying amount of the liability recognised as an amount equal to that reduction.

Grants received from Government are recognised as per note 1.14.

Artscape has entered into a lease agreement for the free use of certain land and buildings belonging to the Provincial Government of the Western Cape.

Sponsorship received is recognised as revenue, on a systematic basis, over the period necessary to match them with the related costs, which they are intended to compensate.

1.14 Grants and Donations

Grants related to operational expenditure is recognised as revenue when it is probable that the transfer payment will be received and the amount can be estimated reliably, unless, an obligation exists to use the transferred resources in a certain way or return the resources to the transferor. Where it is a requirement to only use the resources in a certain way with no corresponding requirement to return those resources, then no obligation exists and the revenue is recognised. Where an obligation exists, the resource is recognised as deferred revenue until the obligations are met and then recognised as revenue.

Grants related to the acquisition or construction of an asset is recognised as revenue when it is probable that the transfer payment will be received and the amount can be estimated reliably, unless, an obligation exists to use the transferred resources in a certain way or return the resources to the transferor. Where it is a requirement to only use the resources in a certain way with no corresponding requirement to return those resources, then no obligation exists and the revenue is recognised. Where an obligation exists, the resource is recognised as deferred revenue until the obligations are met and then recognised as revenue.

Donations are recognised when the expenditure relating to the donation, is incurred.

1.15 Irregular and fruitless and wasteful expenditure

Irregular expenditure means expenditure incurred in contravention of, or not in accordance with a requirement of any applicable legislation, including the PFMA.

Irregular expenditure as defined in section 1 of the PFMA as expenditure other than unauthorised expenditure, incurred in contravention of or that is not in accordance with a requirement of any applicable legislation, including

- (a) the PFMA; or
- (b) the State Tender Board Act, 1968 (Act No. 86 of 1968), or any regulations made in terms of the Act;
- (c) any provincial legislation providing for procurement procedures in that provincial government.

National Treasury practice note no. 4 of 2008/2009 which was issued in terms of sections 76(1) to 76(4) of the PFMA requires the following (effective from 1 April 2008):

Irregular expenditure that was incurred and identified during the current financial year and which was condoned before year end and/or before finalisation of the financial statements must also be recorded appropriately in the irregular expenditure register. In such an instance, no further action is also required with the exception of updating the note to the financial statements.

Irregular expenditure that was incurred and identified during the current financial year and for which condonement is being awaited at year end must be recorded in the irregular expenditure register. No further action is required with the exception of updating the note to the financial statements.

Notes to the Annual Financial Statements

Where irregular expenditure was incurred in the previous financial year and is only condoned in the following financial year, the register and the disclosure note to the financial statements must be updated with the amount condoned.

Irregular expenditure that was incurred and identified during the current financial year and which was not condoned by the National Treasury or the relevant authority must be recorded appropriately in the irregular expenditure register. If liability for the irregular expenditure can be attributed to a person, a debt account must be created if such a person is liable in law. Immediate steps must thereafter be taken to recover the amount from the person concerned. If recovery is not possible, the accounting officer or accounting authority may write off the amount as debt impairment and disclose such in the relevant note to the financial statements. The irregular expenditure register must also be updated accordingly. If the irregular expenditure has not been condoned and no person is liable in law, the expenditure related thereto must remain against the relevant programme/expenditure item, be disclosed as such in the note to the financial statements and updated accordingly in the irregular expenditure register.

Fruitless and wasteful expenditure means expenditure that was made in vain and would have been avoided had reasonable care been exercised.

All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

All irregular and fruitless and wasteful expenditure is charged against income in the period in which they were incurred.

1.16 Budget information

The approved budget is prepared on a cash basis and presented by functional classification linked to performance outcome objectives, where possible. The approved budget covers the fiscal period from 1 April to 31 March.

The financial statements and the budget are not on the same basis of accounting. The actual financial statement information is presented on a comparable basis to the budget information. The comparison and reconciliation between the statement of financial performance and the budget for the reporting period have been included in Statement of Comparison of Budget and Actual Amounts.

The net surplus per the statement of financial performance is reconciled to the budget surplus and the material differences, as determined by the materiality and significance framework, are explained in Statement of Comparison of Budget and Actual Amounts.

1.17 Comparative figures

Comparative figures have been adjusted to conform to changes in the presentation of the current year, where necessary.

2. New Standards and interpretations

2.1 Standards and interpretations effective and adopted in the current year

In the current year, Artscape has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

Standard/Interpretation:	Effective Date	Expected Impact
GRAP 104 (amended): Financial Instruments	01-Apr-21	Not material
GRAP 25 (amended): Employee Benefits	To be advised	Unlikely there will be a material impact

All applicable standards will be adopted at its effective date.

Artscape operates a post-retirement benefit scheme for eligible retired employees. The liability raised is in respect of the 2 (2021: 3) qualifying employees. The cost of this is recognised, as determined by independent actuaries, over the estimated service lives of the employees concerned. The most recent valuation of this liability was 31 March 2022.

Trend Information

The trend information as required by GRAP 25 for the previous 5 years, determined by the independent actuaries is:

	R'000				
	Mar-22	Mar-21	Mar-20	Mar-19	Mar-18

In respect of fair value of plan assets	-	-	-	-	-

Valuation method and main assumptions

The actuarial valuation method used by the actuaries to value the liabilities is the Projected Unit Credit Method prescribed by GRAP 25. Future benefits valued are projected using specific actuarial assumptions and the liability for in-service member is accrued over expected working lifetime. Any plan assets are valued at current market value as required by GRAP 25. In order to undertake the valuation, it is necessary to make a number of assumptions.

The most significant assumptions used for the current and previous valuations were a discount rate of 9.81% (2021: 9.08%) and health care cost inflation of 8.25% (2021: 7.62%).

Notes to the Annual Financial Statements

Sensitivity Results

The results of the valuation are extremely sensitive to the assumptions used. The valuation results set out above are based on a number of assumptions. The value of the liability could turn out to be overstated or understated, depending on the extent to which actual experience differs from the assumptions adopted.

The liability was recalculated to show the effect of:

- A one percentage point decrease or increase in the rate of health care cost inflation;
- A one percentage point decrease or increase in the discount rate.

22.2 Fair Value

At 31 March 2022 and 31 March 2021 the carrying values of financial instruments reported in the financial statements approximate their fair value.

22.3 Credit Risk

Cash and cash equivalents

Credit risk is mitigated by the fact that Artscape only deposits cash surpluses with major banks of high credit standing. The maximum exposure to credit risk at the reporting date is the bank balances as disclosed in the Statement of Financial Performance . The table below shows the credit rating and balances of the banks used by Artscape.

	Rating	2022	2021
Nedbank Limited	AA1	35 818 476	22 925 215

Trade and Other Receivables

Credit risk is mitigated through management's assessment of the credit quality of debtors, taking into account their financial position, payment history, their production track record and the perceived perception of the quality of the production prior to it being staged. Each production is assessed individually and the agreement is negotiated and assessed in consultation with and the respective producer or promoter. Without classifying debtors differently, the assessment is done to ensure a fair practice an equitable agreement for all users of the same space whilst ensuring the presentation of excellent and varied products, meeting audience expectations and public demand. No collateral is held for any debtor.

The maximum exposure to credit risk at the reporting date is the fair value of trade and other receivables as disclosed in note 4. The 1 (2021: 2) debtor/s that constitute more than 70% of the trade receivables balance have a favourable payment history. The recoverability of amounts due by the professional arts companies associated with Artscape is dependent on the continued public and private funding for these art companies which is needed to continue their operations. Management is of the opinion that these debts are fully recoverable.

22.4 Liquidity Risk		
Artscape manages liquidity risk by monitoring its cash flow requirements. Council is of the opinion that the net carrying value of the liabilities approximate their fair value and that Artscape has sufficient resources to settle its short term liabilities.		
The table below analyses Artscape's financial liabilities into maturity groupings based on the remaining period at the reporting date to the contractual maturity date.		
Maturity analysis		
2022	Less than 12 months	Over 12 months

2021	Less than 12 months	Over 12 months
Trade payables	3 098 821

The deferred government grant revenue is not a financial liability as it is similar to revenue received in advance, and has been excluded from the maturity analysis. It will only become a financial liability if it becomes re-payable.

23. Related Parties

The management of Artscape are those responsible for planning, directing and controlling the activities of Artscape. As a result, the board members and directors are related parties to Artscape. Their remuneration is disclosed under note 20.

24. Service In Kind

Artscape occupies premises owned by the Provincial Government of the Western Cape (PGWC), free of charge. The value of the use of the premises has been calculated at R 10,877,845 (2021: R 10,147,243) assuming an annual increase of 7.2%. These amounts have been recognised as income and expenditure in the Statement of Financial Performance.

25. Irregular Expenditure

Reconciliation of irregular expenditure

Opening balance *	33 400 003	33 367 000
Irregular expenditure - due to supply chain deviation**	-	33 003
Irregular expenditure for the current period	-	33 003
Irregular expenditure at end of year awaiting condonation	33 400 003	33 400 003

*Included in the 2021 opening balance of R 33,367,000 is an amount of R 20,368,977. Funds were approved, allocated and received from DSAC for capital works (R20 368 977) in 2018/2019 but it was not reflected in the submitted budget because Artscape was not privy to what the allocation would be ahead of the budget being submitted. The Auditor General (AG) deemed the allocation as overspending on the budget, even though it was well within the approved capital allocation from DSAC.

** The 2020/2021 irregular expenditure relates to the appointment of an insurance broker at a cost of R 33 003 which did not follow a due process. This has been corrected and a proper procurement process was followed in the 2021/2022 financial year.

27. Segment Reporting

It is the view of management that the programmes of the Artscape are not segments in terms of the definition in GRAP 18 and therefore segment reporting is not required. Management's considerations whether segments exist are the following: GRAP 18, paragraph 5 defines a segment as follows: "A segment is an activity of an entity:

- (a) that generates economic benefits or service potential (including economic benefits or service potential relating to transactions between activities of the same entity);
- (b) whose results are regularly reviewed by management to make decisions about resources to be allocated to that activity and in assessing its performance; and
- (c) for which separate financial information is available."

Taking the Artscape's programmes into consideration and the types of internal management reports as well as the annual financial statements, the following can be deduced when assessed against the definition of segment reporting:

Administration Programmes are support functions to the entity for it to generate economic benefits. Business development programmes cannot generate economic benefits alone and they cannot be seen as segments. Public Engagement Programmes on the other hand do not generate economic benefits. All reporting is done on an aggregated economic reporting level.

Programmes are based on the Artscape's functional activities with support service departments bearing the cost of a general nature. Accordingly data is not analysed for allocation to individual departments.

28. Principal /Agent Agreement : GRAP 109

Artscape concluded an agreement with Computicket, a national ticketing agent on 10 May 2018 in terms of which Computicket is appointed as a ticketing agent for all allocated events submitted via an Event Information Sheet. In terms of this arrangement, Artscape is the principal and Computicket is the agent.

In terms of the agreement, Computicket makes a monthly contribution towards Artscape box office employee related costs. Computicket provides all the equipment and ticketing software system, whilst Artscape provides the physical office for the box office staff (employed by Artscape). The turnover from any ticket sales are banked by Computicket. Computicket pays security services on behalf of Artscape for the physical cash in transit. A COVID 19 pandemic National State of Disaster lockdown level 5 was imposed with effect from 26 March 2020, Computicket ceased the box office operation for most of the 2021 financial year, and these contributions by Computicket were accordingly reduced significantly. The new agreement with Computicket which was implemented from 01 August 2021, does not provide for any contribution towards Artscape's Box Office employee costs.

Where Artscape is not the producer of the event or show (e.g. such as Cape Town City Ballet or Cape Town Opera), the producer may appoint its own ticketing agent. In such a case, should Computicket operate the ticketing for these performances, Computicket does not act as Artscape's agent, but as the agent of the producer of such a show or performance. The purpose of the principal-agent relationship is for Computicket who have the ticketing system, to sell Artscape's event tickets at all its outlets nationwide. Artscape entered into this arrangement due to the benefits that Computicket can provide, allowing a nation-wide outlet for ticket sales. The cost-savings obtained for Artscape not having to acquire and maintain its own ticket software system, outweighs the costs paid through commissions from using the agent to sell the tickets.

	2022 R	2021 (Restated) R
1. Contributions paid by agent to Artscape towards box office employee cost *	-	17 000
2. Contributions paid by agent to Artscape towards Cash collections/ banking services of box office sales *	-	2 400
3. Commission paid to agent for Artscape's own productions **	4 880	-

* These contributions by the Agent, are included in Other Operating Revenue as per Note 11.

**This commission paid to the ticketing agent for Artscape's own productions, were charged to Production Expenses and reflected under Other Operating expenses as per Note 16. There were no ticket sales for Artscape's own productions. There are no resource implications for Artscape as all the equipment and ticketing software are owned by the agent. Artscape would upon termination of the current agreement, have to source a new ticketing agent to provide such services.

29. Events after the reporting date

No adjusting events have occurred after the reporting date. It should however be noted that the National State of Disaster in respect of the Covid-19 pandemic terminated at midnight of 4 April 2022.

At year-end Artscape awarded a contract to a supplier for the supply and installation of capital equipment to the value of R 3,9 million (refer to note 26). After year-end on 23 May 2022, a motion of summons issued by the Cape High Court was received from an unsuccessful bidder. Artscape is intending to defend the matter.

30. Prior Period Errors

30.1 Adjustment of an error that resulted from an adjustment of R1 assets

The entity has revalued the useful lives of its R 1 assets for the 2020/2021 fy which resulted in the following changes (refer to note 6) :

Increase in Property, Plant and Equipment	2 895 038
Increase in accumulated surplus	2 895 038
Decrease in depreciation and amortisation expense	558 047
Decrease in total deficit for the year	558 047

30.2 Correction to an error relating to employee costs in 2020/2021 (refer to note 13)

Decrease in trade and other payables from Exchange transactions	69 142
Decrease in employee costs	69 142

31. Going Concern Assessment

The financial statements have been prepared on a going concern basis in accordance with Standards of Generally Recognised Accounting Practice on a basis consistent with the prior year.

The Current Assets at 31 March 2022 exceed Current Liabilities by R21,0 million (2021 : R8,3 million). It should be pointed out that a deficit budget of R 16,450 million (which equals the amount budgeted for depreciation) for the year ending 31 March 2023 had been approved by Council.

With the manifestation of the COVID-19 pandemic and the fact that the State President declared a National State of Disaster with effect from 26 March 2020, normal operations at Artscape came to a complete halt. The National State of Disaster contains 5 lockdown stages and under Lockdown level 5 and level 4 theatres such as Artscape could not operate and all performances and shows had to be cancelled from the end of March 2020. From Lockdown Level 4 which commenced on 1 May 2020, Artscape could host limited recordings for streaming but these actions did not generate any income for Artscape. From 1 June 2020, lockdown level 3 commenced and performances were allowed to take place but with severe restrictions and conditions. These restrictions did not make it viable for producers to arrange performances at playhouses. South Africa was on lockdown level 1 at 31 March 2022, which allowed for a maximum of approximately 500 patrons in the Opera House. Although the National State of Disaster terminated on 4 April 2022, certain regulations remained in place. Currently we still have to maintain social distancing for patrons which reduce our theatre capacity to approximately one third of total capacity. Hence in all likelihood, Artscape will not be able to generate any substantial revenue from box office ticket sales and venue rentals.

We have also completed a Cash flow projection based on the approved budget and projected figures. The projection is that we will have a Cash balance at 31 March 2023 of about R21,4 million. We will be able to meet the commitments for the financial year such as Salaries for permanent staff and staff with long term contracts, security services, cleaning services, ICT services, payment of our municipal utility bills as well as deferred capital expenditure.

Artscape has experienced cash flow challenges since 2018, which to a large extent were caused by Employee related costs which moved from R37,3 million in the 2017 financial year, to R43,7 million in 2018 and then to R46,5 million in the 2019 financial year. This growing payroll cost was clearly not sustainable when the dire economic circumstances which prevailed in the country made it impossible to grow the revenue base (from the side of Government and in respect of box office ticket sales and venue rentals).

Hence, Artscape introduced a turnaround strategy towards the end of 2018 which attempted to curtail this growing payroll costs by managing overtime costs, and following a process of natural attrition where vacancies which arose, were filled for the most essential posts. Training costs were also reduced to the absolute minimum.

Other austerity steps taken were the following:

The following additional initiatives and interventions have already been implemented or will be implemented:

1. Reduction in overtime hours worked as a result of a more effective management of our resources.
2. Limit attendance of workshops and training courses to those of absolute necessity.
3. Manage the renewal of employment contracts for critical staff positions only.
4. Delay the filling of certain positions.
5. Implement the audit of all positions to ensure no duplicate positions exist or that there is any excess staff in those areas.
6. Manage salary increases for 2020/2021 financial year with a zero increase and a 2% increase for the 2021/2022 financial year. We will continue to manage salary increases for the 2022/23 financial year as we granted a 4.5% increase for 2022/2023.
7. Manage overseas travelling expenses and reduce such to the absolute bare minimum.
8. More efficient management of the transportation of staff.
9. Manage the catering operating expenses by closing the operations at Arts Café. We closed the restaurant and bars and will engage a service provider to transfer the risks and rewards from Artscape to the service provider.
10. Manage any surplus cash more effectively where possible, through our Call account.
11. Manage the generation of third stream income as best as possible – our third stream income is in the main the rental income from the hiring out of venues and donations from possible sponsors.

We are of the opinion that based on the fact that the Department of Sport, Arts and Culture will continue to fund Artscape for the 2022/23 financial year as per the funding allocation letter, it is appropriate that the financial statements have been prepared on the going concern basis.

32. Public Finance Management Act 1999 (Act No 1 Of 1999)

Section 55 (2)

No material losses through criminal conduct and/or fruitless or wasteful expenditure were incurred during the year. Irregular expenditure has been disclosed in note 25.

Section 54 (2)

In terms of the PFMA and Treasury Regulation 28.1.5 the Council has developed and agreed to a framework of acceptable levels of materiality and significance.
