DEPARTMENT OF DEFENCE ANNUAL REPORT FOR THE FY2015/16

Ms N.N. Mapisa-Nqakula, MP Minister of Defence and Military Veterans

Dear Minister

THE DEPARTMENT OF DEFENCE ANNUAL REPORT FOR THE FY2015/16

I have the honour of submitting to you, in accordance with the Public Finance Management Act, 1999 (Act No. 1 of 1999), the Department of Defence Annual Report for the reporting period 01 April 2015 to 31 March 2016.

(DR S.M. GULUBE)

SECRETARY FOR DEFENCE: DIRECTOR-GENERAL

STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY

To the best of my knowledge and belief, I confirm the following:

- · All information and amounts disclosed throughout the Annual Report are consistent.
- The Annual Report is complete, accurate and is free from any omissions.
- The Annual Report has been prepared in accordance with the guidelines on the Annual Report as issued by National Treasury.
- The Annual Financial Statements have been prepared in accordance with the modified cash standard and the relevant frameworks and guidelines issued by the National Treasury.
- The Accounting Officer is responsible for the preparation of the Annual Financial Statements and for the judgements made in this information.
- The Accounting Officer is responsible for establishing and implementing a system of internal control that has been designed to provide reasonable assurance as to the integrity and reliability of the performance information, the human resources information and the Annual Financial Statements.
- The external auditors are engaged to express an independent opinion on the Annual Financial Statements.
- In my opinion, the Annual Report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the department for the financial year (FY) which ended on 31 March 2016.

Yours faithfully

(DR S.M. GULUBE)

FOREWORD BY THE HONOURABLE MINISTER OF DEFENCE AND MILITARY VETERANS: MS N.N. MAPISA-NQAKULA, MP

During my budget vote speech on 19 May 2015, I indicated that the financial year 2015/16 would be devoted to planning the implementation of the Defence Review 2015. During the reporting period, the Department of Defence focused on ministerial priorities whose implementation will be key to the realisation of the targets of the first stage of Milestone 1 of the Defence Review 2015. These priorities include the Defence Funding Model, Human Resources Renewal, Capability Renewal and the continuance of the Ordered Operational Commitments.

Significant work was done to lay the foundation for the incremental implementation of the Defence Review 2015. This work included, amongst others, the following:

- The development of a new Military Strategy commenced, including a new Force Design and Force Structure.
- The Cyber Warfare Strategy is at an advanced stage of development as well as the Sensor Strategy that will enhance border safeguarding.
- The Officer and Non-Commissioned Officer career paths were reworked.
- The accreditation of senior defence education, training and development programmes with tertiary education institutions was done.
- The Military Disciplinary Bill received pre-certification from the Office of the State Law Advisor.
- Training of personnel in specialised musterings such as medicine, aviation and engineering is underway in partnership with countries such as Cuba and Russia.
- The SANDF recovered its Astra trainer-aircraft fleet that was due for disposal.
- The identification of a site for the new Defence Intelligence Headquarters and the allocation of a budget thereto.
- The development of the profile of the future soldier.

Progress was also made towards the completion of a costed, comprehensive Milestone 1 Plan to "arrest the decline" of Defence Force capabilities. The financial year 2016/17 Annual Performance Plan contains 12 Milestone 1 outcomes that can be achieved within the current budget allocation.

During the financial year 2015/16, the Defence Force increased the subunits deployed on our borders from 13 to 15 as I had committed last year during my budget vote speech. This is still short of the 22 subunits stipulated in the National Security Strategy. Despite this shortfall, the Defence Force achieved major successes during the past financial year. Reserves are currently contributing more than 50% of forces deployed on the borders.

The Defence Force continued to be part of the United Nation (UN) peace support and enforcement missions in the Democratic Republic of the Congo. I am proud to report that our Chief of Joint Operations, Lt Gen Derrick Mgwebi, was appointed by the UN Secretary-General as the Force Commander for MONUSCO – the single largest UN military mission in the world.

The Defence Force was at the forefront of creating the African Capacity for Immediate Response to Crises (ACIRC) as an interim measure towards establishing the African Standby Force (ASF). South Africa is also tasked with being the Framework Nation for ACIRC until June 2016.

In November 2015, we hosted Exercise AMANI AFRICA II on behalf of the African Union (AU) to assess the readiness of the ASF. The technical assessment report is to be presented to the AU Summit in June 2016, and will inform the operationalisation of the ASF.

South Africa deployed forces in the Darfur region of Sudan in 2008 as part of the AU/UN hybrid mission. The Sudanese Government made it increasingly difficult for us to provide logistic support to our troops, and impossible for our forces to protect the women and children of that country. As a result a decision was taken to withdraw the force with effect from 01 April 2016. This force will not be replaced.

Since the deployment of Naval assets in the Mozambique Channel no further incidences of piracy were reported. We are mindful of the developing challenges in the Gulf of Guinea and have thus entered into discussions with the Namibian and Angolan governments to pursue joint maritime patrols along the West Coast.

On 03 March 2016 we launched the National Defence Industry Council (NDIC) who will be chaired by the Secretary for Defence, Dr Sam Gulube. It is crucial that we look at the requirements of the Defence Force and its acquisition plans to see where they can be met by local suppliers. This will also enable defence industry companies to plan ahead against the acquisition plans of the Defence Force. As government we also have an obligation to assist our defence industry to penetrate export markets in Africa and beyond.

Since the appointment of the ARMSCOR Board and its CEO, ARMSCOR developed a new strategy which strongly focuses on the Defence Force as its primary client. This strategy deals with the rapid acquisition of equipment in support of urgent operational requirements.

The entire leadership of the Department of Defence, and its dedicated men and women, are committed to the effort to foster peace and stability, not only here at home, but in the entire continent. The SANDF is non-partisan and remains loyal to the Constitution and the people of South Africa. I would like to thank members of the department, both uniform and civilians, who have remained true to our values.

I would like to single out and express my sincere gratitude to the South Africans who continue to generously contribute to the SANDF Education Trust Fund. As you may be aware, this Fund was set up in the aftermath of the Central African Republic where we lost 15 of our soldiers, to allow us to support the children of soldiers who lose their lives in battle.

In conclusion, I would like to thank the members of the Joint Standing Committee on Defence and the Portfolio Committee on Defence and Military Veterans for the excellent cooperation which we have enjoyed over the last year. I would further like to thank the Military Command Council, the Defence Secretariat Council and the members of my Ministry for their unstinting support.

We present the Annual Report as contained herein.

(MS N.N. MAPISA-NQAKULA)

Morine ho

MINISTER OF DEFENCE AND MILITARY VETERANS: MP

STRATEGIC STATEMENT BY THE HEAD OF THE DEPARTMENT, SECRETARY FOR DEFENCE, DR S.M. GULUBE

The Department of Defence (DOD) Annual Report for the FY2015/16 aims to share the DOD's "good story" and to indicate the impact Defence had on the country, the region and the continent. To this extent, the DOD has endeavoured to communicate its annual performance information in a clear and simple manner.

During the year under review, the adoption and approval of the Defence Review 2015 was the most significant key policy development within the DOD. The Defence Review 2015 is the second policy review of this nature in the democratic South Africa and maps out the direction Defence will take over the next 20 to 30 years.

The DOD has created a Defence Review Project Implementation Team that will develop the required plans and manage the focus areas in the Defence Secretariat and the SA National Defence Force (SANDF) within the context of policy implementation.

The first tranche of planning focuses the DOD on the Milestone 1 'arrest the decline' phase of the Defence Review 2015 implementation plan. This plan consists of two primary work packages. The first package, being those interventions that can be pursued within the current budget allocation and which will improve organisational efficiency and effectiveness, and the second package, being those interventions that need additional funding and which will stabilise and improve operational performance. The comprehensive departmental costed plan to 'arrest the decline' will be finalised during the second quarter of the FY2016/17 and will be submitted into the Government planning cycle and the Medium-Term Expenditure Committee process thereafter.

The Minister of Defence and Military Veterans launched the National Defence Industry Council (NDIC) in March 2016. The NDIC is a collaborative structure between Government and defence industry and seeks to strengthen the relationship between the two, while concurrently supporting local defence industry in its export endeavours. The role and functions of the NDIC are discussed in the Defence Review 2015. This is a milestone worth noting since it places South Africa on par with countries such as the United Kingdom and Canada that established similar structures to support their defence industry.

During early 2016, the DOD signed a Memorandum of Understanding (MOU) with the Department of Small Business Development (DSBD). This MOU lays out the plan for DOD to migrate from 30% spend on Small and Medium Enterprises (SMEs) to more than 50% spend in the next five years. The DOD was the first to take the initiative after the establishment of the DSBD and the subsequent issue of the SME development guidelines. To this end the DOD is involved in initiatives that seek to educate SMEs about the requirements of doing business with the DOD, and assist them with compliance requirements. Furthermore, the DOD is leveraging its Supply Chain Management (SCM) processes to get large companies to ensure participation by SMEs in

their respective product value chain. This will ensure that SMEs develop quicker to the required competency and sustainable level.

The DOD and the Council for Scientific and Industrial Research (CSIR) launched an enterprise development initiative known as 'Defence Transformative Enterprise Development' (DEFTED). This initiative looks at taking young engineers who started their own business and incubating them within the CSIR environment to work on sophisticated Defence Technology projects. This initiative is a first in South Africa and is tipped to change the outlook of the defence industry, which is still largely untransformed.

The DOD continually strives to enhance its internal controls and to be more efficient and effective in the application of management practices and adherence to the regulatory framework. To this extent, the DOD utilises the Management Performance Assessment Tool (MPAT) results to enhance its internal controls, which should in effect improve service delivery and overall performance. The DOD received its final MPAT 1.5 results on 30 May 2016. The average score of 2.7 (refer Part C on Governance for detailed scores per Key Performance Area) represents a year-on-year improvement from an average score of 2.1 during the MPAT 1.4 assessment period to an average score of 2.7 during the MPAT 1.5 assessment period.

The appointment of the Government Information Technology Officer (GITO) was finalised during the year under review and the GITO assumed duty on 01 May 2016. It is foreseen that the DOD will now be able to make progress with the establishment of an approved Information and Technology Governance Framework and related Strategic Plan during the FY2016/17.

The Chief Director Strategic Management in the Defence Secretariat, Mr Dumisani Dladla, was appointed by the United Nations as the Interim Head of Secretariat of the Arms Trade Treaty in Geneva, Switzerland. The DOD seconded him to the United Nations on 01 March 2016. I want to convey my appreciation to him for the work he did in the areas of Strategic Management, Defence Review 2015 implementation planning and providing a Secretariat to the National Conventional Arms Control Committee (NCACC). This appointment highlights the credibility and integrity of the way in which South Africa manages and accounts for its conventional arms transfers.

I wish to convey my sincere appreciation to the Minister of Defence and Military Veterans, the Honourable Ms N.N. Mapisa-Nqakula, MP, for her leadership and commitment to the DOD and her support to the people of South Africa. I also need to express my gratitude and appreciation to the Chief of the SANDF, General S.Z. Shoke, and all uniformed members, who continued to defend and protect our country, its territorial integrity and its people.

Finally, I attribute the "good stories" in this Report to the continuous support and dedication of my management team.

It is my privilege to present the DOD Annual Report for FY2015/16.

(DR S.M. GULUBE)

SECRETARY FOR DEFENCE: DIRECTOR-GENERAL

INTRODUCTION BY THE CHIEF OF THE SOUTH AFRICAN NATIONAL DEFENCE FORCE: GENERAL S.Z. SHOKE

The DOD Annual Report for the year FY2015/16 comprises among other subjects performance information on the achievements of the South African Nation Defence Force (SANDF) and corresponding organisational financial statements. The performance information is carefully crafted to reflect on the level of outputs achieved against the DOD Annual Performance Plan (APP) for the FY2015/16. It is compiled in accordance with the norms and standards provided by government through institutions at the national strategic level such as National Treasury and the Presidency. For selected programmes the performance information in question has further been subjected to an audit process by the Auditor-General of South Africa (AGSA) to provide feedback to oversight institutions such as Parliament and the DOD Audit Committee and the public at large.

Notwithstanding an unfavourable resource situation due to the country's fiscal pressures, the SANDF has registered substantial achievements within and outside the borders of the Republic of South Africa (RSA). In a zealous effort to reduce the porosity of our borders, the SANDF increased its footprint on the borderline by deploying two additional subunits. This contingent of 15 subunits (increased from 13) continued to register tangible operational successes mainly to curb the flow of illicit activities across our borderline. The requirement to complement our forces on the borderline with an appropriate suite of mobility packages cannot be delayed any further. Given the resource constraints, a limited consignment of these packages has been procured. It is our hope that in the next financial year, the budget appropriated to the DOD will give the SANDF command cadre enough leverage to focus on strategic, operational and tactical mobility in particular over and above increasing our footprint on the borders.

Over the reporting period, the SANDF employed creative measures to execute maritime security operations in the Indian Ocean theatre with specific reference to the protection of trade routes, sea lines of communication, the containment of maritime crime (including piracy) and protection of maritime resources.

The SANDF has interacted with its strategic partners in the region, continent and the globe through its 44 Defence Attachés and Joint, Interdepartmental, Interagency, Multinational operations (JIIM) exercises. These exercises were conducted with a host of countries to deepen the country's Multinational arrangements and to keep up with the latest tactics, techniques and procedures. This included participation in Exercise AMANI AFRICA II in which about 4 560 military personnel, police and civilian were involved. The SANDF has also undergone training with other countries like France and South America.

The collateral utility of the SANDF capabilities was once again demonstrated within and outside the borders of the country through the support given to civil authorities and parts of the region in distress. The SA Army engineers constructed low-cost bridges in the Eastern Cape (Mancan, Zazulwana, Bawa and amaZizi) in collaboration with the National Department of Public Works (NDPW). The SANDF also provided water to the drought-stricken Free State province to cite but a few examples of the difference that was made to the people of South Africa. Numerous humanitarian operations were conducted in which relief was given to those in distress. These included a successful search and rescue operation at sea for a missing yacht (MORFA) in the Port Nolloth area and the rescue of a fishing vessel (LINCOLN) at False Bay, as well as a search and rescue operation for a missing civilian aircraft in the Middleburg area.

The assistance of the technical staff of the Cuban Revolutionary Armed Forces gave impetus to the maintenance and repair of military equipment, particularly operational vehicles, over the reporting period. A total of 235 operational vehicles were repaired while 286 are undergoing repairs. A further 850 vehicles have been prepared for preservation and 524 deactivated to be used as a source of spares. Skills transfer and practical training is an ancillary benefit of this cost-saving exercise in which 258 SANDF Apprentices and 48 Reserve Trade workers participated.

SANDF members were continuously deployed in the Democratic Republic of the Congo and Sudan. Due to well-considered strategic reasons, the RSA government has decided to withdraw the SANDF contingent from the Sudan war at the beginning of the next FY2016/17.

I salute the men and women in the country's profession of arms for the courage and operational discipline demonstrated at their places of work and mission areas.

(S.Z. SHOKE)

CHIEF OF THE SOUTH AFRICAN NATIONAL DEFENCE FORCE: GENERAL

STRATEGIC OVERVIEW

VISION

"Effective defence for a democratic South Africa".

MISSION

"To provide, manage, prepare and employ defence capabilities commensurate with the needs of South Africa, as regulated by the Constitution, national legislation and Parliamentary and Executive direction. This will be provided through the proper management, provision, preparedness and employment of defence capabilities that are in line with the domestic and global needs of South Africa".

VALUES

Organisational Values

The DOD committed itself to organisational values that are rooted in individual values, codes of conduct and unit cohesion. In delivering the defence mission, the DOD continues to pursue and adhere to the following organisational values:

- Accountability. We shall create a learning organisation in which all employees seek and share knowledge
 and information whilst committing themselves to personal growth. We shall lead by example and influence
 others to follow these principles. We shall be sensible to the requirements we make of our people and
 recognise the unique commitments and contribution they make.
- Consultation rooted in effective and efficient partnership and collaboration. We shall encourage and improve links with other Government departments, relevant organs of state and identified stakeholders. We will strengthen partnerships with industry, allies and the community at large. We shall promote collaboration within the DOD, harmonise activities and systems and, where sensible, share knowledge.
- **Discipline.** We shall consistently uphold a high level of discipline. We shall individually and collectively sustain and safeguard the profile and image of the defence establishment as a disciplined profession.
- *Ethics.* We shall adopt and encourage reasonable working practices. We shall not be deflected by the demands of own-vested interests but those of the DOD. We shall foster fairness and trustworthiness in all that we do. We shall not ignore difficult issues or situations.
- **Excellence.** We shall build on what we do well and actively foster a climate of success. We shall invest in our people and encourage innovation. We shall, where possible, provide appropriate incentives and recognise individual and team contributions.
- Openness and transparency. We shall ensure clear communication and better understanding. We shall ensure that our messages and intentions are clearly understood. We shall listen to clients' concerns and make sure we understand and take into consideration what they are saying to us. We shall aim to create a climate of trust and transparency in our decision-making.
- **People.** We shall uphold the values as espoused in the founding principles of the Constitution and further expressed in the Bill of Rights.
- **Service standards.** Service standards are based on clear direction and strong leadership. Our priority is, and shall always be, to maximise our defence capability and our contribution to peace and security. We shall maintain high standards of excellence and professionalism in everything we do.

• **Teamwork.** Within the DOD, we are one team and as such embrace a single purpose. We shall debate issues fully, whilst rigorously representing our individual responsibilities. Our overriding aim, however, is to reach conclusions that are best for the department and then to act on them.

Individual Values

The following individual values form the framework through which the individual values of DOD members are pursued in support of the organisational values:

- **Human dignity.** Treating others the way you expect to be treated. Human dignity is governed by respect, tolerance, fairness and communication.
- *Integrity.* Integrity denotes moral uprightness. This requires the execution of duty solely in the organisation's interest and not for personal gain. It is administered by honesty, credibility, trustworthiness and transparency.
- Leadership. The art of influencing and directing people to an assigned goal in such a manner as to command obedience, confidence, respect and loyalty.
- Loyalty. Loyalty is the sincere support of one's superiors and subordinates. Loyalty does not permit destructive comments in the workplace and towards those with whom one works. It is an attitude of respect and understanding.
- **Patriotism.** To be devoted to one's country, its interests, freedom and independence. Patriotism is the devotion of interests to South Africa above every other consideration.
- Professionalism. Those qualities, virtues and behaviour reflecting the uniqueness of the DOD. The ability
 to correctly perform any duty through striving to constantly excel and improve the organisation and the
 individual's achievements. The learning culture, civil-military relations, discipline, ethical conduct and
 excellence govern professionalism.

CONSTITUTIONAL AND LEGISLATIVE MANDATES

The DOD derives its mandate primarily from Section 200(2) of the Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996). This mandate is given substance by the Defence Act, 2002 (Act No. 42 of 2002), the Defence Review 2015¹ and delegated legislation. The DOD comprises of the Defence Secretariat, which is established in terms of Section 204 of the Defence Act and the SANDF established in terms of Section 200(2) of the Constitution.

The constitutional and primary legislative mandates governing the DOD are reflected in the table below:

Legislation		Responsibilities
Constitution of the Republic of South Africa, 1996 (Act No. 108 of 1996)	Section 200:	To provide for a structured disciplined military force and the primary objective, which is to defend and protect the Republic, its territorial integrity and its people.
(ACTIVO: 100 01 1330)	Section 201:	To provide for the political responsibility and employment of the Defence Force.
	Section 202:	The President as head of the national executive is the Commander-in-Chief of the Defence Force, and must appoint the Military Command of the Defence Force.
	Section 204:	A civilian secretariat for Defence must be established by national legislation to function under the direction of the Cabinet member responsible for Defence.
Defence Act, 2002 (Act No. 42 of 2002)	Section 4A:	Composition of the Military Command.
(ACLINO. 42 01 2002)	Section 5:	Composition of the Department of Defence.
	Section 6:	Establishment of the Defence Secretariat.
	Section 7	Appointment of the Secretary for Defence as head of the department.
	Section 8:	Functions of the Secretary for Defence.
	Section 9:	Delegation of Powers and Assignment of Duties by the Secretary for Defence.
	Section 10:	Departmental Investigations by the Secretary for Defence.
	Section 11:	Composition and Establishment of the South African National Defence Force.
	Section 14:	Functions of the Chief of the Defence Force.
	Section 33:	Intelligence Division of Defence Force.
	Section 34:	Application of Strategic and Operational Intelligence.
	Section 43:	Establishment and composition of the Council of Defence.
	Section 48:	Establishment of Reserve Force Council.
Defence Amendment Act, 2010 (Act No. 22 of 2010)	Section 4:	Appointment of the Military Command Council.
(NOCTIO. 22 01 20 10)	Section 53/104:	Rendering of service by the Reserve Force.
	Section 53(3A):	Compulsory call-up of reserve force members by the Commander

¹ The Defence Review 2014 was approved by Cabinet on 19 March 2014, endorsed by the National Assembly on 04 June 2015 and the National Council of Provinces on 24 June 2015. The Defence Review 2015 (renamed) provides the defence policy for South Africa that informs the defence trajectory to be pursued over multiple Medium-Term Expenditure Frameworks.

Legislation		Responsibilities			
Defence Amendment Act, 2010 (Act No. 22 of 2010)	Section 62:	Establishment and Functions of the Defence Force Service Commission.			
(100100.22 012010)	Section 62(A):	Establishment and Composition of the Defence Force Service Commission.			
	Section 62(B):	Functions of the Defence Force Service Commission.			
Public Service Act, 1994 (Act 103 of 1994)	Section 7(3)(a):	Each department shall have a head who shall be the incumbent of the post on the establishment bearing the designation mentioned in column 2 of Schedule 1, 2 or 3 opposite the name of the relevant department or component, or the employee who is acting in that post.			
	Section 7(3)(b):	Subject to the provisions of paragraphs (c) and (d), a head of department shall be responsible for the efficient management and administration of his or her department, including the effective utilisation and training of staff, the maintenance of discipline, the promotion of sound labour relations and the proper use and care of State property, and he or she shall perform the functions that may be prescribed.			
Public Finance Management Act (PFMA), 1999 (Act No. 1 of 1999)	Section 36	Appointment as the Accounting Officer. Furthermore, among other things, the Accounting Officer is to ensure the provision and maintenance of effective, efficient and transparent systems of financial and risk management and internal control in accordance with sections 13; 29 2 (a)(b); 38; 39; 40; 41; 42; 43; 44; 45; 46; 47(1)(a); 63; 64; 65; 81 and 89.			
National Conventional Arms Control, 2002 (Act No. 41 of 2002)	Section 9(2)	Ensure compliance with the policy of the Government in respect of arms control. Ensure that trade in conventional arms are conducted in compliance with the Act and that all regulatory processes of the Act are adhered to.			
National Strategic Intelligence, 1994 (Act No. 39 of 1994)	Section 2(3)(4)	Referring to the collection of information.			
Defence Special Account Act, 1974 (Act No. 6 of 1974)	Section 2(c)	States that moneys in the account shall be utilised to defray expenditure and purchases of DOD (relates to the Strategic Capital Acquisition Master Plan [SCAMP]).			
Military Ombud Act, 2012 (Act No. 4 of 2012)	Provides for the 6	establishment and mandate of the Office of the Military Ombud.			
Castle Management Act, 1993 (Act No. 207 of 1993)	Castle Control Board to govern and manage the Castle of Good Hope on behalf of the Minister of Defence and Military Veterans (MOD&MV).				
Armaments Corporation of South Africa (ARMSCOR) Act, 2003 (Act No. 51 of 2003)	ARMSCOR must adhere to accepted corporate governance principles, best business practices and generally accepted accounting practices within a framework of established norms and standards that reflects fairness, equity, transparency, economy, efficiency, accountability and lawfulness.				
Non-proliferation of Weapons of Mass Destruction Act, 1993 (Act No. 87 of 1993)		Subject to the Act on Non-proliferation of Weapons of Mass Destruction, which ARMSCOR performs on behalf of the DOD for or on behalf of any sovereign state.			

The following progress regarding the Legislative and other mandates were achieved:

Defence and Related Acts Repeal and Amendment Bill. The repealing and/or amending of Defence laws deemed to be obsolete or unconstitutional according to the Cabinet directive, which is an initiative of the South African Law Reforms Commission as instructed by the Cabinet. The Chief State Law Adviser has finalised this matter and provided the DOD with the precertification opinion as approved by Cabinet on 16 October 2014. Public hearings for public comments on the Bill were conducted on 04 and 11 August 2015. On approval by the National Council of Provinces (NCOP), the Bill has been gazetted on 15 December 2015.

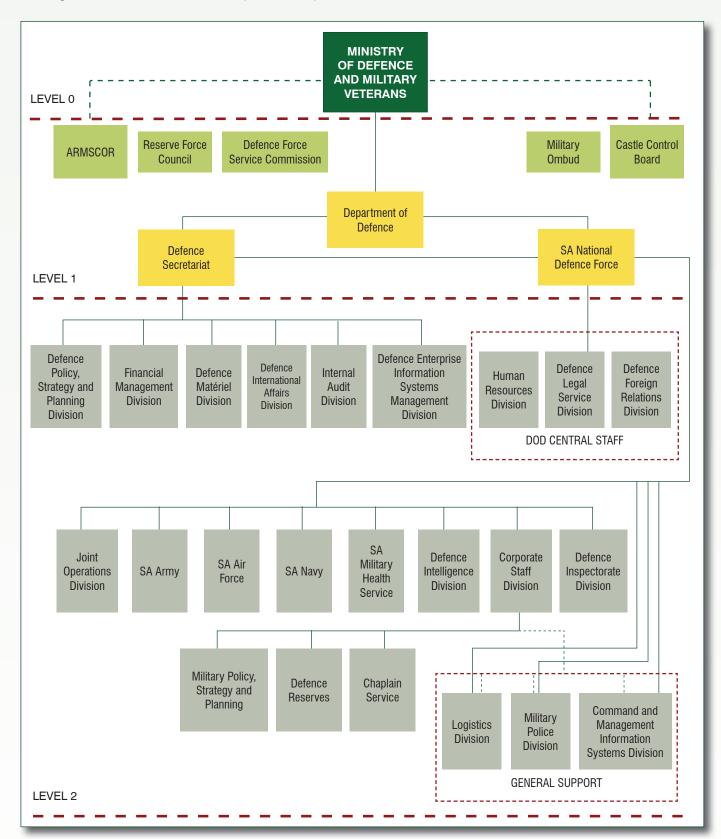

The Military Disciplinary Bill. The Constitution enjoins the State to maintain and structure the SANDF as a disciplined force. The Bill seeks to achieve this Constitutional imperative by providing for the proper administration of the Military Justice system in a manner that achieves the main aim and promotes equality, fairness, transparency and accountability in the Defence Force. A second preliminary opinion together with the returned draft Bill was received by the Military Discipline Bill Task Team from the State Law Advisor. This second preliminary opinion raises issues that merit further attention by the Military Discipline Bill Task Team. The Acting Chief Defence Legal Services, the Military Discipline Bill Task Team leader and a representative from Defence Legal Advisors engaged the Office of the State Law Advisor in order to establish the way forward in terms of the precertification of the Bill. It has been established that a new team of personnel have been identified at the Office of the Chief State Law Advisor to prioritise work on the Bill. The Bill was sent to the Office of the State Law Advisor on 07 November 2014 for precertification. In May 2016, the Office of the State Law Advisor granted a precertification legal opinion. The Bill must now serve before the security Cluster before introduction to cabinet and parliament respectively. The Task Team has in parallel to this, started the Socioeconomic Impact Assessment System process.

Detention Barracks Regulations. Defence Legal Services Division (DLSD) provided assistance and advice to the Provost Marshall General (PMG) to pursue the approval of this Regulation at the MCC and PDSC respectively during March 2016. The Regulation was approved by the command bodies and is now ready for submission to the next COD. PMG is currently attempting to finalise the Socio Economic Impact Assessment System process.

Hydrographic Bill. The Bill provides for the establishment of an Office of Hydrography Services in the South African Navy (SA Navy) to bring about safe and secured navigation within the maritime zone of South Africa. The Bill was forwarded to the Chief State Law Adviser for certification. Precertification was obtained in January 2016, and the draft Bill was approved by the Council on Defence of 19 April 2016. The Defence Legal Advisors are attempting to finalise the Socioeconomic Impact Assessment System, where after it will forward the draft Bill to the relevant cluster committees.

ORGANISATIONAL STRUCTURE

The organisational structure of the Department is provided below.

INFORMATION ON THE MINISTRY

INSTITUTIONS REPORTING TO THE EXECUTIVE AUTHORITY

The DOD has a legislative oversight function in respect of Public Entities and Organs of State, which are accountable to the Executive Authority and categorised within Schedules 2 and 3 of the PFMA, 1999.

The following Public Entities report to the Executive Authority:

Armaments Corporation of South Africa (ARMSCOR)

Purpose

ARMSCOR's legislative mandate is derived from the ARMSCOR Act (Act No. 51 of 2003), which requires ARMSCOR to adhere to accepted corporate governance principles, best business practices and generally accepted accounting practices within a framework of established norms and standards that reflects fairness, equity, transparency, economy, efficiency, accountability and lawfulness.

Objectives

The objectives required from ARMSCOR are to manage acquisition and technology projects. The following themes underpin ARMSCOR's current focus:

- · Funding and growth.
- · People/capabilities.
- · Organizational effectiveness and efficiencies.
- · Stakeholder relationships.

Castle Control Board

Purpose

The Castle Control Board is a public entity under the PFMA, 1999, Section 1, and has the mandate to manage and govern the Castle of Good Hope on behalf of the MOD&MV, who has the ultimate ownership and responsibility for the Castle.

Objectives

The objectives of the Castle Control Board include the following:

- Compliance with Regulatory Framework.
- Maintenance, preservation, interpretation and showcasing of the history of the Castle of Good Hope.
- · Preserved and protected military and cultural heritage site.
- Optimised tourism potential of the Castle of Good Hope.
- Optimised accessibility to the Castle of Good Hope by the public.
- · Increased public profile and positive perception across all sectors of the community.

The following organs of State report to the Executive Authority:

Office of the Military Ombud

Purpose

The Office of the Military Ombud was established in terms of the Military Ombud Act, 2012 (Act No. 4 of 2012) to investigate and ensure that complaints submitted by members and former members, a member of the public regarding official conduct of a member or a person acting on behalf of a member with regard to their conditions of service are resolved in a fair, economical and expeditious manner.

Reserve Force Council

Purpose

The Reserve Force Council is a statutory body under the Defence Act Section 48(4). The Reserve Force Council is a consultative and advisory body and represents the Reserve Force to promote and maintain the force as an integral part of the Defence Force and must be consulted on any legislation, policy or administrative measures affecting the Reserve Force.

Defence Force Service Commission

Purpose

The Defence Force Service Commission was established under the Defence Amendment Act, 2010 (Act No. 22 of 2010), Section 62(b). The output of the Defence Force Service Commission is to submit recommendations to the MOD&MV on improvements of salaries, service benefits, policies, and general conditions of service as well as the effective and efficient implementation thereof.

MINISTERIAL VISITS ABROAD FOR THE FY2015/16

The Minister engaged in a number of diplomatic activities during the year under review. The purpose of these visits was, amongst others, to:

- Strengthen military relations and cooperation between South Africa and other countries.
- · Attendance of defence and security exhibitions.
- Promote the SANDF's defence and security capabilities and systems.
- To focus on the political and security situation in the region.
- · Attendance of the United Nations General Assembly.

International engagements took place in the following countries:

- Russia, Indonesia, United Arab Emirates and Turkey (April 2015).
- United Kingdom and the United States of America (September 2015).
- Thailand (November 2015).
- Cuba (December 2015).

In support of Government's Outcome 11, "Creating a better South Africa and contributing to a better and safer Africa in a better World", the Minister had bilateral engagements in the following African countries to discuss political and security-related matters effecting the region and continent:

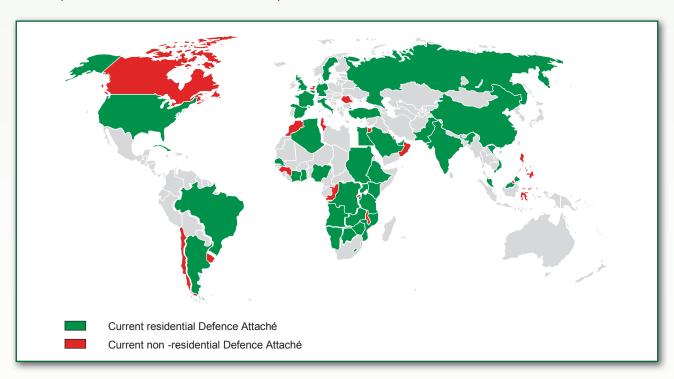

- Democratic Republic of the Congo (DRC) and Kenya (July 2015).
- Burundi and Ethiopia (August 2015).
- Mozambique (September 2015).
- Sudan and DRC (October 2015).
- Ethiopia and Botswana (January 2016).
- Nigeria (March 2016).

DEFENCE DIPLOMACY

Diplomacy actions by the DOD varied between focussed efforts and indirect actions which had a defence diplomacy impact. Focussed efforts included defence representation abroad and bilateral and multilateral meetings. Indirect action included participation in functional and developmental training with foreign defence forces and attendance of conferences and seminars. The benefits of international military cooperation gave impetus to the defence diplomacy drive of the DOD.

SANDF Defence Attaché Representation

The map below indicates the international representation of SANDF Defence Attachés for FY2015/16.

During the FY2015/16, the DOD was represented by means of residential Defence Attachés in the following 44 countries, the African Union (AU) and the United Nations (UN):

Algeria, Angola, Argentina, AU, Belgium, Botswana, Brazil, Burundi, Côte d'Ivoire, Cuba, DRC, Egypt, Ethiopia, France, Germany, Ghana, India, Italy, Kenya, Lesotho, Malaysia, Mozambique, Namibia, Nigeria, Pakistan, People's Republic of China, Russian Federation, Saudi Arabia, Senegal, Spain, South Sudan, Sudan,

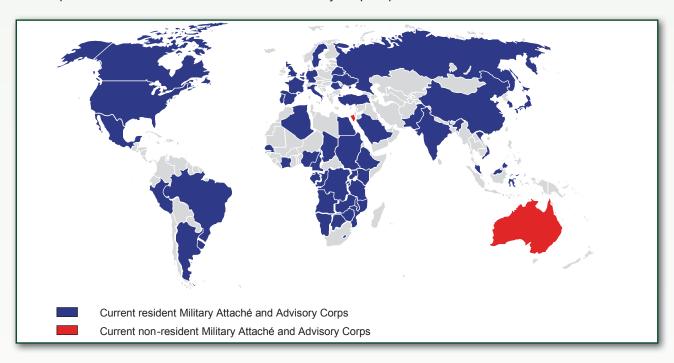

Swaziland, Sweden, Tanzania, Turkey, United Arab Emirates, Uganda, United Kingdom, UN, United States of America, Vietnam, Zambia and Zimbabwe.

During the FY2015/16, the DOD was represented by means of non-residential Defence Attachés in the following 20 countries and the European Union (EU):

Bahrain, Brunei Darussalam, Canada, Chile, European Union, Guinea, Indonesia, Jordan, Kuwait, Malawi, Mauritius, Morocco, Netherlands, Oman, Philippines, Qatar, Romania, Rwanda, Tunisia and Uruguay.

Defence Attaché and Advisory Corps Representation

The map below indicates Defence Attaché and Advisory Corps representation in South Africa for the FY2015/16.

During the FY2015/16, resident Defence Attaché and Advisory Corps representation in South Africa were from the following 59 countries:

Algeria, Angola, Argentina, Belarus, Belgium, Botswana, Brazil, Burundi, Cameroon, Canada, China, Chad, Cote d Ivoire, Democratic Republic of Congo, Republic of Congo, Ethiopia, Egypt, Equatorial Guinea, France, Gabon, Germany, India, Indonesia, Italy, Japan, Kenya, Korea, Lesotho, Malawi, Malaysia, Mexico, Mozambique, Namibia, Netherlands, Niger, Nigeria, Peru, Pakistan, Portugal, Romania, Russian Federation, Rwanda, Saudi Arabia, Senegal, Spain, South Sudan, Sweden, Tanzania, Thailand, Turkey, Uganda, Ukraine, United Arab Emirates, United Kingdom, United States of America, Uruguay, Vietnam, Zambia and Zimbabwe.

During the FY2015/16, non-resident Defence Attaché and Advisory Corps representation in South Africa were from the following three countries:

Australia, Israel and Kuwait.

Bilateral and Multilateral Interaction

The DOD is fullu re[resened at both the South African Development Community (SADC) and African Union (AU). The SADC as a region, together with the African continent as a whole, remained the main focus of the DOD for bilateral and multilateral interaction.

LAUNCH OF THE NATIONAL DEFENCE INDUSTRY COUNCIL. fltr; Mr Simphiwe Hamilton, Executive Director Aerospace, Maritime and Defence Industries Association, Dr Sam Gulube, the Secretary for Defence, Ms Nosiviwe Mapisa-Nqakula, the Minister of Defence and Military Veterans, Ms Lindiwe Zulu, the Minister of Small Business Development, Mr Kebby Maphatsoe, the Deputy Minister of Defence and Military Veterans, Gen Solly Shoke, the Chief of the SANDF, and Ms Minah Sindane-Bloem, Life Coach, Author and Communication Consultant.

PART B Performance Information

Lt Gen Derrick Mgwebi, the outgoing Chief of Joint Operations (now the Force Commander of the United Nations Missions in the Democratic Republic of Congo [MONUSCO]), acknowledging the salute from members on parade.

FINANCIAL PERFORMANCE INFORMATION

THE DEFENCE VOTE

Aim of the Vote

To "Defend and protect the Republic of South Africa (RSA), its territorial integrity and its people, in accordance with the Constitution and the principles of international law regulating the use of force. Provide for military veterans' benefits" ².

Main Programmes

The Defence budget programme structure is indicated in the table below.

Defence Budget Programme Structure				
Programme		Purpose		
Programme 1	Administration	Policy development, management and administration of the DOD.		
Programme 2	Force Employment	Provide and employ defence capabilities, including an operational capability, to conduct all operations, including joint, interdepartmental and multinational military exercises, successfully.		
Programme 3	Landward Defence	Provide prepared and supported landward defence capabilities to defend and protect South Africa.		
Programme 4	Air Defence	Provide prepared and supported air defence capabilities for the defence and protection of South Africa.		
Programme 5	Maritime Defence	Provide prepared and supported maritime defence capabilities for the defence and protection of South Africa.		
Programme 6	Military Health Support	Provide prepared and supported health capabilities and services for the defence and protection of South Africa.		
Programme 7	Defence Intelligence	Provide a defence intelligence and counterintelligence capability.		
Programme 8	General Support	Provide general support capabilities and services to the DOD.		

Defence Vote 19

The Defence Vote 19 summary of actual expenditure versus adjusted appropriation for current and prior years, is indicated in the table below.

Summary of Actual Expenditure versus Adjusted Appropriation for Current and Prior Years						
	2013/2014	2014/2015	2015/2016			
	R'000	R'000	R'000			
Vote	40 658 184	42 856 879	45 088 161			
Expenditure	40 447 521	42 842 381	45 071 534			
Overexpenditure	0	0	0			
Amount overspent as percentage of Vote	0	0	0			
Amount surrendered	210 663	14 498	16 627			
Amount surrendered as percentage of Vote	0.518%	0.034%	0.037%			

² As per the "Estimate of National Expenditure" 2015.

The Defence Vote 19 actual expenditure versus adjusted appropriation for current and prior years at programme level is indicated in the table below.

Actual Expenditure vs. Adjusted Appropriation for Current and Prior Years at Programme Level							
	2014/2015				2015/2016		
Programme	Final Appropriation	Actual Expenditure	(Over)/Under Expenditure	Final Appropriation	Actual Expenditure	(Over)/Under Expenditure	
	R'000	R'000	R'000	R'000	R'000	R'000	
Administration	4 660 587	4 658 985	1 602	4 984 514	4 981 493	3 021

Transfer Payments

During the period under review, the Department of Defence (DOD) provided transfer payments to the following institutions as indicated below:

- The Armaments Corporation of South Africa (ARMSCOR) to subsidise them in their mission to meet the
 acquisition, maintenance and disposal needs of the DOD and other clients in terms of defence matériel,
 related products and services. Audited financial statements for 2014/15 were submitted according to
 payment conditions.
- The Safety and Security Sector Education and Training Authority (SASSETA), which acts as the Sector Educational Training Authority (SETA) for Defence, to subsidise their administrative expenditure in terms of the Skills Development Act, 1998 (No. 97 of 1998). Audited financial statements for FY2014/15 were submitted according to payment conditions.
- The Reserve Force Council to subsidise them in their mission to obtain and secure community and private sector support for the Reserves and to maintain a sound relationship and communication between the Reserves, the Minister of Defence and Military Veterans (MOD&MV) and the South African National Defence Force (SANDF). Audited financial statements for FY2014/15 were submitted according to payment conditions.
- The St. John's Ambulance Brigade to provide accreditation for training of Defence members and make their members and equipment available to be called up by the South African Military Health Service (SAMHS) during times of national disaster and emergency. Audited financial statements for FY2014/15 were submitted according to payment conditions.
- The Special Defence Account (SDA) to acquire, procure and develop armament and technology. Audited financial statements form part of the financial statements of the Department.

- To Defence members that are being separated from the Department through the Mobility Exit Mechanism (MEM) in terms of the employment and social benefits due to them.
- To the Department of Military Veterans to provide national policy and standards on socioeconomic support to military veterans and to their dependants, including benefits and entitlements. Payments are made according to amount voted.
- To the South African Broadcasting Corporation (SABC) and other licensing authorities such as the South African Music Rights Organisation (SAMRO) for television and radio permits.
- To municipalities to cover the cost of payments made in terms of the law that requires all vehicles to be licensed annually.

The transfer payments made are indicated in the table below.

Transfer Payments	Transfer Payments					
Transferee	Reason for Payment	Accountability Arrangements	Budget Vote 2015/16	Annual Expenditure 2015/16		
			R'000	R'000		
Special Defence Account	To acquire, procure and develop armament and technology.	Under control of the Accounting Officer of the Department of Defence.	6 235 061	6 235 061		
ARMSCOR	To subsidise ARMSCOR in their mission to meet the acquisition, maintenance and disposal needs of the Department of Defence and other clients in terms of defence matériel, related products and services.	ARMSCOR is a Schedule 2 Public Entity managed by a Board of Directors appointed by the Minister of Defence. ARMSCOR annually submits a business plan and estimate of expenditure to the department for approval. Upon approval the required funds are included in the Departmental Vote. Audited financial statements for the Financial Year (FY) 2014/15 were submitted according to payment conditions.	1 021 900	1 021 900		
Safety and Security Sector Education and Training Authority (SASSETA)	To subsidise the administrative expenditure of the SASSETA, which acts as the Sector Educational and Training Authority (SETA) for Defence in terms of the Skills Development Act, 1998 (Act No. 97 of 1998).	Audited financial statements for the FY2014/15 were submitted according to payment conditions.	25 610	22 589		
Reserve Force Council	To subsidise the Reserve Force Council in their aim to secure community and private sector support for the Reserve Forces and to maintain a sound relationship and communication between the Reserve Forces, the MOD&MV and the SANDF.	The Accounting Officer of the Department is represented in the National Council. The Council annually submits a business plan and estimate of expenditure to the Department before such funds are included in the Departmental Vote. Audited financial statements for the FY2014/15 were submitted according to payment conditions.	7 192	7 192		
Department of Military Veterans	To provide national policy and standards on socioeconomic support to military veterans and their dependents, including benefits and entitlements.	As approved by the National Treasury and Accounting Officer of the DOD.	582 201	582 201		

Transfer Payments

Households – Employer Social Benefits	To cover the cost of employment benefits due to Defence members being separated from the Department through the MEM for uniform members and the Employer-Initiated Severance package for non-uniform members.	As approved by the Minister of Defence.	115 982	115 982
SABC	To provide for the annual payment made to the SABC and other licensing authorities such as SAMRO for television and radio licences.	As approved by the responsible budget holder.	266	266
Municipalities	To provide for the payment made to municipalities to ensure that all vehicles are licensed annually.	As approved by the responsible budget holder.	61	61
Claims against the Department	To cover the cost of legitimate claims instituted against the Department by institutions or individuals.	As approved by the Accounting Officer.	16 723	16 723
Acts of Grace	To cover the cost of payments made to the families of soldiers who died during foreign deployments.	As approved by the Accounting Officer.	400	400
TOTAL			8 006 285	8 003 264

Conditional Grants

No conditional grants were received during the FY2015/16.

Donor Funds

No donor funds were received from external sources during the FY2015/16.

CAPITAL INVESTMENT, MAINTENANCE AND ASSET MANAGEMENT PLAN

Progress Made on Implementing the Capital Investment and Asset Management Plan

The User Assets Management Plan (Immoveable) for financial years 2015 – 2019 was submitted to the National Department of Public Works (NDPW) and National Treasury during November 2015 for inclusion in the national budgetary programme. Various capital-, refurbishment- and maintenance projects were undertaken in FY2015/16 with various degrees of success in each area. The maintenance backlog is increasing due to the low expenditure on planned maintenance by NDPW. The DOD, however, included a clause in the Service Level Agreement (SLA) between the DOD and NDPW in an endeavour to minimise this trend.

The Capital Investment, Maintenance and Asset Management Plan for FY2015/16 is indicated in the table below.

Capital Investment, Maintenance and Asset Management Plan for FY2015/16						
	2014/2015			2015/2016

Infrastructure Projects Completed during FY2015/16

A total of 11 capital works projects were completed out of eight planned for FY2015/16, which represents a 96% achievement of the annual target of 70%. This overachievement is due to the fact that NDPW appointed contractors to assist in completing planned projects. In addition, funds were committed and spent on 32 out of 56 planned refurbishment projects to the value of Rm478,6 which represents a 57% achievement of the annual target. This underachievement is mainly due to supply chain challenges within NDPW as well as challenges experienced with certain appointed contractors.

Capital Infrastructure Projects in Progress

Capital infrastructure projects in progress in FY2015/16 and to be rolled over to FY2016/17 are indicated in the table below.

Capital Infrastructure Projects in Progress for FY2015/16					
Location	Project Description	Progress Status	Expected Completion Date		
Pretoria	1 Military Hospital: Upgrade and refurbishment of 1st Floor (Phase 1)	Design stage	Expected to be completed in 2017		

Capital Infrastructure Projects in Progress for FY2015/16				
Location	Project Description	Progress Status	Expected Completion Date	
Simon's Town	Naval Base Simon's Town: Construction of a Maritime Warfare Simulation Centre: Site Clearance	Construction completed	Completed	
Pretoria	Air Defence Artillery Group: ADA Fmn: Dequar Road: Barrier-free project for people with disabilities: Building H3	First delivery stage	Expected to be completed in 2016	
Pretoria	Northern Military Police HQ: Security Projects: Palisade fence with electric wire on perimeter & upgrading of security stores	Final delivery stage	Expected to be completed in 2016	
Middelburg	4 SA Inf Bn: Construction of New Sick Bay	Tender recommendation stage	Expected to be completed in 2017	
Durban	South African Navy (SA Navy) Salisbury Island: Refurbishment of main kitchen	Pre-site handover stage	Expected to be completed in 2016.	
Cape Town	Air Force Base (AFB) Ysterplaat: Repair and renovations of VIP aircrew and pilot facilities	Construction completed	Completed

Pretoria	JSB Garrison Kiepersol Officers' Mess: Upgrading of kitchen equipment	Design stage	Expected to be completed in 2017
Thaba Tshwane	SA Army College: Upgrading of kitchen equipment	Design stage	Expected to be completed in 2017
Γhaba Γshwane	JSB Garrison Gerbera Officers' Mess: Upgrading of kitchen equipment	Design stage	Expected to be completed in 2017
Pretoria	SADIC and ETD College: Site clearance	Predesign planning	Expected to be completed in 2019

Plans to Close down or Downgrade Current Facilities

The Logistics Division has no plans to close down or downgrade any facilities currently indicated on the Immovable Asset Register of the DOD.

Progress Made on the Maintenance of Infrastructure

As at 31 March 2016, only Rm245,1 of the Rm914,3 paid over to NDPW earmarked for accommodation charges, was actually spent on planned maintenance of facilities utilised by the DOD. This figure represents only 26.8% of the funds paid over to NDPW for this purpose. The DOD spent an additional Rm67,6 on the day-to-day maintenance of its facilities.

Developments relating to the above that are expected to impact on the DOD's current expenditure

The DOD requested a mandate from the Minister of Public Works for the DOD to perform its own planned maintenance tasks and minor capital works. If approved, this mandate will result in an increase in the DOD's infrastructure expenditure.

Changes in Immovable Assets Holdings

No changes took place with regard to immoveable asset holdings. During the period under review, measures were taken to ensure that the Department's asset register remained up-to-date. The immovable asset register was verified by the Defence Works Formation and the Regional Works Units by means of a physical verification process. The register was updated with the verified information.

Current State of the Department's Capital Assets

The DOD facilities are generally in a fair state and should not have a significant impact on its service delivery mandate (1% good, 38% acceptable, 55% fair, 4% poor, and 2% very poor). These figures are similar to the previous financial year and will remain as such until the new performance assessment cycle commences in FY2016/17.

Major Maintenance (Refurbishment) Projects undertaken during FY2015/16

The Major Maintenance (Refurbishment) Projects undertaken during FY2015/16 are indicated in the table below.

Major Maintenance (Refurbishment) Projects undertaken during FY2015/16			
Location	Project Description	Status	
Pretoria	1 Mil Hosp Ramp: Repair and Maintenance of Mechanical and Electrical Infrastructure	Final delivery	
Bloemfontein	1 Par Bn: Major Refurbishment of Facilities and Civil Services	Construction stage	
Bloemfontein	1 SA Inf Bn: Major Refurbishment of Facilities and Civil Services	Design stage	
Bloemfontein	1 SSB: Major Refurbishment of Facilities and Civil Services	Construction stage	
Mmabatho	10 SA Inf Bn: Repair and 36 Months' Maintenance of Civil Building Structural and WET	Construction stage	
Umtata	14 SA Inf Bn: Replacement of Kitchen Equipment	Construction stage	
Bethlehem	2 Field Engr Regt: Major Refurbishment of Facilities and Civil Services	Construction stage	
Cape Town	2 Mil Hosp Ramp: Multidiscipline design and construction	Design stage	
Cape Town	2 Mil Hosp: Refurbishment and additions to Hospital	Construction stage	
Johannesburg	21 SA Inf Bn: Repair And 36 Months' Maintenance of Civil Building Structural and Wet Services	First delivery stage	
Durban	Salisbury Island Naval Base: Refurbishment of facilities	Design stage	

Major Maintenance	(Refurbishment) Projects undertaken during FY2015/16	
Location	Project Description	Status
Middelburg	4 SA Inf Bn Ramp: Multidiscipline Design and Construction	Design stage
Middelburg	4 SA Inf Bn: Special Ramp: Repair and Maintenance to Civil Infrastructure	Final delivery stage
Bloemfontein	44 Para Brigade: Major Refurbishment of Facilities and Civil Services	Funds approved.
Grahamstown	6 SA Inf Bn: Repair and 36 Months' Maint for Civil Buildings, Structural Wet Services Infrastructure	Design stage
Upington	8 SA Inf Bn: Major Refurbishment of Facilities and Civil Services	Construction stage
Eerste River	9 SA Inf Bn: Sick Bay Upgrading of Buildings 1, 9, 10, 11, 12, 20, 22, 39 and 84	First delivery stage
Bredasdorp	AFB Overberg: Refurbishment of Sewer Plant	Tender stage
Hoedspruit	AFB Hoedspruit: Repair of Flood Damage	Construction stage
Pretoria	JSB Garrison: Refurbishment of B-Mess	Design stage
Cape Town	The Castle: Repair and Maintenance Phase 2	Construction stage
Pretoria	Defence College: Refurbishment of facilities	Design stage

Pretoria	Rooiwal Communication Facility: Refurbishment of facilities	Design stage	
Thaba Tshwane	JSB Garrison Fin Office: Refurbishment of facilities	Design stage	
Dunnotar	35 Engr Sup Regt: Refurbishment of facilities	Final delivery stage	

Progress Made in Addressing the Maintenance Backlog during FY2015/16

The current maintenance backlog is estimated at R6,8 billion. The backlog is mainly due to the low expenditure figure by NDPW in executing planned maintenance tasks on facilities utilised by the DOD, resulting in an increase in the maintenance backlog. As a control measure, a clause was included in the SLA between the DOD and NDPW that the Annual Planned Maintenance Programme will be signed off by the DOD before execution. The latter will provide the DOD with an opportunity to interrogate the contents of the Programme before signing it off.

NON-FINANCIAL PERFORMANCE INFORMATION

AUDITOR-GENERAL'S REPORT ON PREDETERMINED OBJECTIVES

The Auditor-General of South Africa (AGSA) currently performs certain audit procedures on the performance information to provide reasonable assurance in the form of an audit conclusion. The audit conclusion on the performance against predetermined objectives is included in the report to management with material findings being reported under the 'Predetermined Objectives' heading in the 'Report on other legal and regulatory requirements' section of the auditor's report, if applicable.

Refer to page 177 of the Report of the Auditor-General, in Part E: Financial Information.

STRATEGIC OUTCOME-ORIENTED GOALS

Introduction

The DOD Annual Report for the FY2015/16 is presented herewith. The Report details the ways in which the DOD achieved the defence strategic objectives of meeting ordered commitments, providing capabilities, ensuring sound administration and management of the DOD.

In the period under review, the DOD progressed in many areas against priorities set. The SANDF soldiers were deployed outside the country in various peace missions, and internally on several missions in support of the people of South Africa as well as other Government departments.

Mandate

The DOD derives its mandate from Section 200(2) of the Constitution and is given substance by:

- The Defence Act.
- The White Paper on Defence (1996).
- The Defence Review (1998) Defence Review 2015³ in future.
- · Delegated legislation.

The DOD executed its mandate "To provide, manage, prepare and employ defence capabilities commensurate with the needs of South Africa, as regulated by the Constitution, national legislation and Parliamentary and Executive direction. This will be provided through the proper management, provision, preparedness and employment of defence capabilities that are in line with the domestic and global needs of South Africa" within a constrained budget allocation.

Outcomes

Through the DOD Strategy Map, the DOD's mandate is translated into the following defence **outcomes**:

- · The RSA is defended and protected.
- · Enhanced Civil Control of Defence.

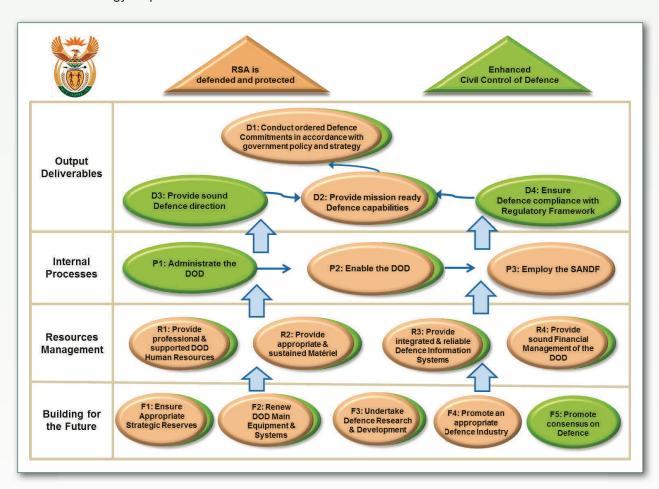

³ The Defence Review 2014 was approved by Cabinet on 19 March 2014, endorsed by the National Assembly on 04 June 2015 and the National Council of Provinces on 24 June 2015. The Defence Review 2015 (renamed) provides the defence policy for South Africa that informs the defence trajectory to be pursued over multiple Medium-Term Expenditure Frameworks.

Outputs

The DOD's **outputs** express aspects of the Medium-Term Strategic Framework (MTSF) in relation to:

- Outcome 3: "All people in South Africa are and feel safe".
- Outcome 11: "Creating a better South Africa and contributing to a better and safer Africa in a better World".

The DOD Strategy Map is indicated below.

Medium-Term Strategic Framework Outcomes and Outputs derived from Government Strategic Outcomes for the FY2015/16 to FY2017/18

In pursuance of its legislative mandate and utilising its inherent defence capabilities, the DOD continued to provide support to the Government's MTSF Outcomes relevant to the Defence mandate.

The MOD&MV is the chairperson and jointly responsible for the coordination of the Justice, Crime Prevention and Security (JCPS) Cluster and member of the Joint International Cooperation Trade and Security (ICTS) Cluster for the MTSF Outcomes 3 and 11 respectively.

The DOD's contributions to the MTSF outcomes are as follows:

Outcome 3: "All people in South Africa are and feel safe"

• Sub-outcome 3: South Africa's borders effectively defended, protected, secured and well managed. Improve border security and management by addressing security threats and vulnerabilities such as illegal cross-border movement of people, goods and services as well as hostile elements that threaten the territorial integrity of the state and the wellbeing of its people.

During the FY2015/16, the DOD contributed towards this sub-outcome through the development of the Border Safeguarding Strategy (substrategy) in support of the overarching strategy to defend, protect, secure and ensure well-managed borders by securing the land, airspace and maritime borders.

This strategy is however dependent on the overarching national strategy to defend, protect, secure and ensure well-managed borders, which is the responsibility of the Border Management Agency Legal Task Team. This Task Team was established in February 2016 and recently finalised its key deliverables, including a draft overarching strategy.

During the MOD&MV's Budget Vote on 19 May 2015, a pronouncement was made that the DOD will increase the number of companies for border safeguarding operations with two additional companies increasing from 13 to 15 companies. During the FY2015/16, the DOD called up two additional Reserve Force companies for border safeguarding operations, giving a total of 15 landward subunits deployed to safeguard and maintain the integrity of the borderline.

• Sub-outcome 4: Secure Cyberspace. The Criminal Justice System needs to improve cybersecurity so as to create a secure, dependable and reliable cyber environment.

During the FY2015/16, the DOD contributed towards the development of the National Cyberwarfare Strategy and Implementation Plan, by developing and submitting a Cyberwarfare Strategy and Implementation Plan for approval by Chief of the South African National Defence Force (C SANDF). During the FY2016/17, the DOD will implement the Cyberwarfare Implementation Plan, as well as continue to contribute towards capacitating and establishing a Cyberwarfare Command Centre Headquarters by FY2018/19.

• Sub-outcome 7: Corruption in the Public and Private Sectors Reduced. We will build a resilient anti-corruption system to successfully detect and investigate cases of alleged corruption with a view to the prosecution, conviction and incarceration of perpetrators. This will hopefully serve as deterrence and contribute to ensuring a corruption-free society.

The DOD contributed to this sub-outcome by means of reducing departmental levels of corruption where prevalent, thus contributing to improving investor perception, trust in and willingness to invest in South Africa.

No corruption and fraud cases of Rm5 and over were reported in the DOD during FY2015/16. The DOD presented fraud and corruption awareness roadshows to 10 248 members, including the command cadre of the SANDF. Since July 2015, the DOD has been contributing on a continuous basis towards the development of the National Anti-Corruption Strategy, which is now in the final stages of completion.

Outcome 11: "Creating a better South Africa and contributing to a better and safer Africa in a better world"

• Sub-outcome 3: Political cohesion in Southern Africa to ensure a peaceful, secure and stable Southern African Region.

The DOD contributed towards this sub-outcome by means of the deployment of the SANDF for peace support operations on instruction by the Commander-in-Chief, as well as the deployment of 10 Defence Attachés in the Southern African Development Countries (SADC).

During the FY2015/16, the DOD complied 100% with all ordered commitments (external deployments ordered by the Commander-in-Chief in accordance with the Constitution). External operations included:

- Participation in the United Nations (UN) Peace Support Operation in the Democratic Republic of the Congo (DRC).
- Anti-piracy operations in the Mozambique Channel.
- UN/African Union (AU) Hybrid Peace Support Operation in the Sudan4.

The DOD also provided forces in the following two General Military Assistance operations which are still ongoing:

- Mission THEBE. Eight members are deployed in the DRC for the safe guarding of SANDF equipment.
- Team BULISA. Seven members are deployed to the Forces Armées de la République Démocratique du Congo (FARDC) to assist them with the publication and popularisation of their Military Strategy.

In conclusion, and in support of this sub-outcome, the DOD was involved in the following Joint, Interdepartmental, Interagency and Multinational military exercises:

- Exercise WAYSIDE I
- Exercise WAYSIDE II
- Exercise OXIDE
- Exercise BLUE ZAMBEZI⁵
- Exercise AMANI AFRICA II
- Exercise IBSAMAR

OVERVIEW OF DEPARTMENTAL PERFORMANCE

Service Delivery Environment

DOD Selected Performance Indicators

The DOD selected performance indicators are derived from the defence mandate and form the basis of the Department's budget allocation from National Treasury. These indicators represent the largest cost drivers in the DOD and are included in the Estimates of National Expenditure.

The table below provides the details of achievements of targets for the DOD Selected Performance Indicators for the FY2015/16.

DOD Selected Performance Indicators for FY2015/16			
Accountability/ Reporting Responsibility	Performance Indicator	Analysis	
Defence Intelligence (Defence Foreign Relations)	Total number of defence Attaché Offices	Target 45 Actual 44 Deviation The 45 th Defence Attaché office is to be considered and identified for implementation in the FY2016/17.	

⁴ Please note that SANDF forces deployed in Sudan were withdrawn by the Commander-in-Chief as a result of the President's Minute No 45/2016 dated 22 February 2016. Forces commenced withdrawing on 01 April 2016.

⁵ Previously BLUE OKAVANGO.

Accountability/ Reporting	Performance Indicator	Analysis
Responsibility		, analysis
Defence Intelligence (Defence Foreign Relations)	Total number of defence Attaché Offices	Comment The 44 Defence Attaché offices comprise of 10 x offices in the SADC region, 13 x offices in the rest of Africa and 21 x offices in the rest of the world.
Administration (Human Resources Support	Number of Military Skills Development members in the	Target 3 863
Services)	system per year	Actual 3 944
		Comment More Military Skills Development System (MSDS) members absorbed by the SA Air Force, SA Navy and SAMHS than planned for FY2015/16.
Administration (Human Resources Support	Number of Reserve Force person days ⁶	Target 2 442 792
Services)		Actual 2 768 982
		Comment Two additional Reserve Force companies were called up for border safeguarding operations.
Force Employment	Compliance with Southern African Development Community (SADC) standby force agreements and South African pledge ⁷⁸⁸	Target 100%
		Actual 100%
Force Employment Landward Defence	Percentage compliance with number of ordered commitments (external	Target 100%
Defence Intelligence	operations ⁹)	Actual 100%
Force Employment	Percentage compliance with number of ordered commitments (internal	Target 100%
	operations ¹⁰)	Actual 100%
Force Employment	Number of joint, interdepartmental and multinational (JIM) military	Target 5
	exercises conducted per year	Actual 6
		Comment Exercises: 2 x WAYSIDE, 1 x OXIDE, 1 x BLUE ZAMBEZI, 1 x AMANI AFRICA II and 1 x IBSAMAR
		Ex IBSAMAR was planned for FY2016/17 but on request from Ind the exercise took place in FY2015/16.

⁶ Performance indicator name change: previously read as "Number of Reserves utilised per year".

Performance indicator name change: previously read as "Percentage Compliance with SADC Standby Force Agreement and South African Pledge".

⁸ The pledge was revised and now refers to the new approved pledge.

External operations include Peace Support Operations.
 Internal operations include border safeguarding operations and operations in support of other government departments.

Accountability/ Reporting	Performance Indicator	Analysis
Responsibility	renormance mulcator	Allalysis
Force Employment	Number of landward subunits deployed on border safeguarding per year	Target 13 Actual 15
		Comment The planned target for border safeguarding was to deploy 13 x subunits in the FY2015/16. In the MOD&MV's budget vote for FY2015/16, the SANDF was instructed to deploy 2 x additional subunits for border safeguarding operations.
Air Defence	Number of force employment hours flown	Target 6 500
	per year	Actual 4 785
		Deviation The number of force employment hours flown per year depends on taskings from Chief Joint Operations (CJ Ops) and the serviceability of aircraft. Some of these taskings include search and rescue, flood relief and humanitarian aid. These taskings do not always materialise, hence fewer hours flown. VIP hours were slightly higher than the prediction due to more flight requests.
		Comment 893 hours were flown as VIP operations and 3 893 in support of joint force requirements.
Maritime Defence	Number of hours at sea per year	Target 12 000
		Actual 10 710.70
		Deviation Due to unavailability of vessels as a result of Human Resources constraints and limited Dockyard capacity, fewer sea hours could be achieved.

Service Delivery Improvement Plan

In line with the Public Service's Batho Pele "People First" principles, introduced on 01 October 1997, the DOD FY2015/16 MTEF Service Delivery Improvement Plan (SDIP) was developed to promote and enable this national imperative.

The DOD SDIP locates itself within the departmental vision "To provide, manage, prepare and employ Defence capabilities commensurate with the needs of South Africa as regulated by the Constitution, national legislation, parliamentary and executive direction". The central theme of the evolving DOD SDIP is the enabling of ordered defence commitments and will inform and direct the development of subsequent Departmental SDIPs.

The Departmental internal service delivery improvement areas are as follows:

- · Promotion of Access to Information.
- Procurement.

- HR Public Service Act Personnel (PSAP) Staffing.
- Disciplinary cases.

The table below highlights the Main Services and Improved Service Standards to date.

Main Services	Improved Service Standard	Analysis
Promotion of Access to Information	Complete all requests in terms of the Promotion of Access to Information Act within the prescribed standards.	Desired Standard of Service Publish and distribute the DOD Promotion of Access to Information Manual.
		Actual Achievement Promotion of Access to Information Manual translated in three official languages, English version published on Intranet and Internet, isiXhosa and Sesotho versions in process of being published on Intranet and Internet and request submitted to the Government Printers printed 1 000 copies of each language for distribution.
		Desired Standard of Service Prepare the Section 15 notification for publication in the Government Gazette.
		Actual Achievement Government Gazette No 39411 dated 13 November 2015 printed and published on Intranet and Internet.
Procurement	Effective, efficient and economical Procurement Processes.	Desired Standard of Service Update Edition 5 of the Procurement delegation.
		Actual Achievement Edition 5 of the Procurement delegation is in the process of being updated.
		Desired Standard of Service Update Procurement policy.
		Actual Achievement In process of updating the Procurement policy. Draft policy was discussed by stake holders.
		Desired Standard of Service Standardise Standard Operating Procedures/Standard Work Procedures.
		Actual Achievement The Logistics Division will issue an instruction to guide the standardisation of Standard Working Procedures (SWPs).
Human Resources Acquisition	PSAP staffing process completed in 90 days.	Desired Standard of Service Plan the devolution of functions from the Head Office to the Services and Divisions.
		Actual Achievement Planning for the devolution of functions from the Head Office to the Services and Divisions was done and is awaiting Ministerial approval.

Main Services and Improved Service Standards for FY2015/16			
Main Services	Improved Service Standard	Analysis	
Human Resources Acquisition	PSAP staffing process completed in 90 days.	Desired Standard of Service Seek approval of delegations according to the Delegation Directive received from the Department of Public Service and Administration (DPSA) to guide the delegations from the Executive Authority to the Head of Department and all relevant performer levels.	
		Actual Achievement Delegations according to the Delegation Directive received from the DPSA to guide the delegations from the Executive Authority to the Head of Department and all relevant performer levels was implemented.	
Disciplinary Cases	Finalisation of disciplinary cases within 90 days.	Desired Standard of Service Submit a requirement for a dedicated structure.	
		Actual Achievement A requirement for a dedicated structure was not submitted due to the moratorium on the creation of new structures in the DOD.	

Organisational Environment

Minister of Defence and Military Veterans' Priorities for the FY2015/16 to FY2017/18

The MOD&MV provides the DOD with strategic direction and sets out priorities to be pursued by the DOD over a given period of time. The execution of these priorities enhances the effective realisation of the Defence mandate.

The MOD&MV's priorities for FY2015/16 were directly related to the Defence Review 2015 and gave impetus to the implementation thereof. The MOD&MV's priorities for FY2015/16 were as follows:

- · Strategic Leadership.
- Defence Funding Model.
- · Organisational Renewal.
- · Human Resources Renewal.
- · Capability Renewal.
- Defence Industry and Technology Development.
- Defence Commitments.

These priorities have directed the comprehensive Defence Review Milestone 1 planning done during the FY2015/16 for envisaged implementation in FY2016/17 onwards, within allocated resources.

The DOD devoted FY2015/16 to the planning for the incremental implementation of the Defence Review 2015 (Milestone 1) to 'arrest the decline' (refer to the figure below for the planning trajectory). To this end, the DOD created a Defence Review Project Implementation Team to develop these plans and to manage the focus areas of both the Defence Secretariat and the SANDF respectively within the implementation context.

The Defence Review 2015 (Milestone 1) Implementation Plan consists of two primary work packages. The first package being those interventions that can be pursued within the current Defence budget allocation and which will improve organisational efficiency and effectiveness and the second package, being those interventions that need additional funding and which will improve operational performance. On the former,

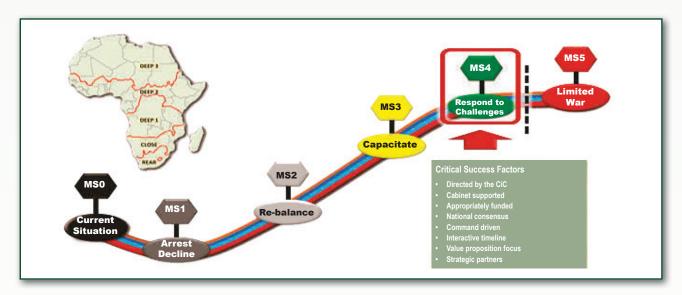

the Planning Team identified the following 12 End States/Outcomes¹¹ that were included in the DOD's Annual Performance Plan 2016¹²:

- · Sustained Ordered Defence Commitments.
- · Capability sustainment and renewal.
- · Defence Facilities maintained.
- · Restructuring of the SANDF.
- · DOD Human Resources Management.
- · Defence Academy established.
- · Military discipline enhanced.
- Relationship between the DOD Education, Training and Development programmes and accredited tertiary institutions for civilian and military members.
- · Defence Funding Model developed.
- Defence Industry engagements established.
- Strategic direction for the implementation of the SA Defence Review Milestone 1.
- · Strategic communication intervention.

Services and Divisions adjusted their plans accordingly and will be reporting against these 12 End States/ Outcomes in a narrative form on a quarterly basis. Quarterly reporting will allow the Parliamentary oversight committees to obtain an indication of progress made with the implementation of the Milestone 1 Implementation Plan as well as any improvements/challenges that may arise as it unfolds. Quarterly performance reporting will be done through the Departmental reporting process¹³ for FY2016/17.

The planning team is finalising the cost-driven component to the Defence Review 2015 (Milestone 1) Implementation Plan which will be included in the Planning Instruments of the financial year 2017/18 onwards should the required additional funding be contained in the 2017/18 appropriation to Defence.

The figure below indicates the planning of the DOD's development trajectory.

Note: CiC - Commander-in-Chief

DOD Consolidated List.

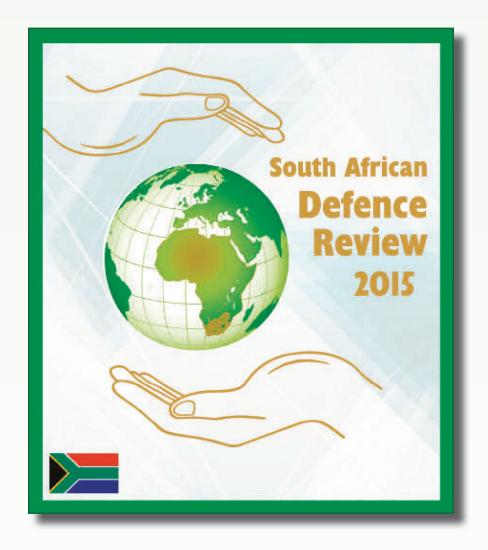

Refer DOD Annual Performance Plan for 2016, page 191.

¹³ DOD Instruction 001/2016: Guidelines for the Preparation of Quarterly Performance Reports on Performance against the DOD Annual Performance Plan for FY2016/17.

Key Policy Developments and Legislative Changes

During the period under review, the adoption and approval of the Defence Review 2015 was the most significant key policy development within the Department.

The Defence Review 2015 is the second comprehensive defence policy review of this nature in the democratic South Africa and maps out the direction defence will be taking over the next 20 to 30 years.

PERFORMANCE INFORMATION BY PROGRAMME

Programme 1: Administration

Overview

This Administration programme is aimed at facilitating the overall management of the Department. The provision of services in the form of Ministerial direction emanating from the office of the MOD&MV as well as Departmental direction from the office of the Secretary for Defence and the C SANDF. The Administration programme provides centralised Human Resources Support, Defence Legal Services and Defence Foreign Relations Support functions to the DOD. Furthermore, the Administration function includes centralised governance, risks and compliance functions, the determination of working methods and procedures that improve internal controls, as well as the veracity of information provided.

The following subprogrammes form part of the Administration Programme:

- · Ministerial Direction.
- · Departmental Direction.
- Internal Audit Services.
- Government Information Technology Officer (GITO).
- · Policy and Planning (Defence Policy, Strategy and Planning).
- · Financial Services.
- Acquisition Services (Defence Matériel and Defence Supply Chain Integration).
- · Defence International Affairs.
- Human Resources Support Services¹⁴.
- Legal Services¹⁵.

In addition, the following subprogrammes of the Defence Administration Programme fall within the responsibilities of the C SANDF:

- SANDF Command and Control.
- · Corporate Staff Office.
- Inspection Services (Inspector-General).
- · Communication Services.
- · Defence Foreign Relations.
- · Religious Services.
- · Military Policy, Strategy and Planning Office.
- · Defence Reserve Direction.

Purpose

The purpose of the Administration programme is to provide strategic leadership, management and support services to the DOD and provide for military veterans' benefits through the Department of Military Veterans.

¹⁴ Central Staff.

¹⁵ Central Staff.

Outputs

The main outputs of the Administration Programme are Ministerial Direction, Departmental Direction, Defence Policy Advice, Strategic Direction, Corporate Planning and Reporting.

Subprogramme: Ministerial Direction

Purpose

The Ministerial Direction Subprogramme provides political direction to the DOD to ensure the democratic defence of South Africa by meeting the required Defence commitments and providing appropriate defence capabilities.

Overview

In the year under review, the Minister, as the executive authority for the Department, continued to uphold and fulfil the DOD's mandate, as outlined in the Constitution, 1996.

The Minister provided political direction to the DOD and ensured the preparation of defence capabilities to be utilised in meeting the ordered commitments. These ordered commitments contributed to peace, security, and stability in South Africa and the Southern African region. The Minister played a pivotal role in ensuring that all missions were undertaken under the legally required political authorisation, were in pursuit of Government objectives, and were fully accounted for. The Minister further played an active role in the Defence diplomacy arena at both bilateral as well as multilateral areas.

The Minister constituted the Defence Review Committee and mandated it to look critically at SA's Defence Policy. The Defence Review 2014 was approved by Cabinet on 19 March 2014, endorsed by the National Assembly on 04 June 2015 and the National Council of Provinces on 24 June 2015. The Defence Review 2015 (renamed) provides the defence policy for South Africa that informs the defence trajectory to be pursued over multiple Medium-Term Expenditure Frameworks. The Minister's priorities for FY2015/16 were directly related to the Defence Review 2015 and gave impetus to the implementation thereof.

Outputs

The table below provides details of the Ministerial Direction Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD Annual Performance Plan (APP) of FY2015/16.

Ministerial Direction Output Details for FY2015/16			
Output	Performance Indicator	Analysis	
Ensure Defence in compliance with Regulatory Framework	Percentage compliance with submission dates of DOD statutory documents. (DOD APP tabled in Parliament)	Target 100% (1 DOD APP submitted in line with National Prescripts). Actual 100% (1 DOD APP tabled on 11 March 2016).	
	Percentage compliance with submission dates of DOD statutory documents. (DOD Annual Report tabled in Parliament)	Target 100% (1 DOD Annual Report submitted in line with National Prescripts). Actual 100% (1 DOD Annual Report tabled on 29 September 2015).

Subprogramme: Office of the Military Ombud

Purpose

The Office of the Military Ombud was established in terms of the Military Ombud Act, 2012 (Act No. 4 of 2012) to investigate and ensure that complaints submitted by members and former members, a member of the public regarding official conduct of a member or a person acting on behalf of a member with regard to their conditions of service are resolved in a fair, economical and expeditious manner.

Objectives

The objectives of the Military Ombud are as follows:

- Submit an Annual Report to the Minister within one month after the end of the financial year.
- Investigate as well as resolve complaints lodged in writing by:
 - A member regarding his or her service conditions.
 - A former member regarding his or her conditions of service.
 - A member of the public regarding the official conduct of a member of the Defence Force.
 - A person acting on behalf of a member of the Defence Force.

Overview

During the period under review, the Military Ombud Complaints Regulations were approved by the Minister and promulgated in the Government Gazette on 16 November 2015.

The Office of the Military Ombud received 250 new cases in FY2015/16, and 233 cases were carried over from the previous financial year. From these 483 active complaints a total of 365 cases were assessed and finalised in the FY2015/16 whilst the remaining 113 cases will be carried over to the next financial year (FY2016/17).

Outputs

The table below provides details of the Military Ombud Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Ministerial Direction Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Ensure Defence in compliance with Regulatory Framework	Percentage compliance with submission dates of DOD accountability documents. (Military Ombud APP submitted to the ExecutiveAuthority)	Target 100% (1 APP submitted in line with National Prescripts) Actual 100% (1 APP submitted in line with National Prescripts)
	Percentage compliance with submission dates of DOD accountability documents. (Military Ombud Annual Report submitted to the Executive Authority)	Target 100% (1 Annual Report submitted in line with National Prescripts) Actual 100% (1 Annual Report submitted in line with National Prescripts)
	Percentage of written complaints finalised.	Target 60% Actual 76% (365 out of 483 active complaints were assessed and finalized, 113 cases will be carried over to the next financial year)

Subprogramme: Reserve Force Council

Purpose

The Reserve Force Council is a statutory body under the Defence Act, Section 48(4). The Reserve Force Council is a consultative and advisory body and represents the Reserve Force to promote and maintain the force as an integral part of the Defence Force and must be consulted on any legislation, policy or administrative measures affecting the Reserve Force.

Objectives

The objectives of the Reserve Force Council are as follows:

- Provide inputs to Reserve Force policy formulation.
- Assist stakeholders in the development of legislation, policies and strategies for Reserves in accordance with its legislative mandate.
- Advise the MOD&MV, Secretary for Defence, C SANDF and other elements in the DOD as appropriate.
- Communication and marketing of Reserves and Reserve Force System.
- · Co-manage joint projects in shooting and military skills.
- Establishment and maintenance of both bilateral and multilateral links with international Reserve Officers' Associations.
- Identifying and advancing international opportunities for young Reserve Force leaders, both officers and non-commissioned officers.

Overview

During the period under review, the Reserve Force Council continued to direct, support and market the Reserves.

The Council provided comprehensive inputs to policy and regulatory matters, such as Reserve Force Council Regulations, Reserve Force Regulations, the Defence Amendment Bill 2015, as well as the Legal Status of the Reserve Force Council as an Organ of State and status of Reserve membership of Military Trade Unions.

Outputs

The table below provides details of the Reserve Force Council Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Ministerial Direction Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Ensure Defence in compliance with Regulatory Framework	Percentage compliance with submission dates of DOD accountability documents. (2 Reports on RFC Activities submitted in line with National Prescripts)	Target 100% (2 Reports on RFC Activities submitted in line with National Prescripts). Actual 100% (2 Reports on RFC Activities submitted in line with National Prescripts).

Subprogramme: Defence Force Service Commission

Purpose

The Defence Force Service Commission was established under the Defence Amendment Act, 2010 (Act No. 22 of 2010), Section 62(b). The outputs of the Defence Force Service Commission are to submit recommendations to the MOD&MV on improvements of salaries, service benefits, policies and conditions of service as well as the effective and efficient implementation thereof.

Objectives

The objectives of the Defence Force Service Commission are as follows:

- Provide annual salary/service benefits recommendations.
- Provide recommendations on conditions of service policies.
- Ensure the effective and efficient implementation of policies on conditions of service within the Defence Force.

Overview

The Defence Force Service Commission (DFSC) signed a memorandum of understanding (MOU) with the Reserve Force Council on 05 October 2015, which will provide a platform for strategic engagement on issues pertaining to Reserve Force members, and to further foster the relationship between the two State Organs.

The Commission published the DFSC Regulations on the DOD Intranet on 05 August 2015. This will facilitate accessibility for the broader DOD and SANDF members to DFSC publications.

The Commission ensured that, in terms of section 62B (1) (a) of the Defence Amendment Act 22 of 2010, four recommendations were tabled to the MOD&MV at the end of the FY2015/16 regarding Military Uniforms, Military Skills Development System, Utilisation of Asbestos and the Cost of Living Adjustment for FY2016/17 for members of the SANDF.

Outputs

The table below provides details of the Defence Force Service Commission Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Ministerial Direction Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Ensure Defence in compliance with Regulatory Framework	Percentage compliance with submission dates of DOD accountability documents. (Annual Report submitted to the MOD&MV regarding DFSC Activities)	Target 100% (1 Annual Report on DFSC Activities submitted in line with National Prescripts). Actual 100% (1 Annual Report on DFSC Activities submitted in line with National Prescripts).

Subprogramme: Departmental Direction (Office of the Secretary for Defence)

Purpose

In terms of the Public Finance Management Act (PFMA), 1999 (Act No. 1 of 1999) the Accounting Officer is to ensure the provision and maintenance of effective, efficient and transparent systems of financial and risk management and internal control.

Overview

During the period under review, the Secretary for Defence provided strategic direction to the DOD through various governance activities and interventions. These included timeous decision-making on strategic and defence diplomacy matters, the effective management and processing of official Departmental documents, the chairing of various DOD management bodies, as well as the attendance of Director-Generals' meetings, Cabinet Legotlas and Government Clusters.

The Secretary for Defence ensured that the DOD implemented all decisions and pronouncements by the Minister, Cabinet and Parliament. As the Head of the Department and Accounting Officer, the Secretary for Defence honoured the DOD's obligations to Parliamentary Committees and oversight bodies, including the National Treasury, Department of Planning, Monitoring and Evaluation (DPME) in the Presidency and the AGSA.

During the launch of the National Defence Industry Council (NDIC) on 03 March 2016, the Secretary for Defence was named as chairperson of the NDIC. A challenging agenda was set for the NDIC and work streams. Due to "the reality of a reduction of the defence budget", the NDIC will investigate alternative funding models (aligned with the Defence Review 2015), expediting armament acquisitions and optimising cash flow, amongst others.

Output Details

The table below provides details of the Departmental Direction Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Output	Performance Indicator	Analysis
Provide sound Defence direction	Percentage adherence to DOD governance promulgation schedule (Defence Review 2014 Implementation status) ¹⁶	Target Submission of the SA Defence Review Implementation Plan for MOD&MV approval. Actual SA Defence Review Implementation Plan in progress. Deviation The SA Defence Review 2015 adoption by the National Assembly took place on 04 June 2015 and by the National Council of Provinces on 24 June 2015. The submission of the Defence Review (Milestone
		1) Implementation Plan for the MOD&MV approval is planned to take place during the 2 nd quarter of FY2016/17 and subsequent monitoring to commence through the departmental quarterly performance reporting process in FY2016/17 ¹⁷ .

¹⁶ This was changed to the Defence Review 2015, after the adoption by the National Assembly and the National Council of Provinces during June 2015.

¹⁷ DOD Instruction 001/2016: Guidelines for the Preparation of Quarterly Performance Reports on Performance against the DOD Annual Performance Plan for FY2016/17.

Output	Performance Indicator	Analysis
Provide sound Defence direction	External Statutory Responses to Requests Received, status	Target 100%
		Actual 66% (61 requests received of which 40 requests were fully processed).
		Deviation External statutory responses to requests received were processed within their timelines, except for some cases where responses required lengthy consultations with other State departments.
Ensure Defence compliance with Regulatory Framework	Percentage compliance with submission dates of DOD accountability documents (DOD Annual Report submitted to the Executive	Target 100% (1 DOD Annual Report submitted in line with National Prescripts).
	Authority)	Actual 100% (1 DOD Annual Report tabled on 29 September 2015).
	Percentage compliance with submission dates of DOD accountability documents	Target 100% (1 DOD APP submitted in line with National Prescripts).
	(DOD APP submitted to the Executive Authority)	Actual 100% (1 DOD APP tabled on 11 March 2016).
Administrate the DOD	Established DOD strategic research capability status	Target Policy Research Unit Concept document approved
		Actual The DOD Strategic Research Capability will be incorporated into the structure and function of the Chief Defence Scientist. A position paper was compiled and submitted to the Defence Review Implementation Planning Team for inclusion in the Defence Review 2015 (Milestone 1) Implementation Plan.
		Comment The draft Policy Research Unit Concept document will be completed during the FY2016/17 to give substance to the Chief Defence Scientist capability.

Subprogramme: Government Information Technology Officer (GITO)

Purpose

The GITO Subprogramme provides Departmental direction for the DOD to ensure the effective, efficient and proper conduct of Defence information and communication system activities in accordance with legislation and policy.

Overview

During the period under review, the Defence Enterprise Information System Architecture Division ensured that the DOD remained in line with government priorities, national policy and related prescripts for information and communication systems.

Progress was made with the staffing of various vacant senior management posts within this establishment. The appointment of the GITO was finalised and he assumed his duty on 01 May 2016. The Director Enterprise Information System Architecture and the Deputy Director Promotion of Access to Information Nodal were also staffed during the period under review.

In terms of Section 15(1)(a) of the Promotion of Access to Information Act (PAIA), (Act No. 2 of 2000) the DOD published a list of records automatically available from the DOD in the Government Gazette No. 1118, promulgated on 13 November 2015.

The PAIA manuals were translated into English, isiXhosa and Sesotho for the DOD. These manuals were printed and distributed throughout the DOD and published on the DOD official webpage and Intranet.

Outputs

The table below provides details of the GITO Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Departmental Direction (GITO) Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Provide sound Defence direction	Percentage adherence to DOD governance promulgation schedule	Target 100% Monitor and Review.
	(Department of Defence Information Strategy status)	Actual 100% Monitored and Reviewed.
		Comment Although this target relates to the monitoring and reviewing of adherence to the Department of Defence's Information Strategy, the Strategy itself is being reviewed concurrently and 89% of the activity has already been completed.
	Percentage adherence to DOD governance promulgation schedule (Information and Communication Systems Policy Development Plan status)	Target 100% Monitor and Review. Actual 100% Monitored and Reviewed.

Subprogramme: Policy and Planning

Defence Policy, Strategy and Planning Division

Purpose

The purpose of the Subprogramme is to give advice on defence policy matters and coordinate the departmental strategic direction process in accordance with national policy through defence policy, strategy and planning to enable the effective, efficient and proper conduct of Defence activities as well as secretariat and administrative support to the National Conventional Arms Control Committee (NCACC).

Overview

During the period under review, the Division facilitated the compilation and tabling of the SA Defence Review 2015, which was adopted by both Houses of Parliament during June 2015. To this end, the SA Defence Review 2015 was printed and distributed during March 2016. The Milestone 1 deliverables were included as Appendix D in the DOD APP for FY2016/17 and will be reported on during the year of execution.

As the Secretariat of the JCPS Cluster (including the subcommittees and the Inter Ministerial Committee) the Division planned, convened and supported the JCPS Ministers' and Directors-General Fora in various actions, events and activities.

The DOD's Performance Information Management System was developed and rolled out on 09 August 2015. This system facilitates the electronic management of Performance Indicator Technical Datasheets and will contribute towards improving the management and audit on predetermined objectives.

The DOD Annual Report for FY2014/15 and DOD APP for 2016 were tabled in Parliament on 29 September 2015 and 11 March 2016 respectively. The DOD Quarterly Performance Reports for FY2015/16 were compiled and approved by the Accounting Officer and submitted to the Executive Authority, DPME in the Presidency, National Treasury and AGSA in line with statutory requirements.

Management Performance Assessment Tool (MPAT) provides an analysis of current management practices across a range of key performance areas and identifies where further interventions are required for improvement. The systematic implementation of MPAT leads to a growing understanding of the ways in which management practices contribute to improved performance. The DOD utilises the MPAT results to improve its management practices and to strengthen its internal controls. During the MPAT 1.5 assessment cycle, the Department received an average score of 2.7, which was an improvement on the MPAT 1.4 average score of 2.1¹⁸.

In executing the responsibility of effective regulation of arms transfer in South Africa, administrative and secretariat support were provided to the NCACC and 5 546 permits were issued.

Effective risk management is key to the achievement of predetermined objectives. To this end, the DOD managed to establish and maintain a system of risk management consistent with statutory prescripts.

Outputs

The table below provides details of the Policy and Planning Subprogramme (*Defence Policy, Strategy and Planning Division*) outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Policy and Planning Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Provide sound Defence direction	Percentage adherence to DOD governance schedule	Target 100%
		Actual 100%

¹⁸ Refer Part C: Governance, for detail on the DOD's MPAT 1.5 results.

		Actual Level 2.7 achieved

Military Policy, Strategy and Planning Office

Purpose

The purpose of the subprogramme is to give advice on military policy matters and to coordinate the military strategic direction process. This process includes developing policy, formulating strategies and plans, monitoring the execution of plans and the reporting thereof.

Overview

During the period under review, this Office continued to support the C SANDF through strategic advice in preparation for the Council on Defence and for the attendance of the various cluster meetings. The Office coordinated the SANDF's participation in bilateral and multilateral defence diplomacy activities. Of significance was the attendance of the United Nations (UN) Special Committee on Peacekeeping Operations (C34) to review and make recommendations to address challenges experienced in these operations.

Through the Defence Review Implementation Project Team, progress made with the implementation of the Defence Review 2015 milestones was monitored. C SANDF's strategic intent and support options as well as the revision of the military strategy will support the implementation of the Defence Review Milestone 1 Implementation Plan and guide the future role of the SANDF in peace support operations on the continent.

Outputs

The table below provides details of the Policy and Planning Subprogramme (*Military Policy, Strategy and Planning Office*) outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Departmental Direction: Military Policy, Strategy and Planning Office Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Ensure Defence compliance with Regulatory Framework	Percentage compliance with submission dates of DOD accountability documents (SANDF quarterly reports submitted to the Executive Authority)	Target 100% (4) Actual 100% (4) Comment Accountability documents were submitted in line with National Prescripts.

Subprogramme: Financial Services (Chief Financial Officer)

Purpose

The purpose of the Subprogramme is to provide an innovative, cost-effective financial management Departmental service for the MOD&MV, Secretary for Defence and C SANDF within the regulatory framework.

Overview

As the Chief Financial Officer (CFO) and head of the Financial Management Division, the CFO assisted the Accounting Officer with his PFMA Section 38 responsibilities. This ensured compliance with all legislative prescripts relating to budget preparation and execution, financial reporting and the development and maintenance of internal control practices and policies.

The Division played a pivotal role in ensuring that the DOD upholds the principles of 'best practices of financial management'. The Division ensured an environment in which the prescribed deliverables in the utilisation of resources were aligned with the principles in the PFMA of efficiency, effectiveness and economy. Financial reports, such as the Estimate of National Revenue and Expenditure, Annual Financial Statements, Drawings to the National Revenue Fund, 30-day payment of suppliers, Early Warning Reports on expenditure and cash-flow reports were submitted according to legislative prescripts and time lines.

Through appropriate budget control measures, the Division ensured that 99.99% of the allocated General Vote was spent. A concerted effort was made to enhance the ability to pay DOD suppliers within the prescribed 30-day period (after receipt of a legitimate invoice). Performance in this regard improved significantly from 72% payment of suppliers within 30 days in quarter one to 85% in quarter four (average of just over 80% for FY2015/16).

The absence of an Integrated Financial Management System, with a lack of appropriate technical support for the out-dated Financial Management System, remained a threat to sound financial management and integrated financial monitoring systems. This complicated and limited the scope of credible, accurate and timely management information for reporting and decision-making. The Division continued to refine Departmental financial processes, systems and policies with the view to ensure alignment with the Public Finance Management Regulatory Framework in order to improve service delivery. The Division played an

integral role in implementing financial reforms within expenditure control and accounting practices, as directed by the Accounting Officer.

Outputs

The table below provides details of the Financial Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Financial Services Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Ensure Defence compliance with Regulatory Framework	Number of Audit Findings	Target 0 Actual
		Deviation Audit qualification received on the SDA due to the nature of the SDA regarding sensitive projects.

Administrate the DOD	Percentage payments within 30 days from receipt of legitimate invoices	line with National Prescripts). Target 75%
		Actual 80.09%
		Comment 370 654 out of 462 797 legitimate invoices received were paid within 30 days. Invoices not paid were due to non-integration of legacy DOD Information systems.
Administrate the DOD	Provide sound Financial Management of the DOD	Target <8%
		Actual 1.4%

Subprogramme: Human Resources Support Services (DOD Central Staff)

Purpose

The purpose of the Subprogramme is to provide full human resources support services to the DOD.

Overview

During the period under review, the National Youth Service Programme was supported, amongst others, by means of participating in the National Rural Youth Service Corps Programme (NARYSEC). Three National Rural Youth Service Corps intakes with a total of 1 839 youth participants were supported during FY2015/16.

The Division implemented (with the exception of some outstanding cases to be finalised during FY2016/17) the housing allowance increase for DOD officials in line with the DPSA Instruction and timelines and saw the increase of allowance to home owners increasing from R900 to R1 200 per month.

Outputs

The table below provides details of the Human Resources Support Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Output	Performance Indicator	Analysis
Provide sound Defence direction	Percentage adherence to DOD governance promulgation schedule (Human Resources Development (HRD) Strategy status)	Target Approved Strategy & Implementation Plan.
		Actual The HRD Strategy & Implementation Plan was approved on 13 April 2016.
	Percentage adherence to DOD governance promulgation schedule	Target Policy Approved and Promulgated.
	(National Youth Service Policy status)	Actual Policy discontinued.
		Deviation The Policy on National Youth Service was discontinued due to the fact that the DOD is not the leading department. The DOD supported this programme.
		1 364 National Youth Service participants were traine during the FY2015/16.
Ensure Defence compliance with Regulatory Framework	Percentage compliance with submission dates of DOD accountability documents	Target 100% (294)
	(SMS financial disclosures submitted)	Actual 93% of 255 SMS members (as on 31 March 2016) submitted.
		Deviation Internal control measures are in place to address nor compliance during FY2016/17.
	Percentage compliance with submission dates of DOD accountability documents	Target 100% (294)
	(SMS performance agreements submitted)	Actual 84% of 255 SMS members (as on 31 March 2016) submitted.
		Deviation Internal control measures are in place to address non compliance during the FY2016/17.
Administrate the DOD	Percentage collective grievances and disputes resolved	Target 85%
		Actual 71%
		Deviation The complexity of some grievances required more time for finalisation.

Output	Performance Indicator	Analysis
Administrate the DOD	Number of disciplinary cases in the DOD finalised within 90 days	Target 39
	(PSAP disciplinary cases)	Actual 20
		Deviation The complexity of some cases required more time for finalisation.
	DOD Ethics Management status	Target DOD Ethics Policy Approved.
		Actual Policy in progress.
		Deviation The development of the policy on DOD Ethics was delayed due to the unavailability of a specialist to facilitate the policy development. A chaplain who is a specialist in ethics will facilitate the policy development in the FY2016/17.
Enable the DOD	Percentage compliance with DOD training targets	Target 100% (2 587)
	(Number of PSAP training programmes)	Actual 99.88% (2 584)
		Deviation 0.12% within acceptable level.
Provide professional and supported DOD Human	Percentage compliance with planned staffing of funded posts	Target 100% (79 445)
Resources		Actual 96% (76 386)
		Deviation The PSAP attrition rate was higher than anticipated.
Provide sound Defence direction	Number of positions filled vs. allocated quota for international institutions	Target 12
		Actual 8
		Deviation The DOD identified eight posts and only filled those eight posts.
Enable the DOD	Percentage compliance with DOD training targets	Target 100% (1 934)
	(non-combat professional military development courses)	Actual 142% (2 744)
		Comment Additional ad hoc training programmes were presented during the FY2015/16.

Output	Performance Indicator	Analysis
Enable the DOD	Percentage compliance with DOD training targets	Target 70% (50)
	(Reskilling)	Actual 174% (124)
		Comment An effective marketing drive was conducted by the DOD (Human Resources Division), which made more members aware of the opportunities available in terms of reskilling. The increase in the attrition rate, which was mainly due to retirement of members, also contributed to an increase in the number of members undergoing reskilling during the FY2015/16.
	Percentage compliance with DOD training targets	Target 100% (2 000)
	(National Youth Service Programme)	Actual 68% (1 364)
		Deviation NYS participants, who were medically unfit to undergo training at SANDF units, attended a similar leadership development programme at the Thaba Nchu NARYSEC College with the DOD's support. Since the DOD had not trained those young people, the figures were not included in the output for FY2015/16.
Provide professional and supported DOD Human Resources	Number of military skills development members in the system per year	Target 3 863
		Actual 3 944
		Comment More MSDS members absorbed by the SA Air Force, SA Navy and SAMHS than planned for FY2015/16.
	Number of Reserve Force Person Days	Target 2 442 792
		Actual 2 768 982
		Comment Two additional Reserve Force companies were called up for border safeguarding operations.
	Percentage compliance with SANDF battle fitness requirements	Target 85%
		Actual 0%

Output	Performance Indicator	Analysis
Provide professional and supported DOD Human Resources	Percentage compliance with SANDF battle fitness requirements	Deviation The Performance Indicator "Percentage compliance with SANDF Battle fitness requirements" consists out of three main components, being Standard fitness evaluations (battery test), Concurrent Health Assessment and Battlefield fitness. Two of the three components (fitness evaluations and Concurrent Health Assessment have been attended to. However, the battlefield fitness component is still outstanding and as a result thereof the target set for the achievement of the Performance Indicator could not be achieved. Due to the complexity of the measurement instrument used to measure the performance in terms of battlefield fitness, the Human Resource Division was unable to report on the performance achieved regarding the performance indicator "Percentage compliance with SANDF Battle fitness requirements". The measurement instrument is currently under review so as to test the validity thereof, which will require the participation from the Services.

Subprogramme: Legal Services (DOD Central Staff)

Purpose

The purpose of the Subprogramme is to provide professional, legitimate and deployable Defence legal services and support commensurate with the needs of the DOD.

Overview

During the period under review, Defence Legal Services provided legal services and advice to the DOD through various activities and interventions. The Division provided legal advice and litigation: a total of 142 litigation cases were received and all these cases were attended to. A total of 27 x cases were finalized: 24 x cases were settled in the best interest of the DOD whilst 3 x cases were lost. The Division continued to work in partnership with the office of the State Attorney, other Government departments and the State Law Advisor to ensure that all litigation is effectively attended to in the best interest of the DOD.

This Division was not in a position to perform to its full capacity to ensure that backlog litigation cases were effectively attended to in the best interest of the DOD due to the non-appointment of Military Judges. The lack of Military Judges had a carry-through effect on all other systems in the Military Justice System and compromised the support regarding 'zero tolerance' on all forms of ill-discipline and abuse of power, as required by the Minister.

The Division complied with the SANDF requirements with respect to operational legal support and advice, legislative legal advice, drafting of all Legal Instruments and training for all internal and external operations and exercises for combat readiness to all predeployed and deployed members of the SANDF.

The Division provided positive negotiation and support in respect of cooperation with international, regional and subregional organisations (e.g. the UN, AU, SADC, as well as foreign armed forces e.g. Ex IBSAMAR (India and Brazil) and Ex OXIDE (France).

Outputs

The table below provides details of the Legal Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Output	Performance Indicator	Analysis
Ensure Defence compliance with the Regulatory Framework	Percentage of cases of corruption and fraud prosecuted (Conviction rate of persons R5 million and over)	Target 0 Actual 0 (No cases of Rm5 and over were reported).
	Percentage litigation cases finalised in the best interest of the DOD	Target 50% Actual 88.87% (24 out of 27 cases finalised).
Ensure Defence compliance with Regulatory Framework	Percentage of cases of corruption and fraud prosecuted	Target 40% (70) Actual 9 (5%)
		Deviation Due to non-appointment of Military Judges ¹⁹ .
Administrate the DOD	Percentage reduction of military court cases outstanding (backlog)	Target 60% Actual 20% Deviation Due to non-appointment of Military Judges.
	Percentage military court cases finalised (in-year)	Target 40% Actual 3% Deviation Due to non-appointment of Military Judges.
	Number of disciplinary cases in the DOD finalised within 90 days (military disciplinary cases)	Target 600 Actual 70 Deviation Due to non-appointment of Military Judges.

¹⁹ Military Judges were assigned on 07 June 2016. Extended court hours will be instituted to address the backlog.

Subprogramme: Inspection and Audit Services

The subprogramme Inspection Services consists of two components, namely Inspection Services (Inspector-General) and Internal Audit Services.

Inspection Services (Inspector-General)

Purpose

The Inspection Services (Inspector-General) Subprogramme ensures the validity and veracity of management information of the DOD.

Overview

During the reporting period, internal performance and compliance audits were conducted in line with approved internal audit schedules and ad hoc investigations as per C SANDF's request.

Qualitative and quantitative perception surveys were conducted and the level of DOD morale, the level of communication and the implementation of the grievance procedure in the DOD were found to be positive.

The Defence Inspectorate Division was involved with the training of 27 military inspectors of the Namibian Defence Force as per Defence Committee instruction. Subsequently, similar requests for training were received from the Malawian and Botswana Defence Forces to be presented during the FY2016/17.

Fraud and corruption awareness roadshows were presented to 10 248 DOD members, including the command cadre of the SANDF. A total of 51 incidents were reported via the Whistleblowing Hotline, of which 19 were investigated for corruption and/or fraud during FY2015/16. Twelve incidents from the backlog of the previous year were finalised. Fifteen incidents were reported on the National Anti-Corruption Hotline and 12 of these incidents were finalised.

Outputs

The table below provides details of the Inspection and Audit Services (Inspector-General) Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Inspection and Audit Services (Inspection Services) Output Details for FY2015/16			
Output	Performance Indicator	Analysis	
Ensure Defence compliance with Regulatory Framework	Number of detection investigations of corruption and fraud conducted ²⁰	Target 19	
		Actual 19	

Performance indicator name change. Previously read as "Percentage reduction of incidents of corruption and fraud reported for detection".

Inspection and Audit Services (Inspection Services) Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Administrate the DOD	Number of detected National Anti-corruption Hotline cases conducted	Target 10
		Actual 12
		Comment Two more incidents than were reported and concluded.
	Number of corruption and fraud awareness activities	Target 48
		Actual 86
		Comment Owing to a renewed drive to combat corruption and fraud in the DOD, more activities were conducted (units visited) than planned, especially in Gauteng. 27 x unplanned activities were completed in response to ad hoc requests by Services and Divisions for briefings to the command cadre on the management of corruption and fraud. 11 x awareness education activities were completed in Gauteng as part of a renewed drive by DACAF to reach as many people and units as possible.
Provide professional and supported DOD Human Resources	Level of communication in the DOD	Target Positive
resources		Actual Positive

Internal Audit Services

Purpose

The Internal Audit Services Subprogramme provides internal audit services to the DOD to improve compliance and enable the Department to achieve a clean audit.

Overview

The Internal Audit Division did not achieve its targets in terms of the approved Audit Plan for FY2015/16. The non-compliance was mainly due to the prolonged staffing process, specifically relating to vetting requests.

In order to ensure that the Internal Audit Division is sufficiently capacitated, the Minister approved three Chief Director's posts (under Alternative Service Delivery) to assist with the review and development of an appropriate structure. The review of the structure is still underway and will contribute towards resolving the structural and skills challenges currently experienced.

The Division managed to add value to the DOD on other issues of internal audit through providing 'add-value service' and remained on track in effectively coordinating audit committee activities and assisting the DOD in reducing the turnaround time in submission of information, responding to AGSA enquiries and action plans.

Outputs

The table below provides details of the Inspection Services (Internal Audit Services) Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Inspection and Audit Services (Internal Audit Services) Output Details for FY2015/16			
Output	Performance Indicator	Analysis	
Ensure Defence compliance with Regulatory Framework	Percentage progress of DOD Annual Audit Plan	Target 100%	
		Actual 32% (20 out of 63 audit activities)	
		Deviation The Internal Audit Plan was oversubscribed due to the expectation of the finalisation of the staffing process. The verification and vetting procedures prolonged the staffing process.	

Subprogramme: Acquisition Services (Chief Defence Matériel)

Purpose

The purpose of the Subprogramme is to direct and manage Defence Matériel Acquisition and Governance optimally by means of appropriate resources to deliver solutions effectively, efficiently and transparently within the applicable regulatory frameworks.

Overview

During the period under review, the Acquisition Management and Technology Development portfolios ensured that all projects were authorised for their particular phase and all expenditure took place according to approved business plans and within the bounds of the financial allocations awarded to each project. Compared to previous reporting periods, a marked improvement in the approvals of project milestone documents was experienced and can be ascribed to managerial intervention that enabled an improved approval process. This resulted in improved cash flow and fewer roll-overs within the approved governance framework.

The NDIC's launch took place on 03 March 2016 and created a balanced domain for all Arms Control matters. The working groups within the NDIC will be responsible for the implementation of the NDIC objectives, which includes, amongst others, the National Defence Industry Support Strategy.

During FY2015/16, the following strategically important acquisition, technology development and supply chain Governance, Risk and Compliance related highlights were achieved:

- Delivery of medium and light graders, tracked and wheeled dozers, wheeled loaders, tractor loader backhoes
 and tracked excavators were completed during the reporting period. This equipment will enhance the SA
 Army's Engineering capability, i.e. construction of landing strips, roads, etc. and will also increase the
 readiness of the SANDF with respect to its conventional and border protection capabilities.
- The first major milestone in the production process of the SA Army's Infantry Combat Vehicles was made during January 2016. The majority of the vehicle platforms will be completely manufactured in South Africa. All technologies have been transferred from Patria (Finland) to Denel Land Systems, the main contractor, and the first locally produced platform hull was completed. This project is the single largest project handled by Denel. The final delivery of all the vehicles is expected at the end of 2022.

- The Water Provisioning System for the SAArmy, which is a priority project for the SANDF, delivered the first
 water purifier for technical tests eight months ahead of schedule. This will assist in meeting timescales for
 the delivery of all the water purifiers. Delivery of the Water Provisioning System will enhance the SAArmy's
 Operational and Support Capabilities. It will also contribute towards humanitarian aid (i.e. floods) to other
 State departments.
- The first Oryx helicopter flew in SA on 18 September 1987. The Oryx helicopter fleet forms the backbone
 of the SA Air Force's rotary wing transport fleet. After 29 years, the Oryx fleet was upgraded in terms of
 on-board avionics and navigation systems. During the reporting period, the upgrades on all the Oryx
 helicopters were completed, and the aircraft were delivered to the SA Air Force.
- The SA Navy has taken delivery of two new harbour tug boats. The two existing harbour and coastal tugs, De Neys (52-years old) and De Mist (40-years old), were replaced by two Damen Azimuth Tractor Drive 2909 tug boats. Imvubu (meaning hippo) was delivered to the SA Navy on 09 July 2015 and Inyathi (meaning buffalo), was delivered on 04 February 2016. The two new tug boats will be deployed for towing, mooring and fire-fighting operations for the SA Navy's current and future fleet of vessels under all weather, heavy sea and restricted visibility in day and night conditions.
- Square Kilometre Array/Department of Defence (including Alkantpan Test Range) Coexistence work between the relevant departments continued in the spirit of assured collaborative coexistence conversant with the conditions as stipulated in the Astronomy Geographic Advantage Act and its regulations. The Secretary for Defence directed the project team to find a solution that will not require amendments to the Act, but rather that the DOD will recommend to the Department of Science and Technology a change to the Draft Regulations that seeks to regulate the radio frequency activities in the area. The recommendation should protect the DOD's interest in this regard. The Council for Scientific and Industrial Research and the square kilometre array arranged a radio frequency measurement campaign during the former part of the year to initiate the characterisation of the radio frequency environment at Alkantpan. It was found that in some instances the levels of radio frequency measurements exceeded the levels required by the square kilometre array. The Secretary for Defence directed an amendment to the regulations for this issue as well as other mutual interests.
- On Tuesday, 22 September 2015 the first successful ballistic firing of a locally developed dual-pulse rocket motor, radar-guided missile (Air-to-Air variant), was launched. This is a flagship project within the DOD's Technology Development environment. It is also the first launch of such a missile from African soil and puts SA and South African capabilities in an elite group of countries who are able to develop an Air-to-Air radar-guided missile. The team from the DOD, ARMSCOR and Denel (with subcontractors), performed this feat within budget, with only a four month delay on the four year programme schedule. Even though the launch is termed 'ballistic', many more objectives were achieved during the launch and flight than during a clinical ballistic launch and flight.
- Of the 178 submissions recommended for screening by the Departmental Commercial Procurement Board, 33 submissions were awarded with a contract estimated value of R1 597 216 696.
- The Joint Project Officers' Course is presented three times per year by Defence Matériel Division. Each
 course accommodates 24 learners of which a total of 72 learners completed the course. The aim of the
 course is to orientate and familiarise learners with the Defence Acquisition Management policy and assisted
 attendees to conceptualise the policy.

The table below provides details of the Acquisition Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Acquisition Services Output Deta	ils for FY2015/16

Subprogramme: Defence International Affairs

Purpose

The purpose of the Subprogramme is to formulate and provide policy advice on the determination and conduct of Defence Foreign Relations and the attendant Defence diplomatic engagement and to ensure that such a policy accords with the evolving and emerging foreign policy of the country.

Overview

Defence International Affairs Division is mandated to provide defence international affairs policy and strategic direction to establish bilateral and multilateral relations in the field of defence, as well as to manage international legal instruments within the DOD.

During the period under review, the Division achieved its intended outputs by providing policy direction to its stakeholders by means of requisite policies and related policy instruments. This policy direction was provided with the assistance of The Department of International Relations and Cooperation and keeping the DOD's international defence engagements with partner countries and international organisations in mind.

The Defence International Affairs Policy is still in the process of development, and the draft policy is now under stakeholder's consultative process for review and will be completed and promulgated during the FY2016/17.

The table below provides details of the Defence International Affairs Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Defence International Affairs Out	Defence International Affairs Output Details for FY2015/16		
Output	Performance Indicator	Analysis	
Provide sound Defence direction	Percentage adherence to DOD governance promulgation schedule	Target Ensure 100% relevant, quality policy products.	
	(Policy products in pursuit of Defence Diplomacy)	Actual Ensured 100% relevant, quality policy products.	
	Percentage adherence to DOD governance promulgation schedule	Target Policy Monitor Implementation.	
	(Defence Foreign Relations Policy ²¹ status)	Actual Policy in progress.	
		Deviation The approval for promulgation of the policy was delayed due to matters relating to the finalisation of the Minister of Defence's Directive for the "Execution of Defence Diplomacy Policy in the DOD"22.	
Ensure Defence compliance with Regulatory Framework	Percentage deployments including training exercises, where applicable, supported with appropriate legal instruments	Target 100% Appropriate approved legal instrument be in place.	
		Actual 100% Appropriate approved legal instrument in place.	

Subprogramme: Communication Services

Purpose

The purpose of the Subprogramme is to provide Defence Communication, Policy, Strategy and Plans in accordance with DOD policy and national (Government Communication and Information system) policy, and a decentralised corporate implementation, services and products in order to enable effective, efficient, asymmetric two-way communication between the DOD and its stakeholders in support of DOD outputs.

Overview

During the period under review, the Division, as the custodian of the management and protection of the reputation and image of the DOD, continued with its efforts to ensure stronger public awareness, understanding and support for Defence amongst its key stakeholders.

Liaison with the media ensured that several DOD events were covered to showcase the capabilities of the SANDF and portray the DOD as a disciplined, dedicated organisation and 'pride of the nation'. These events included amongst others, the Armed Forces Day Parade held in Port Elizabeth during February 2016, The Freedom Day Parade held during April 2015 and National Heritage Day Parade held in September 2015, as well as the Rand Easter Shows in 2015 and 2016.

²¹ The policy will be renamed to "Defence International Affairs Policy".

The MODD/00002/2016 (Edition 1) was approved by the Secretary for Defence on 13 April 2016 and submitted to the MOD&MV for final approval and promulgation.

The table below provides details of the Communication Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Subprogramme Administration: SANDF Command and Control

Purpose

The purpose of the subprogramme is to command the SANDF.

Overview

The office of C SANDF continued to provide military strategic direction to the SANDF entities through instructions and orders to ensure that the SANDF's constitutional mandate, as directed by Government, is successfully executed.

Outputs

The table below provides details of the SANDF Command and Control Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

		Actual 10

Subprogramme: Religious Services

Purpose

The purpose of the subprogramme is to provide a chaplain service that cares for all DOD members and their dependants and promotes spiritual growth, social support and ethical conduct.

 $^{^{\}rm 23}$ $\,$ Refer to Appendix A for details regarding the survey's outcome.

Overview

During the period under review, the Chaplain Service supported the DOD by proactively enhancing the spiritual, moral and ethical level of members of the DOD. The Chaplain Service continued to contribute to SADC chaplains' development agenda. The Chaplain-General was elected as the chairperson of the Spiritual and Moral Support Workgroup of the Operations Sub-subcommittee of SADC during FY2015/16.

Ministry and support were given during research missions at South African National Antarctic Expedition bases, namely Gough Island, Marion Island and Antarctica. These voyages were supported by the Religious Services in such a way that each had a chaplain to support the expedition.

Twenty-four chaplains were deployed on a continuous basis externally and internally. Regular and Reserve chaplains were deployed to SA borders where SANDF soldiers were deployed. The Chaplain General's staff accompanied the official team on goodwill visits to internal and external deployment areas.

Outputs

The table below provides details of the Religious Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Administrate the DOD	Number of Covenantal relationships with Religious Stake holders (Religious Advisory Boards)	Target 5 Actual 5

Subprogramme: Defence Reserve Direction

Purpose

The purpose of the subprogramme is to direct the development and maintenance of the Reserve system, to provide specialist advise on Reserve matters and to promote/market the Reserves and the volunteer Reserve system.

Overview

The Defence Reserves Division conducted its monitoring role through the Defence Reserve Board to ensure the implementation of the Reserve Strategy by Services and Divisions. The total strength of the Reserves at the end of FY2015/16 was 22 917, of which a total of 14 891 were called up during FY2015/16. A total of 2 768 982 person days were served by the Reserves with an average call-up duration of 184 days per person.

The external deployment of Reserve members in Peace Support Operations continued and Reserves were also employed up to battalion strength in border safeguarding duties.

The following activities (amongst others) were achieved in order to promote and market the Reserve Force System:

• The Reserve Force Volunteer magazine was published twice during FY2015/16 and was widely distributed. The website (www.rfdiv.mil.za) is continuously updated and has 246 416 hits to date.

- The most recent activity in support of the SA Army was the Freedom of Entry Parade into Ladysmith, KwaZulu-Natal. Provincial Office KwaZulu-Natal played an important role during the planning and execution phases of the Pietermaritzburg Royal Show. This was utilised as a vehicle to market and promote the Reserve Force system with the intention of creating a broader awareness amongst the spectators of the Royal Show.
- The Provincial Office Eastern Cape was part of the Bathurst Show where it manned a stall with the aim of
 promoting and marketing the Reserve Force system. This office also created awareness of the Reserve
 Force system amongst business delegates who attended the World Hydrography Week in Mdantsane by
 manning a stall and distributing promotional items that related to the Reserve Force system.
- The Provincial Office North West, supported by the Reserve Force Council and the SA Army, presented the 10th Military Skills Competition in Potchefstroom to select a seven-member team to represent the RSA in next year's Inter-allied Confederation of Reserves Officers (CIOR) Military Competition in Toledo, Spain. One hundred and seventy-five members participated in the event. International competitors were from Botswana, Denmark, UK and the Netherlands.
- The Provincial Office Eastern Cape participated in the Armed Forces Day Celebrations in Port Elizabeth. It manned a stall to promote and market the Reserve Force system amongst the participants. This office also launched its Defence Provincial Liaison Council during the same period to garner support for the Reserve Force from all stakeholders within the Eastern Cape.
- The Provincial Office Gauteng South and the Defence Reserves Division Headquarters staff participated in the Rand Easter Show that is held annually to promote and market the Reserve Force system. Promotional items relating to the Reserve Force system were handed to participants.

The table below provides details of the Defence Reserve Direction Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Departmental Direction: De	Departmental Direction: Defence Reserve Direction Output Details for FY2015/16		
Output	Performance Indicator	Analysis	
Administrate the DOD	Number of marketing events to promote the Reserves	Target 36 Actual 24	
		Deviation A number of marketing events were cancelled or postponed due to overlapping with priority activities. Budget constraints had a hampering effect on a number of planned activities.	

Subprogramme: Defence Foreign Relations

Purpose

The purpose of the subprogramme is to provide a DOD and MOD&MV foreign relations capability and service.

Overview

During the year under review, the Defence Foreign Relations Division was involved in various defence diplomacy activities and events, such as:

Joint, Interagency, Interdepartmental and Multinational Exercises

- Ex OXIDE took place in Richards Bay in September/October 2015. The primary objective of the Ex was to develop and maintain maritime cooperation at the operational and tactical levels between the SA Navy and the French forces stationed in Reunion.
- Ex WAYSIDE was conducted during May and August 2015 with the aim of maintaining the provincial chemical, biological and radiological response teams and Interdepartmental cooperation for the management of chemical, biological and radiological incidents.
- Ex BLUE ZAMBEZI was conducted in Botswana in September 2015. This was a humanitarian aid Ex between SADC air force components aimed at achieving readiness for humanitarian aid operations and related supporting operations.
- From 19 October 2015 to 08 November 2015, the SANDF participated in Ex AMANI AFRICA II, a continental capacity-building field training exercise under the auspices of the AU which took place at the SA Army Combat Training Centre in Lohatlha.

Bilateral and Multinational Meetings. Bilateral and Multinational meetings took place during the FY2015/16, such as the 9th Session of the RSA/Democratic Republic of the Congo (DRC) Binational Commission, the RSA/Mozambique BNC and the Nigeria/RSA BNC meetings.

SADC or Interstate Defence and Security Committee (ISDC) Meetings. At least 14 SADC or ISDC meetings were attended during the period under review. In January 2016, the Extraordinary Double Troika Summit held in Botswana considered the political and security situation in the SADC region. South Africa is the outgoing chairperson of the SADC Organ on Politics, Defence and Security Cooperation. South Africa continues to play a constructive role in contributing to creating an environment conducive to peace, security, stability and prosperity in the SADC region, as these are prerequisites for SADC's long-term socioeconomic development.

AU Meetings. AU meetings were attended, such as the 26th Ordinary Session of the Assembly of the Union, the Meetings of the African Chiefs of Defence Staff and Heads of Security and the 5th Ordinary Meeting of the Specialized Technical Committee on Defence, Safety and Security (STCDSS). In addition, the 1st and 2nd Extraordinary Meeting of the STCDSS took place.

UN Meetings. UN meetings, the UN Special Committee Meeting on Peacekeeping Operations (C34) in June 2015 and the 60th Session of the UN Commission on the Status of Women in New York City in March 2016, were attended and the DOD's commitments in this regard were confirmed.

Foreign Learning Opportunities (FLOs). Seventy-five FLOs were attended by foreign learners in the RSA, while South Africa utilised 23 joint staff courses and 61 Service-specific foreign learning opportunities abroad.

The table below provides details of the Defence Foreign Relations Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Departmental Direction: Defence Foreign Relations Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Employ the SANDF	Total number of Defence Attaché Offices	Target 45
		Actual 44
		Deviation The 45 th office is in the approval process.
		Comment The 44 Defence Attaché offices comprises of 10 x offices in the SADC region, 13 x offices in the rest of Africa and 21 x offices in the rest of the world.

Subprogramme: Office Accommodation

Purpose

The purpose of the subprogramme is to manage the payment of accommodation charges, leases and municipal services as a direct result of the devolution of a portion of the National Department of Public Works' budget to national departments (Managed within General Support Programme [Joint Logistic Services]).

Overview

Chief of Logistics continued to manage the payment of accommodation charges, leases and municipal services.

Outputs

The table below provides details of the Office Accommodation Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Departmental Direction: Office Accommodation Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Provide appropriate and sustained Matériel	Percentage of expenditure in accordance with facilities plan (payment of leases)	Target 100% Actual 133%
		Comment The over expenditure, in terms of the annual target, was due to new leases acquired through NDPW (that were not planned for).

Output	Performance Indicator	Analysis
Provide appropriate and sustained Matériel	Percentage of expenditure in accordance with facilities plan (payment of municipal services)	Target 100%
		Actual 97%
		Deviation The under expenditure, in terms of the annual target, was due to the fact that invoices from March 2016 were only received for payment in the 1st quarter of FY2016/17.
	Percentage of expenditure in accordance with facilities plan (payment of accommodation charges)	Target 100% Actual 100%

Ms Nosiviwe Mapisa-Nqakula, the Minister of Defence and Military Veterans (left) and Dr Sam Gulube, the Secretary for Defence (right).

Programme 2: Force Employment

Purpose

The purpose of the programme is to provide and employ defence capabilities, including an operational capability, to conduct all operations, as well as joint, interdepartmental, interagency and multinational military exercises, successfully.

Objectives

Ensure successful joint force employment by:

- Providing and employing a special operations capability in accordance with national requirements.
- · Ensuring full participation in the number of peace missions as instructed by the President.
- Conducting 15 joint, interdepartmental, interagency and multinational military force preparation exercises from FY2015/16 to FY2017/18, excluding Special Forces exercises.
- Conducting four operations per year, protecting the territorial integrity and sovereignty of South Africa, supporting other government departments and complying with international obligations on an ongoing basis.

Overview

The mandate for employment of joint forces is drawn from the Constitution, the Defence Act and the Defence Review 2015. In terms of these documents, the SANDF is mandated to be employed for the following functions:

- Service in defence of the RSA for the protection of its sovereignty and territorial integrity.
- Service in fulfillment of the RSA's international obligations to international bodies and other states.
- Service in the preservation of life, health or property.
- Service in the provision or maintenance of essential services.
- Upholding law and order in the RSA in cooperation with the South African Police Service (SAPS), under circumstances set out in legislation, where the SAPS is unable to maintain law and order.
- Service in support of any department or state for the purpose of socioeconomic upliftment.

During the period under review, the SANDF supported the political, diplomatic and economic initiatives of Government, internally and externally, as well as other Government departments.

In support of the MTSF's Outcome 11, Sub-outcome 3 "Political cohesion in Southern Africa to ensure a peaceful, secure and stable Southern African Region", the SANDF ensured regional security by supporting peace, security and stability in the region. During these missions/operations, approximately 2 211 members were deployed in two UN/AU-mandated peace support operations in the DRC and Sudan. The SANDF also deployed in a general military assistance operation by giving support to the Mozambique government to curb piracy in the Mozambique Channel.

The Division planned, coordinated and directed five joint, interdepartmental, interagency and multinational force preparation activities, excluding Special Forces exercises, in accordance with the joint force employment concept and existing bilateral/multilateral agreements.

In support of the MTSF's Outcome 3, Sub-outcome 3 "South Africa's borders effectively defended, protected, secured and well managed," the SANDF continued to execute border safeguarding operations by deploying 15 subunits along the borders in Limpopo, Mpumalanga, KwaZulu-Natal, Free State, Eastern Cape, Northern Cape and North West provinces. Operational successes included: 41 weapons recovered, 16 812 illegal

foreigners apprehended, 447 criminals arrested, 93 stolen vehicles recovered, 5 220 kg dagga confiscated, 259 Mandrax tablets confiscated, 776 Ecstasy tablets confiscated, 48 Tik tablets confiscated, 812 head of livestock recovered, 72.7 kg copper recovered and contraband goods to the value of R68 145 277,00 confiscated.

The SANDF supported "the people of South Africa" in the following ways:

- Provided safety and security-related support in cooperation with the SA Police Service (SAPS), e.g. during the 2nd Summit of the Forum on China-Africa Cooperation in Sandton, the hosting of the UN High Commissioner for Refugees Conference on Nationality and Statelessness in Cape Town and the State of the Nation Address by the President in Parliament, Cape Town.
- Provided VIP protection to foreign government visitors and military dignitaries from Pakistan, Zimbabwe, India, Tanzania, Jordan, Benin, Zambia, Brazil, Sweden, Chad and Nigeria. VIP protection was also provided for high-level meetings, festivities, tours, etc.
- Provided humanitarian assistance by supplying helicopters to fight field fires in the Magaliesberg Range, Red Hill in Simon's Town, Barkley East/Lady Grey area, Overberg area, Stellenbosch area and St Francis Bay area.
- Rescued a snake-bite patient at Swartkops River outside Port Elizabeth and seven hypothermic hikers stranded in the Uitenhage area.
- The SANDF supported the Free State Provincial Disaster Management Centre by delivering water to the areas affected by drought.
- Executed search and rescue operations for a missing yacht (MORFA) in the Port Nolloth area, a civilian aircraft in the Middelburg area, a capsized yacht in the East London area and a missing aircraft in the Jeffreys Bay/Humansdorp area. The SANDF assisted the National Sea Rescue Institute with search and rescue operations for a fishing vessel's (LINCOLN) crew who had jumped overboard after the ship took on water in False Bay, rescued 17 crew members from a sinking crayfish trawler in the Port Elizabeth area, rescued survivors of a sinking crayfish trawler in St Helena Bay, conducted a search and rescue operation for an overturned crayfish vessel in the Paternoster area, evacuated a woman with appendicitis from the drill ship, Joides Resolution, to St George's Hospital and rescued a micro light pilot who had crashed in the Bulwer area in KwaZulu-Natal and evacuated a critically injured sailor from a fishing vessel in Cape Town and a patient who had a heart attack from the cargo vessel, Ore CHINA, in Cape Town.

Outputs

The table below provides details of the Force Employment programme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Force Employment Output Details for FY2015/16

		Ex IBSAMAR was planned for the FY2016/17 but on request from India the exercise took place in FY2015/16.

The table below provides details on force employment JIM exercises for FY2015/16.

Exercise Name	Aim	Analysis
Interdepartmental Exercises		
Ex WAYSIDE	The maintenance of provincial chemical, biological and radiological response teams and Interdepartmental cooperation for the management of chemical, biological and radiological incidents.	Target 2 Actual 2
Multinational Exercises		
EX AMANI AFRICA II	The primary aim of the exercise was to build a continental capacity which will be able to respond to any crisis within the AU arena.	Target 1 Actual 1
Ex OXIDE	The primary aim of the exercise was to develop and maintain maritime cooperation at the operational and tactical levels between the SA Navy and the French forces.	Target 1 Actual 1
Ex BLUE ZAMBEZI	The primary aim of the exercise was to promote the readiness of the SADC air forces in terms of the response to humanitarian aid support.	Target 1 Actual 1
Ex IBSAMAR	Ex IBSAMAR is a multinational maritime exercise held between the navies of SA, Brazil and India. This exercise is in existence since 2008 and is an extension of the IBSA agreement between the three mentioned countries. The aim was to execute the exercise in Indian waters to coincide with the international fleet review.	Target 0 Actual 1 Comment Ex IBSAMAR was planned for the FY2016/17 but on request from India the exercise took place in FY2015/16.

Programme 3: Landward Defence

Purpose

The purpose of the programme is to provide prepared and supported landward defence capabilities for the defence and protection of South Africa.

Objectives

Defend and protect South Africa and its territory by:

- Providing an infantry capability, including C SANDF Reaction Force, for external deployment and internal safety and security, including border safeguarding.
- Exercising a tank and armoured car capability and providing a squadron for internal deployment per year.
- Exercising a composite artillery capability and providing a battery for internal deployment per year.
- Exercising an air defence artillery capability and providing a battery for internal deployment per year.
- Providing a sustained composite engineer capability for external deployment, as well as for internal safety and security and exercising a field engineer capability per year.
- Providing a signal capability for external deployment and internal signal support and exercising a composite signal capability per year.
- Providing Strategic Direction by directing, orchestrating and controlling the South African Army to achieve its mission to prepare and provide supported landward capabilities.
- Providing an operational intelligence capability for external deployment, internal operational intelligence support and exercising one composite intelligence troop per year.
- Providing combat-ready tactical command and control capabilities for integrated forces during force preparation exercises and force employment.
- Providing a support capability for external and internal deployment through first-, second- and fourth-line support by two first- and second-line maintenance units and two field workshops and fourth-line depots.
- Providing general training capabilities through basic military training, junior leader training, common landward training, command and management training, force preparation exercises and training courses.

Overview

During FY2015/16, the SA Army contributed to the MTSF's Outcome 11: "Creating a better South Africa and contributing to a better and safer Africa in a better world" by maintaining a footprint on the African continent in support of the joint force employment schedule requirements. The focus remained on preparing, providing and supporting combat-ready (CR) force structure elements (FSEs) as part of the external operations in the DRC and Sudan in support of UN missions. At the end of FY2015/16, 18 SA Army members (no instructors) were deployed as part of Mission THEBE to safeguard the training equipment in the mission area.

Support to the MTSF's Outcome 11: "Creating a better South Africa and contributing to a better and safer Africa in a better world" manifested in joint, interdepartmental, interagency and multinational exercises presented on South African soil. The SA Army successfully conducted Ex YOUNG EAGLE to prepare and exercise the SANDF's African Capacity for Immediate Response to Crises (ACIRC) Force in Bloemfontein from 19 July to 24 August 2015. The objectives included assessing the combat readiness (CR) of all elements, correcting CR shortfalls as far as possible, integrating the Joint Task Group (JTG) into an organised structure, training and exposing the force to realistic training scenarios mainly at subunit level, enhancing low-level command and

control and practising and exercising specific tactics, techniques and procedures (TTPs). The ACIRC Force was declared CR. The presentation of Ex AMANI AFRICA II at SA Army CTC in Lohatlha in the Northern Cape from 12 October to 07 November 2015 was regarded as a success. Four thousand six hundred and fifty military troops, police and civilians participated in the exercise. Ex AMANI AFRICA II evaluated the state of readiness of the African Standby Force (ASF) and exercised the rapid deployment capability (RDC). The exercise accommodated major troop-contributing countries, namely Algeria, Angola, Botswana, Burkina Faso, Ethiopia, Kenya, Lesotho, Malawi, Mozambique, Namibia, Niger, Nigeria, Rwanda, Uganda, Zambia and Zimbabwe.

The SA Army's contribution to the MTSF's Outcome 3: "All people in South Africa are and feel safe" manifested in the form of support to internal deployment for border safeguarding. The SA Army increased the number of subunits for deployment from 13 to 15 subunits to execute border safeguarding and used SA Army Reserves to supplement the Regulars who are deployed externally in peace support operations and internally in support of border safeguarding. The SA Army deployed water bunkers to wanting communities to provide water relief in drought-stricken Free State areas as part of its contribution to humanitarian assistance and disaster relief. During FY2015/16, the SA Army's contribution to the upliftment of the people of South Africa manifested in the planning and building of four low-cost bridges in the Eastern Cape (Mancam, Zazulwana, Bawa and Amazizi) supported by the NDPW that provided the financial resources. The SA Army engineer capability provided the labour to execute this government initiative.

During the reporting period, the SA Army compiled an MOU between the DOD and the North West provincial government regarding the roll-out of the rural development plan. The MOU was finalised and signed by the MOD&MV and the Premier of North West in Mahikeng on 27 August 2015. A Ministerial directive was also signed in which the Secretary for Defence and C SANDF were tasked with implementing the pilot project in North West. The SA Army made good progress towards compiling service level agreements (SLAs) between the parties and/or partners involved in the pilot project roll-out in the North West, namely the North West University in Potchefstroom and Mahikeng and the North West Cooperative in Lichtenburg. The first phase of the pilot project will be implemented in FY2016/17.

The SAArmy supported the MTSF's Outcome 5: "Skilled and capable workforce to support an inclusive growth path". Support manifested itself through the Government's National Youth Strategy by means of the following initiatives in FY2015/16:

- The SA Army assisted with the presentation of the Youth Leadership Development Programme (YLDP) training during 2015. The training was presented at various intervals at 3 South African Infantry Battalion (3 SAI Bn) in Kimberley. Nine hundred thirty-six members graduated. This initiative formed part of the continuous DOD support to the DRDLR. The SAArmy also assisted the Department of Social Development with the presentation of a youth camp hosted by 3 SAI Bn in Kimberley. Eight hundred and ten young people reported for training.
- Reserve units presented induction training to 202 Young Lions during the reporting period. The training
 was presented to scholars in the disciplines of leadership skills, physical training, exposure to simulation,
 lectures on the SA Army and the Infantry, fire prevention and firefighting, inspections, subject selection at
 schools, code of conduct, practical field craft and demographics, personal hygiene, drill, mess etiquette,
 navigation, musketry, swimming, map reading and social issues.
- The SA Army hosted a North West youth entrepreneurship training camp (304 young people attended) in Potchefstroom at different periods during the year under review. The aim of the youth camp was to expose the youth to job opportunities and empowerment programmes in all departments, state-owned entities and the private sector. The SA Army supported the initiative by means of accommodation, messing and training facilities and military personnel for command and control purposes. The SA Army also assisted Transnet in

Kimberley, Northern Cape with the presentation of a Teenage Health Camp to 715 young people from 25 to 28 February 2016. Presentations on the importance of patriotism and discipline in modern life were given to the young people.

• MSDS training was presented at 3 SAI Bn, Kimberley and at the Infantry School, Oudtshoorn. One thousand four hundred and ninety-four learners were found competent in the basic military training (BMT) course.

The SA Army continued to forge military relationships with foreign militaries. Those military training activities and goodwill interactions enhanced defence diplomacy and mutual military cooperation that promoted the image of the SA Army and the SANDF.

The SA Army participated in the Annual Armed Forces Week in Port Elizabeth from 14 to 22 February 2016. The event was the largest celebratory event on the SANDF's calendar. It is held each year to commemorate all the patriots who had died in service of their country. The SA Army maximised its participation in the parade, community band concerts, capability demonstrations, coaching clinics, gala concerts, static displays/exhibitions and career exhibitions undertaken by various elements within the SA Army to reach out to the intended audiences. The intention of the initiative was to allow the SA Army and other Services to interact with the communities, educate and build the public's understanding of the military's role and purpose in society, showcase the military equipment and technology in use on a daily basis and demonstrate the CR of the SA Army to face any adversary it might come across.

Outputs

The table below provides details of the Landward Defence programme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Landward Defence Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Conduct ordered Defence commitments in accordance with government policy and strategy	Percentage compliance with number of ordered commitments (external operations) (GMA operations) (Mission THEBE)	Target 100%
gerenment pensy and exercise,	,	Actual 100%
Provide mission-ready Defence capabilities	Percentage compliance with Joint Force Employment requirements as resourced	Target Information Classified ²⁵
Enable the DOD	Percentage compliance with DOD training targets ²⁶	Target 80% (3 146)
		Actual 84% (3 315)
		Comment More learners were found to be competent during FY2015/16.

²⁵ Where the report refers to "Information Classified", it means that the information was not published for public consumption but managed through the appropriate oversight institutions. This classified information was duly audited/made available for audit.

²⁸ Performance indicator name change. Previously read as "Percentage compliance with DOD formal training targets (number of learners on planned courses)"

Programme 4: Air Defence

Purpose

The purpose of the programme is to provide prepared and supported air defence capabilities for the defence and protection of South Africa.

Objectives

Defend and protect South Africa and its airspace by providing:

- Four helicopter squadrons and one combat-support squadron per year.
- Three medium transport squadrons which will include one VIP squadron, one maritime and transport squadron, one light transport squadron and nine reserve squadrons per year.
- One air combat squadron per year.
- · Twenty-four-hour air command and control capability.

Overview

The SAAF remained committed to its mandate to prepare, provide and support air defence capabilities for the defence and protection of the RSA, its territorial integrity and the people of South Africa and by doing so, gave expression to its vision which is "an air force that inspires confidence".

During the period under review, a total of 4 785 internal (including VVIP hours) force employment hours were flown as well as 3 892.58 hours funded by the Joint Operational Division. The SA Air Force made a concerted effort and managed to support the joint force employment requirements and gave limited force preparation support to other Services and Divisions.

In support of the MTSF's Outcome 11: "Creating a better South Africa and contributing to a better and safer Africa in a better world" the SA Air Force managed to generate a higher frequency of operational flying hours, specifically during the sustainment flights to the DRC peace support operation.

The SA Air Force contributed towards the MTSF's Outcome 3: "All people in South Africa are and feel safe" by supporting Anti-Piracy Operations, Disaster Aid and Disaster Relief Operations and Border Safeguarding Operations with logistic support flights. As part of its mandate, the SA Air Force is also responsible for undertaking missions in cooperation with the SAPS to enhance peace and stability when the SAPS require such support. This cooperation was successful, specifically relating to aviation safety.

The SAAir Force continued its cooperation with Air Traffic and Navigation Services (ATNS) and made progress in various areas, such as common airspace management, joint training, airspace tariff payment regulatory framework and infrastructure harmonisation.

During the year under review, the SAAir Force participated in a number of exercises and demonstrations, such as Ex BLUE ZAMBEZI in Botswana in July 2015, Ex WINTER SOLSTICE V in August 2015 and Ex AMANI AFRICA II in Lohatlha from 07 to 08 November 2015. A mass fly-past was performed at the Union Buildings during the Freedom Day celebrations on 27 April 2015.

During the Armed Forces Day Parade held in Port Elizabeth from 17 to 21 February 2016, the SA Air Force performed several fly-pasts and participated in the live demonstrations.

The table below provides details of the Air Defence programme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Air Defence Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Conduct ordered Defence commitments in accordance with	Number of force employment hours flown per year	Target 6 500
government policy and strategy		Actual 4 785.18
		Deviation The number of force employment hours flown per year depends on taskings and the serviceability of aircraft. Some of these taskings include search and rescue, flood relief and humanitarian aid. These taskings do not always materialise, hence fewer hours are flown. VIP hours were slightly higher than predicted, due to more flight requests.
		Comment 893 hours were flown as VIP operations and 3 893 in support of joint force requirements.
Provide mission-ready Defence capabilities	Percentage compliance with Joint Force Employment requirements as resourced	Target Information Classified ²⁷
Enable the DOD	Percentage compliance with DOD training targets	Target 80% (834)
		Actual 119% (1 241)
		Comment More learners were found competent and more courses were held during FY2015/16.

²⁷ Where the report refers to "Information Classified", it means that the information was not published for public consumption but managed through the appropriate oversight institutions. This classified information was duly audited/made available for audit.

Programme 5: Maritime Defence

Purpose

The purpose of the programme is to provide prepared and supported maritime defence capabilities for the defence and protection of South Africa.

Objectives

Defend and protect South Africa and its maritime zones by providing:

- A surface combat and patrol capability of three frigates, one combat-support vessel, two offshore patrol vessels and three inshore patrol vessels in each annual operational cycle.
- A subsurface combat capability of two submarines in each annual operational cycle.
- A mine warfare capability of two vessels in each annual operational cycle to ensure safe access to South Africa's harbours and mine clearance where required²⁸.
- A maritime reaction squadron capability, comprising an Operational Boat Division, an Operational Diving Division and a Naval Reaction Division in each annual operational cycle.
- A hydrographic survey capability to ensure safe navigation by charting areas and to meet international obligations.

Overview

During the reporting period, the SA Navy's focus was directed towards preparing ships and submarines for deployment and participation in planned internal and external exercises and operations as directed by the Joint Operations Division. The SA Navy continued to develop its personnel to ensure that a pool of trained personnel was available for deployment as mandated. Assistance to other government departments was given, i.e. YLDP training to the DRDLR.

As part of the SADC Maritime Security Strategy, the SA Navy progressed well with its intention to escalate its presence in Durban during the year under review. The symbolic start of the escalation from a naval station to a naval base was marked by a sod-turning ceremony on 08 December 2015, presided over by the MOD&MV.

The SA Navy continued to engage in international maritime cooperation to ensure the enhancement of regional defence cooperation to comply with the national political direction and foreign policy.

The SA Navy managed to comply fully with the joint force employment requirements. The SA Navy achieved 10 710.70 sea hours for FY2015/16. The underachievement was due to the unavailability of vessels, mainly due to delays in maintenance cycles and/or operational defects.

Outputs

The table on the next page provides details of the Maritime Defence programme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

 $^{^{28}}$ Currently there is no mine warfare capability. The operationalisation of Project MOTSU is awaited.

Output	Performance Indicator	Analysis
Conduct ordered defence commitments in accordance with government policy and strategy	Number of hours at sea per year	Target 12 000
		Actual 10 710.70
		Deviation Due to unavailability of vessels as a result of Human Resources constraints and limited Dockyard capacity, fewer sea hours could be achieved.
Provide mission-ready Defence capabilities	Percentage compliance with Joint Force Employment requirements as resourced	Target Information Classified ²⁹
Enable the DOD	Percentage compliance with DOD training targets	Target 80% (422)
		Actual 100.85% (532)
		Comment Additional Reserve training combined with more learners been found competent than anticipated.

One of the SA Navy's new harbour tug boats, Imvubu (meaning hippo).

²⁹ Where the report refers to "Information Classified", it means that the information was not published for public consumption but managed through the appropriate oversight institutions. This classified information was duly audited/made available for audit.

Programme 6: Military Health Support

Purpose

The purpose of the programme is to provide prepared and supported health capabilities and services for the defence and protection of South Africa.

Objectives

Ensure prepared and supported health capabilities and services by providing:

- A health-support capability of five medical battalion groups, including accompanying field hospitals and one specialist medical battalion group, for deployed and contingency forces.
- A comprehensive multidisciplinary military health service to a projected patient population of 302 000 members per year.

Overview

During the period under review, the SA Military Health Services (SAMHS) provided health-support services for the full range of internal and external military deployments and operations during force health protection and sustained the health of members of the armed forces, their families and other clientele, eligible for health care at static military healthcare facilities as part of force health sustainment.

The SAMHS achieved successes in arresting the decline of health care capabilities. The collaborative project between the RSA and Cuba, Project THUSANO, increased the serviceability of the Mfezi operational ambulance fleet and medical equipment. The operational ambulance fleet for Border Safeguarding Operations was renewed with the assistance of CJ Ops and the repair of 20 SAMIL 20 ambulances. The refurbishment of the health care facilities at Eersterivier was completed. Progress was made with the refurbishment of the health care facility at Mtubatuba and the construction phase commenced at the health care facility in Saldanha.

The operational readiness of the SAMHS improved significantly during the year under review. Most of the demands for HR in external and internal missions were satisfied. Six 4x4 field ambulances were procured through donor funding and converted into fully equipped mobile clinics. Two mobile clinics were delivered to each of the Area Military Health Units KwaZulu-Natal, Eastern Cape and Mpumalanga to improve healthcare service delivery to border safeguarding (Border Safeguarding Operations).

The SAMHS gave medical support to the heads of states during international summits, i.e. amongst others, the AU Summit from 07 to 11 June 2015. The SAMHS also gave real-time medical support and participated in force preparation exercises, i.e. Ex AMANI AFRICA II.

The SAMHS formed part of the Department of Health Site Improvement Through Monitoring Systems quality assurance visits to sites that provide HIV and AIDS treatment. The independent team visited eight SAMHS healthcare facilities in the Western Province and Gauteng. Interventions in the fight against HIV and AIDS and tuberculosis continued in line with Government initiatives. The SAMHS took the lead in the World Aids Day celebrations that took place at the Pretoria Military Sports Club on 01 December 2015. Several courses were facilitated by the Foundation for Professional Development in Pretoria in the management of sexually transmitted diseases, HIV and AIDS and tuberculosis.

The SAMHS contributed to "Support to the People" through various military community building projects and community outreach initiatives.

The table below provides details of the Military Health Support programme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Military Health Support Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Provide mission-ready Defence capabilities	Percentage compliance with Joint Force Employment requirements as resourced	Target Information Classified®0
Enable the DOD	Broader SANDF health status	Target Information Classified
	Trend of deployable status of concurrent health assessment (CHA)	Target Information Classified
	Number of health care activities per year	Target 2 140 550
		Actual 2 257 785
		Comment The target is a projected target and is based on the demands for health care services.
	Percentage compliance with DOD training targets ³¹	Target 80% (648)
		Actual 102% (829)
		Comment Additional courses were presented in the 4 th quarter to address the demand for and backlog of military courses. An additional 159 members successfully completed the courses during the 4 th quarter.
Provide appropriate and sustained Matériel	Percentage availability of medical stock	Target 50%
		Actual 45%
		Deviation The slow delivery and availability of pharmaceuticals and medical consumables is a national challenge. The lead time for delivery increased from six weeks to twelve weeks.

³⁰ Where the report refers to "Information Classified", it means that the information was not published for public consumption but managed through the appropriate oversight institutions. This classified information was duly audited/made available for audit.

Performance indicator name change. Previously read as "Percentage compliance with DOD formal training targets (number of learners on planned courses)"

Programme 7: Defence Intelligence

Purpose

The purpose of the programme is to provide defence intelligence and counterintelligence capability.

Objectives

Ensure prepared and supported intelligence services by providing:

- An Intelligence Capability.
- · A Counterintelligence Capability.
- · A Defence Foreign Relations Capability.

Overview

During the period under review, the Defence Intelligence Division responded to intelligence requirements received from clients and strategic partners and conducted intelligence assessments to satisfy the requirements by clients.

Intelligence products were continuously re-evaluated through client feedback and constant reassessment of products, ensuring the quality management of intelligence products. The Division participated in compiling the National Intelligence estimate in cooperation with the National Intelligence Coordinating Committee (NICOC) and the rest of the intelligence community.

Outputs

The table below provides details of the Defence Intelligence programme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Output	Performance Indicator	Analysis
Conduct ordered defence commitments in accordance with government policy and strategy	Percentage compliance with number of ordered commitments (external operations) (GMA operation) (Team BULISA)	Target 100% Actual 100%
Provide sound Defence direction	Percentage compliance with DOD governance promulgation schedule (Develop Cyber Warfare strategy)	Target Approved Cyber Warfare Strategy Actual Strategy not approved Deviation Strategy was presented to the MCC. Awaiting final approval.
Enable the DOD	Number of defence intelligence products	Target 448 Actual 622 Comment Owing to increased reports on increased conflict on the African continent.

Output	Performance Indicator	Analysis
Enable the DOD	Number of vetting decisions taken in accordance with requirements	Target 5 000
		Actual 4 234
		Deviation Approval of Confidential Clearances in process.
	Level of implementation of the Cyber Warfare plan	Target Partial implementation (establish Cyber Warfare Command Centre HQ)
		Actual Cyber Warfare Command Centre HQ not implemented but in process
		Deviation Establishment of the Cyber Warfare Command Centre HQ was not achieved due to monetary constraints. Additional funds were allocated for the Cyber Command Centre in FY2016/17.

UN Troops armed and ready for escort duties.

Programme 8: General Support

Purpose

The General Support Programme provides general support capabilities and services to the Department to enable the achievement of the Defence mandate. This programme is divided into the following subprogrammes, i.e. Joint Logistics Services, Command and Management Information Services, and the Military Police.

Objectives

Provide general support capabilities and services by means of the following:

- · Joint logistics support capabilities and services
- · Command and management information systems capabilities and services
- Military police capabilities and services

Subprogramme: Joint Logistic Services

Purpose

The purpose of the Subprogramme is to provide logistic support capabilities and services to the Department.

Objectives

Provide ongoing general support capabilities and services by providing appropriate, ready and sustained matériel, facilities, movement and logistic services focusing on supply chain and life-cycle management of infrastructure assets to enable the Defence Mandate by:

- Providing new and replacing old infrastructure assets through 16 projects.
- Carrying out maintenance and repairs of infrastructure through 36 projects.
- Operationalising and capacitating the Defence Works Capability that will enable the DOD to assume selected custodian responsibilities from the NDPW.

Overview

During the period under review, the Division progressed with the establishment of the Defence Works Formation which will enable the DOD to maintain and repair its own facilities. A mandate is being sought from the Minister of Public Works for the DOD to perform planned maintenance tasks and minor capital works. This mandate, if approved, will result in an increase in infrastructure expenditure.

A Memorandum of Agreement for the devolvement of immovable asset management functions on Defence endowment property was signed on 02 September 2015 by both Ministers of Defence and Public Works. A joint task team was established by the DOD and NDPW to manage the devolvement process which will be phased in over a three-year period.

Ammunition disposal was done according to plan. Ten auctions were held which generated a revenue of R23 902 157.32. Tender sales generated R25 560 681.38 for specialised military assets and R1 365 196.50 for wildlife.

The table below provides details of the Joint Logistic Services Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Output	Performance Indicator	Analysis
Provide sound Defence direction	Percentage adherence to DOD governance promulgation schedule (Overarching Logistic Strategy)	Target Completed
		Actual Not completed
		Deviation The Overarching Log Strategy is based on the Military Strategy. The provisional approval of the Military Strategy only took place on 11 November 2015.
Provide appropriate and sustained Matériel	Percentage compliance with the DOD Refurbishment Programme Annual Schedule	Target 100% (56)
		Actual 57% (32)
		Deviation Mainly owing to supply chain challenges within NDPW and challenges experienced with certain appointed contractors.
	Percentage of approved Capital Works Plan projects completed as scheduled per year	Target 70% (8)
		Actual 96% (11)
		Comment Owing to a conservative target of 70% (8 x projects) that was set.
	Percentage compliance with DOD codification requirements	Target 100%
		Actual 64%
		Deviation The National Codification Bureau is not properly structured and capacitated.
	Percentage requests approved for disposal vs. requests received	Target 100%
		Actual 89%
		Deviation 5 disposal requests are in the approval process.
	Percentage ammunition disposed of vs. the number of disposed tonnes planned	Target 100% (1 000)
		Actual 197% (1 972)

Joint Logistic Services Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Provide appropriate and sustained Matériel	Percentage ammunition disposed of vs. the number of disposed tonnes planned	Comment The marketing of obsolete ammunition (vs conventional disposal methods) caused an unexpected increase in the amount of disposal tonnage.
	Percentage procurement requests fully completed within 90 days	Target 100%
		Actual 94%
		Deviation Certain procurement requests took longer than 90 days due to the complexity of some requests.
Ensure Appropriate Strategic Reserves	Level of strategic reserves (ammunition)	Target Information Classified ³²

Subprogramme: Command and Management Information Systems

Purpose

The purpose of the Subprogramme is to provide command and management information system support capabilities and services to the Department.

Objectives

Provide key information and communication systems by:

- Ensuring that the Defence Information and Communications Infrastructure (DICI)³³ is available 98 per cent of the time.
- Providing information and communication systems solutions in accordance with the portfolios of the defence enterprise information systems master plan.

Overview

During the reporting period, the Division ensured that the Information and Communications Infrastructure was available to the DOD at a rate of 98% of the time.

The Division participated in discussions held on the C-band and S-band radio spectrum requirements for the utilisation by International Mobile Technology. The SANDF's requirements were defended and inputs were provided to the World Radio Conference.

During the period under review, a proposal was submitted to the South African National Space Association (SANSA) for the provision of the HF propagation prediction service contract. The proposal was received back from SANSA and is in the process of being evaluated by the DOD/SANDF.

A DOD Records Management Forum was held to ensure the DOD's compliance with national legislation on records management and the preservation of information.

Where the report refers to "Information Classified", it means that the information was not published for public consumption but managed through the appropriate oversight institutions. This classified information was duly audited/made available for audit.

³³ The DICI consists of the DOD mainframe service, the wide area network (WAN), the telecommunication backbone and the distribution server computing.

The Division provided support during the installation of the Metro Ethernet capability in Parliament. This capability contributed to more information and communication technology capacity and services available in Parliament.

Outputs

The table below provides details of the Command and Management Information Systems Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Command and Management Information Systems Output Details for FY2015/16		
Output	Performance Indicator	Analysis
Provide integrated and reliable Defence Information Systems	Percentage compliance with the DOD ICT portfolios of the Defence Enterprise Information Systems Master Plan	Target 100% Actual 256%
		Comment The planned expenditure for the year was exceeded as a result of additional funds for the upgrade of the DOD bank server system, the renewal of the Microsoft Enterprise agreement, the procurement of additional Active Directory 2012 for DOD Isolated Network Licenses and the procurement of equipment and software licenses in preparation for the implementation of Active Directory 2012 at 10 x sites.
	Percentage availability of the Defence Information and Communications Infrastructure (DICI) at all times ³⁴	Target 98% Actual 98%

Subprogramme: Military Police

Purpose

The purpose of the Subprogramme is to provide military police support capabilities and services to the Department.

Objectives

Provide a military policing capability by:

- Reducing the backlog of criminal cases finalised by 20 per cent.
- · Finalising 10 per cent of new criminal cases.
- Conducting 248 deliberate crime-prevention operations per year.
- Investigation of 80 corruption and fraud cases per year.
- Sustaining a provost company for operational deployment on an ongoing basis.
- Sustaining four regional headquarters, 22 area offices and 22 detachments for crime prevention and investigation of criminal cases.
- Sustaining two military correctional facilities for detention and rehabilitation.

³⁴ Performance indicator name change. Previous indicator, namely "Supported DOD ICT and joint command and control product system capability" was consolidated in one performance indicator.

Overview

During the reporting period, the Military Police Division managed to finalise 926 criminal cases out of the backlog of 4 718. The backlog of 4 682 cases are to be carried forward to the next financial year.

The Division managed to finalise 607 of the reported 1 497 criminal cases and executed 282 deliberate crime-prevention operations for the year.

Outputs

The table below provides details of the Military Police Subprogramme outputs, performance indicators and an analysis of target achievement as specified in the DOD APP of FY2015/16.

Output	Performance Indicator	Analysis
Ensure Defence compliance with Regulatory Framework	Percentage of cases of corruption and fraud investigated	Target 100% (80)
		Actual 66% (53)
		Deviation Fewer cases reported than were planned for. The MP Division relies on the number of cases reported by DACAF and other stakeholders for investigation.
		Comment A total number of 53 cases were received, registered and reported for final investigation. The target for cases received was amended in the FY2016/17 APP to only % cases investigated.
Administrate the DOD	Projected number of deliberate crime-prevention operations	Target 248
		Actual 282
		Comment Crime-Prevention Operations were conducted by the MP Division with the aim of cleaning up criminal and illegal activities at military bases and in residential areas.
	Percentage reduction of criminal cases finalised (backlog)	Target 20%
		Actual 20%
	Percentage criminal cases finalised (in-year)	Target 10%
		Actual 36.55%
		Comment The MP Division investigators put in more effort to collaborate with the prosecution to ensure that new cases were finalised.

Ceremonial escort duties by the Military Police Division.

CRIME-LINE TOLL-FREE NUMBER FOR MILITARY POLICE DIVISION TO REPORT ANY CRIMINAL ACTIVITIES.

0800 222 091

2015/6 PARTC Governance

Dr Sam Gulube, the Secretary for Defence (second from left) with the Minister of Home Affairs, Mr Malusi Gigaba (centre), during the launch and implementation of Operation PYRAMID, in support of the Border Management Authority.

INTRODUCTION

The Department of Defence (DOD) managed and maintained effective, efficient and transparent systems of financial and risk management and internal controls³⁵ to ensure optimised utilisation of DOD resources. In pursuit of good *'Corporate Governance'* the DOD continually strives to enhance its internal controls and to be more efficient and effective in the application of management practices and adherence to the regulatory framework. Internal controls are regularly monitored and reviewed in order to ensure timely mitigation of emerging risks.

In line with the King III Report requirements relating to the public sector, the DOD's Internal Audit Division, under direction of the DOD Audit Committee, provided assurance to management that the internal controls are effective and efficient. The Strategic Risk Management Committee monitored the management of risks throughout the DOD.

The Chief Compliance Officer assisted the Head of the Department/Accounting Officer with compliance with the regulatory frameworks to ensure that the DOD maintains favourable audit outcomes at the end of the Financial Year (FY) 2015/16 audit cycle.

The Management Performance Assessment Tool (MPAT) seeks to move departments beyond compliance with the regulatory frameworks of the public service in order to improve the quality of management practices. The DOD utilised MPAT results to enhance its internal controls.

MANAGEMENT PERFORMANCE ASSESSMENT TOOL

The MPAT 1.5 self-assessment took place on 28 September 2015 and involved the Head of the Department (Secretary for Defence), the Chief of the SA National Defence Force and Service and Divisional Chiefs. The self-assessment was verified by the Internal Audit Division.

After the MPAT 'Challenge Phase' towards the end of February 2016, the DOD received its MPAT 1.5 final results on 03 May 2016 with an average score of 2.7³⁶. This represents a year-on-year improvement from an average score of 2.1 during the MPAT 1.4 assessment period to an average score of 2.7 during the MPAT 1.5 assessment period.

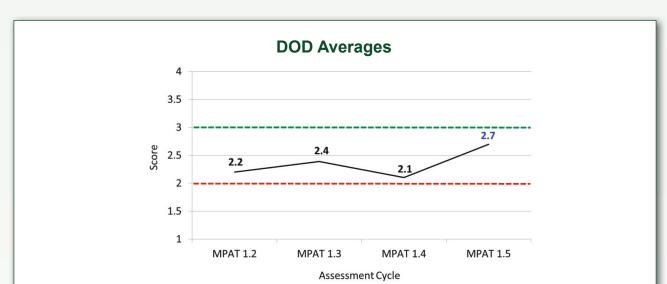

³⁵ PFMA Sec 38(1)(a)

³⁶ Level 1: Department is non-compliant with legal/regulatory requirements. Level 2: Department is partially compliant with legal/regulatory requirements.

Level 2+: Department is compliant with basic legal/regulatory requirements but non-compliant with one or more level 3 requirements.

Level 3: Department is fully compliant with legal/regulatory requirements.

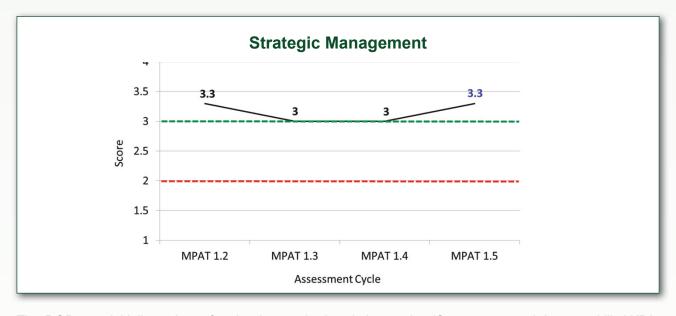

Level 4: Department is fully compliant with legal/regulatory requirements and is doing things SMARTLY

The figure below indicates the **DOD average score** over a four-year period:

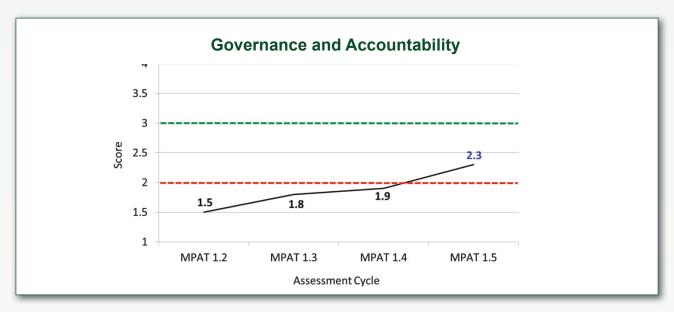

Since the MPAT 1.2 assessment period, the DOD's average score for the 'Strategic Management' Key Performance Area (KPA) has been at a level of 3 and above. The 'Strategic Planning' standard received a score of 4 for the MPAT 1.5 assessment period.

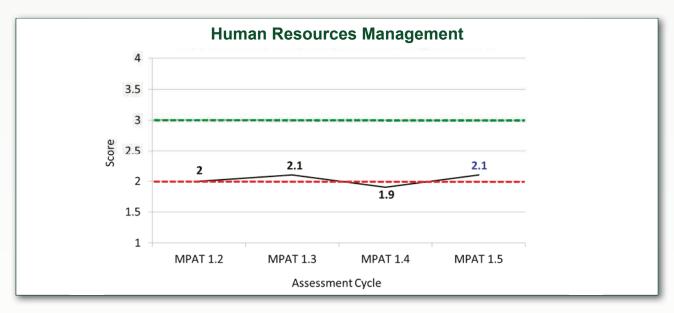

The DOD was initially underperforming in standards relating to the 'Governance and Accountability' KPA. Since the MPAT 1.5 assessment period, good progress has been made, specifically relating to the following standards: 'Service Delivery Improvement Mechanisms' – 2.5, 'Functionality of Management Structures' – 3, 'Assessment of Accountability Mechanisms (Audit Committee)' – 3 and 'Assessment of Risk Management Arrangements' – 4.

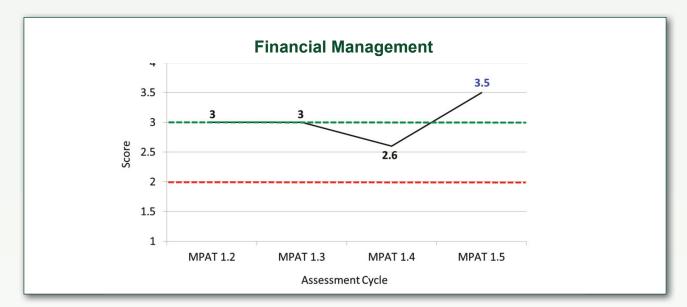

Similarly, standards relating to the 'Human Resources Management' KPA were under/partially performing since the MPAT 1.2 assessment period. The DOD is committed to improve performance on these standards. Improvement Plans are in place and progress made will be monitored on a quarterly basis. In terms of the 'Organisational Design and Implementation' standard, the DOD received a MPAT 1.5 score of 3, which is positive for a department of the size and complexity of the DOD.

The figure below indicates the **Human Resources Management average score** over a four-year period:

During the MPAT 1.2 and MPAT 1.3 assessment periods, the DOD's average score for the 'Financial Management' KPA was at a level 3. The DOD managed to turn around the MPAT 1.4 score of 2.6 by means of improved internal controls and Departmental processes. The average score received for MPAT 1.5 is 3.5. Of significance are average scores of 4 for the following standards: 'Demand Management', 'Acquisition Management', 'Logistics Management', 'Asset Management' and 'Management of Cash flow and Expenditure vs. Budget'.

The figure below indicates the **Financial Management average score** over a four-year period:

The Departmental Instruction 003/2016 "Development of Management Performance Assessment Tool 1.5 Improvement Plans" provides guidance to KPA Standard Owners on the development of improvement plans for non/partially compliant standards and the monitoring and reporting thereof. Progress made with these standards will be reported on during the FY2016/17 reporting cycle.

RISK MANAGEMENT

The DOD's risk management approach and practices are consistent with the approved DOD Instruction (DODI) 00099/2013 (Edition 2) "Policy, Process and Procedures for Risk Management in the Department of Defence" and the Public Sector Risk Management Framework.

During the year under review, the DOD continued to dedicate and commit its efforts towards an improved and effective enterprise risk management approach. The transversal enterprise risks impacting the DOD from the strategic output and outcome perspective, continued to be subjected to regular monitoring and scrutiny by relevant Management/Command Councils and oversight governance structures such as the Accountability Management Committee, Strategic Risk Management Committee and the DOD Audit Committee.

The risk management process is aligned with the planning and budgeting process of the DOD. Risk Management in the DOD is substantially institutionalised and embedded in the strategic management process of the DOD, thus striving towards the optimal achievement of its outputs. Regular risk assessments continue to be conducted whereby the strategic and operational risk registers are maintained and monitored.

The table on the next page provides the risk responses and progress made with DOD Enterprise Risks in line with the DOD Annual Performance Plan of FY2015/16.

DOD Enterprise Risk Management and Mitigation for FY2015/16					
Risk Response	Progress and Intervention				
Disconnect between the Defence Mandate and the Budget Vote Inability to fully execute the constitutional mandate due to limited budget allocation and increasing ordered Defence commitments.					
DOD to engage the National Treasury in the planning and implementation of the Defence Review to ensure that the funding requirements and the National Treasury allocations are aligned.	The basis and underlying concepts for a Departmental funding model has been completed and will be rolled out with the implementation of the Defence Review. The funding model will endeavour to align the implementation of the Defence Review and the budget allocation available to the Department. It will address the budget vote both by the National Treasury and the internal allocation and distribution to align resource allocation with military strategic capabilities. The development of the Funding Model will commence during the FY2016/17.				
DOD to ensure that the current budget allocation and utilisation of budget is optimised and demonstrate economical utilisation of available resources by:					
Reassessing the current deployment levels and international commitments to ensure alignment with available resources.	Guidelines for the reassessment of deployment levels were issued in the DOD at the end of August 2015. Analysis of the guidelines was completed in this reporting period.				
Maintaining the current deployment levels.	The DOD completed the analyses of the current deployment levels to ensure that the Defence Mandate is not compromised.				
Requesting the decrease of international commitments.	The outcome of the above reassessments and analyses have led to the decision of the DOD to terminate the United Nations/Africa Union (UN/AU) Hybrid Peace Mission in the Sudan. All operations in Sudan ceased with effect from 31 March 2016.				
 Renegotiating the South African Development Community (SADC) Standby Force Pledge. 	The requirement to revise the SADC Standby Force Pledge was approved. A letter with this requirement was drafted to the Executive Secretary SADC Secretariat.				
Reappreciating current Joint Force Employment (JFE). Requirement.	The Joint Force Employment (JFE) Requirement was appreciated and DOD guidelines for Planning and Budgeting were issued for FY2017/18. The JFE Requirement determination for FY2018/19 Planning and Budgeting Cycle is in progress.				
Inadequate DOD Organisational Structure Inadequate and insufficiently funded DOD structure may compromise th	e achievement of expected Defence outputs.				
Develop a DOD-approved Military Strategy.	The Military Strategy was conditionally approved in the South African National Defence Force (SANDF) as work in progress that is aligned with the Defence Review Guidelines.				
Develop a DOD-approved Force Design.	The SANDF Force Design is dependent on the approval of the Military Strategy. Both processes are running concurrently and are work in progress.				
DOD to engage the National Treasury in the planning and implementation of the Defence Review to ensure that the funding requirements and the National Treasury allocations are aligned.	The funding of the DOD Organisational Structure is directly related to the roll-out of the Defence Review and the related strategies to address the shortages on the budget for compensation of employees. The funding of the organisational structure will form an integrated part of the strategies to be addressed by the funding model, which will commence in FY2016/17.				
Structural review to ensure that the structure is optimised and productivity maximised by reassessing the ratio between Human Resources (HR) and Operating budget to measure the funding allocation against international best practice.	Pending the execution of a structural review which is based on the finalisation of the Defence Review Implementation Plan (work in progress), HR expenditure and the DOD HR strength continued to be monitored monthly in order to optimise the ratio between the HR and Operational budget/expenditure.				

DOD Enterprise Risk Management and Mitigation for FY2015/16					
Risk Response	Progress and Intervention				
Impaired Force Rejuvenation Absence of an effective feeder system for the Reserve Force and ineffective exit mechanism for the Regular Force may compromise force preparation and employment.					
Approve and implement the DOD HR Charter Implementation Framework.	The implementation of the DOD HR Charter continued as work in progress in terms of the Instruction with regard to the DOD HR Charter Implementation Framework as approved on 31 July 2015.				
Enhance the Reserve Force feeder system through adequate funding.	The DOD HR budget continued to experience a shortfall which hampered the expansion of the Reserve Force feeder system. Additional funding to the amount of Rm40 was received from the National Treasury. Rm20 per year was allocated in FY2017/18 and FY2018/19 respectively to address the Reserve Force revitalisation specifically in the SA Army.				
Develop and approve an exit strategy for the DOD.	A DOD Exit Strategy will be developed following the approval of an appropriate Exit Mechanism by Cabinet as well as the approval of the Defence Review Implementation Plan in the DOD, which is work in progress.				
Reassess the personnel component to ensure optimal HR resources to execute the Defence Mandate in consultation with the Department of Public Service and Administration (DPSA) to ensure that the administrative system can support the entry and exit mechanisms required to optimise the personnel structures.	The DOD continued to reassess and plan for the rejuvenation of the DOD personnel component for FY2016/17 and beyond through succession planning and determining the affordable number of new appointments, which will address the projected personnel that exits through natural attrition. This was done as an integral part of the DOD's HR Planning and Budgeting process.				
Deteriorating DOD Facilities and Infrastructure Deteriorating DOD facilities and infrastructure has morale implications Occupational Health and Safety Act.	and may therefore result in possible litigation and non-compliance with				
Develop a new logistic strategy and process framework.	The Overarching Log Strategy is based on the Military Strategy. The provisional approval of the Military Strategy only took place on 11 November 2015. The draft concept of the logistic strategy and process framework is in process and implementation is planned for FY2017/18.				
Monitor and report on the implementation of the DOD User Assets Management Plan (UAMP).	The DOD utilises the UAMP to assist in decision-making regarding the management of the DOD's immovable assets. The planned maintenance requirements contained in the UAMP will be used to influence National Department of Public Works (NDPW) Annual Planned Maintenance Programme.				
Execute the function shift from NDPW to DOD Works Formation together with the utilisation of the devolved NDPW budget.	The Memorandum of Agreement for the function shift of the Defence Endowment Property Portfolio from NDPW to the DOD was signed on 02 September 2015. The devolvement of facility life-cycle management functions on Defence Endowment Property is being managed by a Joint Task Team headed by the Logistics Division of the DOD together with a NDPW counterpart. The devolvement process is intended to take approximately three years.				
DOD to engage the National Treasury to ensure the budget allocation is aligned with the MTEF planning to implement the plans to optimise Asset Management and Facilities maintenance plans.	The alignment of the budget with the funding requirements for Facilities and Infrastructure is managed during the Budget and Planning Process within the Department.				
Ensure that internal budget allocations are reprioritised and aligned with the priorities to address the medium-term requirements through the DOD quarterly reporting process.	The budget prioritisation for the MTEF 2016 was submitted to the National Treasury but no additional allocation was possible due to overall departmental budget constraints. The requirement will be reassessed in the MTEF 2017 planning and budgeting process, which is currently in progress.				

DOD Enterprise Risk Management and Mitigation for FY2015/16					
Risk Response	Progress and Intervention				
Non verifiable DOD Performance Information The non-integration of Information and Communication Technology (ICT) systems and non-availability of source documentation may lead to unreliable DOD financial and non- financial information.					
Develop an Integrated Defence Enterprise system and engage with National Treasury to ensure that this development addresses the transversal integration of the Integrated Financial Management system (IFMS) of Government. In the absence of guidelines from National Treasury on the integration of DOD corporate core information systems, has initiated the Integrated Defence Enterprise System with the Defence Review.					
Establish the Performance Information Management System (PIMS) to ensure effective reporting.	The PIMS, which forms part of the Integrated Strategic Management Enabler (ISME), is a multifunctional system that automates the manual process required in the management of Performance Indicators within the DOD Performance Management environment. The PIMS was implemented in the DOD on 05 August 2015 with continuous training being provided to all existing and new role-players.				
Develop a DOD Performance Monitoring and Evaluation Policy.	Information on performance reporting in the DOD is managed in terms of the Interim Department of Defence Instruction (IDODI) POL&PLAN00001/2011 "Policy on the Reporting of Performance Information against Plan" as approved on 29 February 2012. This policy remains valid and ensures the directing, management and reporting of departmental performance information and associated activities. This Policy is under review and will be replaced by a comprehensive policy covering monitoring and evaluation reforms. Updating and aligning the 1st draft of the Policy with the Defence Review 2015 is work in progress.				
Empower staff with emphasis on financial management and performance reporting skills.	PFMA Section 45 in terms of the financial management responsibilities of other officials was incorporated into departmental training courses. A program to present financial management training with reference to financial misconduct management commenced and will continue to be presented to non-financial managers in the department.				
Increase in Fraud and Corruption Weaknesses in key internal controls may increase the opportunity for fra	ud and corruption thus resulting in losses.				
Develop and implement a Corruption and Fraud combating plan.	The DOD Corruption and Fraud Prevention Plan was redistributed for implementation in FY2016/17. Corruption and fraud awareness and prevention training, as an intervention to prevent reoccurrence and an increase in fraud and corruption, was provided to 10 248 members during this reporting period.				
Fraud and corruption cases to be continuously monitored and reported on at the DOD Defence Anti-Corruption and Anti-Fraud (DACAF) Forum meetings.	All corruption and fraud incidents/cases are monitored and reported on at the monthly DACAF Forum meetings. An initiative that was taken was the establishment of multidisciplinary teams to speed up the process of combatting corruption and fraud in the DOD. The testing phase already commenced.				
Optimal utilisation of the Whistleblowing Hotline.	Reporting via the DOD Whistleblowing Hotline is encouraged during awareness road shows. All incidents reported were assigned for further investigations. A total of 53 incidents were reported in FY2015/16 and 19 detection investigations were finalised.				

DOD Enterprise Risk Management and Mitigation for FY2015/16					
Risk Response	Progress and Intervention				
High Prevalence of Litigation Inability of the DOD to abide by its prescribed policies and procedures may result in costly litigation and losses to the Department.					
Intensify the recruitment and retention of scarce skills through refinement and amendment of Occupation Specific Dispensation for Military Law Practitioners.	This risk response was mitigated. The refinement and amendment of the OSD was institutionalised.				
Continue with negotiation between the DPSA and the Department to amend the Occupation Specific Dispensation of civilian law practitioners in the DOD in line with that of Military Law Practitioners.	A decision was taken that the negotiations between the DPSA and the DOD would take too long with no guarantee of the end result. An investigation was undertaken within the DOD to mitigate the matter internally.				
Funding and staffing of 37 vacant posts on the structure of the Defence Legal Services Division (DLSD).	The funding requirement for 37 unfunded vacant posts was requested through the Departmental Planning and Budgeting processes. Due to the extensive HR Budget cuts for the MTEF period, no funding for the mentioned posts was received. As an interim measure, 86 Reserve Force members were utilised on rotation basis.				
Finalisation of the drafting and promulgation process of the Military Disciplinary Bill in order to transform the Military Justice system as directed.	A second preliminary opinion, followed by the returned draft Bill from the State Law Advisor, was received by the Military Discipline Bill Task Team. Discussions were held between the DOD and the State Law Advisor in order to establish the way forward in terms of the precertification of the Bill.				
Develop a plan to implement the Military Disciplinary Bill when promulgated as an act.	Development of a Military Disciplinary Implementation Plan is in progress. The proposed Plan will only be considered for approval by the DOD once the Bill passes through the prescribed legislative process of approval.				
The expansion of the DLSD Reserve Force component and continuation with the call-up of specialised Reserve Force members to facilitate litigation, legal advice and general support more effectively.	Currently, the DLSD is dependent on the utilisation of Reserve Force members to address the capacity challenges. To date, DLSD has utilised 86 Reserve Force members on a rotational basis to supplement the inadequate structures and personnel shortages.				
Expand, fund and staff the structure of the DSLD in line with the Ministerial Legal Audit Committee final report recommendations.	The review of the DLSD existing structure to determine the need and the extent of expansion will be directed through the roll-out of the Implementation of the Defence Review which is in progress.				
Forfeited rights on DOD Property Possible land claims relating to DOD facilities may impact on Defence re	adiness and deployment capabilities in support of the Defence mandate.				
DOD to engage with NDPW on alternative facilities and properties regarding the identified areas of possible land claims.	The DOD, as the land user in the land restitution process, meets quarterly with the Regional Land Claims Commissioners and the NDPW to discuss the way forward regarding the land restitution claims affecting the DOD's properties.				
DOD to engage the National Treasury and to reassess the budget requirements that may result from land claims to provide for required facilities for force preparation and force employment.	Potential funding requirements as a result of successful land claims will be managed through the Departmental planning and budget processes. No funding requirements for successful land restitution claims have been registered for this reporting or the next MTEF period.				

CORRUPTION AND FRAUD PREVENTION

The custodianship for corruption and fraud prevention in the DOD is the responsibility of the Defence Inspectorate Division and more specifically the Directorate Anti-Corruption and Anti-Fraud (DACAF).

The Directorate is mandated to provide the DOD with anti-corruption and anti-fraud prevention services, including serving as a nodal point for forensic auditing, provided that evidence of corruption and fraud is handed over to the Military Police Division for further investigation in terms of and in accordance with applicable laws.

In response to government's approach to the eradication of corruption and fraud, the following DOD documents aim to align the DOD with the wider governmental approach:

- · Corruption and Fraud Prevention Plan.
- · Departmental Anti-Criminality Strategy.

These documents aim to address the DOD's collective response to identified and envisaged corruption and fraud risks, as well as aligning the DOD with the minimum anti-corruption capacity requirements for the Public Service.

The Directorate manages the DOD's anti-corruption efforts through the attendance of various DOD and external forums. The two main interfaces for the receiving and dissemination of information are:

- Attendance of the Justice, Crime Prevention and Security (JCPS) Cluster Anti-Corruption Workgroup where information is exchanged between government's Anti-Corruption Coordinating Committee and JCPS departments; and
- Chairpersonship of the DOD Anti-Corruption Nodal Point Forum where information is exchanged between DACAF and DOD Services and Divisions.

Achievements for FY2015/16

Detection Investigations. The target for the finalisation of detection investigations received was 10 for the National Anti-Corruption Hotline cases and 19 for the DOD Anti-Corruption Hotline cases, which amounted to a total of 29 cases. DACAF managed to finalise 12 National Anti-Corruption Hotline cases and 19 DOD Anti-Corruption Hotline cases, which amounted to a total of 31 corruption and fraud cases that were finalised.

Awareness Education. The target in terms of awareness education was to reach an audience of 10 000 DOD personnel. A total of 10 248 individuals were educated on corruption and fraud.

New Corruption and Fraud Cases Reported: 13737

Convictions of Corruption and Fraud-Related Cases: 338

Disciplinary of Corruption and Fraud-Related Cases Finalised: 6

Corruption and Fraud Awareness Education: 10 248 Attendees

¹⁵ x cases via National Crime hotline, 51 x cases via Directorate Anti-Corruption and Fraud Hotline and 71 x cases via the Military Police.

 $^{^{38}}$ 3 x cases were found guilty, 3 x cases not found guilty and 42 x cases were withdrawn.

Minimizing Conflict of Interest

Minimising conflict of interest receives priority in the DOD's Supply Chain Management (SCM) framework. In all related SCM fora and bidding processes, members were required to sign a declaration of interest. DOD personnel/members were made aware of the requirement for them to obtain approval to undertake remunerative work outside the Department. In addition to the awareness initiatives, the following instructions were implemented:

- Chief Logistics Instr 43/2013: Enhancing Compliance Monitoring and Improving Transparency and Accountability in SCM.
- Log Div Instruction 50/2015: Management of Standard Bid Document 4 in the DOD.

CODE OF CONDUCT

The DOD committed itself to organisational values that are rooted in individual values, codes of conduct and unit cohesion. In delivering the defence mission, the DOD continued to pursue and adhere to the following organisational values:

Accountability. We shall create a learning organisation in which all employees seek and share knowledge and information, whilst committing themselves to personal growth. We shall lead by example and influence others to follow these principles. We shall be sensible to the requirements we make of our people and recognise the unique commitments and contribution they make.

Consultation rooted in effective and efficient partnership and collaboration. We shall encourage and improve links with other Government Departments, relevant organs of state and identified stakeholders. We will strengthen partnerships with industry, allies and the community at large. We shall promote collaboration within the DOD, harmonise activities and systems and, where sensible, share knowledge.

Discipline. We shall consistently uphold a high level of discipline. We shall individually and collectively sustain and safeguard the profile and image of the defence establishment as a disciplined profession.

Ethics. We shall adopt and encourage reasonable working practices. We shall not be deflected by the demands of own vested interests but those of the DOD. We shall foster fairness and trustworthiness in all that we do. We shall not ignore difficult issues or situations.

Excellence. We shall build on what we do well and actively foster a climate of success. We shall invest in our people and encourage innovation. We shall, where possible, provide appropriate incentives and recognise individual and team contributions.

Openness and transparency. We shall ensure clear communication and better understanding. We shall ensure that our messages and intentions are clearly understood. We shall listen to clients' concerns and make sure we understand and take into consideration what they are saying to us. We shall aim to create a climate of trust and transparency in our decision making.

People. We shall uphold the values as espoused in the founding principles of the Constitution and further expressed in the Bill of Rights.

Service standards. Service standards are based on clear direction and strong leadership. Our priority is, and shall always be, to maximise our defence capability and our contribution to peace and security. We shall maintain high standards of excellence and professionalism in everything we do.

Teamwork. Within the DOD, we are one team and as such embrace a single purpose. We shall debate issues fully, whilst rigorously representing our individual responsibilities. Our overriding aim, however, is to reach conclusions that are best for the department and then to act on them.

HEALTH AND SAFETY AND ENVIRONMENTAL ISSUES

The DOD's mainstream response to HIV and AIDS, Sexually Transmitted Infections (STIs) and Tuberculosis (TB) epidemics is in line with the National Strategic Plan for 2012 – 2016. The DOD is committed to joining hands as it deepens and strengthens its response and seeks innovative ways to sustain its interventions in the short, medium and long-term. The DOD is fully cognisant of the fact that all efforts contribute to the global vision of an AIDS-free world. This vision is attainable, and the DOD will continue to strive to work towards it.

The DOD adopted the 'Eight Principles of Commitment to the HIV and AIDS Mainstreaming' in the Public Service as described below:

Provision of Leadership. Commit to the provision of leadership and be a champion in gender-sensitive, rights-based HIV and AIDS mainstreaming.

Providing a Service Delivery Environment Free of Stigma and Discrimination. Commit to a working and service delivery environment free of stigma and discrimination.

A Safe and Healthy World of Work. Commit to a safe and healthy workplace.

Rights-based and Gender-sensitive Programming. Commit to rights-based and gender-sensitive programming.

Review and Use of the Review Report. Use the review report in operational strategic planning and negotiations of a service delivery agreement.

Allocation of Resources. Ensure allocation of resources for the implementation of a gender-sensitive, rights-based HIV and AIDS mainstreamed operational plan.

Monitoring and Evaluation. Ensure monitoring and evaluation for the implementation of a gender-sensitive, rights-based HIV and AIDS mainstreaming programme and projects.

Improving Governance of HIV and AIDS. Commit to the improvement of the governance of HIV and AIDS response at cluster and Forum of South African Director-General's levels.

The DOD identified the health of the military population as a priority. The following issues were addressed:

- Increase in the number of antiretroviral sites.
- Healthy lifestyle programmes and an increase in the number of prevention and health promotion programmes.
- Increase in the number of health-related policies and instructions.
- Development of a FY2015/16 HIV and AIDS, STI and TB Operational Plan in accordance with Department of Public Service and Administration guidelines for the public sector.
- Ensuring an updated DOD HIV and AIDS policy in line with the NSP for 2012 2016.

PORTFOLIO COMMITTEES

Appearances before Parliamentary Committees

The Minister appeared before the Portfolio Committee on Defence and Military Veterans on one occasion during the reporting year.

The Department of Defence appeared on nine occasions before the Portfolio Committee on Defence and Military Veterans and on five occasions before the Joint Standing Committee on Defence during the reporting period.

Parliamentary Questions

The Minister replied to 113 Parliamentary questions from the National Assembly, whilst the Minister replied to nine questions from the National Council of Provinces during the period under review.

SCOPA RESOLUTIONS

SCOPA Appearances

The DOD appeared before SCOPA on 03 March 2015 for its Annual Report **FY2013/14**, and additional information requested during the hearing was submitted to SCOPA on 23 March 2015. The SCOPA Resolutions (Fifth Report) on the DOD's Annual Report FY2013/14 were adopted by Parliament on 20 May 2015, and the DOD submitted its corrective action plans on these resolutions to SCOPA on 21 July 2015.

The DOD was not invited to appear before SCOPA for the Annual Report FY2014/15.

Matters reported on by the Auditor-General of South Africa (AGSA) in the FY2014/15

The table below provides details with respect to progress made in resolving AGSA Audit Report matters during the FY2015/16.

Progress made in Resolving AGSA Audit Report Matters during the FY2015/16						
FY2014/15 AGSA Audit Report Reference	FY First Reported	Progress made in clearing / resolving the matter				
GENERAL DEFENCE ACCOUNT (GDA)						
Emphasis of Matter; Page 181, Par. 10 – Payables. Payables which exceed the payment term of 30 days as required in Treasury Regulation 8.2.3 amount to R209 981 317. This amount, in turn, exceeds the voted funds to be surrendered of R14 498 000 according to the statement of financial performance by R195 483 317. The amount of R195 483 317 would therefore have constituted unauthorised expenditure had the amounts due been paid in a timely manner.	FY2014/15	The FMD is preparing and promulgating a Standard Operating Procedure which will illustrate the procedures that will prevail during financial year-end closure. Clear communication channels will be established between the directorate budget control and the accountants whether to proceed or terminate payments based on the availability of funds in the bank account.				

Progress made in Resolving AGSA Audit Report Matters during the FY2015/16					
FY2014/15 AGSA Audit Report Reference	FY First Reported	Progress made in clearing / resolving the matter			
Other Matter: Page 183, Par. 25 – Expenditure Management. The accounting officer did not take effective steps to prevent irregular expenditure, as required by section 38(1)(c)(ii) of the PFMA, and Treasury Regulation 16A6.1.	FY2014/15	The Strategy to prevent irregular, fruitless and wasteful expenditure was reviewed and is in process to be presented for approval. A detailed policy was developed to inform DOD members to the lowest level how and where to report irregular and fruitless and wasteful expenditure. Prosecution and Recovery Committee members are continuously informed on what irregular, fruitless and wasteful expenditure entails and how to identify such expenditure. The prevention, detection and reporting of irregular, fruitless and wasteful expenditure is presented on the Budget Management courses to create awareness among Budget Managers in performing daily financial management tasks. The FMD is currently in the process of developing a curriculum to present formal courses with regard to the management of irregular, fruitless and wasteful expenditure.			
Other Matter: Page 183, Par. 27 – Internal Control: Leadership. The accounting officer did not exercise sufficient oversight responsibility regarding financial reporting over tangible assets, goods and services, compliance and related internal controls. The accounting officer did not have sufficient monitoring controls over the overall process of reporting on performance information, which resulted in material adjustments to the performance report.	FY2012/13	Tangible Assets / Goods & Services The Logistics Division reviews the Asset Registers weekly in the Logistics Division Operational Centre. The Logistics Division is continuously following up on reconciling items through the Log Div Ops Centre Representatives and a dedicated appointed individual at Directorate Asset Management. Monthly Logistics and Finance meetings are conducted between the Log Div and FMD to follow up on differences on the Log and Fin systems. Asset Registers are issued to the Service and Divisional Chiefs for review and sign-off bimonthly. Performance Information			
		Controls are in place on corporate level to ensure that Non-Financial Performance Information is accurate and complete. The following Departmental Instructions refers: No 07/2014: Development of DOD Standard Operating Procedures for Performance Information Management. No 20/2015: Performance Indicator Technical Datasheet for FY2016/17 Submission. No 01/2016: Guidelines for the Preparation of Quarterly Performance Reports on Performance against the DOD Annual Performance Plan for FY2016/17. No 02/2016: Guidelines for the Preparation of the DOD Annual Report for the year ending 31 March 2016.			
Other Matter: Page 183, Par. 28 – Internal Control: Financial and Performance Management. Existing controls were not designed to ensure adequate recordkeeping supporting accurate and complete financial and performance reporting and compliance with laws and regulations.	FY2012/13	Review of Financial Statements Standard Operating Procedure, which includes the planned dates of review by management and the Audit Committee was revised during Feb/Mar and signed off prior to 31 March 2016. Proactive involvement of the Internal Audit Division will assist with ensuring that information submitted for inclusion in financial statements is accurate and complete. Corrective action plans are monitored by the Logistics Division at different forums on a monthly basis (Asset Management Reporting Forum, Ops Centre Reporting Forum, etc.).			

FY2014/15 AGSA Audit Report Reference	FY First Reported	Progress made in clearing / resolving the matter
		Performance Information
		Director Planning held a session with SANDF Planner and the AGSA on 05 Feb 2016 to discuss, amongst other things, reporting challenges on performance indicators and targets as indicated in the AGSA's Interim Audit Report for FY2015/16.
Other Matter: Page 183, Par. 29 – Internal Control: Governance. The Department is still in the process of capacitating the internal audit component.	FY2009/10	The process of resourcing the Internal Audit Divisio commenced with first appointment made in January 2014. The CAE is in discussion with the Institute of Internal Auditors to put these potential internal auditors through the Internship Programme under the DOD IAD. This is bein costed in order to request funds through the Departments Programme and Budget Evaluation Committee process to fund this 3-year initiative that will also contribute to the national priority of reducing unemployment and improving skills development. The Minister has put the resourcing IAD as one of her priorities and approved the appointment of three staff members at Chief Director Level on a one-year contract basis to assist the CAE primarily with the review of the currently approved structure (which was not in line with the requirement of the IA Standards). The resourcing of the Internal Audit division is still in process. Presently, the state compliment is forty two. During the 2015/16 financial year the Secretary for Defence has provided the Chief Audit Executive with the delegated powers to approve position up to deputy – director level, and this was instrumental is speeding up the appointment process accordingly. Internated processes, such as the vetting process of the externate andidates, are delaying the appointment of new officials For the 2015/16 financial year the Internal Audit Division should have ninety filled posts. Interviews were held and the resourcing is still in progress for the remainder of foreight positions. The reviewing of the structure of IAD by the three Chief Directors is in the finalisation stage.
SPECIAL DEFENCE ACOUNT (SDA)		
Qualification: Page 357, Par. 6 – Special Defence Activities. The special defence account accounts for non-sensitive and sensitive projects expenditure incurred in connection with special defence activities as per section 2(2)(a) of the Special Defence Account Act, 1974 (Act No .6 of 1974), as amended. I was unable to obtain sufficient appropriate audit evidence regarding sensitive projects expenditure and related financial assets due to the sensitivity of the environment and the circumstances under which the related transactions were incurred and recorded. In addition, material classes of sensitive projects expenditure were not separately classified per nature as required by GRAP 1, <i>Presentation of financial statements</i> . I was unable to confirm the sensitive projects expenditure and financial assets by alternative means. Consequently, I was unable to determine whether any adjustments to sensitive projects expenditure stated at R674 944 000 in note 14 and financial assets stated at R69 395 000 in note 6 to the financial	FY2014/15	The DOD is participating in a work group created by th State Security Cluster to influence changes to the currer legislation that is contradictory with the Public Audit Act.

INTERNAL AUDIT AND AUDIT COMMITTEES

INTERNAL AUDIT

Key activities and objectives

The Internal Audit Division (IAD) provided independent assurance and consulting services which are reactive and proactive in nature respectively, as a tool to improve operations by providing recommendations intended to assist the Executive Authority (EA), Accounting Officer, Chief of South African Defence Force (C SANDF), Audit Committee, members of the Plenary Defence Staff Council (PDSC) and management towards achievement of objectives of the DOD.

As per the internal audit charter, the IAD plays an important role in giving assurance by reactively reviewing, conducting analyses of internal control, risk management and governance and give appropriate recommendations. The Division also proactively provided value adding advisory services for improvement of operations, and coordinated with other assurance providers to ensure that risks of the Department are adequately covered in order to improve achievement of objectives including audit outcome of the DoD.

The IAD had the following five key objectives for the FY2015/16:

- Providing effective and efficient internal audit assurance services in compliance with the Standards and accepted practices according to the approved Risk-Based Internal Audit Plan to ensure that DOD outcomes and outputs are achieved.
- Providing relevant internal audit consulting and add value services intended to improve organisation's operations in compliance with the Standards and accepted practices according to the approved Risk-Based Internal Audit Plan in order to support the achievement of DOD outcomes and outputs.
- Providing comprehensive Anti-Fraud and Anti-Corruption services in compliance with the Institute of Forensic Auditors and best practice according to the Association of Certified Fraud Examiners to ensure that fraud and corruption is reduced to a minimum.
- Coordinating with other assurance providers including external auditors (Auditor-General South Africa) according to the National Treasury Regulations, Standards and accepted practices to ensure adequate coverage of risks and minimisation of duplication of efforts towards cost effectiveness of assurance services.
- Continuously co-ordinating and facilitating Audit Committee activities and are up to date with internal audit and accepted governance practices and developments according to the Standards and Audit Committee Charter.

Summary of audit work done

Assurance Activities

In the 2015/16 financial year the audit plan was based on the expectation that the audit staff would be increased, however the staffing of the Division (which started in July 2014 (2014/15 financial year) when the first three auditors assumed duties) took longer than anticipated with total number of auditors only growing to 27 by the end of the 2015/16 financial year. As a consequence of this provided limited assurance, as only 32% of the approved plan was achieved.

Consulting Activities

Audit (internal and external) matters were discussed during the Audit Management Team (AMT) meetings. An annual Audit Orientation Workshop (attended by representatives from the DOD's Public Entities and organs of state, AGSA, Audit Committee, National Treasury and DPME in the Presidency) was held where a platform was provided to clear all accounting and auditing concerns raised in both the internal and external audit reports for the preparation and readiness for the next external audit cycle. The Division provided trend analysis reports on internal control, risk management and governance (including external audit opinions) through the making of presentations to management and roadshows to Services and Divisions.

Coordination with other assurance providers

The Division has coordinated its activities with the Services' Inspector-Generals.

Coordination and facilitation of Audit Committee Activities

The Division, as the secretariat of the Audit Committee, has effectively facilitated and coordinated all the meetings of the Audit Committee. As a result the committee was able to hold eight meetings during the financial year, including quarterly and special meetings.

Chairperson of the Audit Committee, Mr V. Nondabula (left) and ordinary member, R Adm (retired) A.G. Green (right).

AUDIT COMMITTEE REPORT

We are pleased to present our report for the financial year ended 31 March 2016.

BACKGROUND

- The Audit Committee (the Committee) is established as a statutory committee in terms of section 38 (1) (a) (ii) of the Public Finance Management Act and Treasury Regulation 3.1.13.
- The Committee has adopted formal terms of reference as its audit committee charter and has fulfilled its responsibilities for the year, in compliance with its terms of reference.

MEMBERSHIP AND ATTENDANCE

- The Committee consists solely of independent members who provide an array of skills, expertise and experience to execute the required oversight responsibilities.
- The Committee met eight times during the financial year.
- The following is a list of its members, qualifications and a record of their attendance:

Information on the	Audit Committee Members					
Name	Qualifications	Internal or external member	If internal, position in the department	Date Appointed	Date Resigned	Number of Meetings attended
Mr V. Nondabula (Chairperson)	BA, BA Hons, MA, MBA, UED, Dip Fin Mgmt	External	N/A	01 Oct 2011	Current	8
Mr S. Radebe	BComm Honours in Accounting Science	External	N/A	2009 (Exact date not clear)	01 Dec 2015 (Term Expired)	4

AUDIT COMMITTEE'S RESPONSIBILITIES

The Committee is satisfied that it has discharged its responsibilities in assisting the Accounting Officer with the following:

- The safeguarding of assets, the operation of adequate systems, control and reporting processes, and the preparation of accurate reporting and financial statements in compliance with the applicable legal requirements and accounting standards.
- Overseeing the activities of, and ensuring coordination between, the activities of internal and external audit.
- Providing a forum for discussing financial, enterprise-wide, regulatory and other risks in relation to the controls and mitigation plans to minimise these risks as well as the identification of control issues.

- Reviewing the department's quarterly financial and performance information as well as the annual
 performance information and annual financial statements including the annual report, and any other public
 reports or announcements containing financial and performance information.
- Receiving and dealing with any complaints concerning the accounting practices, internal and external audit
 or the content and audit of its financial statements or related matters.
- Annually reviewing the committee's work and charter making recommendations to the Accounting Officer to ensure its effectiveness.

INTERNAL AUDIT

Internal Audit is independent and positioned to provide objective assurance and consulting activities designed to add value and improve the Department's operations. As a result, the Committee approved an annual Internal Audit plan for the period 01 April 2015 to 31 March 2016 that included 70 planned audit engagements. However, as at 31 March 2016, Internal Audit had only completed 32% of the planned audit engagements. This underperformance is partly due to long delays in HR recruitment processes. The Committee had continuously raised its concerns regarding these challenges of underperformance and the long delays in appointments, both in the quarterly and special meetings within the department with no avail.

Due to the non-completion of the 2015/16 audit plan, a limited level of assurance was provided by Internal Audit to the Committee. However, going forward interventions have been put in place by the Committee and the progress thereof will be closely monitored.

EXTERNAL AUDIT

- The Committee has reviewed the independence and objectivity of the external auditors.
- The external auditors attended eight meetings of the Committee.
- The Committee also had in-camera meetings with the external auditors and we are satisfied that there are no unresolved issues of concern.
- The Committee reviewed and approved the external audit report and several accounting and auditing concerns were noted from their reports.

RISK MANAGEMENT

- Management is responsible for the establishment and maintenance of an effective system of governance, risk management, the prevention and detection of fraud and internal controls.
- Internal Audit was guided by the consolidated risk profile, critical audit areas and managements inputs in the formulation of its annual audit plan.
- The Department has a Compliance Officer and a Risk Management Committee which is chaired by management.
- A risk register is updated at least annually to ensure that all the major risks including emerging risks facing the organisation are identified and managed in an adequate and effective manner.

INTERNAL CONTROL

The Committee considered all the reports issued by the various assurance providers - internal and external
auditors, risk management as well as management and remains concerned with the progress made in
addressing the internal control weaknesses.

• In light of the above we are of the opinion that the system of internal control for the period under review is considered to be partially effective.

THE DEPARTMENT'S COMPLIANCE WITH LEGAL AND REGULATORY PROVISIONS

- The Committee has reviewed the in-year management and quarterly reports submitted in terms of the Public Finance Management Act and the Division of Revenue Act.
- The Committee also noted managements' policies and procedures and measures put in place to ensure compliance with applicable laws and regulations.

THE ADEQUACY, RELIABILITY AND ACCURACY OF FINANCIAL INFORMATION

• The Committee is of the opinion, based on the information and explanations provided by management as well as the results of audits performed by the internal auditors, and the Auditor-General, that the financial information provided by management to users of such information is adequate, reliable and accurate.

EVALUATION OF FINANCIAL STATEMENTS AND ANNUAL REPORT

 The Committee has evaluated the annual financial statements and performance information for the year ended 31 March 2016 and duly recommended for the Accounting Officer's approval prior to being submitted to the Auditor-General for audit. The Committee reviewed the Auditors' management report and concurs with their conclusions. Thus we accept the audit opinion expressed by the external auditors on the annual financial statements, and annual report.

CONCERNS IDENTIFIED BY THE COMMITTEE

The Committee noted the following areas of concern:

- The overall control environment within the Department requires drastic improvement and the initiatives by management and the progress thereof will continue to be reviewed on a quarterly basis by the Committee.
- Inadequate performance of Internal Audit function which impacts on the Committee's ability to receive independent and objective assurance on risk management, governance and internal control.
- Several control weaknesses as it relates to Assets, Irregular Expenditure as well as Fruitless and Wasteful expenditure; and compliance to Supply Chain Management prescripts.
- Significant challenges within the department's IT environment.

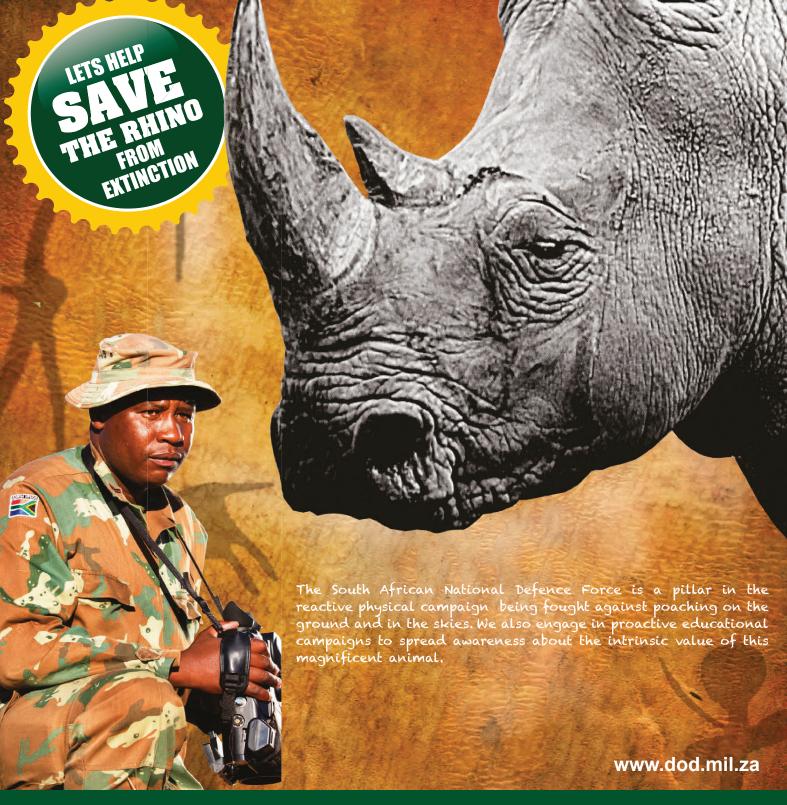

We would like to express our appreciation to the Minister and Deputy Minister for their leadership and guidance, Secretary for Defence, Chief of the South African National Defence Force, management and staff for their consistent value-adding contributions.

(MR V. NONDABULA)

Mondabrila

CHAIRPERSON OF THE AUDIT COMMITTEE

08 August 2016

Medicinal myths and a lack of care for our natural environment will be the forces behind the extinction of this magnificent animal.

2025 PART D Human Resources Management

The Minister of Defence and Military Veterans, Ms Nosiviwe Mapisa-Nqakula (centre), the Secretary for Defence, Dr Sam Gulube (left), and the Chief of Corporate Staff, Lt Gen Vusi Masondo (right), with some of the SA Army engineers and their Cuban tutors(in blue work suits) at the workshop at Army Support Base Potchefstroom.

OVERVIEW

During the period under review, the South African National Defence Force (SANDF) continued with the finalisation of the deliverables that are key to the institutionalisation of the new defence policy direction, as derived from the South African Defence Review 2015. The Military Strategy in particular continued to set the tone for enabling the revitalisation of the country's military resources, and provide a balance between ends, ways and means to achieve the Defence Review 2015 objectives.

The Department of Defence (DOD) Overarching Human Resource Strategy has essentially been 'overtaken' by the DOD Human Resources Charter, which was approved by the Military Command Council in February 2013 and the implementation instruction no 35/2015 authorised by Chief Human Resources (C HR) on 31 July 2015. Furthermore, the objectives of the Human Resources (HR) Charter have been incorporated into the South African Defence Review 2015. Following the approval of the South African Defence Review 2015, specific human resources objectives were identified during Milestone 1. This allowed for an opportunity to deal with the challenges in a systematic and decisive way. The implementation of some strategic objectives is work in progress with minimum financial implications. However, the execution of certain objectives will require an additional fund allocation.

In pursuing the interim achievements of the DOD Human Resources Agenda, the Department's human resources practices continues to deliver professional human resources services in all domains of the human resources management value chain. The challenges, however, are in the cost driver objectives where an appropriate exit mechanism is required to align person and post profiles to achieve maximum output and the implementation of learning pathways to develop all ranks, including Defence Civilians.

The South African Defence Review 2015 also gives specific attention to the strategic challenges that have arisen over the past two decades and will position the SANDF strategically to deal with peace and security on the continent. In pursuance of its mandate, the SANDF will continue to strive for a young and fit human resources component. This rejuvenation will be accomplished through a decentralised recruitment process. To this end, the Military Skills Development System (MSDS) served as the feeder system for the Regular Force. 1 979 MSDS members were recruited during FY2015/16.

The trend in personnel attrition reflected a slight increase in the number of employees whose service terminated and were transferred out of the Department. Statistics shows that a total of 3 280 exited during FY2013/14, 3 331 during FY2014/15 and 3 278 during FY2015/16. Apart from resignations, normal retirements are the second largest portion of service terminations representing 19.7% in FY2013/14, 25.19% in FY2014/15 and 24.22% for FY2015/16.

The total number of human resources appointments was 3 261 during the FY2013/14. 2 633 for FY2014/15 and 2 862 for FY2015/16. This culminated in a steady negative trend in the Department's Human Resources turnover rate over the past three years which reflects -0.02% for FY2013/14, -0.89% for FY2014/15 and -0.53% for FY2015/16.

At the end of FY2015/16, the full-time human resources composition of the Department comprised of 73.6% Africans, 12.3% Coloureds, 1.2% Indians and 12.9% Whites.

In pursuance of gender mainstreaming, the Department witnessed an increase in the number and percentage of female employees. The number increased from 22 687 in FY2014/15 to 22 867 in FY2015/16. This represents a slight increase from 29.08% in the FY2014/15 to 29.46%. The number of employee's with disabilities has remained relatively constant over the past three years with 440 in FY2013/14, 439 in FY2014/15 and 434 for FY2015/16.

The Ministerial priority to revitalise the Reserves has steadily increased with a total of 14 891 Reserve Force members being trained, utilised and deployed during FY2015/16 compared to 14 613 during FY2014/15. The ongoing utilisation of the Reserve Force with a total of 2 768 982 person days continues to fill the required Regular Force staffing shortages.

In order to strengthen the Departments human resources value chain, significant progress was made in the renewal of the education, training and development system. The new learning path for Warrant Officers, Non-Commissioned Officers and Defence Civilians are in various stages of development. This initiative will continue to enhance a culture of military professionalism.

The Performance Management and Development System (PMDS) in the DOD is intended to deal with performance management issues in a consultative, supportive and non-discriminatory manner in order to achieve the strategic objectives of the DOD and to deliver on its mandate. The PMDS is based on measuring and evaluating the tasks inherent to the official's post (Key Responsibility Areas – KRA's) together with identified Generic Assessment Factors (GAF's). The main focus of this system is the development of all officials. The PMDS assessment cycle 2015/16 is in the process of finalisation.

The DOD presents employee wellness programs throughout the department as part of its core business. On an annual basis Defence Inspectorate executes morale surveys at identified units or per request where it is deemed necessary and provide feedback in terms of the outcome to the relevant role players for action. To enable the DOD to execute and achieve its mandate it is expected of military personnel to adhere to the physical fitness requirements of the DOD. Members are allocated physical training periods and sport periods to prepare for physical fitness evaluations conducted on quarterly basis. Medical health facilities are available to members within the DOD and the necessary support ito social and psychological wellbeing is provided. The DOD also deploys chaplains throughout the department to provide guidance on spiritual, ethical and social support to all DOD members and their dependents and also promotes ethical conduct.

In summary, during the FY2015/16 the Department continued to pursue a human resources composition of appropriate quality, quantity, composition, cost and accountable human resources administration in meeting its commitments in pursuance of Governments' Human Resources Development Strategy for South Africa 2010 - 2030.

HUMAN RESOURCES OVERSIGHT STATISTICS

The tables below provide the Human Resources Oversight Statistics of the DOD during the FY2015/16.

MACRO-PERSONNEL STRENGTH

Employment and Vacancies by Cri	tical Occupation on 31 Ma	rch 2016		
Critical Occupation	Number of Posts	Number of Employees	Vacancy Rate	Number of Posts Filled Additional to the Establishment
Engineer	179	101	43.58%	78
Medical Professional*	1 668	1 525	8.57%	143
Nursing	1 659	1 573	5.18%	86
Technical	8 575	7 235	15.63%	1 340
TOTAL	16 153	14 541	9.98%	1 612

Take Note:

- Occupations included in the Medical Professional category are Medical Practitioners, Pharmacists, Specialists and Ancillary Health.
- Posts refer only to approved production posts captured on the post establishment. There are currently 691 MSDS members undergoing training. Seventy members are in the Artillery Occupation resulting in an additional figure of 64 members on the establishment.
- It should be noted that the measurement of vacancies is against the actual number of posts on the post establishment and not against the planned posts. The DOD will change this measure to read planned posts but only from 01 April 2016 for the FY2016/17 and will report on it accordingly in the future.

HIV AND AIDS AND HEALTH PROMOTION PROGRAMMES

Steps Taken to Reduce the Risk of Occupational Exposure				
Units/Categories of Employees Identified to be at High Risk of Contracting HIV and Related Diseases (if any)	Key Steps Taken to Reduce the Risk			
Low risk: All members	 HIV and AIDS related prevention programmes including mass awareness and workplace programmes. Peer education programmes. Gender Equity programme. Combating HIV and Aids through Spiritual and Ethical Conduct (CHATSEC) programme (moral, ethical and value-based programme) Availability of first aid kits and personal protective equipment. Condom distribution points for both males and females. Health promotion programmes before and after deployments. Education on Voluntary Male Medical Circumcision and appropriate referral to 			
	be circumcised.Education on Prevention of Mother-to-Child Transmission.			

Steps Taken to Reduce the Risk of Occupational Exposure					
Units/Categories of Employees Identified to be at High Risk of Contracting HIV and Related Diseases (if any)	Key Steps Taken to Reduce the Risk				
Medium risk: Members on deployment (internal to RSA) ie RSA border protection bases/posts and members on military courses	 All the above programmes and interventions apply. HIV and AIDS lectures given during all military courses. Trained Operational Emergency Care Practitioners in HIV and AIDS, TB and STIs that deploy with other military personnel. Mobile clinics deployed to support borders with HIV education and ARV and TB treatment. HIV Training provided pre-deployment and mass awareness programmes in deployed regions. All members undergo comprehensive health assessments before they deploy to ensure they are put on appropriate care, treatment and support during deployments (treatment as prevention). Specific health promotion programmes during deployment. 				
High risk: Members on deployment (external to RSA)	All the programmes and interventions reflected for low and medium risk exposure. Specific HIV prevention programmes aimed at reducing high-risk behaviour eg targeting abuse of alcohol and other drugs/substance use.				

Details of Health Promotion and HIV and AIDS Programmes (tick the applicable boxes and provide the required information)				
Question	Yes	No	Details, if Yes	
1. Has the Department designated a member of the SMS to implement the provision contained in Part VI (e) of Chapter 1 of the Public Service Regulations, 2001? If so provide her/his name and position.	х		Brig Gen K.T. Ndaba. Director HIV and AIDS Programme. SANDF HIV and AIDS Programme Manager.	
2. Does the Department have a dedicated unit or has it designated specific staff members to promote the health and well-being of your employees? If so, indicate the number			The Director HIV and AIDS formulates strategy policies and plans and give advice from the Surgeon General's office and provides the capabilities required by the Chief of the South African National Defence Force (C SANDF).	
of employees who are involved in this task and the annual budget that is available for this purpose.			Two members manage the monitoring and evaluation of the DOD HIV and AIDS programme at headquarters level. In addition, at a provincial level, Regional HIV and AIDS Programme Managers and healthcare professionals are trained in monitoring and evaluation to ensure reliable and valid data.	
			HIV prevention and health promotion programmes are planned and implemented throughout the organisation by Regional Programme Managers based in the nine provinces of South Africa.	
X		Wellness programmes are executed at unit level in the SA Army, SA Air Force, SA Navy and South African Military Health Service (SAMHS) through the Military Community Wellness Committees (MCWCs). All Officers Commanding in the SANDF have the responsibility to ensure that wellness programmes take place in their respective units as part of HIV and AIDS Workplace Programmes.		
			Health care practitioners at primary health care level provide HIV prevention, health promotion and curative HIV and AIDS programmes to all patients/clients throughout the organisation.	
			The HIV and AIDS Programme of the DOD is funded through the health service delivery and operating budget of the SAMHS.	

Details of Health Promotion and HIV and AIDS Programmes (tick the applicable boxes and provide the required information)			
Question	Yes	No	Details, if Yes
3. Has the Department introduced an Employee Assistance or Health Promotion Programme for your employees? If so, indicate the key elements/services of this Programme.			The DOD has the constitutional duty to protect and defend the republic, its sovereignty, integrity, national interest and people against direct threats. In view of this the MOD& MV has delegated the management of HIV and AIDS to the Surgeon General (SG) through the C SANDF. The SG has developed a comprehensive plan to manage the HIV and AIDS and TB epidemics assisted by Director HIV and AIDS Programmes and Director Medicine. The Military Health Support Programme is continuing to play a role in intensifying the campaign against communicable diseases and the treatment of patients through the Comprehensive Plan for Care, Management and Treatment of HIV and AIDS in the DOD. The programmes, interventions and/or activities include prevention of HIV and health promotion programmes.
			Progress has been made with the plan to increase treatment of HIV members. The number of Antiretroviral sites has increased to 66 and 100% of all planned sites are operational.
			The challenge still remains that the prevalence of HIV and AIDS is highest in the sub-Saharan region where our troops deploy, thus creating a risk to an already vulnerable population of soldiers due to their high risk behaviour. In view of this, the SG has to ensure that all the deploying troops undergo a comprehensive health assessment and that all HIV positive members are managed appropriately according to the policies and clinical guidelines being executed. On-going training is provided to medical officers, nursing officers, pharmacists, psychologists, social work officers, dentists and operational emergency care practitioners. More than 56 000 DOD members were reached during health promotion and prevention programmes, including the Knowledge, Attitudes and Practices Survey of 2014. The results of the KAP survey completed August 2015 has been utilised to inform programme development and management.
	Х		The key elements of the HIV Prevention and Health Promotion Programme are:
			 HIV Counselling and Testing. Provider-Initiated Counselling and Testing. Male and female condom provision and distribution. Peer education training. Gender based violence training. Spiritual and ethical, moral and value-based prevention programmes such as CHATSEC provided by Chaplains. HIV and AIDS workplace programmes (includes condom provision, behaviour modification programmes, peer education training, gender-based training, CHATSEC, mass awareness and occupational health and safety). Mass awareness campaigns. Management of occupational transmission eg supply of personal protective equipment. Post-Exposure Prophylaxis (PEP). Prevention of vertical transmission previously known Prevention of Mother-to-Child Transmission.
			 Prevention of opportunistic infections. Utilisation of all awareness opportunities (eg National Health Days, Health Month, World AIDS Day, Condom Week, Youth Day, etc). Management of sexually transmitted infections.
			 Health education, HIV and ARV training and development. Voluntary Male Medical Circumcision.

Details of Health Promotion and HIV and AIDS Programmes (tick the applicable boxes and provide the required information)			
Question	Yes	No	Details, if Yes
3. Has the Department introduced an Employee Assistance or Health Promotion Programme for your employees? If so, indicate the key elements/services of this Programme.	x		 Prevention with positives. Prevention and treatment of alcohol and drug abuse substance abuse. Comprehensive health assessments. Health programmes targeting women of child bearing age. Development and provision of HIV related Information and Educational Communication material. Awareness programmes with involvement of non-governmental organisations eg Society for Family Health. Health Walks.
4. Has the Department established (a) committee(s) as contemplated in Part VI(e) of Chapter 1 of the Public Service Regulations, 2001? If so, please provide the names of the members of the committee and the stakeholders that they represent.	X		 The Comprehensive Plan for Care, Management and Treatment of HIV and AIDS in the DOD: 2012–2016 is coordinated through the Directorate HIV and AIDS Programmes. Coordination within the SANDF through bilateral meetings between the SAMHS and the SA Army, the SA Navy and the SA Air Force. The Director HIV and AIDS Programmes coordinate matters through the SAMHS HIV and AIDS Coordinating Committee. The committee consists of members representing formations and units that provide health care services. At Military Unit level, HIV prevention and health promotion programmes are addressed via the MCWCs.
5. Has the Department reviewed its employment policies and practices to ensure that these do not unfairly discriminate against employees on the basis of their HIV status? If so, list the employment policies/practices so reviewed.	x		 The Department took cognisance of the Strategic Plan for Non-Communicable Diseases for 2013–2016 as well as the SA National Strategic Plan for HIV and AIDS, TB and STIs 2012–2016. There are numerous policies that address the issues of discrimination including human resources strategy documents. All HIV infected uniformed members of the DOD&MV are managed according to 'The DOD Instruction on the Management of HIV and AIDS in the DOD' and 'The Department of Defence Directive on the Health Classification and Deployability of SA National Defence Force Members with HIV and AIDS'. Joint Defence Publication: 'Policy on Health Care Delivery'. DOD Directive: 'Transformation Management in the Department of Defence'. DOD Instruction: 'Policy on Transformation Management in the Department of Defence'. Joint Defence Publication: 'Process and Procedures for Transformation Management in the Department of Defence'.
6. Has the Department introduced measures to protect HIV-positive employees or those perceived to be HIV positive from discrimination? If so, list the key elements of these measures.	x		 The Department adheres to the principles of equity and equal opportunities in all practices. It values and manages diversity and in doing so recognises that talent, ability and potential are inherently distributed across the population. It strives to eradicate all forms of unfair stigma and discrimination within the department. Policy Documents No mandatory testing of PSAP officials. Voluntary HIV testing of any official in the DOD may form part of a comprehensive health assessment as governed by the Medical Standards for the SANDF and as required by the SG in terms of Regulation 15 of the Defence Act. HIV testing is voluntary and done with written consent, confidentiality and preand post-test counselling procedures. Officials with HIV and AIDS may not be unfairly discriminated against in the allocation of employment benefits and are treated like any other official with a comparable life-threatening illness/chronic disease with regard to access to benefits.

Details of Health Promotion and HIV and A	IDS Pro	ogramn	nes (tick the applicable boxes and provide the required information)
Question	Yes	No	Details, if Yes
6. Has the Department introduced measures to protect HIV-positive employees or those perceived to be HIV positive from discrimination? If so, list the key elements of these measures.	Х		 Grievance procedures are confidential and do not result in the disclosure of a person's HIV status. Respecting the privacy and confidentiality of those living with HIV is a priority.
7. Does the Department encourage its employees to undergo voluntary counselling and testing? If so, list the results that you have achieved.	х		 Uniformed members of the DOD are required to undergo voluntary HIV counselling and testing as part of the Comprehensive Health Assessments and Concurrent Health Assessments. In addition the military participates in the National Department of Health HIV Counselling and Testing Campaign.
8. Has the Department developed measures/indicators to monitor and evaluate the impact of its health programme? If so, list these measures/indicators.	x		 Sources of data are: Monthly Mortality Analysis Knowledge Attitude and Practice (KAP) Surveys. Health Informatics System – Clinical Data Management. Project Feedback Forms submitted following the programmes/projects and interventions (all planned HIV prevention interventions are monitored). Care and treatment indicators have been developed. Information obtained from staff visits to the various units.
9. Does the department have a dedicated unit or has it designated specific staff members to manage TB and drug resistant TB? If so, indicate the number of employees who are involved in this task.	x		 The Roles and Responsibilities of Health Care Workers in the Management of TB and Drug Resistant-TB have been established at all military health facilities. Legal action is taken for non-compliance. The Nursing Officers: Maintains a close relationship with the patient. Administers treatment to the patients. Provides on-going nursing care. Completes the patient treatment card for treatment dosages given to the patient. Provides counselling for HIV testing. Conducts HIV testing on patients who give written consent. Provides educational talks to patients on a one-on-one basis or in group sessions. Plans awareness campaigns within the hospital addressing different topics. Assists the doctor in contact tracing and occupational exposure in workplaces. Is responsible for Infection Control measures in the health facilities. The Doctor (Medical Officer) is responsible for: Assessing patients for co-morbidities and requesting baseline tests. Ensures the notification of TB patients as TB infection is a notifiable disease. Initiating TB/Drug Resistant -TB treatment regimen for the patient or referring to relevant facility. Clinical monitoring of patients treatment for adverse events. Prompt management of adverse events. Reviews treatment of patients and makes necessary adjustments. Presents difficult or complicated patients to the clinical management

Question	Yes	No	Details, if Yes	
9. Does the department have a dedicated unit or has it designated specific staff members to manage TB and drug resistant TB? If so, indicate the number of employees who			 Ensures follow-up smears and cultures are conducted and results available on time. Reports all adverse events to the Military Command Council. 	
are involved in this task.			The pharmacists in SAMHS facilities:	
			 Ensures availability of TB drugs and ancillary drugs for co-morbidities. Monitors drug stock levels. 	
			- Ensures correct storage of the drugs.	
			Dispatches drugs to patients who have been discharged to the local clinic or hospital.	
			The SAMHS psychologist:	
			- Conducts initial assessment of patients with psychological problems.	
			- Conducts one on one or group therapy sessions for patients.	
			Refers patients who need expert opinion timeously.	
			The SAMHS Psychiatrist:	
			 Conducts baseline evaluation of all patients with a history of mental illness and initiates treatment for mental illness. 	
			 Regularly monitors patients on psychiatric drugs or those with a history of mental illness. 	
			 Evaluates all patients who develop psychiatric symptoms as a result of treatment. 	
	х		Manages patients who develop psychiatric symptoms whilst on Drug Resistant -TB treatment.	
			The Dietician:	
			 Conducts the initial assessment of patients with co-morbidities, those who are malnourished and children. 	
			 Prescribes the correct diet or nutritional supplements for patients who need a special diet or nutritional supplement. 	
			- Monitors progress of patients started on a specific diet.	
			 Ensures that the hospital meals meet the nutritional requirements for patients with TB/ Drug Resistant -TB. 	
			- Reviews the hospital menu at determined intervals.	
			- Reports to the hospital management on a regular basis.	
			 Established a feedback system for patients on the meals provided in the hospital. 	
			The Social Worker:	
			- Conducts the initial assessment of patients and their home environment.	
			 Assists patients and their families with social support required whilst in and out of the hospital. 	
			Provides liaison with employers regarding employee benefits whilst in hospital.	
			- Refers patients or families with special needs to relevant service providers.	
			- Provides on-going counselling of patients and their families.	

Question	Yes	No	Details, if Yes
Question 9. Does the department have a dedicated unit or has it designated specific staff members to manage TB and drug resistant TB? If so, indicate the number of employees who are involved in this task.	Yes	No	 The Occupational Therapist: Conducts the initial assessment of patient's psycho-social status in relation to job evaluations. Develops patient's insight into disease and behaviour through counselling and education. Provides life skills development programmes. Provides rehabilitation programmes for patients. Monitors patient progress. Facilitates support, stress management and behaviour modification groups. Plans pre-vocational training programmes. The SAMHS audiologist: Conducts baseline assessment for all patients prior to initiation of treatment. Advises the treating doctor where a patient already has hearing impairment at baseline before TB treatment started. Monitors patients monthly for hearing impairment from baseline. Recommends and refers management of patients with hearing impairment. The Physiotherapist: Conducts initial assessment of patients with co-morbidities and extensive lung disease. Develops treatment programmes for the individual patients. Monitors patient's progress. Assists patients with expectoration for monitoring culture conversion. Trains patients on cough etiquette. Remote Military Health Sickbays and Clinics: Monitors Patients on TB treatment. Ensures treatment compliance that may include directly observed
			treatment Continues psycho-social support.
			Trace treatment Interrupters and address reasons for interruption and ensure they remain on treatment.
			 Arranges transport for monthly follow-up at the date of patient treatment follow-up card.
			- Completes the patient treatment follow-up cards.

2 APPENDIX A Public Opinion

STATUS OF PUBLIC OPINION OF THE DEPARTMENT OF DEFENCE®

In early 2015 the Human Sciences Research Council (HSRC) conducted an independent, nationally representative survey of attitudes towards the SANDF. The results indicated that the public generally places high confidence in the SANDF. Almost three quarters (72%) of South Africans are proud of the SANDF, rising from 62% in 2003, while 68% believed that it is performing well.

The public expresses resolute support for conventional defence goals and tasks, but is also broadly favourable towards some of the expanded roles outlined in the Defence Review 2015. Almost three quarters (71%) favour peace support operations in Africa.

Large shares of South Africans feel a sense of moral alignment with the SANDF, seeing it as representing values that are deemed important to them. There is a well-developed sense of felt obligation or duty among the adult public, with 67% believing that a willingness to serve in the SANDF in times of need is an essential part of being a good citizen.

From a performance perspective, almost two-thirds of South Africans rate the SANDF as fair, successful, professional and disciplined.

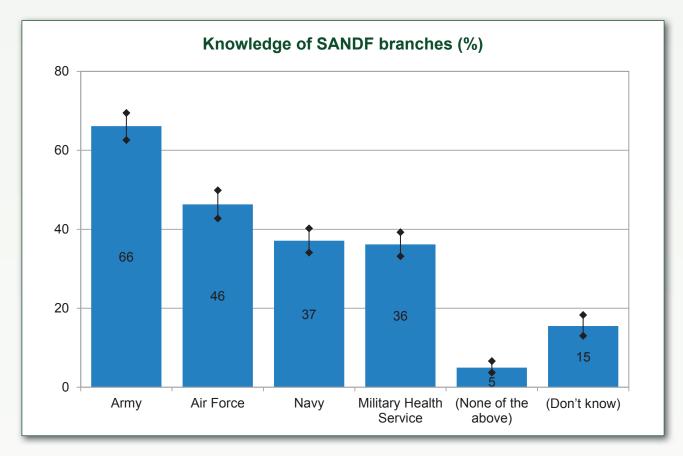

The majority of South Africans believe that the SANDF represents all South Africans and that transformation is progressing well. Irrespective of gender, there is also strong support for a role for women in the military. South Africans also pledge their support for the SANDF by supporting military spending. Over two-fifths (42%) lend their support for increased military and defence expenditure, regardless of the tax implications.

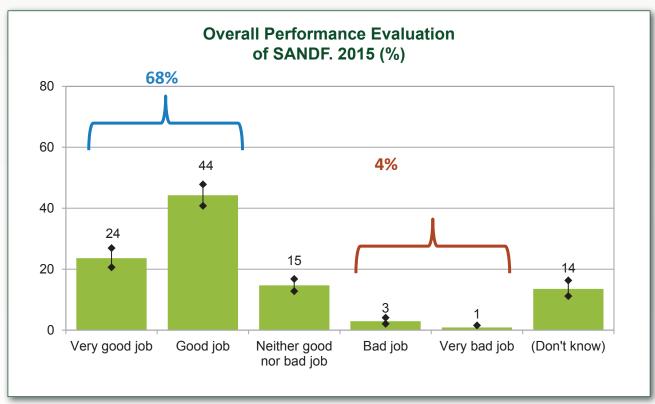

The findings from this baseline survey provide clear evidence that South Africans hold the SANDF in high regard as one of the most trusted institutions in South Africa.

ARMED FORCES DAY 21 February 2016

DARTEFinancial Information

Exercise AMANI AFRICA II at SA Army Combat Training Centre in Lohatlha.

REPORT BY THE ACCOUNTING OFFICER, DR S.M. GULUBE, FOR THE PERIOD 01 APRIL 2015 TO 31 MARCH 2016

OVERVIEW OF THE OPERATIONS OF THE DEPARTMENT

As directed by the Minister of Defence and Military Veterans (MOD&MV), the Department of Defence (DOD) devoted the financial year 2015/16 to planning for the incremental implementation of the Defence Review 2015 (Milestone 1) to 'arrest the decline'. To this end, the DOD created a Defence Review Project Implementation Team to develop these plans.

The Defence Review 2015 (Milestone 1) Implementation Plan is made up of two primary work packages. The first package being those interventions that can be pursued within the current Defence budget allocation and which will improve organisational efficiency and effectiveness, and the second package being those interventions that would need additional funding and which will enhance operational performance. On the former, the Planning Team identified 12 End-States/Outcomes that were included in the DOD's Annual Performance Plan 2016 as Annexure D.

Services and Divisions have adjusted their plans accordingly and will be reporting against these 12 End States/Outcomes in a narrative form so as to allow the Parliamentary oversight committees to obtain an indication of improvements/challenges as it unfold.

The planning team is finalising the cost-driven component to the Defence Review 2015 (Milestone 1) Implementation Plan which will be included in the Planning Instruments of the financial year 2017/18 onwards should the required additional funding be contained in the 2017/18 appropriation to Defence (Refer Part B, pages 42 to 44).

INFORMATION ON PREDETERMINED OBJECTIVES

Process to record performance information. A DOD Instruction 07/2014 "Development of DOD Standard Operating Procedures for Performance Information Management" was developed to ensure that standing operating procedures (SOPs) are implemented to support the compiling and development of technical datasheets. Based on this DOD Instruction, the SANDF issued an instruction to develop SOPs on levels 2 to 4.

Process adopted to achieve predetermined objectives. The DOD Planning, Budgeting and Reporting Cycle, which is aligned with the National Planning, Budgeting and Reporting Cycle, amongst others, is utilised to report and record performance information. The purpose of the DOD Planning, Budgeting and Reporting Cycle (hereafter referred to as the DOD Cycle) is to ensure alignment between the National Planning, Budgeting and Reporting Cycle with the DOD Cycle and associated processes. The DOD Cycle enables the translation of national policy direction into departmental policies to inform the development of Departmental strategies and planning instruments.

Reporting on performance information. Information on performance reporting in the DOD is managed in terms of the Interim Department of Defence Instruction (IDODI) POL&PLAN00001/2011 "Policy on the Reporting of Performance Information against Plan" as approved on 29 February 2012. This policy remains valid and ensures the directing, management and reporting of Departmental performance information and associated activities. The IDODI is available on the DOD Intranet for utilisation by lower levels. The DOD is in the process of reviewing this policy to align it with monitoring and evaluation reforms received from the Department of Planning, Monitoring and Evaluation in the Presidency, amongst others. The IDODI is supplemented on an annual basis with Departmental Instructions on Quarterly Performance Reporting, Annual Reports and Management Performance Assessment Tool self-assessments.

The following Departmental Instructions were issued for performance reporting on FY2015/16 performance information:

- DOD Instruction 0015/2015: Management Performance Assessment Tool 1.5 Self-Assessment.
- DOD Instruction 002/2015: Guidelines for the Preparation of Quarterly Performance Reports on Performance against the DOD Annual Performance Plan for FY2015/16.
- DOD Instruction 02/2016: Guidelines for the Preparation of the Department of Defence Annual Report for the year ending 31 March 2016.
- DOD Instruction 003/2016: Development of Management Performance Assessment Tool 1.5 Improvement Plans.

These DOD instructions provide roles and responsibilities of different stakeholders in the context of performance reporting. In addition, functional responsibility owners develop their own procedures and instructions to ensure compliance with the DOD instructions and monitor the activities.

OVERVIEW OF THE FINANCIAL RESULTS OF THE DEPARTMENT

Introduction

During the financial year 2015/16, the DOD received an appropriation of Rb45,088, a 5.2% increase on the financial year 2014/15's appropriation. The DOD managed to spend 99.96% of its appropriated funds and surrendered Rm16,627 to the National Revenue Fund.

Within the limited financial resources, the DOD ensured the achievement of its operational mandate and related Ministerial priorities, as indicated in the Minister's Budget Vote of 19 May 2015.

In the Supply Chain Management area, the DOD endeavoured to ensure that its processes are aligned and compliant with legislation, policies and directives.

Irregular, Fruitless and Wasteful Expenditure

For the period under review, the DOD focused on the prevention of irregular, fruitless and wasteful expenditure. The "Financial Misconduct Policy" and the "DOD Irregular, Fruitless and Wasteful Expenditure Prevention Strategy" were revised and will be implemented during the FY2016/17.

The Prosecution and Recovery Committee, a subcommittee of the Accountability Management Committee, continued its operations of ensuring that the Accounting Officer secures accountability by officials responsible for financial misconduct in the Department. This resulted in the balance on irregular expenditure decreasing from Rm820, in FY2014/15 to Rm633 in FY2015/16 and fruitless and wasteful expenditure decreasing from Rm359 in FY2014/15 to Rm308 in FY2015/16. Decreases in irregular expenditure and fruitless and wasteful expenditure can also be attributed to Chiefs of Services and Divisions taking responsibility for the management of the incidents within their respective areas of responsibility.

As reported-on in previous reporting periods, included in the fruitless and wasteful expenditure of Rm308 is an amount of Rm303 which was previously submitted to the Minister of Public Service and Administration (PSA) for a recommendation / decision on possible disciplinary steps to be taken. The DOD will resubmit this case to the Minister of PSA and the State Law Advisors, for determination of liability.

Departmental Receipts

Revenue management reports are provided on a monthly basis to top management. The Department continued to enhance its internal controls, by providing focussed training opportunities to DOD members, amongst others. Revenue procedures and instructions were reviewed and updated where appropriate.

Defence identified 76 revenue streams which are covered by numerous Departmental policies, procedures and instructions for timeous collection of departmental revenue through salary deductions, cash collections and bank transfers. Revenue management is decentralised to 488 Force Structure Elements (FSEs).

The credibility of revenue data carried on the Financial Management System (FMS) is reliant on the inputs received from non-integrated, legacy logistic and personnel systems. The FMS was enhanced to improve the budgeting, accounting and reporting of revenue, while links between systems are inadequate and prevents credible cross-referencing and validation of information. The development of the national Integrated FMS prohibits the development of a fully integrated resource management system within Defence to effectively manage revenue.

Minor enhancements to systems and the appraisal of supporting policies are in progress to provide credible revenue information. Additional management reports and an automated revenue reconciliation capability are under development to improve revenue management. Training and empowerment of finance functionaries and line managers is a high priority and is continuously provided to enhance revenue management.

All FSEs capture their estimates of revenue on the FMS that are evaluated by the Departmental Planning and Budget Evaluation Committee (DPBEC). Revenue collected is accounted for at the point where it originated, while a system generated report assists FSEs in managing revenue collection. As a result revenue collected increased by 26.8% over the last three financial years. Various policies were updated and promulgated to ensure that revenue due to the Department is collected. Despite progress made, even more will be done to ensure a comprehensive and credible revenue management system within Defence.

The following revenue tariffs were approved during the financial year:

- Noonday gun.
- Marketing support.

The following revenue tariffs were not updated in the financial year:

- · Aircraft flights against payment tariffs.
- · Hiring of equipment.
- Hiring of DOD vehicles.

The Department undercollected on the following items:

- Fine, penalties and forfeits due to the non-appointment of judges.
- Sale of capital assets decreased due to less unserviceable equipment available to be sold on auctions.
- Financial transactions in assets and liabilities due to less exchange rate profits being collected than estimated.

The Department overcollected on the following items:

- Sale of goods and services other than capital assets due to large increases in services rendered to other state departments.
- Transfers received due to large increases in United Nations reimbursements as a result of amounts in arrears that were collected.
- Interest, dividends and rent on land due to an increase in interest on debtor accounts. The sources of revenue for the FY2015/16 are indicated below.

Sources of Revenue							
		2014/2015		2015/2016			
Departmental Receipts	Estimate	Actual Amount Collected	(Over-) Under- collection	Estimate	Actual Amount Collected	(Over-) Under- collection	
	R'000	R'000	R'000	R'000	R'000	R'000	
Tax Receipts	0	0	0	0	0	0	
– Liquor license	0	0	0	0	0	0	
- Motor vehicle license	0	0	0	0	0	0	
Sale of goods and services other than capital assets	319 061	305 855	13 206	292 432	442 016	(149 584)

Total	42 856 879	42 842 381	14 498	45 088 161	45 071 534	16 627			

Reasons for Over-/Under Expenditure

The underspending of Rm16,627 consists of the following:

- Administration Programme. Under expenditure was mainly within the transfer payment to Safety and Security Sector Education and Training Authority (SASSETA) (Rm3,021). It was as a result of the payroll amount on which the calculations were based to determine the amount payable to SASSETA being less than what was anticipated.
- Force Employment Programme. Under expenditure was mainly within the Peace Support Operations (Rm13,606). It was due to delays in the procurement of mobility packages utilised for border safeguarding operations.

Additions to Main Appropriation

The Defence Vote was increased with Rm508,771 to Rm45 088,161 through the Adjustments Vote for the following:

- Significant and Unforeseeable Economic and Financial Events. Rm295,420 to cover for a portion of the compensation of employees' budget shortfall emanating from the 2015 public sector wage agreement.
- Self-financing amounts. Rm213,351 for the following:
 - Rm182,188 in revenue generated from reimbursement from the United Nations for South Africa's contribution towards peace support operations. It will be used for defence activities within Programme 2: Force Employment.
 - Rm31,163 in revenue generated from selling equipment and spares procured through the Special Defence Account (SDA). It will be used for defence activities within Programme 3: Landward Defence.

Virements/Shifts within the Vote

The following virements/shifts were addressed after the Adjustments Estimate of Expenditure (AENE) process:

Approved by the National Treasury (NT).

- Rm3,994 was reallocated within the Force Employment Programme from Transfers and Subsidies (Public Corporations and Private Entities) to Goods and Services. This was due to a saving as a result of ARMSCOR not being capacitated to deliver the required Research & Development services.
- Rm155,958 self-financing received during the AENE was reallocated within the Force Employment Programme from Goods and Services to Transfers and Subsidies (Departmental Agencies and Accounts). This reallocation allowed for the procurement of aircraft spares and components required to ensure the serviceability of helicopters deployed as part of the Force Intervention Brigade in the Democratic Republic of the Congo (DRC) Peace Support Operations.
- Rm3,532 was reallocated within the Administration Programme from Goods and Services to Transfers and Subsidies (Departmental Agencies and Accounts). This reallocation increased the transfer payment to the SASSETA. It was as a result of higher than anticipated cost of living increases which had an effect on the payroll amount. The payroll amount is used for calculating the transfer amount due to SASSETA.
- Rm0,089 was reallocated within the Military Health Support Programme from Goods and Services to Transfers and Subsidies to Non-profit Institutions in order to honour the agreement between the Military Health Services and St John Ambulance Brigade.

Approved by the Accounting Officer.

- Rm20,000 was reallocated from the Landward Defence Programme (Departmental Agencies and Accounts) to the Administration Programme (Goods and Services). The reason for the reallocation was to partially fund the Through-Life Capability Management (TLCM) within the DOD.
- Rm9,900 was reallocated from the Landward Defence Programme (Departmental Agencies and Accounts) to the Landward Defence Programme (Goods and Services) to procure radio batteries used in operational vehicles.
- Rm60,000 was reallocated from the General Support Programme (Joint Logistic Services) to the Administration Programme (Office Accommodation) for the payment of leases.
- Rm8,355 was reallocated from the Air Defence Programme to the Landward Defence Programme in order to reimburse the SAArmy for expenses relating to Project THUSANO.
- Rm1,622 was reallocated from the Force Employment Programme to the Administration Programme (Human Resources Support Services) for services rendered by the Centre for Conflict Simulation.
- Rm31,555 was reallocated within the Maritime Defence Programme from Transfers and Subsidies (Departmental Agencies and Accounts) to Goods and Services. The reallocation was to augment the operating allocation of the SA Navy to attend to the urgent operational requirements regarding the procurement of spares.
- The reallocation of funds between Programmes within the Defence Budget was executed in order to defray expenditure in respect of Authorised Losses, Compensation of Employees as well as Goods and Services to balance the expenditure for the 2015/16 financial year.

Roll-Overs

The Department did not submit a request for funds to be rolled-over from FY2014/15, hence no roll-overs were received during FY2015/16.

Donor Funds

No donor funds were received from external sources for operations during the financial year.

Transfer Payments

Transfer payments were made to entities as reflected in the table below.

Transfer Payment	s made during FY2015/16			
Transferee	Reason for Payment	Accountability Arrangements	Budget Vote 2015/16	Annual Expenditure 2015/16
			R'000	R'000
Special Defence Account	To acquire, procure and develop armament and technology.	Under control of the Accounting Officer of the Department of Defence	6 235 061	6 235 061
Armaments Corporation of South Africa	To subsidise ARMSCOR in their mission to meet the acquisition, maintenance and disposal needs of the Department of Defence and other clients in terms of defence materiél, related products and services. ARMSCOR is a Schedule 2 Public Entity managed by a Board of Directors appointed by the Minister of Defence. ARMSCOR annually submits a business plan and estimate of expenditure to the department for approval. Upon approval the required funds are included in the Departmental Vote. Audited financial statements for the financial year 2014/15 were submitted according to payment conditions.		1 021 900	1 021 900
Safety and Security Sector Education and Training Authority (SASSETA)	To subsidise the administrative expenditure of the SASSETA, which acts as the Sector Educational and Training Authority (SETA) for Defence in terms of the Skills Development Act, 1998 (Act No. 97 of 1998)	Audited financial statements for the financial year 2014/15 were submitted according to payment conditions.	25 610	22 589
Reserve Force Council	To subsidise the Reserve Force Council in their aim to secure community and private sector support for the Reserve Forces and to maintain a sound relationship and communication between the Reserve Forces, the Minister of Defence and the SA National Defence Force.	The Accounting Officer of the Department is represented in the National Council. The Council annually submits a business plan and estimate of expenditure to the Department before such funds are included in the Departmental Vote. Audited financial statements for the financial year 2014/15 were submitted according to payment conditions.	7 192	7 192
Department of Military Veterans	To provide national policy and standards on socioeconomic support to military veterans and their dependents, including benefits and entitlements. As approved by the National Treasury and Accounting Officer of the Department of Defence.		582 201	582 201
St John Ambulance Brigade	To provide accreditation for training of Defence members and make their members and equipment available to be called up by the SA Military Health Service (SAMHS) during times of national disaster and emergency.	Audited financial statements for the financial year 2014/15 were submitted according to payment conditions.	889	889

Transferee	Reason for Payment	Accountability Arrangements	Budget Vote 2015/16	Annual Expenditure 2015/16
			R'000	R'000
Households – Employer Social Benefits	To cover the cost of employment benefits due to Defence members being separated from the Department through the Mobility Exit Mechanism for uniform members and the Employer Initiated Severance package for non-uniform members.	As approved by the Minister of Defence.	115 982	115 982
South African Broadcasting Corporation	To provide for the annual payment made to the SABC and other licensing authorities (SAMRO) for television and radio licenses.	As approved by the responsible budget holder.	266	266
Municipalities	To provide for the payment made to municipalities to ensure that all vehicles are licensed annually.	As approved by the responsible budget holder.	61	61
Claims against the Department	To cover the cost of legitimate claims instituted against the Department by institutions or individuals.	As approved by the Accounting Officer.	16 723	16 723
Acts of Grace	To cover the cost of payments made to the families of soldiers who died during foreign deployments.	As approved by the Accounting Officer.	400	400
Total			8 006 285	8 003 264

Public/Private Partnerships

The DOD did not enter into any public/private partnerships during FY2015/16.

Discontinued Activities/Activities to be Discontinued

There were no discontinued activities/activities to be discontinued that affected operations of, and service delivery by the DOD or financial implications of such discontinued activities.

New/Proposed Activities

As directed by the MOD&MV, the DOD devoted the financial year 2015/16 to the incremental implementation planning of the Defence Review 2015 (Milestone 1) to 'arrest the decline' (Refer Part B, pages 42 to 44).

The Defence Review 2015 (Milestone 1) Implementation Plan is made up of two primary work packages. The first package being those interventions that could be pursued within the current Defence budget allocation and the second package those that would need additional funding. In respect of the former, the Planning Team identified 12 End States/Outcomes that were included in the DOD's Annual Performance Plan for 2016.

Quarterly performance reporting to Parliamentary oversight committees will be done during the reporting cycle of FY2016/17.

OVERVIEW ON ASSET MANAGEMENT

Introduction

The DOD is disclosing capital components and technical publications as assets in the financial statements of the FY2015/16. Previously, capital components and technical publications were disclosed as inventory due to a departure received from National Treasury. The DOD endeavoured to ensure compliance with the "Asset Management Framework" during the reporting period. This momentum will be sustained to ensure that the benefits gained are maintained in future.

The Asset Management Operations Centre, established during the previous reporting period, remained operational to ensure the reliability and accuracy of DOD information on assets.

Intangible Assets

The 'fair value' methodology developed in the previous period is still being utilised without any changes to it. As regards the asset items, the opening balances were adjusted due to additional information available in the current financial period. This situation can unfortunately be expected to prevail until the acquisition projects from where intellectual property emanates are finalised. Consequently, the DOD is preparing a position paper to ensure that the peculiarities of the DOD are taken into account within the Regulatory Framework.

Inventory

Due to the fact that there is currently not a requirement to include 'Inventory' as a note and/or in the annual financial statements, inventory was reported as an annexure to the annual financial statements. Planning for the implementation of inventory reporting is underway and the plan is being reviewed. The DOD plans to achieve full inventory reporting on a piecemeal basis over a number of years in agreement with the National Treasury.

Challenges

The logistics systems continue to pose a challenge to the DOD. These systems were developed for a cash-basis of accounting whilst the DOD is moving towards reporting on an accrual basis. The DOD is currently investigating the feasibility of procuring a single logistics system. Such a system will ensure that the DOD complies with the regulatory framework with limited human intervention and manual processes.

GENERAL COMMENTS

Events after the reporting date

The 507 soldiers placed on special leave in 2009 after they marched at the Union Buildings demanding salary increases, were instructed to return to work on 23 May 2016. The C SANDF indicated that the Military Command, with legal advice, decided to recall the special leave in terms of conditions provided for in the Defence Act, Act No. 42 of 2002, and other applicable policies. As on July 2016, some members applied for leave to be granted to institute a class action for "possible loss of benefits" during the period of special leave, as on the date of this Report, no liabilities have yet been determined.

SANDF members were continuously deployed in the Democratic Republic of the Congo and Sudan. Due to well-considered strategic reasons, the RSA government has decided to withdraw the SANDF contingent from the Sudan war at the beginning of the next FY2016/17.

Condonements awaiting approval from National Treasury

National Treasury was approached to condone expenditure incurred on contracts placed by ARMSCOR on behalf of the DOD, which did not comply with the Preferential Procurement Policy Framework Act, Act No. 5 of 2000, requirements. The irregular expenditure incurred and reported on from 01 July 2015 to 31 March 2016 is awaiting National Treasury's decision.

Interim Financial Statements

Interim Financial Statements were submitted for the first three quarters of the financial year under review.

APPROVAL

The Annual Financial Statements set out on pages 188 to 339 and 348 to 376 were approved by the Accounting Officer.

Report of the auditor-general to Parliament on vote no. 19: Department of Defence

Report on the financial statements

Introduction

 I have audited the financial statements of the Department of Defence set out on pages 180 to 324, which comprise the appropriation statement, the statement of financial position as at 31 March 2016, the statement of financial performance, statement of changes in net assets, and cash flow statement for the year then ended, as well as the notes, comprising a summary of significant accounting policies and other explanatory information.

Accounting officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with the Modified Cash Standards (MCS) prescribed by National Treasury and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) (PFMA), and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor-general's responsibility

- 3. My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards on Auditing. Those standards require that I comply with ethical requirements, and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

6. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Department of Defence as at 31 March 2016 and its financial performance and cash flows for the year then ended, in accordance with MCS prescribed by National Treasury and the requirements of the PFMA.

Emphasis of matters

7. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Restatement of corresponding figures

8. As disclosed in notes 4 (notes to the appropriation statement), 26.7, 27.4, 32.3.1, 32.4.1, 33.4.1 and 35 to the financial statements, the corresponding figures for 31 March 2015 have been restated as a result of errors discovered during 31 March 2016 in the financial statements of the Department of Defence at, and for the year ended, 31 March 2015.

Payables

9. Payables which exceed the payment term of 30 days as required by treasury regulation 8.2.3 amount to R176 696 000. This amount, in turn, exceeds the voted funds to be surrendered of R16 627 000 as per the statement of financial performance by R160 069 000. The amount of R160 069 000 would therefore have constituted unauthorised expenditure had the amounts due been paid in a timely manner.

Additional matter

10. I draw attention to the matter below. My opinion is not modified in respect of this matter.

Unaudited supplementary schedules

11. The supplementary information set out on pages 325 to 339, does not form part of the financial statements and is presented as additional information. I have not audited these annexures and accordingly I do not express an opinion thereon.

Report on other legal and regulatory requirements

12. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004)(PAA) and the general notice issued in terms thereof, I have a responsibility to report findings on the reported performance information against predetermined objectives of selected programmes presented in the annual performance report, compliance with legislation and internal control. The objective of my tests was to identify reportable findings as described under each subheading but not to gather evidence to express assurance on these matters. Accordingly, I

do not express an opinion or conclusion on these matters.

<u>Predetermined objectives</u>

I performed procedures to obtain evidence about the usefulness and reliability of the reported performance information of the following selected programmes presented in the annual performance report of the department for the year ended 31 March 2016:

- Programme 2: Force employment on pages 38 to 40 and 75 to 78.
- Programme 3: Landward defence on pages 38 to 40 and 79 to 81.
- Programme 4: Air defence on pages 38 to 40 and 82 to 83.
- 13. I evaluated the usefulness of the reported performance information to determine whether it was presented in accordance with the National Treasury's annual reporting principles and whether the reported performance was consistent with the planned programmes. I further performed tests to determine whether indicators and targets were well defined, verifiable, specific, measurable, time bound and relevant, as required by the National Treasury's *Framework for managing programme performance information* (FMPPI).
- 14. I assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
- 15. I did not raise any material findings on the usefulness and reliability of the reported performance information for the following programmes:
 - Force employment
 - Landward defence
 - Air defence

Additional matters

16. Although I raised no material findings on the usefulness and reliability of the reported performance information for the selected programmes, I draw attention to the following matters:

Achievement of planned targets

17. Refer to the annual performance report on pages 38 to 40; and 45 to 94 for information on the achievement of the planned targets for the year.

Adjustment of material misstatements

18. I identified material misstatements in the annual performance report submitted for auditing.

These material misstatements were in the reported performance information of the force employment and air defence programmes. As management subsequently corrected the misstatements, I did not raise any material findings on the usefulness and reliability of the reported performance information.

Compliance with legislation

19. I performed procedures to obtain evidence that the department had complied with applicable legislation regarding financial matters, financial management and other related matters. My material findings on compliance with specific matters in key legislation, as set out in the general notice issued in terms of the PAA, are as follows:

Annual financial statements, performance and annual reports

20. The financial statements submitted for auditing were not prepared in accordance with the prescribed financial reporting framework and supported by full and proper records as required by section 40(1)(a) and (b) of the PFMA. Material misstatements of tangible capital assets identified by the auditors in the submitted financial statements were subsequently corrected and the supporting records were provided, resulting in the financial statements receiving an unqualified audit opinion.

Expenditure management

- 21. Effective steps were not taken to prevent irregular expenditure of R671 889 000 and fruitless and wasteful expenditure of R7 180 000 as disclosed in notes 26 and 27 of the annual financial statements respectively, as required by section 38(1)(c)(ii) of the PFMA and treasury regulation 9.1.1.
- 22. Contractual obligations and money owed by the department were not always met and paid within 30 days, as required by section 38(1)(f) of PFMA and treasury regulation 8.2.3.

Contract and procurement management

- 23. Contracts were extended or modified without the approval of a properly delegated official, as required by national treasury instruction note 32.
- 24. Goods and services with a transaction value of more than R500 000 were procured through an unfair competitive bidding process, in contravention of treasury regulation 16A.3.2 (a).

Internal control

25. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with legislation. The matters reported below are limited to the significant internal control deficiencies that resulted in material adjustments to the annual financial statements and performance report as well as findings on compliance with legislation included in this report.

Leadership

26. The accounting officer did not exercise sufficient oversight of financial reporting in respect of capital assets, compliance and related internal controls, which resulted in material adjustments to the financial statements. The accounting officer did not ensure sufficient monitoring of controls over the overall process of reporting on performance information, which resulted in material adjustments to the performance report.

Financial and performance management

27. Existing controls were not designed to ensure adequate record keeping to support accurate and complete reporting.

Other reports

28. I draw attention to the following engagements that could potentially impact on the department's financial, performance and compliance-related matters. My opinion is not modified in respect of these engagements, which are either in progress or have been completed.

Investigations

29. The auditors were informed of 20 significant investigations conducted by the department / investigative units relating to supply chain management, as well as procurement and contract management, which were in progress at the time of compiling this report.

Auditing to build public confidence

ACCOUNTING POLICIES for the year ended 31 March 2016

The financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the financial statements present fairly the department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the financial statements and to comply with the statutory requirements of the Public Finance Management Act (PFMA), Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

1. Basis of preparation

The financial statements have been prepared in accordance with the Modified Cash Standard.

2. Going concern

The financial statements have been prepared on a going concern basis.

3. Presentation currency

Amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the department.

4. Rounding

Unless otherwise stated all financial figures have been rounded to the nearest one thousand Rand (R'000).

5. Foreign currency translation

Cash flows arising from foreign currency transactions are translated into South African Rands using the exchange rates prevailing at the date of payment / receipt.

6. Comparative information

6.1 Prior period comparative information

Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements.

6.2 Current year comparison with budget

A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.

7. Revenue

7.1 Appropriated funds

Appropriated funds comprises of departmental allocations as well as direct charges against the National Revenue Fund (i.e. statutory appropriation).

Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.

The net amount of any appropriated funds due to / from the National Revenue Fund at the reporting date is recognised as a payable / receivable in the statement of financial position.

7.2 Departmental revenue

Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the National Revenue Fund, unless stated otherwise.

Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.

7.3 Accrued departmental revenue

Accruals in respect of departmental revenue (excluding tax revenue) are recorded in the notes to the financial statements when:

- it is probable that the economic benefits or service potential associated with the transaction will flow to the department; and
- the amount of revenue can be measured reliably.

The accrued revenue is measured at the fair value of the consideration receivable.

Accrued tax revenue (and related interest and / penalties) is measured at amounts receivable from collecting agents.

8. Expenditure

8.1 Compensation of employees

8.1.1 Salaries and wages

Salaries and wages are recognised in the statement of financial performance on the date of payment.

8.1.2 Social contributions

Social contributions made by the department in respect of current employees are recognised in the statement of financial performance on the date of payment.

Social contributions made by the department in respect of ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.

8.2 Other expenditure

Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.

8.3 Accrued expenditure payable

Accrued expenditure payable is recorded in the notes to the financial statements when the goods are received or, in the case of services when they are rendered to the department.

Accrued expenditure payable is measured at cost.

8.4 Payables not recognised

Payables not recognised is recorded in the notes to the financial statements when invoices are received at year end but remain unpaid at the reporting date.

8.5 Leases

8.5.1 Operating leases

Operating lease payments made during the reporting period are recognised as current expenditure in the statement of financial performance on the date of payment.

The operating lease commitments are recorded in the notes to the financial statements.

8.5.2 Finance leases

Finance lease payments made during the reporting period are recognised as capital expenditure in the statement of financial performance on the date of payment.

The finance lease commitments are recorded in the notes to the financial statements and are not apportioned between the capital and interest portions.

Finance lease assets acquired at the end of the lease term are recorded and measured at the lower of:

- · cost, being the fair value of the asset; or
- the sum of the minimum lease payments made, including any payments made to acquire ownership at the end of the lease term, excluding interest.

9. Cash and cash equivalents

Cash and cash equivalents are stated at cost in the statement of financial position.

Bank overdrafts are shown separately on the face of the statement of financial position as a current liability.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

10. Prepayments and advances

Prepayments and advances are recognised in the statement of financial position when the department receives or disburses the cash.

Prepayments are expensed where a contract / agreement requires that a payment for goods and services be made before actual delivery of those goods and services take place.

Prepayments and advances are initially and subsequently measured at cost.

11. Loans and Receivables

Loans and receivables are recognised in the statement of financial position at cost plus accrued interest, where interest is charged, less amounts already settled or written-off. Write-offs are made according to the department's write-off policy.

12. Investments

Investments are recognised in the statement of financial position at cost.

13. Financial assets

13.1 Financial assets (not covered elsewhere)

A financial asset is recognised initially at its cost plus transaction costs that are directly attributable to the acquisition or issue of the financial asset.

At the reporting date, a department shall measure its financial assets at cost, less amounts already settled or written-off, except for recognised loans and receivables, which are measured at cost plus accrued interest, where interest is charged, less amounts already settled or written-off.

13.2 Impairment of financial assets

Where there is an indication of impairment of a financial asset, an estimation of the reduction in the recorded carrying value, to reflect the best estimate of the amount of the future economic benefits expected to be received from that asset, is recorded in the notes to the financial statements.

14. Payables

Loans and payables are recognised in the statement of financial position at cost.

15. Capital assets

15.1 Immovable capital assets

Immovable capital assets are initially recorded in the notes to the financial statements at fair value.

Where the cost of immovable capital assets cannot be determined accurately, the immovable capital assets are measured at R1 unless the fair value of the asset has been reliably estimated, in which case the fair value is used.

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Immovable capital assets are subsequently carried at cost and are not subject to depreciation or impairment.

Subsequent expenditure that is of a capital nature is added to the cost of the asset at the end of the capital project unless the immovable asset is recorded by another department in which case the completed project costs are transferred to that department.

Work-in-progress of capital nature is recorded in the statement of financial performance as "expenditure of capital assets". On completion, the total cost of the project is included in the assets register of the department.

15.2 Movable capital assets

Movable capital assets are recorded in the asset register of the department on receipt. The measurement of the carrying amount of the different classes of movable capital assets is described below:

Biological assets comprising of dogs and horses are valued at cost or R100.

Heritage assets are valued at R1.

Specialised Military Assets (SMA) and Transport Assets (TPT) acquired:-

- 1. before 1 April 2002 are valued at R1;
- 2. between 1 April 2002 and 31 March 2010 are valued at cost or fair value; and
- 3. from 1 April 2010 are valued at cost.

Other Machinery and Equipment acquired:-

- 1. before 1 April 2002 are valued at R1;
- 2. between 1 April 2002 and 31 March 2012 are valued at cost or fair value; and
- 3. from 1 April 2012 are valued at cost.

Movable assets acquired through a non-exchange transaction from non-government entities are carried at fair value as at the date of acquisition.

Any subsequent expenditure incurred on an existing capital asset (owned or to be owned by the department) that is of a capital nature is capitalised to the cost of that asset.

Capital components are recognised when they are not installed onto the main asset. Where the spare component (i.e. engine) is installed to the main asset e.g. air craft or vessel it is capitalised to the cost of the main asset. The department shall disclose all engines (excluding related components) related to military assets of the systems that are operational as capital components.

Technical publications are recognised as library materials when they have been separately contracted for and separately identifiable. Where they are not separately contracted for or separately identifiable, the cost is capitalised to the main asset.

15.3 Minor assets

Minor assets acquired before 1 April 2013 are valued at R1 and subsequently acquired assets are valued at cost.

15.4 Intangible assets

All assets acquired before November 2012 and through the Armscor process are fair valued, and those acquired subsequent to that are valued at contract price, where contract price can be determined.

All other assets acquired before April 2002 are valued at R1 and subsequently acquired assets are valued at cost or fair value.

Any subsequent expenditure incurred on an existing capital asset is valued at cost or fair value, if it meets the capitalisation criteria.

16. Provisions and Contingents

16.1 Provisions

Provisions are recorded in the notes to the financial statements when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate of the obligation can be made. The provision is measured at the best estimate of the funds required to settle the present obligation at the reporting date.

16.2 Contingent liabilities

Contingent liabilities are recorded in the notes to the financial statements when there is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department or when there is a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured reliably.

16.3 Contingent assets

Contingent assets are recorded in the notes to the financial statements when a possible asset arises from past events, and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the department.

16.4 Commitments

Commitments are recorded at cost in the notes to the financial statements when there is a contractual arrangement or an approval by management in a manner that raises a valid expectation that the department will discharge its responsibilities thereby incurring future expenditure that will result in the outflow of cash.

17. Unauthorised expenditure

Unauthorised expenditure is recognised in the statement of financial position until such time as the expenditure is either:

- approved by Parliament or the Provincial Legislature with funding and the related funds are received; or
- approved by Parliament or the Provincial Legislature without funding and is written-off against the appropriation in the statement of financial performance; or
- · transferred to receivables for recovery.

Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.

18. Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the total value of the fruitless and or wasteful expenditure incurred.

Fruitless and wasteful expenditure is removed from the notes to the financial statements when it is resolved or transferred to receivables for recovery.

Fruitless and wasteful expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.

19. Irregular expenditure

Irregular expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the value of the irregular expenditure incurred unless it is impracticable to determine, in which case reasons therefor are provided in the note.

Irregular expenditure is removed from the note when it is either condoned by the relevant authority, transferred to receivables for recovery or not condoned and is not recoverable.

Irregular expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.

20. Changes in accounting policies, accounting estimates and errors

Changes in accounting policies that are effected by management have been applied retrospectively in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such instances the department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Changes in accounting estimates are applied prospectively in accordance with MCS requirements.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the department shall restate the opening balance of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

21. Events after the reporting date

Events after the reporting date that are classified as adjusting events have been accounted for in the financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the financial statements.

22. Capitalisation reserve

The capitalisation reserve comprises of financial assets and / or liabilities originating in a prior reporting period but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National Revenue Fund when the underlining asset is disposed and the related funds are received.

23. Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

24. Related party transactions

A related party transaction is a transfer of resources, services or obligations between the reporting entity and a related party. Related party transactions within the Minister's portfolio are recorded in the notes to the financial statements when the transaction is not at arm's length.

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the department. The number of individuals and their full compensation is recorded in the notes to the financial statements.

25. Inventories

At the date of acquisition, inventories are recorded at cost price in the notes to the financial statements.

Where inventories are acquired as part of a non-exchange transaction, the cost of inventory is its fair value at the date of acquisition.

Inventories are subsequently measured at the lower of cost and net realisable value or the lower of cost and replacement value.

NOTES TO THE APPROPRIATION STATEMENT for the year ended 31 March 2016

1. Detail of transfers and subsidies as per Appropriation Act (after Virement):

Detail of these transactions can be viewed in the note 6 on Transfers and subsidies and Annexure 1 (A–E) to the Annual Financial Statements.

2. Detail of specifically and exclusively appropriated amounts voted (after Virement):

Detail of these transactions can be viewed in note 1 (Annual Appropriation) to the Annual Financial Statements.

3. Detail on payments for financial assets

Detail of these transactions per programme can be viewed in the note 5 on Payment for financial assets to the Annual Financial Statements.

4. Explanations of material variances from Amounts Voted (after Virement):

4.1 Per programme:

4.1 Per Programme	Final Actual Appropriation Expenditure		Variance	Variance as a % of Final Appropriation	
	R'000	R'000 R'000		%	
Administration	4 984 514	4 981 493	3 021	0.06%	

Under-expenditure was mainly within the transfer payment to SASSETA (Rm3 021). It was as a result of the payroll amount, on which the calculations were based to determine the amount payable to SASSETA, being less than what was anticipated.

Force Employment	3 616 407	3 602 801	13 606	0.38%
------------------	-----------	-----------	--------	-------

Under-expenditure was mainly within the Peace Support Operations (Rm13 606). It was due to delays in the procurement of mobility packages utilised for border safeguarding operations.

4.2 Per economic classification:	Final Appropriation	Actual Expenditure	Variance	Variance as a % of Final Appropriation
	R'000	R'000	R'000	%

Transfers and subsidies				
Departmental agencies and accounts	6 843 138	6 840 117	3 021	0.04%
Payments for Capital Assets				
Machinery and Equipment	710 261	696 655	13 606	1.92%

Under-expenditure within the transfer payments was mainly due to the lower than anticipated transfer to SASSETA (Rm3 021) as a result of the payroll amount, on which the calculations were based to determine the amount payable to SASSETA, being less than what was anticipated as well as procurement of machinery and equipment (Rm13 606) that did not realise due to delays in the procurement of mobility packages utilised for border safeguarding operations.

Intergovernmental payables (unconfirmed balances)		Annexure 5	60	20
Environmental rehabilitation liability		Annexure 3B	1 069 421	999 459
Total		-	1 887 786	1 782 829
20.2 Contingent assets Claim against SANDU due to damage to Military Police Vehicles during Fraud Breach of contract Damage to state property Total	a protest	-	80 2 853 127 8 3 068	80 - - - - 80

Housing

- Not practical to determine any outflow, as the outflow would depend on the non payments made by Defence employees to Bond institutions.

Claims against the department

- The amounts reported are based on the best possible estimates as per letters of demand and summons served by the third parties.
- These are contingent liabilities hence, we cannot be certain as to the timing of the outflow of the related resources / amounts.
- There was no possiblilty for any reimbursements as at 31 March 2016.

Environmental Liability

- The baseline costing for the removal and disposal of unexploded ordnance at SANDF facilities was accepted to be baseline cost as determined during February 2012.
- It was decided to escalate the expenses in line with CPI. The adjustment was done for prior years from 2012–2015.

Prior period error

Nature of prior period error

The review of the best estimate for the UXO environmental liability was revised and this resulted in a restatement of the prior period amount.

106 209

Contingent Assets

- The amounts reported are based on the best possible estimates as per letters of demand and summons served by the Department of Defence (DOD).
- Due to the nature of the contingent asset the department cannot be certain as to the timing of the inflow of the related resources.
- There was no possblity for any cancellation of these claims by the DOD as at 31 March 2016.
- Excluded in contingent assets, is an undetermined value relating to the possible overpayment of 181 employees, as a result of the incorrect implementation of PSCBC Resolution 3 of 2009.
- The department is currently in the process of auditing the employees' salary files to determine the value of the possible overpayment.

Leave entitlement with negative balances amounting to R66 557 790 for the 2015/16 financial year and R55 459 044 for the 2014/15 financial year are included in the above amounts.

Late capturing of leave by SANDF units necessitated that the annual financial statements be restated during April. The reason for this course of action is to take into consideration all late vacation leave transactions captured with leave dates prior to and including 31 March.

 $Performance\ awards\ for\ 2014/15\ (Rm2\ 764)\ has\ been\ restated\ to\ Rm\ 0,\ as\ the\ amount\ was\ incorrectly\ recognised\ as\ an\ accrual.$

28. Identification and nature of related party relationship

As at 31 March 2016 the DOD had the following related parties, namely the:

- President of the RSA;
- Deputy President of the RSA;
- Cabinet of the Government of the RSA, including the Ministers of all National Departments;
- National Departments;
- Public Entities resorting under the National Departments;
- Public Entities resorting under the portfolio of the Minister of Defence and Military Veterans, these being:
- The DOD has a related party transaction with Armaments Corporation of South Africa Limited (ARMSCOR), including its subsidiaries, joint ventures or units under its control. The relationship between the DOD and ARMSCOR is at arm's length, where the department transfers funds to ARMSCOR (as disclosed in Note 6) in their mission to meet the acquisition, maintenance and disposal needs of the DOD and other clients in terms of Defence Material related products and services.
- Castle Control Board (CCB);
- South African National Defence Force Fund (SANDF Fund); and
- Reserve Force Council

As per clarification letter from the National Tresuary dated 31 March 2009, Department of Defence Funds (messes, clubs, regimantal funds, etc.) are not regarded as related parties.

Related party transactions

The Department is not aware of any related party transactions (i.e. transactions not at arm's length) that occurred during the period between the Department and the President of the RSA; the Deputy President of the RSA; the Cabinet of the Government of the RSA, including the Ministers of all National Departments; National Departments and Public Entities falling under these departments.

During the period the following related party transactions occurred between the Department and the Castle Control Board (CCB);

- The CCB is mandated in terms of the Castle Management Act, 1993 (Act 207 of 1993), to govern and manage the Castle of Good Hope on behalf of the Minister of Defence and Military Veterans. The CCB is housed and located in the Castle of Good Hope, Cape Town.
- The following entities and activities occupy or utilise parts of the Castle of Good Hope, at no consideration to the Department however in some instances consideration is paid to the CCB:

- Die Goewerneur restaurant,
- Waterblommetjie restaurant,
- Castle Forge,
- Carriage rides,
- Castle Military Museum,
- Souvenir shop,
- Iziko Museum of Cape Town,
- The Western Cape Army Support Base (forming part of the Department) supplied guards to the CCB to guard the Castle of Good Hope and to perform ceremonial duties at no charge,
 - Defence Reserves Provincial Office Western Cape,
- SA Heritage Resources Agency (SAHRA),
- Good Hope Art Studio,
- 5X Reserve Force Regiments.
- The Department provides management and advisory services to the CCB at no consideration.
- The Department provides management and administrative support to the SANDF Fund at no consideration.
- Department is not aware of any related party transactions that might have occurred during the period between the Department and the Reserve Force Council.
- The Department did not identify any related party transactions during the period between the Department and its key management personnel, and the entities under the control, joint control or significant influence of key management personnel of the Department.

Environmental Liability

The amounts reported are based on the best possible estimates as per letters of demand and summons served by third parties.

The timing of the outflow of the related resources / amounts are uncertain.

⁻ There was no possibililty for any reimbursements as at 31 March 2016.

The opening balance for Mobile Asset Accidents was rounded up to R9 629 to align with the register amount of R9 628 910.08.

⁻ The baseline costing for the removal and disposal of unexploded ordnance at SANDF facilities was expected to be the baseline cost as determined from Feb 2012.

⁻ It was decided to escalate the expenses in line with CPI. The adjustments were done for prior years from 2012-2015.

ACCOUNTING OFFICER'S RESPONSIBILITIES AND APPROVAL

The Accounting Officer is required by the Public Finance Management Act (Act 1 of 1999), to maintain adequate accounting records and is responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is the responsibility of the Accounting Officer to ensure that the annual financial statements fairly present the state of affairs of the Special Defence Account (SDA) as at the end of the financial year and the results of its operations and cash flows for the period then ended. The external auditors are engaged to express an independent opinion on the annual financial statements and were given unrestricted access to all financial records and related data.

The annual financial statements have been prepared in accordance with Standards of Generally Recognised Accounting Practice (GRAP) including any interpretations, guidelines and directives issued by the Accounting Standards Board. The annual financial statements are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The Accounting Officer acknowledges that he is ultimately responsible for the system of internal financial control established by the SDA and places considerable importance on maintaining a strong control environment. To enable the Accounting Officer to meet these responsibilities, the Accounting Officer sets standards for internal control aimed at reducing the risk of error or deficit in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the SDA and all employees are required to maintain the highest ethical standards in ensuring the SDA's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the SDA is on identifying, assessing, managing and monitoring all known forms of risk across the SDA. While operating risk cannot be fully eliminated, the SDA endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The Accounting Officer is of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or deficit.

The Accounting Officer has reviewed the SDA's cash flow forecast for the year to 31 March 2017 and, in the light of this review and the current financial position, he is satisfied that the SDA has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the SDA's annual financial statements. The annual financial statements have been examined by the SDA's external auditors.

The annual financial statements set out on pages **348** to **376**, which have been prepared on the going concern basis, were approved by the Accounting Officer on 31 May 2016 and were signed by:

(DR S.M. GULUBE)

SECRETARY FOR DEFENCE: DIRECTOR-GENERAL

Report of the auditor-general to Parliament on the Special Defence Account

Report on the financial statements

Introduction

 I have audited the financial statements of the Special Defence Account (SDA) set out on pages 348 to 376, which comprise the statement of financial position as at 31 March 2016, the statement of financial performance, statement of changes in net assets, cash flow statement and the statement of comparison of budget and actual amounts for the year then ended, as well as the notes, comprising a summary of significant accounting policies and other explanatory information.

Accounting officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these financial statements in accordance with the Standards of Generally Recognised Accounting Practice (GRAP) and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) (PFMA), and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor-general's responsibility

- 3. My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with the International Standards on Auditing. Those standards require that I comply with ethical requirements, and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

Basis for qualified opinion

Special defence activities

6. The SDA accounts for non-sensitive and sensitive projects expenditure in connection with special defence activities as per section 2(2)(a) of the Defence Special Account Act, 1974 (Act No. 6 of 1974), as amended. I was unable to obtain sufficient appropriate audit evidence regarding sensitive projects expenditure and related financial assets due to the sensitivity of the environment and the circumstances under which the related transactions were incurred and recorded. In addition, due to the sensitive nature of the activities involved the entity did not comply with the requirements of GRAP 6 Consolidated and Separate Financial Statements, and instead applied GRAP 104 Financial Instruments, which also does not result in fair presentation. I was unable to confirm the sensitive projects expenditure and financial assets by alternative means. Consequently, I was unable to determine whether any adjustments to sensitive projects expenditure stated at R408 721 000 (2015: R674 944 000) in note 14 and financial assets stated at R83 320 000 (2015: R71 296 000) in note 6 to the financial statements were necessary.

Qualified opinion

7. In my opinion, except for the possible effects of the sensitive activities described in the basis for qualified opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the SDA as at 31 March 2016 and its financial performance and cash flows for the year then ended, in accordance with GRAP and the requirements of the PFMA.

Emphasis of matter

8. I draw attention to the matter below. My opinion is not modified in respect of this matter.

Significant uncertainties

9. With reference to note 18 to the financial statements, the SDA through the Department of Defence was a defendant in a certain lawsuit. The ultimate outcome of the matter could not be determined and no provision for any liability that may result had been made in the financial statements.

Report on other legal and regulatory requirements

10. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report findings on the reported performance information against predetermined objectives, compliance with legislation and internal control. The objective of my tests was to identify reportable findings as described under each subheading but not to gather evidence to express assurance on these matters. Accordingly, I do not express an opinion or conclusion on these matters.

Predetermined objectives

11. The objectives of the SDA are included within the Department of Defence's reporting on performance information against predetermined objectives.

Compliance with legislation

auditor-General

12. I performed procedures to obtain evidence that the SDA had complied with applicable legislation regarding financial matters, financial management and other related matters. These procedures were, however, not extended to certain sensitive expenditure in connection with the special defence activities as per section 2(2)(a) of the Defence Special Account Act, 1974 (Act No. 6 of 1974) as amended. I did not identify any instances of material non-compliance with specific matters in key legislation, as set out in the general notice issued in terms of the PAA.

Internal control

13. I considered internal control relevant to my audit of the financial statements and compliance with legislation. I did not identify any significant deficiencies in internal control as the limitation imposed on the audit is inherent to the environment of the SDA.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

ACCOUNTING POLICIES

1. Presentation of Annual Financial Statements

The annual financial statements have been prepared in accordance with the effective Standards of Generally Recognised Accounting Practice (GRAP) including any interpretations, guidelines and directives issued by the Accounting Standards Board of South Africa.

These accounting policies are consistent with the previous period.

1.1 Standards of GRAP issued but not yet effective

As the Minister has not determined an effective date for the Standards of GRAP for Departments, the SDA adopted Standards of GRAP voluntary. All the Standards of GRAP including any related Interpretations issued before 31 March 2011 were adopted. Therefore, the entity does not expect any material effect when the Standards become effective.

The SDA has adopted the statement of comparison of budget and actual amounts as per GRAP 24 – Presentation of Budget Information in financial statements for the first time in the year 2012/2013.

GRAP 20 – Related Party Disclosures has been issued but is not yet effective. The SDA has applied the guidelines of the standard in disclosing its' related parties from 2012/2013.

1.2 Basis of preparation

The financial statements are prepared on the accrual basis using historical cost as a measurement basis, unless another measurement basis is required by Standards of GRAP. The significant accounting policies applied are set out below.

1.3 Functional currency

The financial statements are prepared in South African Rand (ZAR) which is also the functional currency of the Department of Defence. All values are rounded to the nearest thousand (R'000) except where otherwise indicated.

1.4 Going concern

The annual financial statements have been prepared on a going concern basis.

1.5 Off-setting

Assets, liabilities, revenues and expenses have not been offset except when off-setting is required or permitted by a Standard of GRAP.

1.6 Significant judgements and sources of estimation uncertainty

In preparing the financial statements, management is required to make estimates and assumptions that affect the amounts represented in the financial statements and related disclosures. Use of available information and

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

the application of judgement are inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the financial statements. Significant judgements include:

1.6.1 Measurement of other financial assets

The SDA measures its other financial assets initially at fair value, which is the transaction price of the financial asset. The SDA has applied Directive 7 and the Standard of GRAP on Financial Instruments (GRAP 104) to determine a deemed cost for these financial assets. The application of GRAP 104 instead of GRAP 6 was approved by the Minister of Finance on 29 November 2013 as an exemption for the SDA for the financial years 2013/2014, 2014/2015 and 2015/2016.

1.6.2 Impairment of financial assets

Financial assets not measured at fair value are assessed for impairment at the end of each reporting period. In determining whether an impairment loss should be recorded, the SDA makes judgements as to whether there is observable data indicating a measurable decrease in the estimated future cash flow from the financial asset. The estimates take into account the nature and the risks associated with each financial asset as well as the industry in which the SDA is operating.

1.6.3 Classification of exchange and non-exchange transactions

The SDA uses judgement in classifying transactions between exchange and non-exchange transactions and related receivables and payables. Where the SDA receives or transfers assets or services or has liabilities extinguished, and directly gives approximate equal value (primarily in the form of cash, goods, services, or use of assets), the transaction and the related receivable or payable are classified as exchange transactions. All other transactions and their related balances are classified as non-exchange transactions.

The sales of specialised military equipment and related assets are classified as revenue from non-exchange transactions as the SDA only receives the funds in accordance with the Defence Special Account Act, 1974 (Act No 6 of 1974). The SDA does not control the underlying assets.

1.6.4 Expenditure on capital assets

As the SDA only provides for the funding of the resources, management does not recognise any capital assets, other than those relating to financial instruments, in the statement of financial position. Military and other fixed assets are transferred directly at acquisition to the relevant service and/or division within the Department.

1.6.5 Commitments

Commitments are not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance, but are disclosed in the disclosure notes (note 17).

1.6.6 Surplus funds to be surrendered

An estimate of amounts to be surrendered is determined in the current financial period under review based on the revenue received (cash) as at year-end. Any changes in the estimate is accounted for in the period of the change.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

1.6.7 Contingent liabilities and payables

Management applies judgement to the facts, patterns and advice it receives from its legal advisors in assessing if an obligation is probable, more likely than not, or remote. This judgement application is used to determine if the obligation is recognised as a liability or disclosed as a contingent liability.

1.6.8 Taxation

The SDA is not liable for taxation.

1.6.9 Effective interest rate

The SDA uses the National Treasury rates to discount future cash flows.

1.7 Revenue

When the SDA receives value in the form of an asset and directly provides approximate equal value in exchange, the SDA classifies the revenue received or receivable as revenue from exchange transactions. All other revenue is classified as revenue from non-exchange transactions. Revenue is measured at the fair value of the consideration received or receivable and recognised when it becomes due to the SDA.

1.8 Revenue from exchange transactions

Interest is recognised using the effective interest rate method.

Other revenue from exchange transactions is recognised in the statement of financial performance when the revenue becomes due to the SDA.

1.9 Revenue from non-exchange transactions

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets.

Non-exchange transactions are transactions that are not exchange transactions. In a non-exchange transaction, an entity either receives value from another entity without directly giving approximate equal value in exchange.

The SDA recognises the inflow of resources from a non-exchange transaction as revenue, except when a liability is recognised in respect of that inflow. These liabilities are classified as payables from non-exchange transactions.

Revenue results from fines due in terms of contracts and transfer allocations due in accordance with the Defence Special Account Act, 1974 (Act No 6 of 1974). Revenue is recognised when the SDA has a legal right to the revenue.

Revenue from non-exchange transactions is recognised to the extent that the asset received qualifies for recognition, and there is not a corresponding liability due to conditions associated with the transfer. Revenue is measured at fair value of the consideration received or receivable.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

Where services are received in-kind, and a reliable estimate can be made, the SDA will recognise the related revenue.

In all other cases, the SDA will only disclose the estimated amount in contingent assets.

1.10 Expenditure

Expenditure is classified in accordance with the approved budget (per project) and the SDA discloses expenditure per nature and per arm of service.

The SDA recognises expenditure in the statement of financial performance when a decrease in future economic benefits or service potential related to a decrease in an asset or an increase of a liability has arisen that can be measured reliably.

The SDA recognises expenses immediately in the statement of financial performance when expenses produce no future economic benefits or service potential or when and to the extent that, future economic benefits or service potential do not qualify, or cease to qualify, for recognition in the statement of financial position as an asset.

1.11 Unauthorised, irregular and fruitless and wasteful expenditure

Unauthorised, irregular and fruitless and wasteful expenditure is recognised as expenditure in the statement of financial performance according to the nature of the payment and not as a separate line item on the face of the statement. If the expenditure is recoverable it is treated as an asset until it is recovered from the responsible person or written off as irrecoverable in the statement of financial performance. The expenditure is disclosed separately in the notes to the financial statements.

1.12 Foreign currency transactions

A foreign currency transaction is recorded, on initial recognition in Rands, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency gains and losses are recognised in surplus or deficit on monetary items at year-end at the spot rate applicable for the instrument.

1.13 Financial instruments

1.13.1 Initial recognition and classification

The SDA classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or a residual interest in accordance with the substance of the contractual arrangement.

Financial instruments are recognised initially when the Department of Defence becomes a party to the contractual provisions of the instruments and SDA funds are committed or receives the benefits.

The SDA does not offset a financial asset and a financial liability unless a legally enforceable right to set off the recognised amounts currently exist; and the entity intends to settle on a net basis, or to realise the asset and settle the liability simultaneously.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

1.13.2 Initial measurement

Financial instruments are initially measured at fair value.

1.13.3 Transaction costs

Transaction costs on financial instruments at fair value are recognised in the statement of financial performance. Transaction costs on other financial instruments are included in the cost of the instrument.

Amortised cost is calculated based on the effective interest rate method.

1.13.4 Impairment of financial assets

At each reporting date the SDA assesses all financial assets, other than those at fair value, to determine whether there is objective evidence that a financial asset or group of financial assets has been impaired.

The inability to redeem amounts due based on the current stream of payments, and default of payments are considered to be indicators of impairment.

Impairment losses are recognised in the statement of financial performance as expenses.

Impairment losses are reversed when an increase in the financial asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to the restriction that the carrying amount of the financial asset at the date that the impairment is reversed shall not exceed what the carrying amount would have been had the impairment not been recognised.

Reversals of impairment losses are recognised in the statement of financial performance as revenue. Impairment losses are not reversed for financial assets held at cost where fair value was not determinable.

1.13.5 Receivables

Receivables are measured at initial recognition at fair value, and are subsequently measured at amortised cost using the effective interest rate method. Appropriate allowances for estimated irrecoverable amounts are recognised in surplus or deficit when there is objective evidence that the asset is impaired. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired. The allowance recognised is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition.

The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the deficit is recognised in surplus or deficit within operating expenses. When a trade receivable is uncollectable, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited against operating expenses in surplus or deficit.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

1.13.6 Payables

Payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

1.13.7 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. Cash and cash equivalents are initially and subsequently measured at fair value.

1.13.8 Held to maturity

These financial assets are initially measured at fair value plus direct transaction costs.

At subsequent reporting dates these are measured at amortised cost using the effective interest rate method, less any impairment loss recognised to reflect irrecoverable amounts. An impairment loss is recognised in surplus or deficit when there is objective evidence that the asset is impaired, and is measured as the difference between the investment's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition. Impairment losses are reversed in subsequent periods when an increase in the investment's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to the restriction that the carrying amount of the investment at the date the impairment is reversed shall not exceed what the amortised cost would have been had the impairment not been recognised.

Financial assets that the SDA has the positive intention and ability to hold to maturity are classified as held to maturity.

1.14 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. Cash and cash equivalents are initially and subsequently measured at fair value.

1.15 Receivables from exchange transactions

Receivables from exchange transactions are measured at amortised costs that arise from amounts due as a result of non-delivery by contractors.

1.16 Receivables from non-exchange transactions

Receivables from non-exchange transactions are recognised when the SDA has a right to receive the monies due to it, which are allocated in terms of legislation or are due in accordance with an agreement. Receivables from non-exchange transactions are initially measured at fair value and subsequently measured at amortised cost.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

1.17 Prepayments and advances

Prepayments and advances are measured at cost, adjusted for changes arising from currency rate exchange fluctuations. Prepayments and advances consist of amounts paid to contractors for which future goods and services are expected to be received. Prepayments and advances are not classified as financial instruments.

1.18 Other financial assets

Other financial assets are measured at fair value unless the fair value cannot be determined reliably. Where fair value cannot be determined, financial assets are measured at cost.

1.19 Payables from exchange transactions

The SDA recognises payables from exchange transactions where liabilities result in counter-performance by the respective parties.

Payables from exchange transactions are initially measured at fair value, and are subsequently measured at amortised cost.

1.20 Payables from non-exchange transactions

The SDA recognises payables from non-exchange transactions for amounts received through non-exchange revenue, which are not recognised as revenue as a result of outstanding obligations against the revenue.

Payables from non-exchange transactions are initially measured at fair value and are subsequently measured at amortised cost.

1.21 Funds to be surrendered to the National Revenue Fund

The SDA is not required to surrender any funds allocated in terms of section 4 of the Defence Special Account Act,1974 (Act No 6 of 1974). Per agreement with the National Treasury, the SDA cedes any cash amounts received excluding funds transfered from the Department of Defence. The amount surrendered is calculated and distributed through net assets on an annual basis to the National Revenue Fund.

1.22 Other financial liabilities

Other financial liabilities are measured at amortised cost. Effective interest is capitalised against the amounts outstanding in accordance with the agreement.

1.23 Contingent assets and liabilitities

A contingent liability is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the entity, or

A present obligation that arises from past events but is not recognised because:

- It is not possible that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

- The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the entity.

Contingent liabilities and assets are recorded as disclosure notes to the annual financial statements.

1.24 Budget information

The budget is prepared on a cash basis. The SDA does not budget for any revenue other than the transfer payment received through the Department of Defence. Expenditure incurred exceeding the transfer payment is defrayed from accumulated reserves.

1.25 Related Party transactions

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party; or an entity that is subject to common control or joint control.

Related parties are recognised:

- when the transactions do not occur within the normal supplier and / or client recipient relationship on terms and conditions no more or less favourable than those which is reasonable to expect the entity to have adopted if dealing with that individual entity or person in the same circumstances; and
- terms and conditions are not within the normal operating parameters established by the Department's legal mandate.
- These transactions are recognised at cost at the date of the transaction. If the cost cannot be determined reliably, the transactions will be recognised at fair value.

Information regarding related party transactions recognised in terms of the recognition criteria, is included in the disclosure notes.

1.26 Provisions

Provisions are recognised when:

- the SDA has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

The amount of a provision is the best estimate of the expenditure expected to be required to settle the present obligation at the reporting date.

Where the effect of time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligation.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement is recognised when, and only when, it is virtually certain that reimbursement will be received if the SDA settles the obligation. The reimbursement is treated as a separate asset. The amount recognised for the reimbursement does not exceed the amount of the provision.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Provisions are reversed if it is no longer probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation.

A provision is used only for expenditures for which the provision was originally recognised. Provisions are not recognised for future operating deficits.

If an entity has a contract that is onerous, the present obligation (net of recoveries) under the contract is recognised and measured as a provision.

1.27 Comparative figures

Comparatives are included for all except where Standards of GRAP provides otherwise. Comparatives are restated where prior period errors are identified.

1.28 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure means expenditure which was made in vain and could have been avoided had reasonable care been exercised.

All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.29 Irregular expenditure

Irregular expenditure as defined in section 1 of the PFMA is expenditure other than unauthorised expenditure, incurred in contravention of or that is not in accordance with a requirement of any applicable legislation, including:

- this Act; or
- the State Tender Board Act, 1968 (Act No 86 of 1968), or any regulations made in terms of the Act; or
- any provincial legislation providing for procurement procedures in that provincial government.

National Treasury practice note no 4 of 2008/2009 (effective from 1 April 2008) which was issued in terms of sections 76(1) to 76(4) of the PFMA requires the following:

Irregular expenditure that was incurred and identified during the current financial year and which was condoned before year-end and/or before finalisation of the financial statements must also be recorded appropriately in the irregular expenditure register. In such an instance, no further action is required with the exception of updating the note to the financial statements.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

Where irregular expenditure was incurred in the previous financial year and is only condoned in the following financial year, the register and the disclosure note to the financial statements must be updated with the amount condoned.

Irregular expenditure that was incurred and identified during the current financial year and which was not condoned by the National Treasury or the relevant authority must be recorded appropriately in the irregular expenditure register. If liability for the irregular expenditure can be attributed to a person, a debt account must be created if such a person is liable in law. Immediate steps must thereafter be taken to recover the amount from the person concerned. If recovery is not possible, the accounting officer or accounting authority may write off the amount as debt impairment and disclose such in the relevant note to the financial statements. The irregular expenditure register must also be updated accordingly. If the irregular expenditure has not been condoned and no person is liable in law, the expenditure related thereto must remain against the relevant programme/expenditure item, be disclosed as such in the note to the financial statements and updated accordingly in the irregular expenditure register.

Capital commitments: Strategic Defence Procurement Programme (SDP)	7 856	6 927
	15 616 723	17 671 269

The amount relating to Strategic Defence Packages capital commitment represents the capital amount at prevailing exchange rates at year-end, but excludes escalation and other additional costs (e.g. finance costs). Included in the amount of R7 856 374 (2014/15: R6 926 707) is a foreign component of USD 105 226, GBP 197 056 and SEK 1 077 039 (2014/15: USD 126 146, GBP 176 010 and SEK 1 374 196).

No forward cover was utilised.

18. Contingencies

Claims against the State	3 250 755	2 555 101
Retention fees	1 873	2 162
	3 252 628	2 557 263

The amount in claims against the State relates to a commission claim of EUR 192 180 623 with a rand value of R3 225 755 213 (1 Euro = R16.785018) (2014/15: R2 520 804 210). The difference of R25 000 000 relates to the provision for the local legal fees. The difference in the prior year amount vs the new year relates to the foreign exchange rate. The matter is defended in a Civil Court of Lisbon, Portugal. The matter was dismissed by the Lisbon court during October 2011 on the basis that no jurisdiction exist to hear the case. On appeal the court found in favour of the plaintiff. This decision of the court was however appealed by Armscor where the court ruled in favour of the plaintiff. A date for the preliminary hearing was scheduled for

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

2016	2015
R '000	R '000

29 April 2014. At a preliminary hearing on 29 April 2014 the court ruled that the preservation of evidence should be undertaken by the parties. The preservation of evidence in commission was held during March 2015 and was chaired by a neutral person appointed by the Lisbon court. The matter proceeded during July 2015 with the preservation of evidence of Portugese witnesses in Lisbon. It was expected that a court date will be set for April 2016, however the plantiff indicated that further evidence of witnesses in South Africa is necessary and the commission proceeded to obtain this evidence in South Africa during March 2016. All the evidence shall now be submitted to the court in Lisbon as well as the report of specialist opinions on the use of the helicopter to be obtained by the plaintiff and defendant chaired by an independent specialist to be appointed by the court. A court date will then be determined, but it is expected that it will only occur in the second guarter of 2017.

The amount in retention fees for 2015/16 to the amount of R1 873 139 (2014/15: R2 162 312) relates to fees withheld by Armscor for suppliers not meeting the BEE requirements.

Contingent assets

Contingent assets - 435

Contractual sales of specialised military assets may result in the inflow of economic benefits, but is not virtually certain.

19. Related parties

Identification and nature of related party relationship

As at 31 March 2016, the SDA had the following related parties, namely the:

- President of the RSA;
- Deputy President of the RSA;
- Cabinet of the Government of the RSA, including the Ministers of all National Departments;
- Public Entities resorting under all National Departments.

The SDA is controlled through the Department of Defence at National Government level, and as a result is related to all state controlled entities. The SDA receives a transfer payment from the Department of Defence. The Department of Defence incurred all the personnel costs and administrative cost relating to the SDA, including salary cost of employees, key management personnel, audit fees and printing of the Annual Report.

Armscor and other public entities are service providers for defence related procurement transactions, including the buying and selling of armaments, spares and other related components and services. These transactions were concluded on normal operating terms. These amounts are included in payables/receivables on the statement of financial position.

The SDA is not aware of any related party transactions (transactions not at arm's length) that occurred during the period between the SDA and the related parties as identified above.

20. Risk management

Financial risk management

The SDA's activities expose it to a variety of financial risks which are market risk (including currency risk, fair value interest rate risk), credit risk and liquidity risk.

Liquidity risk

The SDA's risk to liquidity is as a result of the funds available to cover future commitments (current and non-current). Current commitments are paid within 30 days. Non-current commitments consist of contracts with various maturity dates (refer to note 17). The SDA manages liquidity risk through an ongoing review of future commitments.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

2016	2015
R '000	R '000

Credit risk

Receivables and prepayments

The SDA funds the capital operations of the Department of Defence. As a result of funding these operations, receivables may arise due to the non-delivery of goods and services. These receivables include recoveries from suppliers and fines.

Receivables may also arise where funds are due to the SDA as a result of the sales of capital goods that were funded from the SDA. The latter is usually limited to a very short period as ARMSCOR's policy is not to deliver any goods before the monies are received. Notwithstanding this policy, transactions did occur where the risks and rewards of ownership have passed to the buyer and as a result, the monies are due to the SDA.

Advances in terms of contractual arrangements are exposed to limited credit risk as it is covered by bank guarantees held by ARMSCOR.

Cash and cash equivalents

The cash in the current account represents the balance of funds available in the Paymaster-General account. Short-term deposits are held in the Corporation for Public Deposits as required by the Treasury Regulations and the Defence Special Account Act, 1974 (Act No 6 of 1974). Cash on hand and the balances in the Paymaster-General account are not exposed to any credit risk.

Maximum credit risk exposure

Cash and cash equivalents	13 899	20 117
Receivables	4 632	25 211
Prepayments	2 870 693	3 035 405
	2 889 224	3 080 733

% of total financial assets for 2015/16 is 50.48% (2014/15: 69.76%)

Market risk

The SDA is exposed to both interest rate risk and foreign currency risk.

Interest rate risk

Short-term deposits are exposed to interest rate risk. The interest rates on late payments for financial assets at amortised costs are fixed per the agreement.

The estimated effect on the statement of financial performance for a 1 percent change in interest rates (based on the average short-term investment balances) amounts to:

- 2015/16: R322
- 2014/15: R452

Foreign exchange risk

The SDA operates internationally and is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to the Euro. Foreign exchange risk arises from future commercial transactions, recognised assets and liabilities.

The SDA does not hedge foreign exchange fluctuations.

At 31 March 2016, the currency has changed by -3.67% against the Euro with all other variables held constant, the surplus for the year was affected by a net loss of R13 090 374 (net profit 2014/15: R76 450 000), mainly as a result of foreign exchange gains or losses on translation of foreign currencies through surplus or deficit.

21. Events after the reporting date

Adjusting events:

- There were no significant events between the reporting date and the date that the financial statements have been issued that resulted in any adjustment to the financial statements.

Non-Adjusting events:

- National Treasury approved the condonement of irregular expenditure relating to the Preferential Procurement Policy Framework Act, 2000 (PPPFA) non-compliance to the amount of R387 593 132 on 19 July 2016.

22. Fruitless and wasteful expenditure

Details of irregular expenditure - cur	rrent year		
	Disciplinary steps taken/criminal proceedings		
PPPFA Non-Compliance	Application for condonement still pending from NT.		108 125

Expenditure deemed to be irregular expenditure of R108 124 957 (2014/15: R128 289 314) was incurred during the year under review. This is due to the BBBEE provision of the supply chain management policy of Armscor, which stipulates a 25% black equity selection criterion and is deemed to be in conflict with the Preferential Procurement Policy Framework Act, 2000 and Procurement Regulations, 2011. Armscor has engaged extensively with National Treasury regarding this matter during the course of the financial year and an application for an exemption made to National Treasury was submitted on 16 February 2015. Submission for condonement submitted to National Treasury on 8 June 2015. Approved condonement from National Treasury did not include SDA amounts. Meeting scheduled with National Treasury on 4 December 2015 to discuss open condonement until all the contracts are finalised. A new submission for condonement was submitted to National Treasury on 27 January 2016. National Treasury granted approval for the condonement of the irregular expenditure to the amount of R387 593 132 on 19 July 2016.

The additions amount for 2014/15 has been restated by an amount of R139 705 281 due to the incorrect inclusion of amounts relating to single source tenders.

24. Government grants and subsidies

Funds from the Department of Defence	6 235 061	5 618 794
--------------------------------------	-----------	-----------

25. Prior period errors

Other financial assets have been restated as a result of the recognition of fair value adjustments in the correct financial year.

Receivables from exchange transactions: Royalty income has been restated for 2013/14 and 2014/15 due to the recognition of the revenue in the correct financial year.

Statement of financial position

Other financial assets	-	1 901
Receivables from exchange transactions	-	5 458

29. Material differences between the budget and actual amounts

The budget is approved on a cash basis by functional classification. The Department does not budget for any items other than expenditure. The approved budget covers the fiscal period from 1 April 2015 to 31 March 2016. The Department requested a virement from the GDA to the SDA for the procurement of aircraft spares and components required to ensure the serviceability of the two Oryx and three Rooivalk helicopters deployed as part of the Force Intervention Brigade. The virement was approved by National Treasury.

The financial statements for the SDA are prepared on the accrual basis of accounting.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

2016	2015
R '000	R '000

Largest projects, Sensitive projects and General projects: The acquisition of armaments systems is managed by means of acquisition projects. Due to long lead times, non-realisation of planned project deliverables, and the inability of Defence Industry to timely deliver in Departmental requirements, the budget was not fully expended in the financial year. The SDA Act makes provision that unspent funds at the end of the financial year remain within the SDA.

Non-project related expenditure: Although the total expenditure for Other projects (SDA) 2015/16 FY requirements as at 31 March 2016 already exceeds the final budget, it must be noted that the SDA allocation consists of Voted Funds and Roll-overs from previous financial years. It is confirmed that there was no over expenditure on non-project related expenditure.

PARTE National Conventional Arms Control Committee

Assurance Report for the year ended 31 March 2016

DEPARTMENT OF DEFENCE AND MILITARY VETERANS – Vote 19

Assurance report of the auditor-general to Parliament on the conduct of the affairs of the National Conventional Arms Control Committee in terms of section 12 of the National Conventional Arms Control Act, as amended

Introduction

- 1. I have performed a limited assurance audit engagement on the conduct of the affairs of the National Conventional Arms Control Committee (NCACC) in terms of section 12 of the National Conventional Arms Control Act, 2002 (Act No. 41 of 2002), as amended (act).
- 2. My full responsibility under the law, for my work and this report, is to Parliament.

NCACC's responsibility

3. The NCACC is responsible for compliance with the act and related regulations.

Auditor-general's responsibility

- 4. As required by section 12 of the act, my responsibility is to conclude on compliance by the NCACC with sections 4, 7, 14 and 23 of the act. The functions of the NCACC, as stipulated in section 4(1) of the act, refer to the Prohibition of Mercenary Activities and Regulation of Certain Activities in Country of Armed Conflict Act, 2006 (Act No. 27 of 2006), which has not yet come into operation as no date was determined by the President by proclamation in the Government Gazette.
- 5. I performed the assurance engagement in accordance with International Standard on Assurance Engagement (ISAE 3000), Assurance engagement other than audits or reviews of historical information. That standard requires me to comply with ethical requirements and to plan and perform the assurance engagement to obtain sufficient appropriate evidence regarding the subject matter of the engagement to support my assurance conclusion expressed below.

Summary of work performed

- 6. As the auditor of the NCACC, I have also audited the Department of Defence, which provided the secretariat to the NCACC, for the period ended 31 March 2016. My limited assurance procedures included the following specific procedures relating to the affairs of the NCACC:
 - Inspecting the processes and structures established by the NCACC for the effective control of trade in, and possession of, controlled items.
 - Inspecting the processes and structures established by the NCACC for the effective regulation of the rendering of certain assistance or services in a country of armed conflict, in accordance with section 3 of the Prohibition of Mercenary Activities and Regulation of Certain Activities in Country of Armed Conflict Act.

DEPARTMENT OF DEFENCE AND MILITARY VETERANS - Vote 19

- Inspecting the guidelines, structures and processes established by the NCACC for the scrutiny and assessment of the application for the issuing of a permit under the act and the Prohibition of Mercenary Activities and Regulation of Certain Activities in Country of Armed Conflict Act.
- Confirming whether the NCACC has liaised with the relevant government agencies regarding the enforcement of the act and the Prohibition of Mercenary Activities and Regulation of Certain Activities in Country of Armed Conflict Act.
- Inspecting a sample of the authorisation or refusal of issuing any permits as contemplated in section 14 of the act.
- Inspecting sample applications granted or refused for authorisation as contemplated in section 7 of the Prohibition of Mercenary Activities and Regulation of Certain Activities in Country of Armed Conflict Act.
- Performing procedures to verify compliance with the conditions under which a permit was issued.
- Inspecting the register that must be kept in the prescribed form of persons involved in trade in, and possession of, controlled items.
- Inspecting the register that must be kept of every permit issued:
 - Selecting a sample of permits issued and following them through to the register.
 - Selecting a sample of entries in the register and following them through to the permits.
- Confirming whether all reports were issued as specified in section 23 of the act.
- Analysing reported data to identify anomalies.
- Verifying whether information supplied was relevant, reliable, complete and understandable.
- Verifying whether the NCACC performed any of the engagements as per section 4(2), 4(3), 4(4) and 4(5) of the act, and performing additional audit procedures to obtain evidence of compliance with these sections, if applicable.
- Performing procedures to obtain evidence regarding the affairs of the NCACC as required by any regulations or notices published in the Government Gazette, as indicated in section 27 of the act.
- My procedures for gathering evidence were limited due to the nature of a limited assurance engagement; therefore, less assurance was obtained than would have been the case in a reasonable assurance engagement.
- 8. I believe that the audit evidence obtained as part of my assurance engagement with the NCACC for the period ended 31 March 2016 is sufficient and appropriate to provide a basis for my conclusion expressed below.

DEPARTMENT OF DEFENCE AND MILITARY VETERANS - Vote 19

Internal control

9. I considered internal control relevant to my audit of compliance with legislation. I did not identify any significant deficiencies in internal control.

Conclusion

10. Based on my work described in this report, nothing has come to my attention that causes me to believe that the conduct of the affairs of the NCACC did not comply with the terms of the act in all material respects.
