ANNUAL REPORT 2018

LETTER OF TRANSMISSION

Honourable Nkoana-Mashabane, M (MP)
Minister for Rural Development and Land Reform

Madam,

Report to Parliament in terms of Section 21 of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994).

It is my pleasure to submit this Annual Report of the Commission of Restitution of Land Rights for the financial year that ended on 31 March 2017, for tabling in Parliament. This is in compliance with Section 21 of the Restitution of Land Rights Act, No. 22 of 1994, as amended, which prescribes that we submit this report no later than 1 June every year.

I will present the same report to the Portfolio Committee on Rural Development and Land Reform in the National Assembly, as well as to the Select Committee of Land and Mineral Resources in the National Council of Provinces, on the dates to be decided by these committees.

Yours faithfully

Ms Nomfundo Ntloko-Gobodo
Chief Land Claims Commissioner
May 2018

5. MINISTER'S FOREWORD

The past financial year has been one great inroad for the Commission of Restitution of Land Rights so I am pleased to write these words of introduction to its annual report.

A successful land reform programme is key to the creation of social justice and a fairer society. And the achievements of the Commission as summarised in this report bear testimony to our commitment to that goal. During the period under review, the number of claims settled since 1994 reached its highest levels yet and now stands at 80 664, bringing to 2.1 million the total number of people who have benefitted from the 3.5 million hectares of land transferred through the land restitution programme.

More than 163 000 households which have received land are female-headed. One of the most notable claims settled during the reporting period is the 1500 strong Double Drift Community which has turned its 1300 hectares of land into a nature reserve and will soon be piloting a game farming project. These speak volumes

Notwithstanding these achievements, levels of inequality and poverty remain stubbornly high, and the recent audit into private land ownership has confirmed that stark disparities in land ownership along racial lines persist, with the black South Africans owning only four percent of land in the country. These inequalities are at variance with the spirit redress which lies at the heart of the land reform process and the Commission will accelerate the pace of settling land claims.

A successful land reform programme is critical to the realisation of the national development vision of getting rural communities to participate fully in the economic, social and political life of the country.

Our vision is a land reform programme which improves the livelihoods of many rural citizens by creating jobs in the agricultural sector.

The goal of improving rural livelihoods cannot be realised by the Commission alone. As such building strong and closer working relations between several sector departments is critical. It was against this background that the Commission convened several Dialogues involving various stakeholders in the land sector during the reporting period. The dialogues deliberated on mining land, high value agriculture, conservation, forestry and sugarcane at different intervals. The engagements sought to review progress in the settlement of claims, identify success factors in the various settlement models used in the various economic sectors and identify required improvements in the manner through which claims are settled.

Based on these engagements and the continuous feedback received from these valued stakeholders, the Commission sees itself as playing a catalytic role in the national endeavour to achieve rural economic transformation and thus roll back the legacy of apartheid and colonialism.

In conclusion I wish to thank the Deputy Ministers, the Acting Director General, the Chief Land Claims Commissioner, staff of the Commission and all stakeholders who make me proud to be part of a generation of men and women who are building vibrant, equitable and sustainable rural communities!

A handwritten signature in black ink, appearing to read 'Nkoana-Mashabane'.

The Honourable Nkoana-Mashabane, M (MP)
Minister of Rural Development and Land Reform

6. OVERVIEW BY THE CHIEF LAND CLAIMS COMMISSIONER

Land restitution is one of the key constitutional imperatives as enshrined in the bill of rights of the South African constitution. Section 6 of the enabling legislation being the Restitution of land rights Act no. 22 of 1994 outlines the functions of the Commission on restitution of land rights as being primarily concerned with facilitating lodgement of claims, investigating such claims and resolution of the claims.

In this regard, the Commission has exceeded its annual targets for both research and finalisation of land claims and went on to spend 96% of allocated budget.

The finalisation of claims is a particularly critical indicator as it denotes number of claims where the commission has gone beyond administrative processes of settling claims and actually transferred properties resulting in title deeds where land is concerned and paid land claimants the total amount due, where financial compensation is concerned.

The Commission is fully conscious of the need to expedite the settlement of the outstanding old order land claims. As such Northern Cape, Free State and North West are projected to settle all the outstanding claims by the end of the current financial year.

From an economic perspective, land restitution is an important priority identified in the National Development Plan (Vision 2030) as a platform from which job creation; household food security; social cohesion and restoration of the dignity of the people can be improved.

For the commission to contribute to these national goals, there has to be a delicate balance between expediting the pace of settling land claims, especially where land restoration is concerned, and ensuring that such settlements are sustainable.

In this regard, the commission is streamlining its claims process to ensure that land use planning and cash flow projections are done prior to the settlement of the claim.

This involves establishing formal working relationships with Commodity organisations and relevant sector Departments such as Department of Agriculture Forestry and Fisheries, Department of Environmental Affairs that have mandates and technical expertise in various types of land uses where restitution acquires land.

This integrated process is reinforced by sector based settlement models that seek to generalise identified and proven success factors for settling claims in the various economic sectors.

To date the commission has concluded several settlement models in the areas of conservation-eco tourism, sugarcane and forestry. The model establishes a settlement framework that informs the manner in which individual claims are settled. Such models entail structuring of strategic partnerships, project funding, technical expertise and beneficiary skills development amongst others.

As an outcome of Agriculture –land reform Phakisa and Commission's mini Phakisa, the Commission has embarked on an institutional and operational redesign that seeks to:

- develop a suitable operating model
- redesign the claims process to fast track settlement of claims
- introduce key capacities and suitable governance structure

Commission has in the past year held several stakeholders engagements (dialogues) with a view to share information and receive feedback on programme performance from claimants, restitution beneficiaries, land owners and commodity organisations.

Building on these dialogues, the stakeholder inputs are being used to further improve on the elements of the existing settlement models whilst also being factored in the discussions aimed at formulating new ones.

Ms Nomfundo Ntloko-Gobodo
Chief Land Claims Commissioner

7. ACCOUNTING OFFICER STATEMENT

Statement of Responsibility and Confirmation of the Accuracy of the Annual Report

To the best of my knowledge and belief, I confirm the following:

All information and amounts disclosed throughout the annual report are consistent.

The annual report is complete, accurate and is free from any omissions.

The annual report has been prepared in compliance with Section 21 of the Restitution of Land Rights Act (Act 22 of 1994).

The annual report has been prepared broadly in line with the guidelines as issued by National Treasury. The Restitution Programme will be dealt with more comprehensively in the annual report of the Department of Rural Development and Land Reform as a programme of the Department.

In my opinion, the annual report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the Commission on Restitution of Land Rights for the financial year that ended 31 March 2018.

Yours faithfully

Ms. Rendani Sadiki
Acting Director General

8. STRATEGIC OVERVIEW

8.1 VISION

A Commission of excellence that ensures that effective, efficient and speedy redress is provided to victims of racially based land dispossessions.

8.2 MISSION

We exist to provide equitable redress to victims of racially motivated land dispossession, in line with the provisions of the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994), as amended.

8.3 VALUES

We uphold the following values:

We value and encourage diversity and will not discriminate against anyone. We uphold the rights of individuals as enshrined in the Constitution of the Republic of South Africa.

We strive to be transparent, accountable and responsive in all the services we offer to claimants and other stakeholders, in order to ensure equitable redress.

We strive towards maintaining high service standards through improved business processes and a focus on ethical and professional operational principles.

We ensure that we have a dedicated, loyal, results-oriented, professional and people-focused workforce that is passionate and committed to serve the people of South Africa.

In collaboration with all stakeholders, the CRLR will comply with all laws of this country and will not pass any legislation that is in conflict with the Constitution.

9. LEGISLATIVE AND OTHER MANDATES

9.1 MANDATE

The CRLR is an autonomous institution established by the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994) to solicit land claims, investigate them and attempt to resolve them through negotiation and mediation.

9.1.1 Constitutional mandate

9.1.1.1 Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996)

The mandate for restitution of land rights is derived from section 25 (7) of the Constitution of the Republic of South Africa, 1996 ("the Constitution") which states that a "person or community dispossessed of property after 19 June 1913 as a result of past racially discriminatory laws or practices is entitled, to the extent provided by an Act of Parliament, either to restitution of that property or to equitable redress."

9.1.2 Legislative mandate

9.1.2.1 Restitution of Land Rights Act, 1994 (Act No. 22 of 1994)

Emerging from section 25(7) of the Constitution, the Restitution of Land Rights Act, 1994 (Act No. 22 of 1994), as amended ("the Restitution Act") was promulgated. The long title of the Restitution Act is "To provide for the restitution of rights in land to persons or communities dispossessed of such rights after 19 June 1913 as a result of past racially discriminatory laws or practices; to establish a Commission on Restitution of Land Rights and a Land Claims Court; and to provide for matters connected therewith".

Restitution of Land Rights Act, 1994 (Act No. 22 of 1994):

The Restitution Act also empowers the Minister of Rural Development and Land Reform and Land Claims court to make awards to restitution claimants where he or she is satisfied that there is a valid restitution claim, by awarding to the claimant land, apportion of land or any other right in land, the payment of financial compensation, or an award of both land and financial compensation.

On 30 June 2014, the President assented to the Restitution of Land Rights Amendment Act, 2014 (Act No. 15 of 2014), which came into operation on 1 July 2014. The Restitution of Land Rights Amendment Act, 2014 provided, among others, for the re-opening of lodgement of land claims, this has however been interdicted by the Constitutional court LAMOSA judgement pending re introduction of bill by parliament which has since been stopped following the Land Access Movement of South Africa (LAMOSA) Judgement.

Although the CLCC reports directly to the Minister of Rural Development and Land Reform, the DG remains the accounting officer in terms of the PFMA.

PART B

PERFORMANCE INFORMATION

10. OVERVIEW OF THE PERFORMANCE OF THE CRLR

The CRLR prepared the overview of the performance of the CRLR in the annual report, against predetermined objectives, in accordance with the requirements of sections 40(3) (a) and 55 (2(a) of the PFMA, Chapter 18 section 18.3.1 (b) of Treasury Regulations and Chapter 6 of the National Treasury Framework for Managing Programme Performance Information, issued by the National Treasury.

The information reported is a product of established internal policies, procedures and controls related to the management of performance information designed to provide reasonable assurance about the integrity and reliability of the performance information.

10.1 Service Delivery and Organisational Environment

Notwithstanding the high staff turnover, which has resulted in work overload for staff, the CRLR managed to achieve its mandate and receive a clean audit during the financial year under review. Furthermore, the CRLR over performed by achieving 857 finalised claims against a target of 724. This was as a result of continuous monitoring of approvals vs. expenditure.

The CRLR is engaging with stakeholders and claimant communities across all provinces in the country on a continuous basis through pro - active District Based Stakeholder engagement meetings. The objective of organising engagement consultations is to give regular updates on the status of claims lodged by claimants, as well to address all challenges and concerns raised during the engagements; and, so far, the engagements have yielded the desired results.

Following the launch of Operation Phakisa, a process which focuses on accelerating high-quality service delivery initiatives, the CRLR managed to pursue innovative strategies to fast track the settlement of land claims lodged before the cut - off date of 1 December 1998. The following outcomes were also developed and identified during the process:

- Clearing the backlog;
- Improving business processes and systems;
- People management;
- Determining appropriate corporate form; and
- Piloting financial options.

The CRLR persuasion and passion is to see the dignity of majority of South African restored, through restoration of land right.

10.2 Key Policy Developments and Legislative Changes

10.2.1 CRLR Strategic Policy Framework

The following policy is planned for the upcoming MTEF period:

The drafting of the CRLR Strategic Policy Framework document is underway. Planned consultative sessions with relevant stakeholders for further engagement on the strategic Policy Framework are at an advance stage.

11. STRATEGIC OUTCOME ORIENTED GOALS

In line with the outcomes of government, the CRLR has identified three (3) strategic goals, which it seeks to achieve in the period of this plan, and beyond, as set out below:

Table 1: Strategic oriented goals of the CRLR

Strategic Goal 1	Land rights restored in order to support land reform and agrarian transformation by 2020
Goal Statement	Restoration of land rights or equitable redress for those dispossessed of rights in land as a result of past racially discriminatory laws or practices, prioritising claims lodged prior to 31 December 1998
Strategic Goal 2	Lodgement of restitution land claims reopened for people who did not meet the 1998 deadline
Goal Statement	Solicit and receive claims for restitution of land rights, by 30 June 2019
Strategic Goal 3	Organisational change management

Goal Statement

Improved corporate governance and service excellence through inter alia the operationalisation of an autonomous CRLR, a strengthened legal framework, improved business information and improved communication

In respect of Strategic Goal 1, the objectives of the annual performance targets of the CRLR for 2017/2018 were to settle claims, finalise claims and account for the number of phased claims approved, as well as the number of research reports produced.

In respect of Strategic Goal 2, the CRLR facilitated the lodgement of new claims throughout the reporting period.

The organisational change management goal is directly linked to the Autonomy Programme, which aims to clarify the organisational mandate and business processes; to improve information and project management; to improve governance and communication; and finally, to improve customer satisfaction and communication.

12. OVERALL PERFORMANCE AND DELIVERY IN TERMS OF THE APP 2017/18 FINANCIAL YEAR

Between the period of 01 April 2017 to 31 March 2018 the Commission settled 850 claims against an APP target of 1001 and approved 71 phased projects against a target of 101.

The settlements benefited 12 231 households and 58 979 beneficiaries. The settlements also approved 63 753.8563 hectares for restoration to claimants at cost of R664,912,827.00 and the financial compensation approved amounts worth R1,501,791,527.27. The total financial implications of the settlement for the financial year is R2,166,704,354.27

The Commission also finalised 865 claims against a target of 724 and researched 1201 claims against a target of 916.

Table 2: Performance against APP targets

Performance indicator	Actual Achievements 2014/15	Actual Achievements 2015/16	Actual Achievement (2016/17)	Planned Target (2017/18)	Actual Achievement (2017/18)	Deviation from planned target to Actual Achievement 2017/18	Comments on deviation
Number of land claims finalised	372	560	-	724	865	+141	The over-performance of 141 claims was due to the following:- 1) The continuous monitoring of the Approvals vs. Expenditure; 2) The provincial overachievement against set targets for GP (62); KZN (26), LP (52); MP (26) and NC (81) which contributed to the National overachievement for finalised claims. More focus was placed on the Finalisation of claims in view of the challenges experienced on Settlement

Performance indicator	Actual Achievements 2014/15	Actual Achievements 2015/16	Actual Achievement (2016/17)	Planned Target (2017/18)	Actual Achievement (2017/18)	Deviation from planned target to Actual Achievement 2017/18	Comments on deviation
Number of land claims settled	428	617	804	1 001	-151	850	<p>The under achievement of 151 for the financial year can be attributed to the following:</p> <p>1) Slow response from OVG in terms of recommendations and sourcing of valuations, e.g. EC, KZN & WC.</p> <p>2) Non acceptance of offers from claimants and land owners e.g. EC; KZN, MP and WC.</p> <p>3) Historic valuations conducted by appointed valuers through OVG process do not align with the TORs and Restitution Financial Policy hence routed back to OVG for alignment, i.e. EC; KZN & WC.</p>

Performance indicator	Actual Achievements 2014/15	Actual Achievements 2015/16	Actual Achievement (2016/17)	Planned Target (2017/18)	Actual Achievement (2017/18)	Deviation from planned target to Actual Achievement 2017/18	Comments on deviation
Number of phased projects approved	119	82	75	105	71	-34	<p>The under achievement of 34 phased projects was due to the following reasons:-</p> <p>1) Slow response from OVG in terms of recommendations and sourcing of valuations e.g. NC; NW & LP.</p> <p>2) Prolonged responses from landowners and claimants with regards to acceptance of offers; i.e. GP; KZN; MP and NW</p> <p>3) Full and Final settlements for 11 phased projects, e.g. EC (2); GP (2); KZN (5); MP (1) and WC (1).</p> <p>4) Multiple phases of the same project were settled whereas the project could only be counted once in the financial year e.g. LP (1); NW (5) and NC (2)</p> <p>.</p>

Performance indicator	Actual Achievements 2014/15	Actual Achievements 2015/16	Actual Achievement (2016/17)	Planned Target (2017/18)	Actual Achievement (2017/18)	Deviation from planned target to Actual Achievement 2017/18	Comments on deviation
Number of claims lodged by 1998 to be researched	1 516	2 542	1 558	916	1 201	+285	<p>The over-performance of 285 researched claims was due to the following:-</p> <p>1) The Quarter 1 Target of 916, which is also the Annual Target was not achieved in Quarter 1, leaving a variance of 849.</p> <p>2) Based on the under-performance in Quarter 1, the National Research Task Team implemented an Intervention Strategy from Quarter 2 onwards. The achievement for Quarter 2 (207), therefore reduced the Annual variance to 642.</p> <p>3) The achievement for Quarter 3 resulted in 696. The variance is therefore based on the continued achievements in Quarter 3 (696) and Quarter 4 (231). The Commission has been mandated to complete all outstanding research on the old older claims</p>

Table 3 below indicates the number of beneficiaries who benefitted from the Restitution programme and the performance per quarter for 2017/18

13. PERFORMANCE INFORMATION PER PROVINCE EASTERN CAPE PROVINCE

13.1 EASTERN CAPE PROVINCE

3.1.1 Summary of Performance: Eastern Cape Province

OVERVIEW

The 2017/18 financial year was a very challenging year in the Regional Land Claims Commissioner: Eastern Cape (RLCC: EC). The head of the office, Chief Director Pityi, was deployed to head the Provincial Shared Service Centre, Eastern Cape, and this resulted in significant staff changes. The passing of a colleague attached to the legal unit left a void in an already poorly resourced legal unit. Notwithstanding all of these challenges, the office has been working very hard and making significant strides in finalising research and settlement of outstanding claims.

As evidence of the hard work that has been put into meeting the deadline, the office managed to research a number of claims in response to the directive by the Minister to finalise research. Before the beginning of the 2017/18 financial year, we fell within the category of offices that had a big number of claims still to be researched, but as a result of various strategies and commitment from our project officers, we managed to reduce the number of outstanding claims for research. This proved that we are a highly committed to our ascribed mandate and, undeniably, a force to be reckoned with, and this demonstrates that we will continue to embark on our mission to settle outstanding claims.

13.1.2 Performance against set targets

Table 10: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	149	65
Number of land claims finalised	50	53
Number of phased projects approved	16	10
Number of researched projects approved	17	138

13.1.3 Highlights on Settled projects for 2017/2018

The office faced challenges in settling all of the claims that were targeted in the 2017/18 financial year; and, as a result, the targets were not achieved. The office had aimed to settle 149 claims, but could achieve only 65, due to the reasons outlined above. One of the major reasons to be noted is that some of the claims that are in the Project Register were not valuated on time, and could not be settled, and the Office of the Valuer General also delayed issuing out recommendations on the valuation reports that were submitted to them.

Double Drift Title Deed handover event in the Eastern Cape Province

ZIMBANE (Phase 1):

The Zimbane Land Claim was lodged by Mr Phakamile Mamba on 23rd April 1998 for property known as ERF 912 Umtata Commonage. The claim is for the restitution of land rights, in terms of the Restitution of Land Rights Act No. 22 of 1994, as amended. The claimed land is an unsurveyed and unregistered piece of land known as Zimbane Location No 10 and the entire surveyed and registered Umtata Commonage, also known as ERF 912, is situated in the district of Umtata, K.S.D. Local Municipality, O.R.Tambo District Municipality.

The claim is one of the most complex claims of the Province as it is claiming the entire city of Mthatha and the surrounding areas. The claimants opted for restoration in the land. However financial compensation is requested for residential structures which were demolished at time of dispossession. The approved financial compensation policy for improvements will apply, which is calculated as follows.

R 110 947.00 X 200 ODI = R22 189 400.00

GQOGQORHA COMMUNITY CLAIM (Phase 2)

Two claims were lodged respectively on behalf of the Gqogqorha Community. Mr D Dlatu lodged a claim with the office of the Regional Land Claims Commissioner on 2 September 1998 and Adv V Dlova lodged a claim on behalf of the community on 16 October 1998.

The claimed land is situated in Gqogqorha location, Tsolo, Mhlontlo Local Municipality, OR Tambo District Municipality. The claimed land measured approximately 9940.0376 hectares in extent. The claimed land is currently known as Mhlahlane forest plantation. The settlement of this claim was done in phases; and phase 1, which dealt with the restoration of land to the claimants, was settled on 2 February 2011. Phase 2 of the claim was settled on 30 November 2017, and dealt with the betterment removals and financial compensation to be paid to claimants. The amount of R43 491 224.00 was to be paid to the Gqogqorha community in respect of the claimed properties.

LIRULA FAMILY CLAIM

Mr Neli Jonathon Lirula is one of the few claimants who is an Original Disposed Individual and was born in 1921. Mr Lirula lodged his claim on November 3 1998. The said claim is located at the R A 60 in the Lugedleni village, which is a sub village of Bullhoek Location in Whittlesea, in the Chris Hani District.

He has claimed property of four hectares which was disposed through the application of proclamation 116 of 1949.

Mr Lirula has received financial compensation of R238 083.85 in full and as a final settlement of the claim. This was influenced by the monetary value of the claim and divided between him and his wife.

His claim was gazetted on the 30 October 2015 and Mr Lirula received his financial compensation during the first quarter of the 2017/18 financial year.

TOTAL	65						

13.1.4 Phased Settlement Projects

The office managed to have 10 projects approved, out of the 16 targeted for the 2017/18 financial year, and this performance translates to a 63% completion rate. The variance was mainly due to the valuation reports and recommendations that were with the Office of the Valuer General (OVG). Some of the phased projects that were targeted for settlement were big projects that had verification challenges which could not be resolved.

Below is a table reflecting statistical information for phased settlement projects.

Table 12: Land Claims for phased settlement projects

Claim (Project)	No. of phased claims	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award

TOTAL	10						

13.1.5 Finalised Land Claims

It always brings such a sense of joy and achievement when restitution awards in the form of financial compensation are paid in full to the claimants. The office performed well on the number of land claims finalised. Out of the target of 50 claims, the office finalised 53 claims, and this translates to 106% for the period under review.

Below is a table reflecting statistical information for all of the finalised land claims:

Table 13: Finalised land claims

Claim	Approval Date	No. of Claims finalised	No. of HHs Finalised	No. of Beneficiaries Finalised	Type of Claim	Expenditure on finalised claims

13.1.6 Research

The office performed very well on research. The target was to research 17 claims; and we managed to research 138 claims; and that translates to an 812% success rate. The office is determined to finalise research on all of the outstanding claims. We will work hard and utilise the most effective performance strategies in order to ensure that all of the outstanding claims are researched in the current financial year.

Below is a table reflecting statistical information for all researched land claims:

Table 14: No. of Research Claims approved

Claim/Project Name	Approval date	KRO Reference	No of Claim Forms	Type of claim	Research report
Maria Elizabeth Jekels land claim	24/05/2017	6/2/2/D/1078/0/0/86	1	Rural	Rule 5

Claim/Project Name	Approval date	KRO Reference	No of Claim Forms	Type of claim	Research report

13.1.7 Untraceable claimants

The untraceable claimants campaign is currently underway. The office is currently facilitating mainstream and local radio adverts for untraceable claimants.

Relevant platforms to communicate untraceable claimants have been identified, and the aforementioned channels include:

- District based Stakeholder Engagement
- Implementing a media campaign
- Publishing the names of untraceable claimants in newspapers and on the department's website
- Developing and putting up posters

In order to integrate the list of Eastern Cape untraceable claimants with national media campaigns, the office is currently engaged in discussions with the National Communications department,

13.1.8 District based stakeholder engagement

The office, through its communication unit, has been criss-crossing the whole province and engaging with the claimants and other stakeholders on the ramifications of the LAMOSA Judgement. The objective of the above-mentioned engagement is to inform all stakeholders about the implications of the LAMOSA Judgement on new claims, and advise those people who still want to lodge their claims. We have also been using this opportunity to update the claimants whose claims were lodged prior to the 31st of December 1998, and have been waiting for their claims to be settled.

Below is a table reflecting statistical information on the district based stakeholder engagements

Table 15: District based stakeholder engagements

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
1. Alfred Nzo	13- 15 March	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute Lamosa judgement flyers. To provide an update on the progress of claims lodged before the 31 st of December 1998.	233	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers
2. Amathole	20 March 2018	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers. To provide an update on the progress of claims lodged before the 31 st of December 1998.	45	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
3.OR Tambo	05- 09 February	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers. To provide an update on the progress of claims lodged before the 31 st of December 1998.	749	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers
5.Sarah Baartman	22 February 2018	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers. To provide an update on the progress of claims lodged before the 31 st of December 1998.	104	To give clarity on the Lamosa judgement. Present the status of Land Claims to those who lodged claims during the second window of lodgement and distribute the Lamosa judgement flyers

FREE STATE PROVINCE

13.2 FREE STATE PROVINCE

OVERVIEW

13.2.1 Summary of performance

The office of the Regional Land Claims Commissioner: Free State (RLCC: FS) was not able to meet the targets set for the 2017/2018 financial year due to challenges caused by delays from the Office of the Valuer General, and non –acceptance of Offers to Purchase by land owners as far as the settlement of Phased claims is concerned. As for the finalisation of claims, the set target could not be achieved, due to the reluctance of many beneficiaries to provide all of the supporting documents required to process payments. The conversion of financial systems, from old to new, also created a backlog, with regards to registering bank account details of beneficiaries, and this delayed payments that would have contributed towards the finalisation of claims.

13.2.2 The performance against targets

Table 16: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	0	0
Number of land claims finalised	13	3
Number of phased projects approved	2	0

The RLCC: FS was given an APP target of 13 for finalisation of claims for the financial year 2017/2018. However, the office was able to settle only 3 out the 13 claims, which had to be finalised. In order for the office to finalise a claim, it needs to pay the last cent of the funds on the commitment register. There are unfortunately many challenges experienced by the office when finalising a claim, which includes the following, but is not limited to:

- Some beneficiaries are untraceable, which makes it difficult to pay the remaining funds;
- Other beneficiaries live in other provinces, and tracing them will cost the Department more money than they will be receiving;
- Reluctance by beneficiaries to submit the outstanding payment documents, as a result of the small amounts due to them.
- There are also claimants who insist on receiving land restoration, while the majority of families have opted for financial compensation; and those claimants who insist on land restoration, but qualify for less than a hectare, are refusing to accept the financial compensation approved for them.

13.2.3 Settlement project description

It must be noted that, there were no APP targets under settlement for RLCC: FS.

13.2.4 Phased settlement project

The office was unable to achieve the APP target for 2 Phased Claims due to the following reasons:

Phased Land Claims:-

- A number- of farms were identified, but the claimants indicated that the farms were located too far away from where they were residing.
- Numerous offers were presented to the land owners after valuations had been conducted, and all of the offers were declined. Delays in presenting offers to land owners resulted in land owners changing their minds and refusing to sell anymore.
- There is also the issue of land owners disputing the validity of land claims
- The office further engaged the Land Bank, Provincial Land Acquisition Unit, Estate Agencies etc. during the process of land identification process.

There is a serious delay in the process of donation of land from SANPARKS to settle the Qwa Qwa National Park land claim. The office is waiting for the process to be finalised by the Department of Environmental Affairs.

13.2.5 Finalised land claims

Below is a table reflecting statistical information for all of the finalised land claims:

Table 17: Finalised land claims

Claim	Approval Date	No. of Claims finalised	No. of HHs Finalised	No. of Beneficiaries Finalised	Type of Claim	Expenditure on finalised claims
Marabastad (2)	2006/10/23	2	2	2	Urban	R32 000.00
Senekal (1)	2002/01/31	1	1	1	Urban	R16 000.00
TOTAL		3	3	3	Urban	R48 000.00

13.2.6 Research

The office is excited to mention that, all land claims lodged before 31 December 1998, have been researched, and all research reports have been approved. The Free State office is the first provincial office in South Africa to complete research for all land claims lodged.

13.2.7 District based stakeholder engagement session

The Free State office conducted 3 district engagement sessions during the 2017/2018 financial year; namely in Thabo Mofutsanyane District (Bethlehem); Lejweleputswa and Fezile Dabi Districts (Welkom); and Mangaung and Xhariep Districts (Bloemfontein).

GAUTENG PROVINCE

13.3 GAUTENG PROVINCE

13.3.1 Summary on performance

OVERVIEW

The Office of the Regional Land Claims Commissioner: Gauteng Province (RLCC: GP) over achieved in 3 out of the 4 projected targets reflected in the APP. The province managed to finalise 82 land claims, against the target of 20, while 3 phased projects were settled against the target of two; and we managed to research 58 claims against the target of 24. Additionally, 18 land claims were settled as per the set target. Achievement of the above targets was made possible by a dedicated staff force that was driven by the Commission's goal to provide equitable redress to qualifying citizens.

In terms of the financial expenditure, the office was allocated R65 193 00 for the household budget, and managed to exceed the budget by 6%, thus setting expenditure at R68 941 051.

13.3.2 Performance against set targets

Table 19: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	18	18
Number of land claims finalised	20	82
Number of phased projects approved	2	3
Number of claims lodged by 1998 researched	24	59

13.3.3 Settlement project description

Highlights on claims settled by RLCC: GP for the year under review

Nkwinti - CLCC - CD Benyane - Bataung Ba Lewish Meeting

Portion 10 (RE), Portions 30, 31, 32, 33, 34, 35, 37, 63, 67 & Portion 39 (RE) Klipkop 396 JR

The Office of Regional Land Claims Commissioner received eight (8) land claims forms from Ms. Senzeni Anna Rantseli, Mr. Gulani Petrus Malobola, Mr. Mbankwa Platjie Malobola, Mr. Betty Elizabeth Mohlala, Mr. Emma Mohlala, Mr. Abram Mabilela Mohlala, Ms. Ingweni Martha Skosana and Ms. Ennie Namrube Malobola. It should be noted that all of the claims were lodged on behalf of eight (8) dispossessed households of the Malobola family.

The Malobola families occupied the claimed properties from 1800s and they did not have registered rights on the farm but they qualify in terms of beneficial occupation as they stayed on the land for a continuous period of more than ten (10) years. Their forefathers occupied the farm long before the whites came to the area. Government agents took part during the removals and various approaches were applied to remove African people (previously known as Natives or Bantus) from one place to another and the then inhabitants of Klipkop which was also known as Klipkoppies suffered severe racial harassment. The oral history provided by the claimants indicates that the Malobola clan was the original occupant of the farm. The land was used for agricultural purposes, including grazing for the livestock. To prove the legitimacy of the claim, there are graves, which date as far back as the early 1900s, on the properties under claim, which also serve as concrete evidence that the land was occupied by African people in those years.

The total number of dispossessed households for the Malobola family is eight (8), with sixty (60) current households; thirty-eight (38) of them being female headed, and one hundred and forty four (144) beneficiaries. The restitution award for the claim amounted to R 4 422 909.94.

Ptn 9 farm Bossemanskraal 538 JR - Z0210

The Office of the Regional Land Claims Commissioner received one (1) rural land claim form on the 28th of December 1998 from Mr. Ndabozonke Johannes Mabena.

Based on oral interviews with the claimants, the late Bavele Klaas Mabhena and his family were the first to settle on the said farm, which was vacant around the times of the first Boer War of 1880/81. The family's first encounter with a white person, who introduced himself as the owner, downgraded their land tenure to that of labour tenants. The family was compelled to work for their stay on the land and as such acquired other rights on the land after having met the demands of the farm owner to work as labour tenants. They were given land for residence and were further allowed to cultivate pieces of land, rear livestock, bury their deceased family members, practice their ritual ceremonies and use natural water sources on the land. They had an obligation to work on the farm for certain periods in order to maintain access to the land. A change of farm ownership in 1942 led to the Mabena families being dispossessed of their rights on the claimed land. The new land owner, Mr. Johannes Frederick Schoonbee, had unbearable demands, such as forcing families to reduce livestock to only 7 or 4 per household. However, the families refused to comply with the restrictions, and this led to their forced removals from the land in 1966.

The families, which consist of 62 current households and 190 beneficiaries, qualified for a settlement amount of R 1,997,046.00.

Below is a table reflecting statistical information for the land claims approved for settlement.

Table 20: Land Claims approved for settlement

13.3.4 Phased settlement projects

Phased settlements of the Dukathole and Franspoort community land claims are testament to the effectiveness of the district based engagement sessions that were held in the past financial year.

The office hosted information intensive sessions in which the Operations Unit detailed the operational and administrative processes followed in processing land claims and the Legal Unit explained how processes followed were in compliance with restitution legislation and to the benefit of claimants. Challenges such as non-submission of option forms and verification documents were overcome when claimants came on board to comply with the requirements that aided the phased settlement of their community land claims.

13.3.5 Finalised land claims

In the spirit of Batho Pele and heeding the cries of South Africans bemoaning the slow pace of the finalisation of land claims, the office rolled up its sleeves and reallocated former lodgement staff to the Settlement and Commitment Units, specifically to help intensify efforts to finalise land claims. Results of the intensified efforts are reflected in the 410% overachievement of finalising 82 claims against the set target of 20.

Below is a table reflecting statistical information for all of the finalised land claims:

Table 22: Finalised land claims

13.3.7 Untreacable claimants

The office placed newspaper adverts in local and national media, with the specific objective of tracing Wallmansthal land claimants. The office managed to trace 28 claimants through the abovementioned media tracing interventions.

In the next financial year, a tracing agent, together with the strategic use of the department's social media channels, will be utilised to deepen efforts to trace claimants and settle outstanding land claims.

13.3.8 District based stakeholder engagement sessions

In a strategic undertaking to comply with restitution legislation and align operations with former Minister Nkwinti's directive to fast track the settlement of land claims, RLCC: GP hosted another round of district-based stakeholder engagement sessions as a follow up to the sessions hosted in the past financial year. Attention was given to tackling project specific challenges that delayed the timeous settlement of land claims. Six sessions were hosted for the Bataung ba Lewish and Wildebeesfontein claims, which are Sedibeng-based, as well as the Amandebele A Litho and Litho Nzundza, Berlin Mission and Wallmansthal claims, which are Tshwane-based land claims. Engagement sessions with families and communities were conducted, essentially to minimise information gatekeeping by family representatives, in respect of family claims; and information gatekeeping by land claim committees, in respect of community land claims. Managers and officials tactfully navigated the emotively charged meetings by providing recommendations which would clear the path towards settlement of the said claims; an attainable goal which will only be possible with the support and cooperation of our claimants.

Below is a table reflecting statistical information on the district-based stakeholder engagements

Table 24: District based stakeholder engagements

Name of District / Project	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
1. Sedibeng (Bataung Ba Lewish)	21 April 2017	Ministerial intervention to resolve dispute	20	Conduct site inspection for individual rights lost
2. City of Tshwane (Wallmansthal)	05 August 2017	Option Meeting for Communal Land	400	Claimants given until February 2018 to come to the office to submit option forms
3. City of Tshwane (Berlin Commission)		Option Meeting for Communal Land	400	Claimants given until February 2018 to come to the office to submit option forms
4. Sedibeng (Wildebeesfontein)	21 October 17 9 December 17	Section 10 (4) Meeting to appoint land claim representatives	500	WECO – Land Claim Committee Selected
5. Amandebele A Litho	11 November 17 24 March 18	Section 10 (4) Meeting to appoint land claim representatives	500	Land Claim Committee selected
6. Franspoort	9 December 17	Election of new committee	400	Committee elected
7. Bakwena Ba Mare A Phogole (COJ and Ekurhuleni)	19 March 18	Provide response to 11A representations	350

13.4 KWAZULU NATAL

13.4.1 Summary on performance

OVERVIEW

The pressure to up the tempo in the settlement of land claims continued in the year under review and, as one of the provinces with the highest number of old order claims that are still outstanding for settlement, we had no choice but to step up to the proverbial plate and deliver. A comparative look at the RLCC: KZN annual targets over the past financial year, tells a story of a Province that is on the upward trajectory in fast-tracking the settlement of land claims. In fact, except for the research targets, our targets were higher than the targets we have had in the past six financial years and, for the most part, we delivered.

Our biggest challenge though is that this increase in targets, by almost 50%, was not complemented by an increase in human resource capacity. The KZN office continues to operate without district managers in five districts and this leadership vacuum in the affected districts does not augur well for service delivery. Despite the abovementioned challenges, we did not throw our hands in the air and cry 'lack of capacity' in the face of mounting pressure. Instead, we took the bull by its horns, and stretched the capacity that we have in order to meet the demands of the task.

Another issue that, greatly, affected our delivery in the year under review is the inability of the Office of the Valuer-General to provide us with the support that we require, in so far as the valuation function is concerned. There are inordinate delays in the appointment of valuers by the Valuer-General, but also, there is no follow-through in dealing with issues that are raised by landowners in their rejection of the offers to purchase their properties. The net effect of these bottlenecks is that there are claims that are ready for settlement, but which cannot be settled until these issues have been sorted out by the Valuer-General.

In so far as research is concerned, over the past three financial years, KZN has always exceeded its targets. This was due to the fact that we were not outsourcing research to service providers. Instead we were using our internal research capacity to investigate the validity of land claims. However, in the year under review, we outsourced almost all of the claims that had not been researched to external service providers. This was due to an instruction to finalise all research on outstanding claims by the end of the financial year under review. Consequently, we took a management decision to dedicate our limited human resource capacity to the settlement of claims as it became clear to us that we could not settle more claims and finish all research at the same time. Unfortunately, some service providers could not deliver as expected and the research target was not met.

As per tradition, the RLCC: KZN contributed positively in ensuring that the Commission met its annual targets, against three of the four indicators, and fulfilled its expenditure targets.

Table 25: Annual Performance Plan

Performance Indicator	Annual Target	Achievement	Reason for variance
Number of land claims settled	160	159	The under achievement of <u>1</u> for the financial year can be attributed to the following: <ol style="list-style-type: none"> 1. Slow response from OVG in terms of recommendations and sourcing of valuations. 2. Non acceptance of offers from claimants and land owners. 3. Historic valuations conducted by appointed valuers through OVG process do not align with the TORs and Restitution Financial Policy hence routed back to OVG for alignment.
Number of land claims finalised	80	106	The over-performance of <u>26</u> claims was due to the following:- <ol style="list-style-type: none"> 1. The continuous monitoring of the Approvals vs. Expenditure; 2. The batching of Cator Manor claims as opposed to routing them as individual claims.

Number of phased projects approved	15	11	The under achievement of <u>4</u> phased projects was due to the following reasons:- 1. Slow response from OVG in terms of sourcing of valuations. 2. Rejection of offers by landowners. 3. Failure by the OVG to engage with landowners who have rejected offers.
Number of claims lodged by 1998 researched	200	178	The under achievement of <u>22</u> phased projects was due to the following reasons:- 1. Outsourcing of all research to external service providers. 2. Failure by some of the service providers to deliver research reports on time.

13.4.2 District based stakeholder engagement sessions

During the period under review, we held a number of stakeholder engagement sessions aimed at updating claimants on the status of their land claims, and informing claimants of the implications of the LAMOSAs Judgment. Some of the District Based Stakeholder Sessions include the following:

Table 26: District Based Stakeholder Sessions

Name of District	Date held	Objective/s
1. Amajuba	24 August 2017	To inform the community about the Lamosa Judgment; Issue status update letters for new claims and answer queries
2. Ethekeini	30 May 2017	Discuss progress on the Implementation of the Restitution Programme in KwaZulu-Natal and the implications of the LAMOSAs Judgment
3. Ethekeini	10 December 2017	To share information on the status of the Newlands Community claim and introduce the service provider to members of this community
4. King Cetshwayo	15 March 2018	To discuss governance issues relating to the Emvokweni claim and share information on the status of the claim
5. Ugu	17 November 2017	To share information on the status of the Masakhane Community Claim and progress towards settlement.
6. Ugu	24 November 2017	To engage with members of the Nyenyezi community and share information on the status of their claim and LAMOSAs Judgment.
7. Umgungundlovu	22 September 2017	To discuss governance issues relating to the Madlala claim and share information
8. Uthukela	14 December 2017	To discuss problems affecting the Gambu-Amabhele land claim and share information on the status of these claims
9. Uthukela	25 January 2018	To discuss issues affecting Amabhele Community land claim, and provide a way forward on the Amabhele claim
10. Zululand	23 August 2017	To inform the community about the Lamosa Judgment; Issue status update letters for new claims and answer queries

The financial year under review was also characterised by a significant number of land claim celebration events aimed at highlighting the progress that our office is making in the settlement of land claims. These celebration events provide symbolic closure to the hardships that the victims of land dispossession were subjected to, and also bring hope to claimants, whose claims have not yet been settled, by demonstrating that the sun will soon shine on them.

13.4.3 Development support and other forms of financial support

During the period under review, the RLCC: KZN released development funding, which was taken from the grant funding that was approved by the Minister in previous years in terms of section 42C of the Restitution of Land Rights Act, 1994, to the following communities:

Table 27: Development support and other forms of financial support

Claim/Project Name	No. of claims settled	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award
		Rural	Urban				
1. St Paul Community	1	1	0	6688	6688	R 14 090 269.00	Financial Compensation
2. Vierkant Community	1	1	0	2844.94	2844.94	R 8 431 972.00	Financial Compensation
3. Ngunjini Community	1	1	0	6860	6860	R 9 541 442.00	Financial Compensation

Over and above the funding that was released to the abovementioned communities, the RLCC: KZN paid financial compensation to the following communities on the basis that these communities will not be able to occupy the restored land:

Claim/Project Name	District Name	Category	Total Award Cost
1. Amabomvini (Eyethu Community Trust)	Umzinyathi	Grants/Recap	R 11 477 222.00
2. Amakhabela (Gayede Community Trust)	Umzinyathi	Grants/Recap	R 384 000.00
3. Amahlongwa (Siyathokoza Community Trust)	Umzinyathi	Grants/Recap	R 3 725 000.00
4. Mlaba-Ximba Community	Zululand	Grants/ R10 000 awards	R 1 580 000.00
5. Okhukho Community	Zululand	Grants/ R10 000 awards	R 1 610 000.00
6. Buthelezi Community	Zululand	Grants/ R10 000 awards	R 1 840 000.00
7. Zulu Community	Zululand	Grants/ R10 000 awards	R 3 120 000.00

13.4.4 Settlement project description

Take a girl/ boy child to work CRLR initiative

Below is a table reflecting statistical information for the 159 land claims approved for settlement during the period under review:

Table 28: Land claims approved for settlement

90. Mncwabe Family	2017/03/31	1	Financial Compensation	R 443 788.00
TOTAL		106		R 78 834 663.28

As can be gleaned from the table above, we exceeded our targets on two of our four indicators during the period under review. The total value of the abovementioned settlements and approvals amount to **R756 549 714.49**. A total of **R270 955 727.00** was spent in settling claims through land restoration and **R485 593 987.49** was spent in settling claims through financial compensation. It is of great concern that of the 170 projects that were approved during the year under review, 164 projects were for the payment of financial compensation. Whilst communities are, by law, at liberty to choose the form of redress that they require, it is concerning that they seem to be more inclined to opting for financial compensation as opposed to land restoration. This worrying trend flies in the face of the narrative that we must restore land to our people. Whilst we regard the settlement of any land claim as important, we would like to highlight the settlement of the following land claims.

Emakhasaneni Community Claim (King Cetshwayo District Municipality)

The Emakhasaneni community was dispossessed of their land rights from the 1940s onwards. During the options workshop, this community opted for land restoration. The Minister approved the acquisition of properties registered in the name of Makhasaneni Community and awarded land totaling 2775.1218 hectares to this community, which is a commercial forestry. The total value of the settlement amounts to R185 691 247.00.

Mchobololo Community (Umgungundlovu District Municipality)

The Mchobololo community was dispossessed of their land rights from the 1970s onwards. During the options workshop this community opted for financial compensation. The Chief Land Claim Commissioner awarded financial compensation to this community to the value of R25 739 704. The total number of households that will benefit from this settlement is 116.

Mbizweni Community (Harry Gwala District Municipality)

The Mbizweni community was dispossessed of their land rights from the 1960s onwards. During the options workshop, this community opted for financial compensation. The Chief Land Claims Commissioner awarded financial compensation to this community to the value of R3 787 536.78. The total number of households that will benefit from this settlement is 17.

Esileheni Community (Uthukela District Municipality)

The Esileheni community was dispossessed of their land rights from the 1800s onwards. During the options workshop, this community opted for land restoration. The Chief Land Claim Commissioner approved the acquisition of the Gelegenfontein Farm and awarded land totaling 3099.8893 Ha to this community. The total value of the settlement amounts to R26 315 000.00.

Sishwili Community (Zululand District Municipality)

The Sishwili community was dispossessed of their land rights from 1879 onwards. During the options workshop, this community opted for financial compensation. The Chief Land Claims Commissioner awarded financial compensation to this community to the value of R27 071 068.00. The total number of households that will benefit from this settlement is 122.

Table 31: Research

Claim/Project Name	Approval date	KRP Reference	No of Claim Forms	Type of claim	Research report
1. Rule 5 report by Gilbert Joseph Chiliza land claim	27/06/2017	KRN6/2/2/E/41/0/0/1	1	Urban	Rule 5

13.5. LIMPOPO

13.5.1 Summary of performance

OVERVIEW

13.5.2 Performance against targets is summarised as follows:

Table 33: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	186	289
Number of land claims finalised	186	238
Number of phased projects approved	17	07
Number of claims researched	72	406

13.5.3 Settlement project description

Ministerial visit to Ravele CPA in the Limpopo Province

Shigalo community land claim

The Shigalo Community land claim was settled during the year under review, on the farm Zoetfontein 137 LT, which is situated in the Vhembe District in Limpopo Province. The total Restitution award of R41,716,072.00 benefited 688 beneficiaries, with each household receiving R222 894.00. The total hectares not restored are 1607.5721 ha.

Bokisi community land claim

The Bokisi Community land claim was settled during the year under review on the farms Avondale 88 LT, Groenvalei 89 LT, remaining extent of the farms Middlefontein 78 LT, Rivierplaats 87 LT, Zeekoegat 79 LT, Maschappe 82 LT, the remaining extent and Portion 1 of the farm Bushypark 76 LT for a total Restitution award of R73 225 020.00. The claim is situated in the Vhembe district in Limpopo Province, with a total of 5322.1031 ha. The settlement of this claim benefited 330 households and an estimated 914 beneficiaries, with each household receiving R222 894.00.

Table 34: Below is a table reflecting statistical information for the land claims approved for settlement.

Claim (Project)	No. of Claims Settled	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award

MPUMALANGA

13.6 MPUMALANGA

13.6.1 Summary of performance

OVERVIEW

During the 2017/18 financial year, the Office of the RLCC: MP settled claims totalling 14,512.132 hectares, of which 5,877.8150 hectares was in the form of land restoration, and 8,634.3170 hectares in the form of financial compensation claims. The total value of the approved amount for all of the claims was R114, 725,016.82 for the financial year under review. The total household budget for the 2017/18 financial year was R 198 403 054.00.

13.6.2 Highlights on forestry and state land claims

The office of the Regional Land Claims Commissioner: Mpumalanga (RLCC: MP) has been able to finalise the settlement models with SAPPI and the claimants, hence the Ngodwana claim has now been settled. The property measures 1041.9100 hectares and is situated at Ehlanzeni District, Mbombela Local Municipality. The office is currently in the process of facilitating the transfer of the SAPPI property (R/E of the farm Roodewal 470 JT) to the claimants, which is owned by SAPPI (South African Pulp and Paper Industry).

13.6.3 State land claims

The Regional Land Claims Commissioner in Mpumalanga has been able to transfer 3 claims on state land to the claimants amounting to 5 318.0406 hectares in extent. The communities that received their title deeds are Kgodwana CPA, on Yzervarkfontein 470 JR farm, measuring 2732.6698 hectares; Vrischgewaagd CPA, on Vrischgewaagd 271 JR farm measuring 2191.38 hectares; and Schietpad CPA, on Schietpad 212 JS farm (the R/E of Portions 8 and 9), measuring 393.9908 hectares in extent.

13.6.4 Performance against set targets

Table 39: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	100	35
Number of land claims finalised	25	44
Number of phased projects approved	25	13
Number of claims to be researched	454 (173 revised target)	168

13.6.5 Settlement project

Mawewe CPA one of the most successful project in Mpumalanga Province, exporting Bananas to neighbouring countries

Below is a table reflecting statistical information for the land claims approved for settlement.

Table 40: Land Claims approved for settlement

Claim (Project)	No. of Claims Settled	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award

		Total	168		

13.6.9 Untreacable claimants

The RLCC MP office has 186 untraceable claimants and is currently in the process of appointing a service provider to trace the claimants. Research will be conducted once the claimants have been successfully traced.

13.6.10 District-based engagement sessions

Below is a table reflecting statistical information on the district based stakeholder engagements

Table 44: District-based stakeholder engagements

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
1. Nkangala District (Dr J S Moroka)	11 October 2017	Public consultation - Legislature	350	Distribution of letters to all claimants with title deeds on state land
2. Nkangala District (Thembisile Hani Local Municipality)	12 October 2017	Public consultation - Legislature	430	Distribution of letters to all claimants with title deeds on state land
3. Ehlanzeni District (Nkomazi - Kamhlushwa)	21 October 2017	Public consultation – Tenure Bill	370	Report back on issues raised with Portfolio committee
4. Gert Sibande	20 October 2017	Public consultation – Tenure Bill	504	Report back on issues raised with Portfolio committee
5. Ehlanzeni (Nkomazi)	30 January 2018	Mawewe Project Profiling	26	To arrange another date for the CLCC to attend

NORTHERN CAPE

13.7.1 Summary of performance OVERVIEW

The office of the Regional Land Claims Commissioner: Northern Cape (RLCC: NC) is one of the provinces with the least outstanding claims and was identified to accelerate settlement of outstanding claims by 31 March 2019, which is in line with Operation Phakisa outcomes. An in-depth analysis was done and a strategy to manage the process was developed. As part of fast tracking settlement of the outstanding claims, the need to communicate the strategy to all critical stakeholders was identified, so as to solicit their support and ensure their cooperation.

The year under review was a challenging year for RLCC: NC in relation to the achievement of settled and phased targets, though all the necessary strategies were implemented to ensure that targets as set out in the Annual Performance Plan 2017/2018 were met. However, the province exceeded its target under the number of land claims finalised. The land restored for settlement of the Ganghae Community claim (1370.4527 hectares) and the Doraan Family claim (3036sqm) was donated by the Department of Rural Development and Land Reform and Department of Public Works respectively. This was as a result of good working relations between the RLCC: NC and the two departments.

The highlight for the 2017/2018 financial year was when the province successfully hosted the Mining Dialogue on 12 – 13 June 2017; a gathering where various stakeholders from across the country were afforded an opportunity to discuss challenges experienced in relation to claims on mining areas and to come up with possible settlement models.

The office of the RLCC: NC facilitated engagements with claimants and community members throughout the year to update them on the status of their land claims and the restitution processes. This campaign was intensified in the last quarter of 2017/2018, in order to ensure that challenges experienced by the RLCC: NC were addressed..

13.7.2 The performance against targets:

Table 45: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	20	3
Number of land claims finalised	20	103
Number of phased projects approved	6	5
Number of claims lodged by 1998 researched	0	6

13.7.3 Settlement project description

Mining Indaba in Kimberly in the Northern Cape Province

The following are some of the highlights of claims that were settled during the period under review:

Ganghae Community Claim

A land claim was lodged by the Ganghae Community through the Association for Community and Rural Advancement. The community was dispossessed of their rights in land on Portion 1 of the farm Ganghae No. 163 HM, also known as Vlakfontein, measuring 1370.4527 hectares. The claimed land was registered in the name of the Department of Rural Development and Land Reform and has been restored to the Ganghae Community.

Nooitgedacht (Matlhaba Family)

The land claim was lodged by Mr. Jakoba Phineas Matlhaba on 29 December 1998 on behalf of the Matlhaba family whose grandparents were labour tenants on the farm Nooitgedacht. During the options workshop the Matlhaba Family opted for a financial compensation award valued at R3,415,113.67 and resolved to establish a Family Trust which included 39 beneficiaries.

Erf No 2583, Upington (Doraan Family Claim)

The land claim was lodged on 26 February 1997 by Mr F.W. Clarke on behalf of the direct descendants of his great grandfather, Mr. Lukas Petrus Doraan, in respect of ownership rights lost on Erf No. 2583 Upington, which was known then as Water-Erf 54B. The property could not be restored to the claimant family due to the fact that it was donated by the Northern Cape Housing Development Management Committee to the Theron family as part of their social responsibility to the previously disadvantaged family. Further, an Old Age Home has been established on the property to cater for the previously disadvantaged aged community. The Department of Public Works has made Erf No. 4438 Olienhout Ave 13, Erf No. 4435 Olienhout Ave 18, Erf No. 4447, and Erf No. 4431 Brosdoring Ave 13 & 15, all situated in the Khara Hais Municipality, available for restoration to the Doraan Family.

Below is a table reflecting statistical information for the three land claims approved for settlement.

Table 46: Land Claims approved for settlement

Claim (Project)	No. of Claims Settled	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award
		Rural	Urban				
Ganghae Community Land Claim	1	Rural	-	1370.4527	0	0.00	Land restoration
Nooitgedacht: Matlhaba family	1	Rural	-	0	1942.0321	0.00	Financial compensation
Erf 2583 Upington: Doraan Family	1	-	Urban	3036sqm		0.00	Land Restoration

13.7.4 Phased settlement projects

Of the six (6) phased projects targeted for settlement in the period under review, five (5) were finalised. **R27 739 952.42** was approved as financial compensation for 4 of the 5 approved phased projects, while **R13 142 800.00** was approved for land purchase measuring **5528.49** hectares in extent for one phased project.

Newlands Phase 1 and Phase 2

Mr Mosimane Simon Smith lodged a land restitution claim on 28 December 1998 on behalf of the Bahurutshe community who were dispossessed of unregistered (Land Tenancy) rights in land. The property being claimed as per the land claim form is Farm Newlands. Further investigative research indicates that the Newlands Estate formally comprised of Farms 170, 171, Portion 1 of Farm 172, Remainder of Farm 172, Farm 173, and Farm 174, situated in Dikgatlong Local Municipality, Frances Baard District in the Northern Cape Province. The claimed land is situated approximately 20 kilometres west of the town of Delpportshoop along the road leading to Spitskop dam. The Newlands Estate was owned by Mr G Paton since the late 1800s. The claimants (Bahurutshe community) were residing on the land when it was granted to Mr Paton and continued staying on the Farm. Their rights were gradually degraded to that of labourers on the Farms. The removals took place in 1963, and only one household remained until 1980, as they were looking after the farm owner's livestock. The community was resettled in Pampierstad, Delpportshoop, GaTaote, and Barkley West. The claimants opted for financial compensation. The total value of Phase 1 settlement of the claim is **R 11 316 594.00** for 57 claimant households, while the Phase 2 of the claim was approved for an amount of **R12 869852.00** for financial for 58 households.

Klippunt Phase 1 and Phase 2

The first land claim, which was lodged on 14 March 1998 by Mr Dirk Snyders, was for restitution of land rights on farm Klippunt No. 452. Mr Snyders is claiming land on behalf of his great grandfather, Jan Johannes Snyders. The second claim was lodged on 15 December 1998 by Mr CF Snyders, not knowing that Mr Dirk Snyders had already lodged a claim on behalf of the entire family. A Power of Attorney was granted to Mr Dirk Snyders by the Snyders family members, since he was the grandson to the original dispossessed person, and one of the direct descendants in terms of the family tree. Mr CF Snyders has agreed for the two claims to be consolidated and dealt with as one family claim. The property claimed is described as Farm Klippunt No. 452 measuring 7268 morgen, 253 square roods (converted as 6624.4672ha). This farm is situated in the Khara Hais Local Municipality in the ZF Mgcawu District in the Northern Cape Province. In 1882 the Gordonia Committee of Management granted one half of the farm Klippunt No. 452 to Jan Snyders Senior and the other half to Jan Johannes Snyders Junior. In 1887 Jan Snyders Senior died intestate and his half of the farm was divided between his two sons, Jan Johannes Snyders Junior and Daniel Jacobus Snyders, with each receiving a half i.e. one quarter of the entire farm. However based on the approved research report, claimants are only entitled to two 1/6 shares of the farm which is 2208.4890 hectares in extent. The Phase 1 submission dealt with the dispossession that took place in 1914 and Phase 2 will deal with the dispossession that took place in 1964. The total value of Phase 1 settlement of the claim is **R2, 026, 071.42** for 5 claimant households, with 173 beneficiaries. During the Phase 1 settlement of the claim, the Office of the Regional Land Claims Commissioner: Northern Cape managed to conclude 95% of the verification of the descendants of the late Ms Rosetta Van Wyk (born Snyders), who was married to the late Mr. Adriaan Van Wyk (the dispossessed individual). They had five descendants, for which the verification has been completed for all except one descendant. The verification of the remaining household was completed in phase 2. The settlement package for the Phase 2 submission is **R 196, 071.00**.

Roilyf Phase 1

The claim was lodged by the late Mr. A.J. Brandt and a Power of Attorney has been granted to Mr. Francis William Clarke, for the restitution of land rights lost in respect of the property described as the Remaining Extent and portion 1 of farm Roilyf No. 389, situated in the ZF Mgcawu District of the Northern Cape Province. The property under claim is described as the farm Roilyf No. 389, which measures 6454 morgen 300 square roods (5528.49ha) in extent. The property was originally issued to Sarah Lubbe (mother of Niklaas Visagie) as a perpetual quitrent Crown Grant by the Gordonia Committee of Management on 3 August 1894. The original farm has since been subdivided into two portions. The current description of the farm is the Remaining Extent and Portion 1 of Farm Roilyf No. 389 measuring 5528.49ha in extent. The Remaining Extent of Farm Roilyf No. 389 measuring 5441.2781ha. The claimant states that "The Visagie and Steenkamp families farmed on farm Roilyf No.389 until 1913, when a certain Mr William Stern, a Jewish

speculator, told them that he was the rightful owner of the land on the northern banks of the Orange River". The Visagie family at first resisted moving from the farm Rooilyf, since according to their understanding they were the legitimate owners of the farm. Mr William Stern, accompanied by the police, pressurized them to leave the farm since he had proof that he had acquired the property. The family still refused to leave the farm willingly. The fact that the Visagie and Steenkamp families refused to vacate the farm and continued to stay on the land allowed them to acquire beneficial occupation rights up to the time they were finally forcefully removed in 1925 by a white farmer. The extent of the land to be restored to the Rooilyf CPA (which consists of 5 claimant households with 30 beneficiaries) is 5528.49ha valued at **R16, 559, 300.00**.

Below is a table reflecting statistical information for phased settlement projects.

Table 47: Land Claims for phased settlement projects

Claim (Project)	No. of phased claim	Claim Type	Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award
Newlands Phase 1	1	Rural	0	3220,2591 ha	R 12 647 958.00	Financial compensation
Newlands Phase 2	1	Rural	0	3220,2591 ha	R12 869 852.00	Financial compensation
Klippunt Phase 1	1	Rural	0	1/6 share (1104.2445ha)	R 2 026 071.42	Financial compensation
Klippunt Phase 2	1	Rural	0	1/6 share (1104.2445ha)	R196 071.00	Financial compensation
Rooilyf Phase 1	1	Rural	5441,2781 ha	-	R13 142 800.00	Land restoration
TOTAL	5				R 40 882 752.42	

13.7.5 Finalised land claims

Whereas the target was 20 claims, a total of 103 claims were finalised. Of the 103 claims finalised, 8 were full and finalised claims, while 95 claims were issued with 2nd notices for non-compliance. An analysis was conducted of all the non-compliant claims that were processed since the inception of the Commission. The analysis uncovered the gap that whereas it is a requirement to issue claimants with two notices (1st and 2nd) informing them of the outcome, in more than 200 of the files, only 1st notices were issued, implying that those claims are yet to be finalised. A team, led by the Legal unit, was established to focus solely on reducing this backlog by ensuring that 2nd notices are issued. A concerted effort by both the Finance and Legal units, in collaboration with Operations in the office of the RLCC: NC, ensured an overachievement of this target.

Below is a table reflecting statistical information for all of the finalised land claims:

Table 48 : Finalised land claims

Claim	Approval Date	No. of Claims finalised	No. of HHs Finalised	No. of Beneficiaries Finalised	Type of Claim	Expenditure on finalised claims

13.7.6 Research

Even though the province did not have a target, with respect to land claims set for research, 6 claims were researched during the period under review, mainly to beef up the research already done in the past. Below is a table reflecting statistical information for all researched land claims:

Table 49: No. of Researched land claims approved

Claim/Project Name	Approval date	KRP Reference	No of Claim Forms	Type of claim	Research report

13.7.7 District-based stakeholder engagement sessions

In line with the Batho Pele principle, both internal and external customers need to be consulted about the level and quality of services they receive and wherever possible, be given a choice about the services that are offered. Consultation could be two fold i.e. getting inputs to a process or imparting information (another Batho Pele principle). The focus of the consultations with stakeholders was around taking RLCC: NC forward, informing claimants of the status of their claims, accelerating the settlement of claims lodged pre-1998, getting their buy-in and ownership of the process, and tracing of claimants, where necessary. In addition, the Office intervened and provided support, where necessary, to claimants (pre- and post-settlement) in order to resolve any conflicts arising from settlement of claims. The Office of the Regional Land Claims Commissioner: Northern Cape continued sending letters to affected applicants to alert them of the impact of the LAMOSA judgement on their newly lodged claims.

The Springbok Regsgebied claimants got an opportunity to raise issues regarding their claim (22 January 2018)

Starting in January 2018, engagements with several critical stakeholders were held to communicate the RLCC: NC strategy to fast track settlement of all outstanding claims and the DRDLR media release on expropriation of land without compensation, and its constitutionality thereof. In addition, a number of engagement sessions were conducted with claimants and critical stakeholders (see table below) and the general public to communicate the developed project plans to accelerate settlement of all outstanding claims in RLCC: NC, status of all claims, provide general information on any enquiries that claimants might have, and educate the public on the land restitution process. Some of the stakeholders engaged with included the Office of the MEC of DALRRD, Office of the Premier, Department of Public Works, the various units in the PSSC, and the various unions of the AgriSA in the Noord Kaap.

The CD: LRS engaging the Vioolsdrift Suid-Gronde claimants in Springbok (22 January 2018)

ZF Mgcawu district has the highest number of all outstanding claims, and more complex. A range of stakeholders from traditional leaders, government departments, AgriSA in the Northern Cape, legal representatives of affected landowners, landowners, the provincial DALRRD and the Office of the Premier were engaged. So far, all those interacted with, pledged their support to the process.

Whereas the sessions were widely successful, some of the below mentioned factors negatively impacted on implementation of the plan:

- Unavailability of the targeted audience on the proposed dates
- Public mood – hostile reaction to the plan
- Lack of cooperation by both claimants and land owners

Below is a table reflecting statistical information on the district based stakeholder engagements

Table 50: District based stakeholder engagements

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
Mining Dialogue	12 – 13 June 2017	<p>The main purpose of the Consultative Workshop was to discuss:</p> <ul style="list-style-type: none"> Land restitution claims on land affected by mining; The experiences from the mining sector with regards to land claims; The difficulties experienced by claimants, The challenges experienced by the Commission on Restitution of Land Rights, The challenges experienced by other government stakeholders. 	800	<p>Forge a collaborative consultative structure where all stakeholders can iron out all differences in order to reach an amicable resolution;</p> <p>Create synergy between the Restitution legislation and the Mining Legislation;</p> <p>Endeavour to accommodate claimant communities in the social labour plans in order to ensure that communities benefit meaningfully;</p> <p>Endeavour to mitigate long term damage to the environment so that land can be used after mining;</p> <p>Install a monitoring mechanism where all stakeholders can be held accountable for their actions within the land reform context;</p> <p>Craft a settlement model/s where the above is taken into consideration.</p>

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
Frances Baard (Warrenton)	09–10 December 2017	Vaalharts Community claim Inform claimants of Vaalharts (Magogong) on Status of their claim Plot the way forward	400	Liaise with affected landowners regarding validity of the claim Conduct site inspection to determine which properties are restorable
Frances Baard (Vryburg)	05 February 2018	Vaalharts Community claim Liaise with the legal representative of the affected landowners (Magogong/Vaalharts) regarding validity of the claim	08	Avail research report to the owners' legal representative; Allow them 60 days to make representation, in case they dispute validity
Frances Baard	01 March 2018	Groenwater/Skeyfontein To inform claimants about the status of their claims and discuss way forward.	01	To consolidate the claim to an already settled claim
Namakwa (Springbok)	20 September 2017; 23 January 2018	Newman Family claim The status of the Newman family claim was presented and the way forward on Newman family claim was discussed.	20	There will be no further CPA workshops but only an election where the executive of the CPA will be elected. The land cannot be sold once it has been transferred into the name of the CPA. The Newman family can be members of the CPA and they can arrange a General meeting.
Namakwa (Springbok)	20 September 2017; 22 January 2018	Springbok Regsgebied (Ruiters Family Claim) General discussions were held regarding the Springbok Regsgebied claim with the Ruiters Family. The status of the claim was presented and way forward was discussed.	15	The family to provide RLCC: NC office with a copy of the family tree and a family resolution on what settlement offer they are opting for. If the family chooses financial compensation the money will then be divided amongst the family members.
Namakwa (Springbok)	22-24 January 2018	Vioolsdrift Suid community claim General discussions were held regarding the claim in general and specific issues relating to the different communities i.e. Vioolsdrift, Rooiwal and Steinkopft. The status of the claim was presented and the way forward was discussed.	Vioolsdrift – 30 Rooiwal – 47 Steinkopft - 98	The three communities to each receive around 13 000 ha as compensation, Rooiwal already received three farms measuring up to 9157.3235ha in extent Expedite registration of Steinkopft and Vioolsdrift CPAs Identify alternative, arable land for the two CPAs The three CPAs to jointly manage the 126 000 ha to be restored to the community Cooperation among all stakeholders critical for the process to move forward

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
Namakwa (Springbok)	22 January 2018	Groenkloof Claim (Richards Family) The status of the claim was presented (valuation requested, identified area surveyed and verification of beneficiaries is underway) and way forward was discussed.	05	Options workshop and establishment of a legal entity for the family
ZF Mgcawu	25 January 2018	Onderplaats Claim (Susan Louw) To inform claimants about the status of their claims (TORs for valuation submitted to OVG, verification of beneficiaries in progress) and discuss way forward.	06	Conduct options workshop Establishment of a legal entity
ZF Mgcawu	25 January 2018	Zonderhuis Claim To inform claimants about the status of their claims and discuss way forward.	01	Verification to be conducted of the Zoovoorby claimants.
ZF Mgcawu	12-13 March 2018	Barsvlei/Damplaas To inform claimants about the status of their claims and discuss way forward.	17	Continue with negotiations
ZF Mgcawu	13 March 2018	Barsvlei/Damplaas/Lemoenkolk The landowner for the three properties under claim. Valuation concluded, landowner allegedly disputes validity but willing to selling if offered an amount acceptable to him. The process for disputing validity was explained to Mr Stadler	03	A letter explaining the process for representation when disputing validity to be sent to him for him to respond within 60 days
ZF Mgcawu	12-13 March 2018	Eimansholte 171 To inform claimants about the status of their claims and discuss way forward.	04	The family to discuss settlement option and communicate decision to the RLCC:NC by 23 March 2018 A mapping exercise to be conducted for the Bokseputs and Eimansholte claims.
ZF Mgcawu	12-13 March 2018	Erf 2583 (Doraan Family) To inform claimants about the status of their claims and discuss way forward. Claimants satisfied and welcome progress made thus far regarding their claim	03	Development and submission of a S42D as claim is ready for settlement
ZF Mgcawu	12-13 March 2018	Kalkwerf/Mierpunt To inform claimants regarding the status of their claims and discuss way forward. Land valued, claimants opted for land restoration	03	Amend gazette notice to include only claimed portion, not the entire farm Negotiations with land owners

Name of District	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
ZF Mgcawu	12-13 March 2018	Zoovoorby (Swartz Family) To inform claimants about the status of their claims and discuss way forward. Land not restorable as it was allocated to the community for land reform processes	05	Family to consider alternative land Proceed with verification Conduct options workshop
ZF Mgcawu	12-13 March 2018	Gams Claim Non-compliant claim. Letter sent to claimants not clearly understood	09	RLCC: NC to further investigate the Gams claim and communicate with the claimants.
ZF Mgcawu	27 March 2018	Farm Bloesmond To inform claimants about the status of their claims and discuss way forward	09	Provide the claimants for Farm Bloesmond with a letter regarding the status of their claim. Refer the Vaalhoek matter to our Legal Unit.
ZF Mgcawu	27 March 2018	To inform the landowners of the restitution process and what claims have been gazetted	40	Provide Agri-Northern Cape with the list of all claims that have been lodged, including the outstanding claims. AgriSA Noordkaap to provide RLCC:NC with a list of available alternative land
TOTAL			1524	

Challenges

Turnaround time in the office of the Valuer General;
Increasing rejections of offers by both land owners and claimants.

Conclusion

RLCC: NC is one of the provinces identified, due to the low number of outstanding claims, to accelerate settlement of those remaining claims by 31 March 2019, in line with Operation Phakisa outcomes. An in-depth analysis was carried out, and a strategy to manage the process was developed. As part of fast tracking settlements of the outstanding claims, the need to communicate the strategy to all critical stakeholders was identified, so as to solicit their support and ensure their cooperation once processing of the claims commences in the new financial year (2018/2019).

The RLCC: NC developed and implemented a communication plan for outstanding claims, which was aimed at informing claimants about the status of their claims, notifying land owners of claims on their properties, informing other critical stakeholders of the status of claims lodged by 31 December 1998, and informing the general public of the restitution process. Sessions were held in Namakwa, ZF Mgcawu and Frances Baard Districts.

NORTH WEST

13.8 NORTH WEST

13.8.1 Summary of performance

OVERVIEW

The office of the Regional Land Claims Commissioner: North West (RLCC: NW) is continuing to make significant contributions in reversing the legacy of the past by improving the lives of ordinary people. In the financial year 2017/2018, the office was allocated a budget of R248 million, which was all spent before the end of the financial year.

RLCC: NW is pleased to announce that it has finalised research on all old order claims lodged prior to 31 December 1998, which is considered as a milestone. RLCC: NW was also identified to accelerate settlement of outstanding claims by 31 March 2019, which is in line with Operation Phakisa outcomes. Significant progress was recorded with regard to the exceptional achievement on targets for claims settled (48) and claims finalised (51), which can be attributed to the number of land claims which were settled and finalised on Bakgatla Ba Kgafela land claim.

The office outdid itself with regard to the formation of legal entities, resulting in more properties being transferred to communities during the year under review. A total of 91 properties, measuring 52 681.1811 ha, were transferred to communities during the financial year 2017/2018.

The performance against targets is summarised as follows:

Table 51: Performance against set targets

Performance Indicator	Annual Target & Achievement	Achievement
Number of land claims settled	14	48
Number of land claims finalised	40	51
Number of phased projects approved	22	17

13.8.2 Performance against set targets

In terms of its Annual Performance Plan, the office settled 48 claims, finalised 56 and achieved 17 phased projects. More than 17470 beneficiaries have benefitted from the programme, comprising of 4540 Households, with 839 being female headed. The office has transferred 55 073 hectares of land to the respective communities.

Close working relations and cooperation between the Provincial Department of Public Works and the RLCC: NW office ensured that the Bakgatla Ba Kgafela land claim was settled successfully, with land restoration amounting to 18975 hectares approved for the community.

13.8.3 Highlights of Settled projects for 2017/2018

The following are some of the highlights of claims that were settled during the period under review:

Media Tour at De Paarl Community Land Claim in the North West Province

The office had an Annual Performance Plan (APP) target to settle 14 claims in the financial year. However, the office managed to settle 48 claims, exceeding its target by 34. This increase was as a result of the close working relationship with the Provincial Department of Public Works (DPW: NW), which assisted with the settlement of forty two (42) claims for Bakgatla Ba Kgafela. It was through this relationship that the Land Advisory Committee was established and chaired by the Head of Department of Public Works. The committee constituted of the Chief Director: Provincial Shared Services Centre (CD: PSCC), Chief Director RLCC: NW, Registrar of Deeds: NW and officials from DPW: NW. The latter committee was established to facilitate the transfer of various properties under the Bakgatla Ba Kgafela land claim, which are registered under DPW: NW, to the Department of Rural Development and Land Reform (DRDLR) for land reform purposes.

Some of the communities which have benefitted in the financial year under review include Bakwena Ba Molopyane(Uitkyk) and Middleton Estate Community; these communities received financial compensation awards to the value of R29 million and R23 million respectively. Individual claimants from Mmabatho Town and Town Lands (Tontonyane) also received a combined financial compensation award of more than R30 million.

Bakwena Ba Molopyane(Uitkyk)

The office settled Bakwena Ba Molopyane land claim, which was one of the biggest financial compensation claims, on 18 December 2017 for a total restitution award of R29,5 Million. The claim is situated in Dr Kenneth Kaunda District. 212 Original Owners were dispossessed of their rights in land on Portion 10 (Remaining Extent of Portion), Portion 12, Portion 13 (Remaining Extent), Portion 14 (Remaining Extent), Remaining Extent of Portion 17, Portion 18 and Portion 20 of farm Uitkyk 184 IP. The settlement of the claim benefitted more than 133 households, with 33 being female headed. The total number of beneficiaries who benefitted from the claim is 1123, with each household receiving an average financial compensation award of R221 000.

Middleton Estate Community

Middleton Estate community claim is situated in Ngaka Modiri Molema District Municipality. The claim was settled on 9 September 2017 for a total restitution award of R23,1 Million. The settlement of the claim benefitted 45 originally dispossessed individuals with 6 households as female headed and 1008 constituting the total number of beneficiaries. The claimants were dispossessed of their rights in land on Remaining Extent of Portion 2 of Kunana Location No. 4 IO. The average financial compensation paid to each household was R511 000.

In terms of its plan for the 2018-2019 financial year, the office intends to settle all outstanding claims in the North West Province.

Below is a table reflecting statistical information for the land claims approved for settlement.

Table 52: Land Claims approved for settlement

Claim (Project)	No. of Claims Settled	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award

13.8.4 Phased settlement projects

The office managed to settle 17 phased projects, against the annual performance plan target of 22. It has to be indicated that this under performance is attributed to various challenges relating to internal processes in the appointment of Valuers and the finalisation of valuation reports by the office of the Valuer General. Some of the challenges were attributed to the land owners rejecting the offers, which resulted in the office being unable to reach settlement agreements with the land owners.

Below is a table reflecting statistical information for phased settlement projects.

Table 53: Land Claims for phased settlement projects

Claim (Project)	No. of phased claims	Claim Type		Hectares Awarded	Hectares that would have been restored in financial compensation claims	Total Award Cost	Type of Award

13.8.6 Research

The office had only 3 claims outstanding for research, in respect of the old order claims. The office is pleased to indicate that all of the three claims were researched and rule 5 reports were approved by the Regional Land Claims Commissioner, making the North West Province, the third province, after the Free State and the Northern Cape Provinces, to finalise research on all old order claims lodged. Over and above the 3 claims, the office managed to conduct and finalise further research on 5 other claims which were categorised as complex.

Below is a table reflecting statistical information for all researched land claims:

Table 55: No. of Researched land claims approved

Claim/Project Name	Approval date	KRP Reference	No of Claim Forms	Type of claim	Research report
Research report by Kgosi Setumo Stephen Montshioaland claim	26/05/2017	OO 011 & T0116	2	Rural	Rule 5

TOTAL			8		

13.8.7 Untraceable claimants

At the beginning of the financial year, RLCC: NW had only one (1) untraceable claimant, this application was for the Farm near Moretele land claim. With the assistance of the office of the Chief Land Claims Commissioner, the office managed to trace the claimant, and consequently, managed to finalise the said land claim.

13.8.8 District based stakeholder engagement sessions

The RLCC: NW embarked on various stakeholder engagement sessions in the four Districts in the Province, i.e. Dr Kenneth Kaunda, Bojanala, Ngaka Modiri Molema and Dr Ruth Segomotsi Mompati, reaching 1827 stakeholders in total. The objective of the engagement sessions was to update claimants on their old order claims, share information regarding the new order claims, which are affected by the LAMOSA judgement, and to explain the verification process to beneficiaries. In addition to the abovementioned tasks, the office responded to enquiries and intervened in conflicts caused by conflicts over the settlement of claims.

Below is a table reflecting statistical information on the district-based stakeholder engagements:

Table 56: Districtbased stakeholder engagements

Name of District	Project name	Date held	Objective/s	No. of stakeholders in attendance	Resolution/s
NGAKA MODIRI MOLEMA	Batshweneng & Malebelele CPA	18 August 2017	<ul style="list-style-type: none"> To meet with the concerned group and CPA committee of Batshweneng CPA and preparations for the election of a new CPA Committee. 	38	<ul style="list-style-type: none"> The concerned group should be provided with a copy of the Constitution The CPA committee to arrange an AGM and present all their reports, including the Audited financial statements Office to start with the updating of the verification list Tenure Unit to facilitate the election process Tenure Unit to meet with Kgosi, the Traditional Council and the old committee to pave way for the election process.

WESTERN CAPE PROVINCE

13.9 WESTERN CAPE PROVINCE

13.9.1 Summary of performance OVERVIEW

The office of the Regional Land Claims Commissioner: Western Cape (RLCC: WC) endeavoured to maintain high standards set out in the Annual Performance Plan for the period under review, however projected targets could not be met, mainly due to the processing of historical valuations in the office of the Valuer-General.

It should be noted that, amidst the challenges, the office managed to settle 232 claims, impacting about 2000 individual beneficiaries, while 179 claims were finalised. R54, 909, 197.09, was paid in financial compensation. Furthermore, the office engaged stakeholders, reduced the litigation monitor, and dealt with phased projects and post settlement matters during the period under review.

The following table offers a summary of the performance of the Western Cape for the period 1 April 2017 to 31 March 2018.

Table 57: Performance against set targets

Performance Indicator	Annual Target	Achievement
Number of land claims settled	354	232
Number of land claims finalised	290	179
Number of land claims researched	149	178
Number of phased projects approved	0	8

13.9.2 Stakeholder Engagement

Stakeholder engagements continued throughout the year; with a reach of over 14 000 claimants. These included consultations with communities on the West Coast and Eden Districts of the Western Cape and correspondence explaining the impact of the LAMOSA judgement with claimants who lodged claims between 2014 and 2016.

The final phase of the Lawaaiikamp Community Claim, the largest claim on the Southern Cape, was dealt with, and the Deputy Minister of Rural Development and Land Reform, Hon. Skwatsha, addressed the claimants at the project closure event with 4000 beneficiaries benefitted from a rather lengthy process.

Consultations with communities on the Communal Property Association (CPA) Bill by the Portfolio Committee on Rural Development and Land Reform, supported by the office, took place in August 2017. In March 2017 training was provided to 8 Communal Property Associations for Restitution Post Settlement Projects in the Western Cape, namely: the Northern Suburbs; Ebenhaeser; Ou Tuin-Paarl; Richmond Park; Crawford; Covie; Heldergrrove and VaalPlaas Communal Property Associations. Interventions for the Ndabeni Community continued, with the view to register a CPA or Trust, however further engagements are still required.

The Richmond Park, Ebenhaeser and Northern Suburbs Communal Property Associations conducted new CPA elections in the period under review, which was facilitated by RLCC: WC.

The Richmond Park project gained momentum and the development of a Business Park is underway in collaboration with Bethel as their business partner. The Ebenhaeser Project made a profit of R2,6m in 2017, and the realization of the current bumper crop in March 2018 was indicative of further success. However, the office remains critically aware of the water crisis of the Western Cape.

The Community received a further 102 hectares of wine grape commercial farms in the past financial year. These farms are operational, and income from the lease of some of the land parcels is estimated at R500 000 per annum.

The office of the RLCC: WC continues to support projects, although post-settlement support remains challenging due to constraints in the Department. The District Reference Group received support for the development of the holistic District Six plan. The Title Deeds for thirty six [36] beneficiaries of Phase 2 were handed over, ensuring ownership rights to previously dispossessed tenants and owners.

13.9.3 Litigation

The Litigation monitor, which stood at twelve [12] matters at the beginning of the 2017 -2018 financial year, was reduced by five [5] cases. This exceeds the 10% policy for reduction as approved by the Chief Land Claims Commissioner.

13.9.4 Highlights on Settled projects for 2017/2018

The following are some of the highlights of claims that were settled during the period under review

Religious and Farms

The office settled four claims for religious institutions. The Farm Elands Kloof was purchased by the Dutch Reformed Church for the evangelisation of the “coloured people” in the West Coast District. The Uniting Reformed Church was adversely affected, as far as owning land was concerned, as the support for the coloured community was not condoned by the Dutch Reformed Church, due to its political affiliation at the time.

Other religious institutions such as The Nederduitse Gerefomeerde Sendinggemeente Tulbagh (WC156), Uniting Reformed Church Stellenbosch and the Strand Moslem Council were dispossessed of land and had to establish places of worship in the communities they were displaced. These religious institutions opted for financial compensation.

In January 2018, the Minister approved a S42D for 3,9081ha purchased at R160 000.00 from the Provincial Department of Human Settlement. This process benefitted 41 households and 75 beneficiaries. The claimants were dispossessed after settling in “Vaalplaas” along the West Coast as a fishing community. The CPA has since been established and the process to transfer the land is underway.

The RLCC: WC also bought the remainder of Farm 178 Vanrhynsdorp “Farm Beeswater”, measuring 3990,0716ha – grazing land for R2,992,553.70, (land purchased earlier, only transferred in financial year under review) for the benefit of 51 households, direct descendants of the Griqua Community that established themselves on the Farm since 1926. The community entered into a lease agreement with the then landowner in 1938-1940 but due to racial laws and practices, did not have the necessary permit to purchase the land. The land is currently being used to provide grazing for livestock. A Communal Property Association was established on behalf of this community and the land was then transferred to the legal entity.

Constantia Land Claim-Erf 3035, Constantia

After 14 years of negotiations between the RLCC: WC and the Provincial Department of Transport and Public Works, Erf 3035 Constantia was released in 2017 to settle the Constantia, Cape Town claims. On 08 March 2017, the Western Cape Provincial Cabinet, in terms of Minute No. 76 of 2017, took a Resolution to release Erf 3035 Constantia measuring 9,5634 hectares with a historical market value of R19,100.00 for the purposes of land restitution to the Department of Rural Development and Land Reform. The estimated market value of Erf 3035 Constantia is more than R50m. Batch 1 of the Constantia Development Group Claim consisting of 30 claims (26 households and 239 beneficiaries) was approved by the Minister on 15 December 2017. The land is yet to be transferred to the legal entity that will be representative of various Constantia individual claimant families who have opted for development on Erf 3035, Constantia.

To ensure that there is no further delay on the implementation phase, the RLCC: WC is in the process of transferring the land from the Provincial Department of Transport and Public Works to the Department of Rural Development and Land Reform, which will subsequently be transferred to the Communal Property Association (CPA) that will hold the land on behalf of Constantia claimant beneficiaries.

Other Properties

The RLCC: WC has transferred other properties totalling 26,9080 hectares. The transferred properties include: Erf 604 Simonstown for the Aziz Family; Erf 14407, Paarl for the Ou Tuin CPA; Erf 2695, Grassy Park for the Doot Davids family; Erf 13968, 13969, 13970, 14038, Ladies Mile, Constantia for the Kherekar Family's Trust; Farm Twee Palms and Green Gold measuring 17.6021ha for the Ebenhaeser Community; Remainder of Farm Zoutfontein No 178, Vanrhynsdorp for the Beeswater Griqua Community and various properties in District Six as part of Phase 1 and 2.

Below is a table reflecting statistical information for the land claims approved for settlement.

13.9.7 Research

For the period under review, the WC office exceeded the research targets set. The Office has completed the bulk of the research for outstanding claims, 60 are set for approval and will be finalised in the 1st quarter of the 2018/19 financial year. Pending research is also the success in tracking the untraceable claims who may be researched pending the requirements. The untraceable claims also impact on the research process.

Below is a table reflecting statistical information for all researched land claims:

Table 61: No. of Research approved

Claim/Project Name	Approval date	KRP Reference	No of Claim Forms	Type of claim	Research report

13.9.8 Untraceable Claimants

171 claimants were reported untraceable at the beginning of the financial year; and this figure was successfully reduced to 106 as at the 30th of April 2018. The success rate can be ascribed to the consistent application of the standard procedures and systems applied for tracing of the claims. Institutions were engaged to assist with the tracing of claimants and sound working relationships were established with both the Independent Electoral Commission and Department of Home Affairs.

It must be noted that, due to movement of people without providing forwarding addresses, outdated contact information, and original claimants passing on without relatives being informed of pending land claims, it has been difficult to trace claimants. However, the office will continue to work towards a further reduction of untraceable claimants.

Conclusion

This overview offers the performance of the WC for the period 2017/18. Although the office did not meet most of the targets, as set for the period, mainly due to extraneous factors, it continues to strive towards quality service delivery

14. FINANCIAL PERFORMANCE INFORMATION

14.1 INTRODUCTION

Section 21 of the Restitution Act stipulates that the CRLR must “annually not later than the first day of June submit to Parliament a report on all its activities during the previous year, up to 31 March.” This annual report is in fulfilment of that requirement but also largely in line with the requirements of Section 40 (1) and (3) of the PFMA. The Public Service Regulations, 2001 prescribes that human resource information is included in the annual report and the Minister of Public Service and Administration has prescribed this requirement for all government departments within public service.

As the CRLR is not a fully-fledged government department, nor a completely independent entity of government, this annual report therefore seeks to only extract and report on the most crucial performance and reporting requirements in terms of the statutory requirements above. Comprehensive reporting on Programme 4 – the Restitution Branch – will be set out in the annual report of the DRDLR.

14.2 Financial Performance Overview

The performance of the CRLR in respect of financial management and expenditure during the period under review was 99.85%. The CRLR managed to spend R3 093 994 479.54 of the allocated budget of R3 098 554.00, which includes expenditure amounting to R2,519,792,741.04 on the household budget.

15. INTRODUCTION

The CRLR remains committed to maintaining the highest standards of governance, an unwavering pledge which is fundamental to the management of the public finances and resources allocated to us.

As a programme of the DRDLR, the CRLR participates in all governance fora and submits statutory and governance plans and reports to the DRDLR.

The governance section in this annual report broadly complies with the National Treasury Guidelines; but as the CRLR is not a completely separate and stand-alone entity in terms of the PFMA, full and comprehensive compliance to all governance reporting is contained in the annual report of the DRDLR.

15.1 RISK MANAGEMENT

The CRLR complies and adheres to the risk management policy and strategy of the DRDLR and partakes in the Risk and Compliance Management Committee.

A full risk assessment has been done with the support of the Chief Risk Officer of the DRDLR, and a summary of the risk assessment and mitigation plan is outlined in table 5 below.

Table 5: Risk assessment and response

15.2 PORTFOLIO COMMITTEES

The CRLR the following Parliamentary Committee meetings:

1. 02 May 2017: 10:00 - Commission on Restitution of Land Rights and Ingonyama Trust Board: Annual Performance and Strategic Plans: 2017/18.
2. 10 May 2017 - Consideration: Draft Committee Report on Budget Vote 32: Department of Rural Development and Land Reform and its entities.
3. 17 May Consideration - Draft Committee Report on Budget Vote 32: Department of Rural Development and Land Reform and its entities.
4. 19 May Debate on Vote 39 - Rural Development and Land Reform: National Assembly Chamber.
5. 13 June 2017 - PLENARY National Assembly.
6. 06 September 2017 - Briefing by the Department and Commission on the 2017/2018 first quarter Expenditure and actual Performance Reports.
7. 03 October 2017 - Briefings by Auditor - General of SA, National Treasury, Financial and Fiscal Commission and Parliamentary Budget Office on the expenditure patterns against the target as set in the APP of the Department of Rural Development and Land Reform and its entities, Commission on Restitution of Land Rights and the DRDLR on the 2016-2017 annual reports and briefing by Ingonyama Trust Board on the 2016-2017 Annual Report.
8. 04 October 2017 - Briefing by the Department of Rural Development and Land Reform and the Commission on the Annual Reports for 2016-2017 financial year AND Briefing on the Communal Property Associations Annual Report (2016/17).
9. 5 October 2017 - Briefing by MP Mnguni on the Restitution of Land Rights Amendment Bill.
10. 10 October 2017 - Briefings by The Department and Commission on Operation Phakisa.
11. 11 October 2017 - Further deliberations on Annual Reports (Committee's) BRRR recommendation.
12. 14 March 2018 - Briefing by Dr Aninka Claassen on the High Level Panel's recommendation.
13. 20 March 2018 - Briefing by the Department of Rural Development and Land Reform on the Malamala Land Claim, status report on commonage programmes, status update on the Rama CPA, Riemvasmak Trust and the report in land transfers and issuance of title deeds to successful land claimants and beneficiaries of land redistribution.

15.3 INTERNAL AUDIT AND AUDIT COMMITTEES

The Internal Audit Unit of the DRDLR performed a follow-up audit on records management within the CRLR. It was an operational, legal compliance and IT audit.

It was also a cyclical review of the performance of the CRLR.

PART E

HUMAN RESOURCE MANAGEMENT

16. INTRODUCTION

The full set of Human Resource Management information required by the Minister for the public service and administration of all departments in the public service, is contained in the annual report of the DRDLR. The most crucial matters in relation to the management of Human Resources in the CRLR have been extracted and are reflected in this part of the annual report.

16.1 HUMAN RESOURCES OVERSIGHT STATISTICS

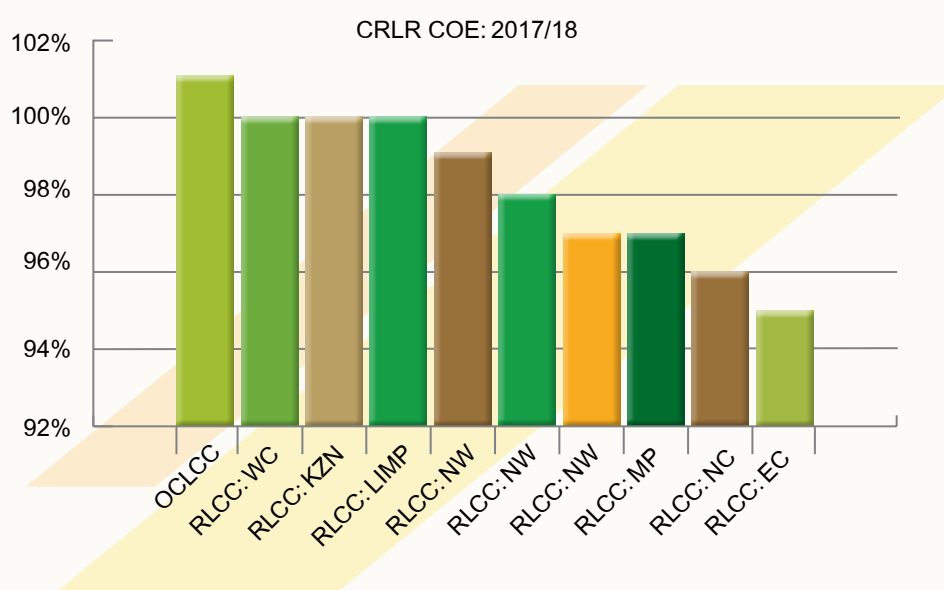

The DRDLR manages PERSAL and key information on the human resources of the CRLR. They provide human resource functions to the CRLR, in addition to basic oversight and coordination that takes place from the Office of the CLCC.

Extracts of the most important human resource statistics are hereby provided.

Table 64: Expenditure on Compensation of Employees

Office	Budget	COE Expenditure	Balance	% Expenditure
Head Office	42 992 000	43 258 146	-266 146	101%
Eastern Cape	31 751 000	30 170 467	1 580 533	95%

Western Cape	27 675 000	27 550 082	124 918	100%
North West	29 071 000	28 479 412	591 588	98%
Total	346 884 000	341 856 041	5 921 765	98.3%

Graph 3: COE expenditure in CRLR.

One office of the CRLR spent over 100% of their COE, while three offices managed to spend 100% and the remaining six offices spent just below the 100% mark.

Table 65: Expenditure on Compensation of Employees by salary band

Salary band	Personnel expenditure	% of total personnel cost	No. of employees	Average personnel cost per employee
Lower skilled (Levels 1-2)	0	0%	0	0
Skilled (Levels 3-5)	23 146 759	8%	112	206 667
Highly skilled production (Levels 6-8)	110 727 518	37%	348	318 182
Highly skilled supervision (Levels 9-12)	132 354 147	44%	220	601 609
Senior and Top management (Levels 13-16)	35 384 277	12%	35	1 010 979
Total	301 612 702	100%	715	2 137 438

Graph 4: Expenditure on Compensation of Employees per salary band in CRLR.

The highly skilled production personnel (SLs9-12) accounted for the highest percentage of the total personnel cost at 44%, followed by the highly skilled production personnel (SLs6-8) at 37%.

Table 66: Employment and vacancies

16.1.1 Employment and vacancies

Office	Number of funded posts	Number of posts filled	Number of posts vacant	% Vacancy rate	Number of additional employees recruited	Head count
Head Office	81	78	3	3.70%	0	78
Eastern Cape	64	63	1	1.56%	0	63
Free State	33	32	1	3.03%	4	32
Gauteng	63	57	6	9.52%	0	57
KwaZulu-Natal	115	114	1	0.86%	1	114
Limpopo	92	91	1	1.08%	0	91
Mpumalanga	114	110	4	3.50%	0	110
Northern Cape	35	34	1	2.85%	0	34

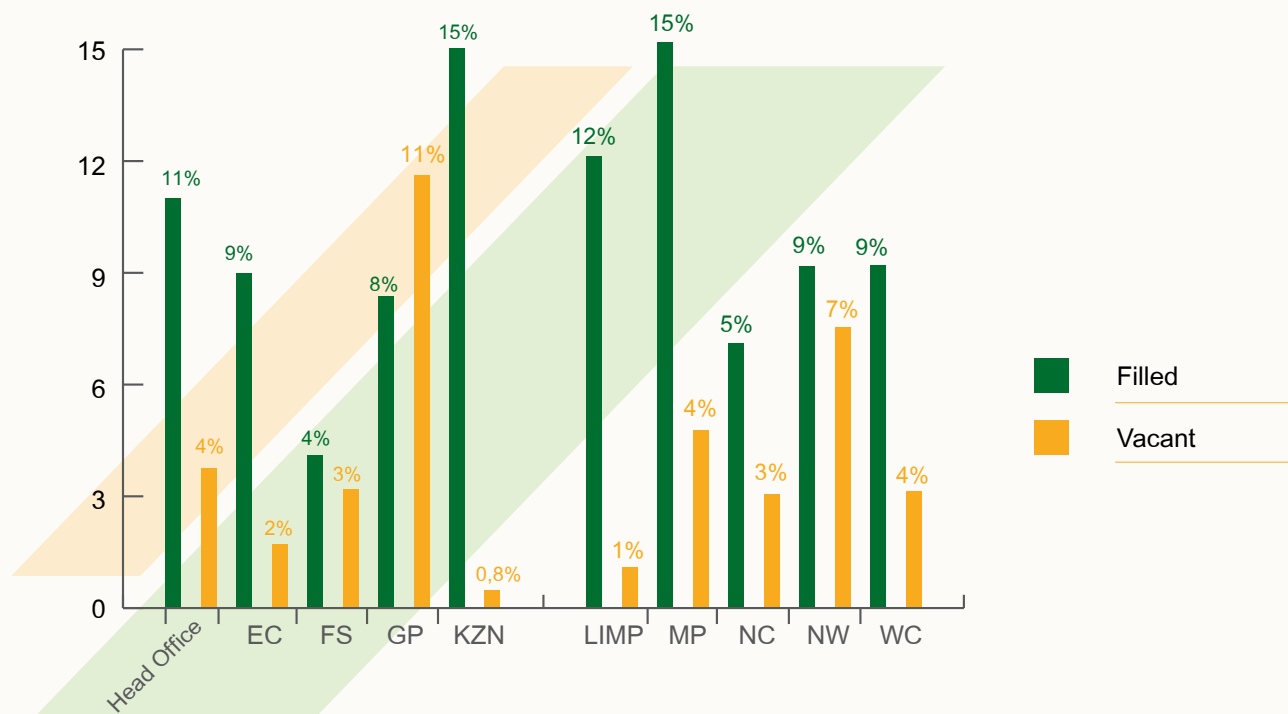

North West	72	67	5	6.94%	0	67
Western Cape	70	68	3	4.28%	1	68
TOTAL	739	714	26	37.32%	6	714

16.1.2 Filling of SMS posts

During the year under review, 4 funded SMS posts were vacant or became vacant. These were the Deputy Land Claims Commissioner in the Office of the Chief Land Claims Commissioner, the Chief Director for the Eastern Cape Land Restitution Support Office, the Director Quality Assurance for the Northern Cape Land Restitution Support Office, as well as the Chief Director for the Western Cape Land Restitution Support Office.

The latter position was successfully filled on 02 January 2018. The recruitment processes to fill the three remaining SMS posts, as well as other level posts (SLs1-12), have commenced, and progress is at an advanced stage.

Graph 5: CRLR Organisational Pyramid Analysis

Filled Posts

RLCC KZN and MP Offices had the most number of employees in CRLR, with a total of 15% each, followed by the Office of the Chief Land Claims Commissioner (Head Office), with a total of 11%. RLCC FS Office had the lowest number of employees, with a total of 4%.

Vacancies (Funded Posts)

The highest vacancy rate was 11%; it was recorded in the RLCC: GP Office. It was followed by RLCC: NW Office, with a vacancy rate of 7%. RLCC: KZN Office, which recorded 0.8% in this category, had the lowest vacancy rate.

16.1.3 Employment Equity

Table 67: Employment equity numbers per salary level, race and gender for the CRLR

Salary Levels	African		Coloured		Indian		White		Total
	Female	Male	Female	Male	Female	Male	Female	Male	
Level 16	0	0	0	0	0	0	0	0	0
Level 15	1	0	0	0	0	0	0	0	1
Level 14	1	5	1	1	1	1	1	0	11
Level 13	3	15	0	2	0	0	2	1	23
Level 9-12	105	98	5	2	3	3	4	1	221
Level 7-8	118	99	11	3	1	1	3	0	236
Level 4-6	118	69	21	3	4	2	3	2	222
Level 1-3	0	0	0	0	0	0	0	0	0

Table 68: Employment equity percentages per race and gender for the CRLR

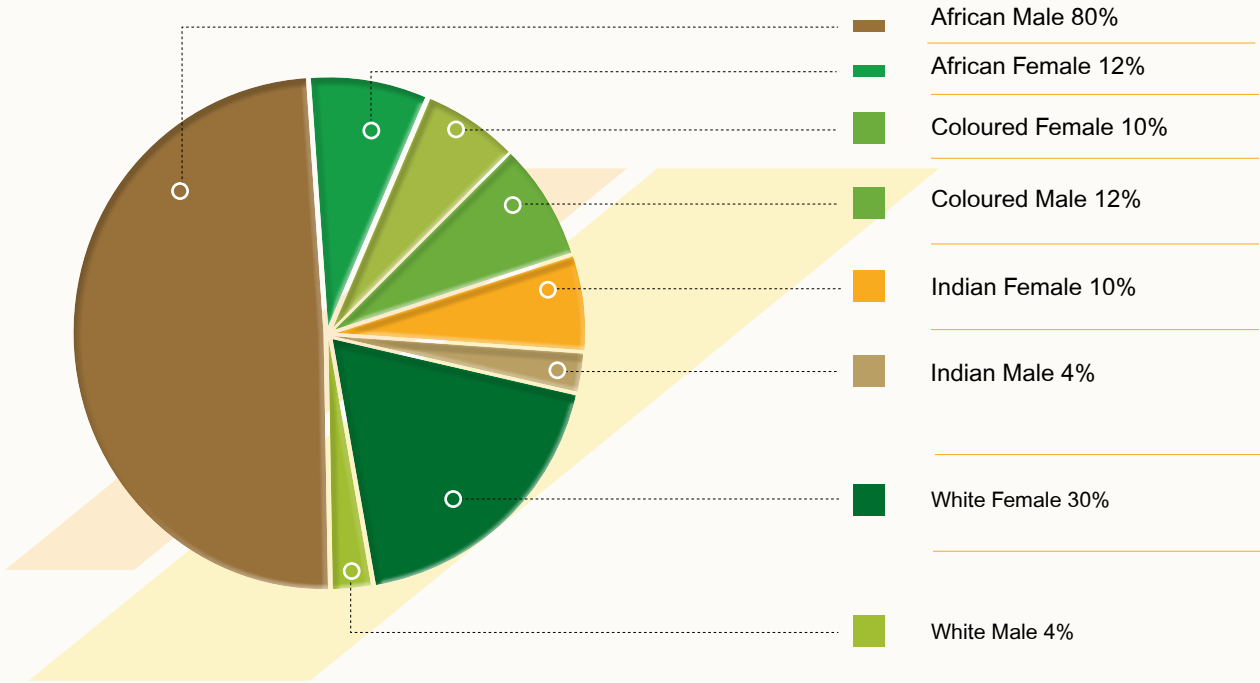

African Female	African Male	Coloured Female	Coloured Male	Indian Female	Indian Male	White Female	White Male	Total Female	Total Male
48%	40%	5%	5%	2%	1%	2%	1%	56%	44%

Graph 6: Employment equity percentages per race and gender for the CRLR

The majority of CRLR employees were African Female employees; they made up 48% of the total staff establishment; followed by African Male employees at 40%. White Male and Indian Male employees were the lowest represented groups, each accounting for 1% of the total staff establishment.

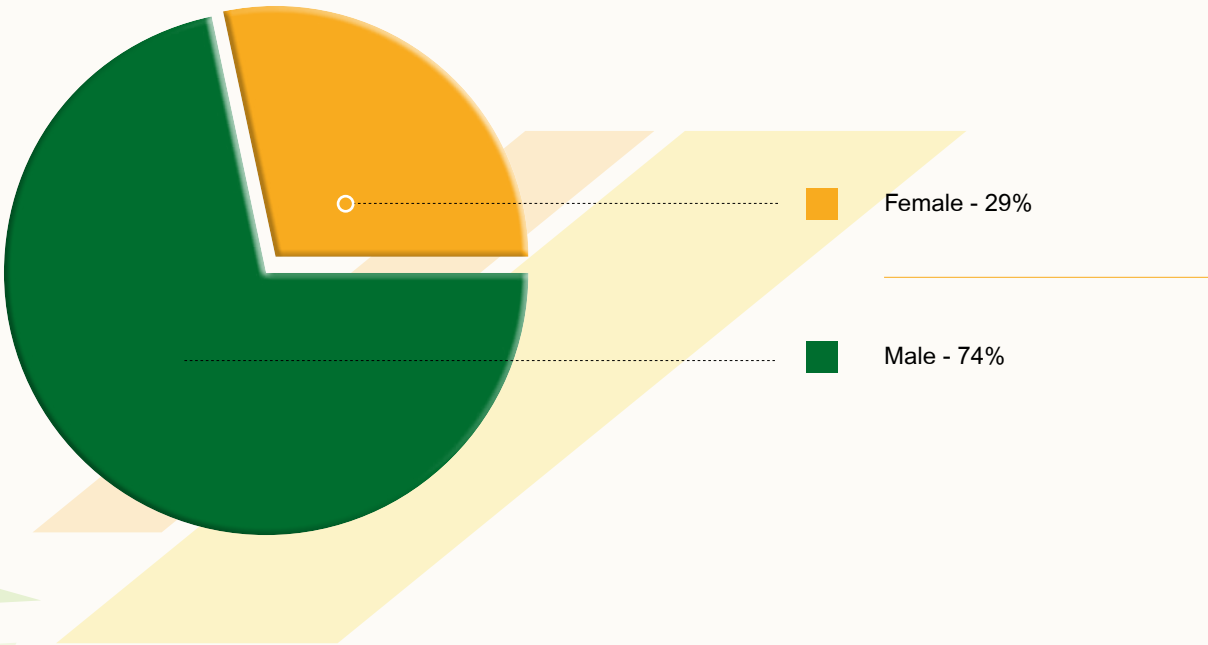

Graph 7: Employment equity percentages per race and gender for the SMS cadre in the CRLR

Out of a total of 35 SMS cadres, 10 of them were Female employees. African Female employees amounted to 50% of the said figure; White Female employees comprised 30%; and coloured and Indian female employees made up 10%.

Male employees made up a total of 25 out of the 35 SMS cadres. African Male employees amounted to 80% of the said figure; followed by Coloured Male employees at 12%. The lowest was the Indian Male and White Male employees at 4% each.

Graph 8: Gender breakdown for the SMS cadre

The majority of Senior Management positions in the CRLR were occupied by the Male employees; accounting for 74%.

LABOUR RELATIONS

The CRLR played the coordinating role in all Labour Relations matters, providing support and information to the DRLR Labour Relations team for the facilitation of grievances and misconduct cases for the period under review.

Table 69: Labour Relations cases recorded in the CRLR

MISCONDUCT	GRIEVANCE	DISPUTE	APPEALS	SUSPENSIONS
3	5	3	1	2

TRAINING AND DEVELOPMENT

No formal training was offered to staff in the financial year under review due to budgetary constraints. Employees were mostly assisted with internal programs and policy related coaching.
