

SACE

South African Council for Educators

Towards Excellence in Education

ANNUAL PERFORMANCE PLAN 2024/25

The Year of Education
and the Profession
We Want in Africa

EXECUTIVE AUTHORITY STATEMENT

The South African Council for Educators (SACE) derives its core mandate from the SACE Act no.31 of 2000. Accordingly, the Council has a legislative responsibility to build a capable, ethical, and inclusive teaching profession and professionals alike. In doing so, it also strengthens the government's agenda of professionalising the public service by playing an immense role in doing the same in the teaching profession through the mandatory professional registration of all educators before their employment; ensuring their adherence to the code of professional ethics and professional teaching standards, as well as maintaining their professional status and standing through participation in continuing professional development.

The 2024/25 Annual Performance Plan moves from the Council's vision of developing a credible teaching profession that ensures that schools have fit-to-practice, ethical, trustworthy, and capable educators, college lecturers and Early Childhood Development (ECD) practitioners in line with the imperatives of the National Development Plan: Vision 2030, SACE Act no 31 of 2000, National Policy Framework on Teacher Education and Development in South Africa (2007), and other relevant policy and legislative frameworks.

Moreover, the APP is reflective of the Council moving in sync with the government in prioritizing the professionalisation path of the teaching profession across the teacher education and development continuum, through Programmes 2, 3, 4, and 5 in this APP. The professionalization process is also underpinned by the values of the teaching profession and the ethical and professional teaching standards. Thus, the year ahead will prioritise the processing of the reported educator misconduct cases through the allocation and utilization of more resources on Programme 3 (Ethical Standards). This is also important in minimizing the carrying over of cases into the new financial years and regulating the teaching profession in the public and children's interest.

Coupled with this, the provisioning of SACE-endorsed continuing professional development by SACE endorsed approved providers will deliver programmes and activities that support educators in maintaining the ethical and professional teaching standards. This will assist in curbing the recurring gender-based violence in the profession and strengthening the social contract between the educators and public. Through the management of the continuing Professional Teacher Development (CPTD) System, SACE will monitor and report on professional development uptake.

FOREWORD BY THE CHAIRPERSON

I am pleased to present the 2024/25 Annual Performance Plan (APP) which indicates SACE's planned outcomes, outputs and priorities in taking the teaching profession forward inconsistent with the entity's 2020–2025 strategic plan. Equally, the APP's planned outcomes, outputs, performance Indicators and targets contribute to the sixth administration's priority number three (3) in terms of educators and Early Childhood Development (ECD) practitioners' education and skills, as well as priority number one (1) regarding the building of a capable, ethical, and developmental teaching profession and public entity in line with the Revised 2019 – 2024 Medium-Term Strategic Framework (MTSF).

Thus, in overseeing this APP in the new financial year, SACE is responsible for strengthening its governance and accountability systems, and its organisational internal capacity. Part of this process would include ongoing capacity building and support to ensure good governance, effective implementation of the APP programme and accountability in service delivery at the coalface of the teaching profession.

In conclusion, the Accounting Authority commenced a process of reviewing and repositioning SACE as a public entity and professional self-regulatory body. Thus, the year ahead will see the conclusion of the reviewing and repositioning process with recommendations that may also have possible impact on and implications for basic and higher education and training sectors, the mid-term strategic plan review process and Council priorities, the 2024/25 APP, governance structure, SACE administration structure, as well as the SACE Act amendments.

ACCOUNTING OFFICER STATEMENT

The 2024/25 APP is presented as the financial year marks the final year of implementing SACE's 2020-2025 strategic plan through this APP. While the APP programmes are aligned with the strategic plan, they are equally informed by the SACE Act. This Act mandates the AA to provide for the professional registration of all educators; promote the continuing professional development of educators; and set, protect, and maintain ethical and professional standards in the teaching profession. The Council's mandate is further strengthened by chapter 9 of the National Development Plan (NDP) of 2012, which underscores SACE's role in setting professional standards

and ensuring that there is quality provisioning for educators' continuing professional development through the approval of providers and the endorsement of quality professional development programmes and activities.

The council has a total of six (6) programmes. The programmes are the core mandated programmes with performance indicators outlined as per the 2024/25 Annual Performance Plan. As a professional self-regulatory body, SACE is self-funding. Thus, the main source of funding is educator membership fees determined by the Accounting Authority periodically, in consultation with the Minister and stakeholders. SACE is self-funding from educators' monthly levy of R16.50. This amount appears incommensurate with the mandate and role of SACE in the main. The ripple effect of this is evident in the budget allocations to the APP programmes. Second, the inevitable budget allocation imbalances between the administration/salary bill and delivery of services to the teaching profession remain a cause of course for concern for the entity. This situation seems to be aggravated by extending provincial offices in their current brick-and-mortar form, along with the related increase in administration and human resource costs. It is for this reason, amongst others, that SACE is going through a self-renewal process that includes, amongst others, the rethinking and reconceptualization of provincial offices and exploring varying cost-effective and context-sensitive models.

Expenditure and revenue are expected to decrease at an average annual rate of 1.03 per cent over the MTEF period, from R121.3 million in 2023/24 to R118.1 million in 2026/27. The decrease in revenue is mainly due to the expected decrease in the number of educators registered and reinstated.

The council expects to generate 81.2 per cent (R384.4 million) of its revenue over the MTEF period through membership and registration fees, and the remainder through interest on investments, reprints of certificates and transfers from the department for continuing professional teacher development programmes. Transfers from the department are expected to increase by 4.8 per cent over the period ahead, from R15.6 million in 2023/24 to R18 million in 2026/27.

The International Forum for Regulatory Authorities (IFTRA) will be hosting its biennial conference in June 2024, in Australia, under the theme: Teacher regulation for Quality and Quantity– can it be done? AFTRA is part of IFTRA, and as a member of AFTRA SACE will attend the conference as part of AFTRA, and present conference papers.

SACE carried the administrative responsibility of the Africa Federation of Teaching Regulatory Authorities (AFTRA). All the AFTRA member organisations that hold the Executive Director position have been requested to provide additional support to the Federation. The 2024 AFTRA Teaching and Learning conference will take place in Zambia on the 21st to 22nd May 2024. The conference theme has been approved as follows:

“Teachers We Need for the Education We Want: Agenda Setting for the African Union Year of Education 2024.” The African Union introduced 2024 as the year of Education, to be launched on the 17th of February whilst SACE Theme for the Year will read, “The Teaching Profession We want”.

TITLE
<ul style="list-style-type: none">• The Constitution of the Republic of South Africa (1996): It is fundamental in promoting the values that are consistent with the basic human rights, as well as ensuring that the child's welfare is paramount when making decisions about their lives.• SACE Act, 2000 (Act no. 31 of 2000): It mandates SACE to provide for the professional registration of educators, promote their professional development, and set, protect, and maintain the profession's ethical and professional standards.• NQF Act, 2008 (Act no. 67 of 2008): As a professional body, SACE should work collaboratively with all the quality councils, and ensure that it is recognised by the South African Qualifications Authority (SAQA).• Employment of Educators Act, 1998 (Act no. 76 of 1998): It regulates the employment of educators and has implications for SACE in relation to issues of educator misconduct and the reporting thereof by the employers of educators.• The Children's Act, 2005 (Act no. 38 of 2005): SACE is required to implement the SACE Act and enforce the code of professional ethics in line with the Children's Act, ensuring that the names of the sanctioned educators that are not fit to work with children are recorded there.• The Criminal Law (Sexual Offences Act) Amended Act of 2007: It deals with the legal aspects pertaining to sexual offences and the inclusion of the convicted sex offenders in the National Register for Sex Offenders.

2. Updates to Institutional Policies and Strategies

- Medium-Term Strategic Framework 2019-2024

3. Basic Education Contribution to MTSF 2019-2024

SACE Contribution to MTSF as per DBE Strategic Plan and APP

- **NDP: Vision 2030: National Development Plan (2012):** requires that SACE play a quality management role in the approval of professional development providers and endorsement of quality professional development programmes/activities, as well as setting professional standards for the teaching profession.
- The NDP on education aims to reform the delivery of education to cater for the developmental needs of the youth, starting from their formative years right through to their coming of age. The way the system aims to address the needs of the youth should be such that everyone is afforded every opportunity to succeed regardless of their background.
- **District Development Model:** decentralising the SACE services by working collaboratively with the education districts in accelerating the delivery of the SACE mandates closer to where the schools are in terms of the promotion and management of the continuing professional development system, and the maintenance of the ethical and professional standards.
- **National Strategic Plan on Gender-Based Violence:** the protection of women and children against gender-based violence and femicide in the basic education sector, through interventions that contribute to the achievement of the national strategic plan on gender-based violence, is vital.
- **The Human Resources Development Strategy for Early Childhood Development (based on the National Integrated Early Childhood Development Policy) (2018):** The professionalisation of the ECD sector is important in terms of ensuring professionally registered and capable ECD practitioners and educators within the DBE/DSD ECD function shift process.
- **National Policy Framework of Teacher Education and Development in South Africa – More Teachers, Quality Teacher (2007):** stipulates SACE’s central role in managing a system for continuing professional development for educators in the schooling sector with the support of the Department of Basic Education, Provincial Education stakeholders and stakeholders in the sector.
- **Policy on Minimum Requirements for Teacher Education Qualifications (2016):** guides the sector on the minimum qualifications for entry into the teaching profession and continuing professional development in learning throughout an educator’s career.
- **The Policy on Minimum Requirements for Programmes Leading to Qualifications in Higher Education for Early Childhood Development Educators:** guides the sector on the minimum qualifications for entry into the ECD levels within the teaching profession and continuing professional development and learning throughout the practitioners’ and educators’ careers.
- **Integrated Strategic Planning Framework on Teacher Education and Development in South Africa (2011):** This is an integrated and collaborative plan for teacher education and development in South Africa and clarifies various stakeholders’ roles and responsibilities in that regard. SACE’s quality management role in the provisioning of continuing professional development by various providers is underscored. The continued implementation of this plan should also be understood within the broader context of the review and reflection process and the resolutions and declaration taken at the sector’s multi-stakeholder Teacher Education and Development Summit held in November 2021.

4. Update to Relevant Court Rulings

The principal of Grey College vs SACE

- The educator herein was charged with several counts of examination fraud.
- ETHCOM took the decision that charges be preferred against him.
- The educator took the decision to charge him on review on the basis that he was not afforded an opportunity to respond to the allegations, despite having responded twice to the allegations
- This matter was heard on 7 June 2021 and SACE lost the case and is currently appealing the judgement.
- The judge in the matter could not distinguish between SACE and the Department of Education and ruled that in all instances, SACE should wait for an employer to finalise its case before SACE can deal with such a matter.
- This means that SACE will never be able to process a case until an employer has dealt with such a matter. The argument was both wrong in law and fact.
- On 5 December 2021 SACE appeared and applied for leave to appeal in the Bloemfontein High Court.
- The Court dismissed the SACE application for leave to appeal with costs.
- SACE referred the matter to the Supreme Court of Appeal (SCA).
- The SCA dismissed the SACE petition for leave to appeal.
- The leave of appeal was heard in the Constitutional Court on the 17 November 2022.
- The constitutional court refused the SACE leave to appeal with costs of the two counsel.

Centre for Child Law (CCL) vs SACE

- The CCL took the SACE to court, challenging the sanctions that were imposed upon 2 educators.
- These cases took place in 2 separate provinces, although the sanctions imposed by different presiding officers were almost similar.
- One of the cases took place in Gauteng and another one in Limpopo; both matters involved corporal punishment where both educators were found guilty of slapping learners in the 2 respective schools.
- ETHCOM sanctioned the 2 educators to removal from the register for a period of 10 years and a fine of R15 000.00. The fines were in line with the SACE mandatory sanction and within the ambit of Section 5 of the SACE Act.
- The parents of the learners, through Section 27, an NGO, are challenging the sanctions as being too lenient and
- On 24 October, SACE received a judgement wherein the judge dismissed the prayers by the applicants instead, the court ordered SACE to consult with the CCL when reviewing its mandatory sanctions to ensure that the interest of the child is catered for when reviewing the sanctions.
- The court ordered the SACE to pay the costs of the CCL.
- SACE referred the matter at the supreme court of appeal in order to contest the order of costs.
- The matter was heard in the SCA on 26 February 2024. The judgement is reserved for one-two weeks.

OUR STRATEGIC FOCUS

PART B OUR STRATEGIC FOCUS

1. VISION

Inspiring a Credible Teaching Profession

2. MISSION

To register fit-to-practice educators & lecturers, promote their continuing professional development, and maintain the profession's professional teaching and ethical standards

3. VALUES

The core values and ethical principles of the SACE are outlined in the table below:

4. UPDATED SITUATIONAL ANALYSIS

INTRODUCTION

SACE is a statutory professional self-regulatory body that is mandated by the SACE Act (Act no. 31 of 2000) to, firstly, provide for the professional registration of educators as defined in section 2 of the Act. Section 21(1) of the SACE Act states that “a person who qualifies for registration in terms of this Act must register with the council before being appointed as an educator”. The act in section 21(2) also prohibits employers from employing unregistered educators.

Secondly, SACE is legislated to promote educators’ professional development through the management of the Continuing Professional Teacher Development (CPTD) system. This mandate is further reinforced through the National Development Plan, National Policy Framework on Teacher Education and Development in South Africa (2007), Integrated Strategic Planning Framework for Teacher Education and Development in South Africa, Policy on Minimum Requirements for Teacher Education Qualifications, National Qualifications Framework Act (2008) as amended, and others.

While SACE has the CPTD system as mandatory in line with Sections 55 and 56 of the National Policy Framework on Teacher Education and Development which directs that SACE should have sanctions and rewards for the system on paper, the practice is the opposite. CPTD is intended not to be a punitive measure, its first six years (2013/2014 – 2019/2020) of implementation did not insist on compulsory participation, in the hope of easing participants into the culture of lifelong learning, especially. This non-compulsory status has remained. Making it difficult to enforce the policy framework. Lastly, SACE has a mandate to set, promote, and maintain ethical and professional standards.

Progress towards achievement of institutional impact and outcomes

Outcome	Outcome indicator	2020-2025 five-year target	Actual achievement
Efficient and effective governance	Percentage of internal and external audit recommendations implemented	100%	78%

EXTERNAL ENVIRONMENT ANALYSIS

The current population of South Africa is 60,748,054 as of Friday, January 19, 2024, based on World meter elaboration of the latest United Nations data 1. South Africa 2023 population is estimated at 60,414,495 people at midyear. South Africa population is equivalent to 0.75% of the total world population. South Africa ranks number 24 in the list of countries (and dependencies) by population. As of 2022, South Africa's population increased, counting approximately 60.6 million inhabitants. Of these, roughly 22.12 million were aged 0-19, while 609,000 people were 80 years or older. South Africa has a large population under 14, who will be looking for job opportunities in the future.

However, the country's labour market has had difficulty integrating these youngsters. Specifically, as of the third quarter of 2022, the unemployment rate reached close to 60 percent and 42.9 percent among people aged 15-24 and 25-34 years, respectively. In the same period, some 25 percent of the individuals between 15 and 24 years were economically active, while the labour force participation rate was higher among people aged 25 to 34, at 71.2 percent.

The NDP assumes that with better teachers, better curriculum, infrastructure and school management the retention of learners within the educational system automatically increases. Whilst it makes commitments to investigate teacher retention and development, it does little by way of identifying the leading factors in the drop-out rates of young learners from the school system and even less in addressing them. According to Bosa's spokesperson Mudzuli Rakhivhane, Basic Education Minister Angie Motshekga stated there were 24 000 vacant teacher posts and UEMSA's database had recorded almost 30 000 qualified teachers were unemployed or doing other jobs. Education system is in a serious crisis Rakhivhane said the partnership would see the parties working to bring national attention to the cause of unemployed qualified teachers across the country.

As of 2022, the total number of teaching staff in ordinary school in South Africa amounted to roughly 485 739. KwaZulu-Natal had the largest number of teachers in public schools, amounting to 103 668. Gauteng registered the highest number of educators, therefore Northern Cape counts lowest number of educators in public schools with 11 810.

Impact of Floods and Drought in Education Sector

In the education sector floods leave a trail of destruction which may result in children's education getting to a level where it cannot be salvaged. Schooling may be cancelled; children may drop out of school and school absenteeism may occur if school buildings are used as evacuation centers. Children and teachers fail to go to school because of damaged roads and having to travel across rivers becomes dangerous. Using boats increases the cost of getting to schools which parents fail to meet. In the absence of qualified teaching personnel, coupled with unattractive and dilapidated learning infrastructure impedes the quality of education offered to students which in turn affects the performance of students.

The drought also lead to a significant decline in classroom performance. This can be seen in areas where there was shortage of water. In which it creates a ripple effect of shortage of food including crop, if this upward trajectory continues, it might cause a lot of absenteeism and a low pass rate as the learners won't concentrate with empty stomach.

PESTEL ANALYSIS

Political Factors	<ul style="list-style-type: none"> Professionalising the ECD sector.
Economic Factors	<ul style="list-style-type: none"> Lack of learning and teaching materials; teaching and learning outcomes are negatively impacted by load shedding and an unstable electricity supply (impact on running water in schools, heat, and light). The Department of Basic Education's allocation of funds to SACE was reduced by 15.8% in 2022–2023. Real GDP increased 2.5 percent in 2023 (from the 2022 annual level to the 2023 annual level), compared with an increase of 1.9 percent in 2022. The infrastructure of schools in KwaZulu-Natal and Gauteng was damaged by floods
Social Factors	<ul style="list-style-type: none"> Inadequate facilities (poorly maintained libraries, study areas, crammed classrooms, and pit toilets in schools) pose risks to teaching and learning as well as to the health and safety of students and teachers. The rising school dropout rate due to socio-economic factors (child-headed households, unemployment rate, etc)
Technological Factors	<ul style="list-style-type: none"> Full implementation of Robotics and Coding to be taught in the 2023 academic year. Training of teachers on coding and robotics needed. Load shedding may have a detrimental effect on teachers' professional development, making it more difficult for them to track and report their CPTD points.
Environmental Factors	<ul style="list-style-type: none"> Global warming effects such as repeated flooding leading to schools being inaccessible, impacting teaching and learning Damaged infrastructure due to flooding leading to the loss of teaching and learning time
Legal Factors	<ul style="list-style-type: none"> The prolonged nature of amending the SACE Act.

INTERNAL ENVIRONMENT ANALYSIS

As reflected in its 2020 – 2025 strategic plan, SACE is poised to enhance the confidence that the public has in the credibility of the teaching profession. This aim is presented as an impact because the benefit described crystallises at a macro or societal level. In the quest to realise this impact, the organisation recognises that it would have to work tenaciously towards the achievement of a catalogue of outcomes. The underpinning idea is that the identified outcomes, working in concert would, if sustained over the long term, engender the emergence of the impact that it seeks.

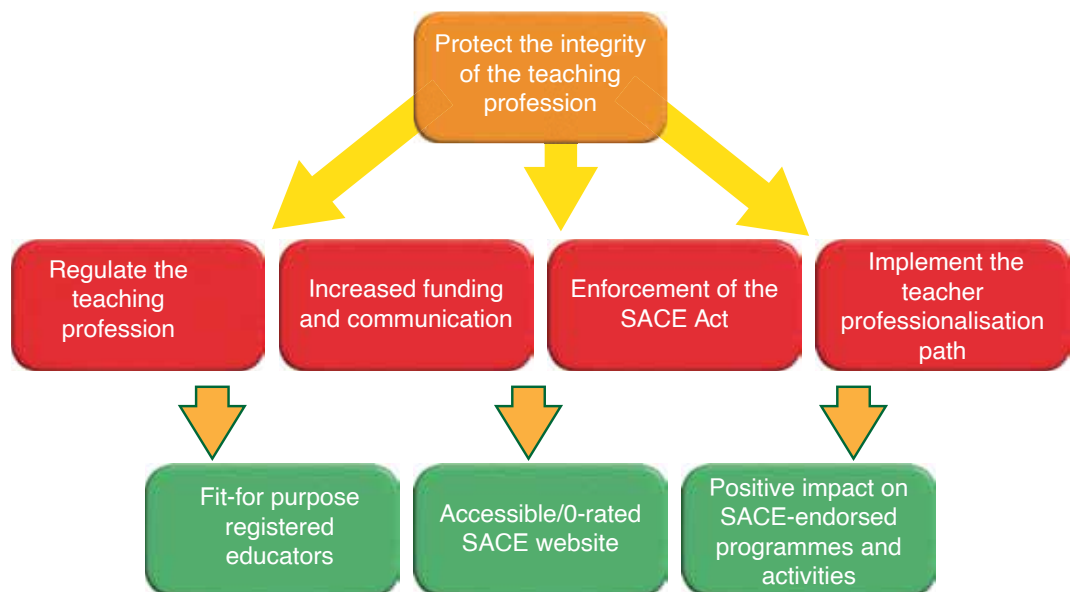

Theory of Change

If SACE’s goal is to protect the integrity of the teaching profession, **Then** there should be stringent measures to enforce the mandatory functions from initial teacher education to managing the system of continuing professional development.

ACTION If...

AIM Then...

POSSIBLE RESULT So...

PROGRAMME 1: ADMINISTRATION

The Council continues to provide quality assurance within the collecting, verifying and reporting of performance information of the core mandate. Statutory Reports and documents have been provided to the DBE and are in compliance with PFMA, Framework for Strategic Plans and Annual Performance Plans, Framework for Managing Programme Performance Information and PMER Policy Framework 2022-24. The consistent submission of eQPRS and Quarterly Report to DBE in due time ensures good governance and compliance with legislation. Since the training of the panellists, the number of cases that were investigated increased exponentially and it is expected that investigations will be finalised speedily in the future. The panellists will receive further training to enable them to prosecute and preside over disciplinary hearings. This will also increase the number of disciplinary hearings that the SACE will be able to finalise.

The Council received a fair media balance and managed to reach out to its target audience. As part of intensifying the teachers’ rights campaign, media bulk buying was procured through 4 TV channels with prime-time news clock adverts. These were preceded by the issuing of three media statements, thus increasing the visibility of SACE to the public. More initiatives of the Council were communicated using other platforms which included posts on the SACE website, internal communication posts to staff members, and production of a video clip on the Safety and Security Handbook. The Council has to do with the legislative requirement of payment of suppliers within 30 days of receipt. The Council had improved in this indicator by paying 99.54% against the target of 100%.

PROGRAMME 2: PROFESSIONAL REGISTRATION

As part of professionalising the initial teacher education space and the Work Integrated Learning (teaching practice in schools) space, student teachers will be provisionally registered. Additionally, newly qualified educators who are fit to practise will be registered once they have completed the screening and vetting processes. In ensuring that the basic education sectoral priorities are realised, people who are needed in the schooling sector for purposes of the implementation of the three-stream model and specialised areas in focus schools will be conditionally registered. More ECD practitioners will be registered following the signing of the proclamation regarding the transfer of the powers of the ECD function from the Minister of Social Development to the Minister of Basic Education.

PROFESSIONAL REGISTRATION VALUE CHAIN

PROGRAMME 3: ETHICAL STANDARDS

This programme serves the purpose of promoting and maintaining ethical standards in the teaching profession, as reflected in the Code of Professional Ethics. When educators deviate from the set ethical standards and become guilty of misconduct, they are reported to SACE. This is followed by investigations, disciplinary hearings, and sanctioning. While many investigations have been completed, cases fail to be finalised due to the disciplinary hearings being affected by complex factors. Therefore, this programme has been divided into three sub-programmes with the use of percentage indicators as a strategy for SACE to plan and account for what it can control in terms of reported cases.

The outcome of maintained ethical standards is the focus of the ethical standards programme. The programme recognises the need for educators to continuously conduct themselves in a morally and ethically upright manner. The positive crafting of the outcome has shown a need for the APP performance indicators to be amended. This programme budget for the 2024/25 financial year has been reduced significantly. The outcome in the strategic plan shows that, educators who transgress are expected to be removed from the registration roll after the due process of investigations, disciplinary hearings and sanctions has played out.

SANCTIONS – APRIL-SEPTEMBER 2023

By the time of publishing this APP, nine (9) educators were found guilty and charged as per SACE mandatory sanctions after ratification by the Executive Committee of 27 November 2023.

NAME OF SCHOOL	OFFENCE(S)	RECOMMENDED SANCTION NOTED BY ETHCOM AND REFERRED TO EXCO FOR DIRECTION
Aurora High School	Sexual Harassment of a Learner	Name be removed from the register of educators that is administered by Council for a minimum period of 10 (Ten) years of which he can re-apply for admission, provided there is documentation to support his rehabilitation programs.

PROGRAMME 4: PROFESSIONAL DEVELOPMENT

The concept of lifelong professional learning is vital for practising educators’ career-long professional learning journey and for developing a capable and qualified teaching profession and professionals. Therefore, Council will emphasise and intensify the development of and support for participation in the CPTD system for the selected educators across the country. Again, educators will be capacitated and supported on various professional matters through blended approaches to promote the maintenance of professional and ethical standards. In ensuring that there is quality, relevant, and fit-for-purpose provisioning of professional development programmes and activities, professional development providers will be approved, and professional development programmes and activities will be endorsed.

The pursuit of the outcome of improved teacher competence is the preoccupation of the professional development programme. The programme is currently underperforming judging by its achievement related to the indicator of the ‘percentage of educators participating in professional development activities. Efforts to expose student educators to the journey of continuous development have not yielded the desired results that were anticipated. A request was made to higher education institutions to share relevant student data that would allow the SACE to reach out to the students. Due to concerns about the ramifications of the POPI act for a decision approving such a request, many of the institutions refused to share the requested information. Those that did, would not provide students’ identity numbers.

PROGRAMME 5: PROFESSIONAL TEACHING STANDARDS

During the 2024/25 financial year, SACE will be promoting Professional Teaching Standards to educators within focus areas 1 to 8. The Council has a revised promotion strategy to reach out to educators through all platforms to make the standards known. The council is also working collaboratively with stakeholders and the department to promote the standards. The strategic plan mid-term assessment report has highlighted some issues relating to technical indicator description as well as performance indicator targets. The report continues to indicate that some of the indicators employed for performance measurement are incapable of reflecting gradual progress towards the realisation of targets that have been set, in the way that they should.

To some extent, indicators must be sensitive to changes being realised en route to achieving the result of output or outcome that a programme seeks, and some are not. There is a case where an indicator worded as a percentage has been chosen and yet a number has been reported. Therefore, the recommendations and findings of the report have resulted in changes in the programme structure in collapsing the sub-programmes and also amending the output indicator title as well as the targets which should respond to the findings as well as the budget alignment. In ensuring that the strategic plan outcome is achieved, the programme developed 3 new indicators that respond to the Outcome 5.

PROGRAMME 6: RESEARCH

The statutory mandate of SACE is outlined in the SACE Act, 2000 (Act No. 31 of 2000). The council plays an important legislative role in advising the Ministers of Basic Education and Higher Education and Training on various educational and professional matters. This advice is also based on research, data, and other forms of evidence. As per its research programme, the Council strives to enhance its advisory role and decision-making processes that are evidence-based and data-driven. Thus, we ensure that research projects commissioned by the Council are relevant to the teaching profession.

ORGANISATIONAL ENVIRONMENT

Staff Complement

Council manages Employee Performance through a collective agreement on Performance Evaluation System Guidelines that direct and guide employee evaluation. This is a management tool/instrument that is used to measure the individual and collective contributions towards the strategic achievement of SACE objectives as espoused in the Strategic Plans, Mission and Vision towards 2025. The Vision is based on eight principles being, Service Oriented, Quality, Respect, Dignity, Responsibility, Tolerance, Transparency and Accountability. The Evaluation of Employees is conducted on an annual basis wherein the formal evaluation is conducted in the last quarter of each year. It is, again, a great pleasure to report that all SACE employees were evaluated during the period under review. The Evaluation Guidelines are under review and there are consultations with labour representatives to address a few of the inadequacies of the instrument and further strengthen the guidelines. The Council continue to offer internships to several undergraduates as part of its Social Responsibility and contribution to the upliftment of skills and addressing skills shortages in the country.

Explanation of planned performance over the medium-term period

From the governance perspective, a number of Council and executive meetings will be held as planned to monitor and oversee the implementation of the entity's mandate over the medium-term period. Secondly, Programme 1 will ensure that all the Planning, Monitoring and Evaluation and Reporting activities are carried out in line with the relevant DPME, National Treasury and Department of Basic Education's relevant frameworks, regulations, and policies. Thus, the submission of quarterly reports to the Executive Authority through the DBE will be done throughout the medium-term period. Thirdly, the monitoring and evaluation of human resource performance and ongoing professional development are central to any organization.

Therefore, the implementation of the Performance Evaluation and Develop Management System of Council staff will be done. Lastly, the effective delivery of services through the implementation of the APP Programmes and Annual Operational Plan (AOP) activities is dependent on the organisation's ICT infrastructure and systems, as well as communication strategy and plans. Accordingly, the implementation of the ICT and Communication strategies will be monitored to provide the appropriate support to all the Programmes and educators alike.

Narrative: Explanation of the contribution of resources to the achievement of outputs

This programme will ensure that the activities of the Accounting Authority take place effectively and the implementation of the overall SACE mandate is implemented accordingly. Also, the organizational ICT systems will be integrated and digitized in order to support all other programmes effectively. Equally, the promotion and advocacy of the SACE core mandates through external communication to the educators and SACE stakeholders will be enhanced through various mediums and activities.

The registration income is projected based on new applicants comprising of 21 000 members entering the profession and 2000 foreign educators. The registration fee is at R 200.00 payable on registration for South Africans and R400.00 foreigners. The subscription fee is projected based upon 445 000 employed educators in public and private institutions. The council's subscription fee is R198.00 per annum. Interest is projected on the operational reserve deposit. The interest is expected at the unstable rate of between 3.5% and 6% per annum. The bid for three-year contract starting 01 April 2024 for the appointed External Auditors is in process. To provide for the amount levied by the Compensation Commissioner as a statutory obligation in respect of the Occupational Health and Safety Act. The amount is calculated by the commissioner based on the payroll expenditure of the previous tax period. Salaries make provision for the normal salary for existing permanent positions inclusive of inflation related increase. There is a provision made for growth, taking into account the establishment of extra Provincial offices. Provision is made for the cleaning services of the building. The amount represent the cleaning material costs for the building at number 240 Lenchen avenue; Centurion and the five provincial offices.

Programme 2: Professional Registration

Purpose: The purpose of this programme is to register qualified educators and create sub-registers for special categories; maintain and update the educator database, and enhance the quality of the registration of teachers by introducing standards.

Explanation of planned performance over the medium-term period

SACE, like any other professional body, has the right and responsibility to determine who may enter and remain in the profession. One way of realizing that is to ensure that all teachers are registered before being employed as teachers at any school in line with Section 21 of the SACE Act. In doing so, it acts as a regulator of the profession by registering Fit-to-Practice educators. All applicants will be requested to submit a valid police clearance to determine the applicant's fitness to practice.

The submission of a Police clearance will be a requirement for all applicants applying for registration with the Council across all registration categories, which includes Professionally qualified educators, provisional registration of student teachers and those who are academically qualified but professionally unqualified including those under special category of registration. It should be noted that those who are only applying for a replacement (re-print) of the SACE registration certificate will not be required to submit a Police clearance. The Council has also introduced the Online registration system to ensure that SACE is reachable from anywhere where applicants can apply from anywhere without having to travel to the SACE office. The above means that 100% of registrants (all registration categories) will be registered.

The subscription fee is projected based on 445,000 employed educators in public and private institutions. The council's subscription fee is R198.00 per annum. The allocated budget for the division for the period 2024/25 is R600 000. The allocated resources will ensure that 100% of registrants applying for registration with SACE over the medium-term period are registered.

The allocated budget will be utilised to register educators under different registration categories, namely Full registration, Provisional (for student teachers), Special category, reprints, and letters of good standing. The allocated budget will be used to purchase the necessary stationery that the divisional might need when registering teachers, e.g. registration certificates, printing paper and other things required to conclude the registration of a teacher. The budget will also be used to conduct the Registration drive, where the division will visit Higher Education Institutions (HEI's) to conduct information-sharing sessions with student teachers. In addition, the budget will be used to assist with the registration of unregistered professionally qualified teachers across different provinces.

Programme 3: Ethical Standards

Explanation of planned performance over the medium-term period

The Ethical Standards programme has the battle to enforce ethical standards in the profession and on the other hand teachers have the obligation uphold ethical standards expected of fit-to-practice educators. The tension in the teaching profession is caused by a few who fail to see their duty to be loco parentis, or role models to learners and collegial towards one another. Despite the fact that SACE has published a Code of Professional Ethics informed by the SACE Act 31 as amended by the BELA Act 15 of 2011, these are inadequate to make educators uphold ethical standards if it does not come from the commitment of each of them to see it as vital. SACE has always taken an approach to capacitating educators on the Code of Professional Ethics and norms and standards expected of educators but this has not stopped the breaches of the Code from occurring. Other voices in the teaching profession have even suggested an intensification of sanctions as a deterrent factor apart from just being retributive, corrective or other, but still, it does not hold back a recalcitrant from transgressing what they know.

This enjoins SACE to continue with its mandate and hope that the conversations will broaden to inculcate values and standards that assist teachers to understand how misconduct eats away the good the profession still has left on its image. The following year will require SACE to:

- Strengthen its processes to clear the backlog of cases as well as roll overs requiring finalisation
- Review the Code of Professional Ethics and policies and provide MOU with stakeholders to take care of challenges undermining its efforts to enforce ethical standards in the teaching profession
- Continue to enforce through investigation, hearings, and appeals of cases in its files

- Involve the teaching profession and community at large in engagements that can assist in curbing continued misconduct, especially boundary violations – sexual and assault (corporal punishment) in schools
- Find strategies to encourage parents to cooperate with SACE so as not to withhold the right of their children to testify in hearings; as well as curb witness tempering and victimisation

Programme Resource Considerations

Audited Outcome			Approved budget	Medium-Term		
5 083	6 089	7 393	7 482	6 413	6 704	6 948

Narrative: Explanation of the contribution of resources to the achievement of outputs

The council processes all its cases on a First-In-First-Out basis. This means that cases that are lodged first are processed first. There is, however, an exception at times. Complaints of serious breaches of the code of professional ethics, such as sexual offences and severe assault cases, among others, do receive preference and will be processed sooner than they would have been had the normal process been followed. This means that the Council processes rolled-over or older cases from the previous calendar year to ensure they are finalised while also processing newly reported cases. More emphasis gets placed on older cases as learners and witnesses usually move if the case is not promptly dealt with.

The achievement of the above requires the services of the staff which is limited and externally trained panellists. The processes require financial muscles for bookings for accommodation, flight, car hires, travel expenses and remunerations for panellists. Council when conducting Investigations and Hearings, requires a local investigation by a panelist that costs the Council an investigation fee and the hearing seating allowance for a panelist, travelling costs including lunch allowance, and accommodation per day. Investigation in other provinces by a panelist costs the Council, accommodation, flight and car hire therefore Council ensures that anyone going out for an investigation outside of Gauteng Province does so for 5 days to ensure that at least a total of 5 investigations is finalised in one week and to use Council money sparingly. The total budget allocated for the financial year 2024/25 under programme 3 is R1 500 000.00. The reduced allocation has warranted the Council to look at other means of addressing the challenges of the ever-growing backlog by engaging with the DBE in attending to cases of labour-related and Council focusing on assault and sexual cases.

Programme 4: Professional Development

Purpose: To ensure that educators engage in life-long learning to improve their professional competence.

Explanation of planned performance over the medium-term period

The mandate of SACE is to inspire educators to take charge of their lifelong learning which derives from societal expectations about the academic excellence of learners. Educators have to become learners before they can be great educators. This is one of the ways of enhancing public confidence in the teaching profession. The approach to encourage and assist professional development providers to report type 3 activities of educators in the CPTD-IS by doing that, the programme will also ensure to keep the motive in providing support to first time educators who were never provided any support previously.

Programme Resource Considerations

Table: Budget allocation for the programme and sub-programmes as per ENE and/EPRE

Educators will be supported in two different ways: firstly, on how to participate in the CPTD system and produce professional development portfolio and (b) on various professional matters such as, code of professional ethics, teacher assistance facility, reading through the virtual library, teachers' rights responsibilities and safety programme. The CPTD Information system will be enhanced, and quality assurance of more providers and professional development activities will be conducted.

2020/21	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27
Audited Outcome			Approved Budget	Medium-Term		
15 953	22 392	21 915	23 915	25 370	26 391	26 106

Narrative: Explanation of the contribution of resources to the achievement of outputs

The 2024/25 target of support to educators with seminars, and workshops is 15 000. The target has been drastically reduced due to budget constraints it should be further noted that the target educators to be supported do not amount to the fraction of educators that the Council have which is +- 480 000. A target of 80% in 2024/25 for approval of providers and to endorse activities for the teachers to access quality programmes for their professional development has been planned. To remedy the visibility of the Council physically the Council is already beginning to conduct webinars with the teachers to support them. The webinars are mostly done once a week. We have assessed that these webinars are mostly attended by teachers who have internet coverage within their schools. SACE will also continue to support educators by leveraging from the teacher unions.

The phase 3 CPTD system upgrade will not be afforded, as it has been estimated at 1.7 million. System upgrades and hosting of the servers will be affected due to stringent budget. More than 60% of the CPTD budget is allocated to the salaries of the CPTD provincial coordinators. The downside of the budget will result in the system not being fully optimised and automated on the side of providers. The servers that are hosting the system include the Online Teacher Development Platform (OTDP) or DBE NICPD, which this adjusted budget will hamper some of the maintenance. Improved teacher competence will not be achieved when teachers are not participating in credible quality programmes.

Programme 5: Professional Teaching Standards

Purpose: To improve and maintain the status and image of the teaching profession and ensure the quality of initial teacher education and ongoing professional development through quality assurance mechanisms and standards. This programme is divided into three sub-programmes.

Explanation of planned performance over the medium-term period

As stated in the strategic plan 2020-2025, in terms of Professional teaching standards, the plan is to work collaboratively with stakeholders to develop criteria for selecting prospective student teachers to be absorbed into higher education institutions. When collaborating with other stakeholders, it's crucial to have clear and concise agreements in place to protect the interests of all parties involved. The council will work with Higher education institutions to establish a teaching practice MOU, which will serve as a starting point for negotiations and collaboration, allowing the parties involved to establish a common understanding of their objectives and responsibilities.

In line with the strategic plan 2020-2025, the Council will register student teachers and support them with a code of professional ethics for student teachers during their teaching practice. To achieve this, the Council will support higher education institutions in upholding professional conduct. The code clarifies the attributes and behaviour that all student teachers are expected to develop and demonstrate even though they are not yet full-fledged teachers.

The strategic plan 2020-2025 states that teacher preparation and development will align with the teacher professionalisation path. Regarding the teacher professionalisation path, the Council will focus on projects that support the implementation of the path.

Narrative: Explanation of the contribution of resources to the achievement of outputs

To support the development of student educators, the program aims to introduce first-year students to SACE through registration from the first year of study. This initiative is supported through the longitudinal pilot study of the Council. The Newly qualified teachers will graduate with provisional registration and engage in an endorsed mandatory induction programme for 12 months which addresses the professional teaching standards before applying for professional certification. As this is the final year of the strategic plan, the organisation must account for the extent to which it has achieved the outcome of improving teacher professionalism. The Programme will actively engage in implementing the path with a focus on initial focus areas. Furthermore, the Council will develop and virtually consult on a Policy for Minimum Requirements for entry into the Profession. As part of improved teacher Professionalism, the Council will implement the awarding of Professional Certification of Newly Qualified Teachers that have participated in the 12-month endorsed mandatory induction programme. The council commenced a process of engaging the Council on Higher Education (CHE) on the collaborative quality assurance in the higher education band of the National Qualifications Framework.

Programme 6: Research

Purpose: To enhance research coordination within SACE in order to strengthen its advisory role and service that is informed by policy, research, and consultative processes.

This programme is divided into two sub-programmes.

6.2.1	6.2.1 Number of statistical reports produced on the status of the teaching profession within a financial year	2	-	1	-	1

Explanation of planned performance over the medium-term period

The research programme aims to enhance research coordination within SACE in order to strengthen the SACE advisory role and service that is informed by policy, research, and consultative processes. The programme will promote research on professional matters and any other educational matter relevant to SACE and the educational landscape and also provide statistical reports to inform planning and decision-making within the teaching profession through its indicators, the programme aims to strengthen and improve the SACE advisory role in the education fraternity by engaging in quality research that is scientifically based and sound, so as to advance the teaching profession.

Audited Outcome			Approved Budget	Medium-Term		
1 808	2 608	4 600	3 032	2 425	2 521	2 622

Narrative: Explanation of the contribution of resources to the achievement of outputs

A budget of R500 000 has been allocated to fund two research projects and two statistical reports on educational data. This limited budget that has been allocated will not be able to produce 2 research reports but only one. SACE in collaboration with VVOB has created a virtual library for teachers which is gaining popularity amongst the teachers as they are mostly requesting curriculum-based books. The library has more than 50,000 books. The teachers are also requesting SACE to purchase some of the books that are not available. The research program aims to provide valuable information for decision-making in the education sector, particularly in teacher supply and demand, and to enhance SACE's advisory role by conducting high-quality, scientifically based research. Some of the research that will be undertaken are the teacher supply and demand, analysis of misconduct and corporal punishment cases as well as the pilot study on registering educators from year 1.

Updated Key Strategic Risks

The 2024/25 Strategic Risk Register (SRR) has a total number of seventeen (16) strategic risks, with the top ten (10) strategic risks being reported on, in line with the 2024/25 APP.

The table below depicts the top ten (10) strategic risks identified

**TECHNICAL INDICATOR
DESCRIPTION**

PART D TECHNICAL INDICATOR DESCRIPTION

Programme 1: Administration

INDICATOR TITLE	1.1.1. Number of Council and EXCO meetings convened in a quarter
DEFINITION	This indicator measures the number of (a) Council meetings, which take place four times in a financial year; and (b) Executive Committee (EXCO) meetings, which happen at least six times in a financial year. This also includes special meetings, which may be called for various reasons. All the Council and EXCO meetings are preceded by the meetings of the seven Council Committees.
SOURCE OF DATA	Annual Council Activity Plan
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Notice of Council committee meeting, Signed registers and Council minutes
ASSUMPTIONS	All Council and EXCO meetings will take place as scheduled per quarter and according to Council's activity plan.
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	Effective and functional Council meetings
INDICATOR RESPONSIBILITY	Office of the Chief Financial Officer

INDICATOR TITLE	1.1.2. Number of approved quarterly performance reports submitted to oversight authorities within 30 days after the end of the quarter
DEFINITION	This indicator measures the number of quarterly performance reports produced in line with treasury regulations, DPME guidelines and the DBE's reporting schedule, in compliance with requirements around the programme performance of the entity.
SOURCE OF DATA	Planning and reporting timelines, Annual Performance Plan 2024/25
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Quarterly reports approved
ASSUMPTIONS	All SACE programmes will submit their quarterly reports on time.
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	Approved quarterly performance reports
INDICATOR RESPONSIBILITY	Sub-Programme Manager: Planning, Monitoring, Evaluation and Reporting

INDICATOR TITLE	1.1.3. Percentage of employees who achieved satisfactory level through performance evaluation development system annually
DEFINITION	This refers to a continuous performance evaluation strategy to assist SACE employees in achieving desired performance results, through the execution of clearly defined performance contracts and assessments. The satisfactory level is 3.
SOURCE OF DATA	Signed performance agreements
METHOD OF CALCULATION/ ASSESSMENT	$\frac{\text{Number of employees who achieved a satisfactory level}}{\text{Total number of employees assessed}} \times 100$
MEANS OF VERIFICATION	Performance Assessment Reports
ASSUMPTIONS	All SACE employees will be assessed through the performance development system.
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-cumulative
REPORTING CYCLE	Annually
DESIRED PERFORMANCE	60% of employees achieving satisfactory level
INDICATOR RESPONSIBILITY	Sub-Programme Manager: Corporate Services

INDICATOR TITLE	1.1.4. Number of engagements held with stakeholders quarterly
DEFINITION	This indicator measures the number of meetings, events, partnerships, and outreach programmes where Council showcases its programmes and provides services to educators, student educators and other relevant stakeholders.
SOURCE OF DATA	Communications and Stakeholder Relations approved Annual Plan
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Attendance registers (electronic and print)
ASSUMPTIONS	Stakeholder accepting invitation
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	Maintaining stakeholder confidence
INDICATOR RESPONSIBILITY	Manager: Communications and Stakeholder Relations

INDICATOR TITLE	1.1.5 Percentage of eligible invoices paid within 30 days of receipt
DEFINITION	This indicator measures the percentage of eligible invoices paid within 30 days after receipt of a statement. Eligible invoices are invoices that satisfy the appropriate conditions/ requirements for payment. These invoices should be in line with the purchase orders issued, are not irregular in nature, are accompanied by signed goods received notes, have no disputes and satisfy all the requirements of a proper invoice or tax invoice.
SOURCE OF DATA	List of all received and paid invoices within 30 days
METHOD OF CALCULATION/ ASSESSMENT	<u>The number of days that the invoice took to be paid monthly supplier age analysis from the Pastel Evolution System X100</u>
MEANS OF VERIFICATION	Excel spreadsheet of supplier invoices and statements
ASSUMPTIONS	Eligible invoices will be paid within 30 days
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-Cumulative
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	All eligible suppliers paid within 30 days
INDICATOR RESPONSIBILITY	Sub-Programme Manager: Financial Management

INDICATOR TITLE	1.1.6. Percentage of ICT systems completed within a financial year
DEFINITION	This indicator measures the alignment of technology with SACE's business goals, enabling a contribution to the organisation's strategic objectives and enabling the organisation's ICT systems to be fully integrated across each department, which in turn allows for the organisation-wide management of the ICT environment.
SOURCE OF DATA	Project Plan , Register of requests, minutes of FINCO, SACE ICT system
METHOD OF CALCULATION/ ASSESSMENT	$\frac{\text{Number of ICT systems enhanced}}{\text{Number of requests received}} \times 100$
MEANS OF VERIFICATION	Project Plan, Requests by users; signed URS; digitalised systems
ASSUMPTIONS	There will be requests from users
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-Cumulative
REPORTING CYCLE	Annually
DESIRED PERFORMANCE	Enhanced ICT systems in SACE offices
INDICATOR RESPONSIBILITY	Acting ICT Specialist

Programme 2: Professional Registration

INDICATOR TITLE	2.1.1. Percentage of eligible fit-to- practise registered educators in a year
DEFINITION	This indicator aims to measure the percentage of eligible educators who are screened for fitness to practise and registered for entry and continued employment in the teaching profession. Eligibility in this instance means that the applications that will be counted as received are the ones that meet the minimum requirement for registering with SACE. These should have, application fees statement, final results to prove qualification, police clearance certificates. All those applications that are outside the requirements and are returned will not be counted as received.
SOURCE OF DATA	List of applicants and registered fit-to-practise educators
METHOD OF CALCULATION/ ASSESSMENT	$\frac{\text{Registered fit-to practice educators}}{\text{All eligible educators' applications}} \times 100$
MEANS OF VERIFICATION	Application forms, police clearance certificates
ASSUMPTIONS	All fit-to-practice qualified educators are screened and registered.
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non cumulative
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	All eligible educators are screened for fitness to practise and registered with Council.
INDICATOR RESPONSIBILITY	Programme Manager: Professional Registration

Programme 3: Ethical Standards

INDICATOR TITLE	3.1.1. Percentage of eligible received new cases investigated within the current financial year
DEFINITION	This indicator measures the percentage of new cases received and investigated within the financial year. These are all cases that were received and investigated in the current financial year. The cases that do not belong to SACE will not be counted. In some instances, if the complainant withdraws the case, that case will also not be counted as received.
SOURCE OF DATA	SACE ethics register of complaints
METHOD OF CALCULATION/ ASSESSMENT	$\frac{\text{Finalised eligible cases investigated}}{\text{Eligible cases received}} \times 100$
MEANS OF VERIFICATION	List of finalised investigations and ETHCOM minutes
ASSUMPTIONS	Cases of misconduct by teachers will be reported to SACE. Schools, witnesses, and other stakeholders will cooperate with the investigation team/officer(s).
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-to-date
REPORTING CYCLE	Bi-Annual
DESIRED PERFORMANCE	20% of received new cases are investigated.
INDICATOR RESPONSIBILITY	Programme Manager: Ethical Standards

INDICATOR TITLE	3.1.2. NUMBER OF ROLLED-OVER CASES FINALIZED THROUGH INVESTIGATION AND/OR MEDIATION AND/OR RECOMMENDATIONS
DEFINITION	This indicator seeks to measure rolled-over cases finalized through investigation and/or mediation and/or recommendations wherein ETHCOM has instructed those charges to be preferred against an accused educator.
SOURCE OF DATA	Database for rolled-over cases finalized
METHOD OF CALCULATION/ ASSESSMENT	Simple Count
MEANS OF VERIFICATION	Minutes, and Action list of ETHCOM meeting,
ASSUMPTIONS	Rolled-over cases will be finalized
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	400 rolled-over cases finalized
INDICATOR RESPONSIBILITY	Programme Manager: Ethical Standards

INDICATOR TITLE	3.2.1 Percentage of new disciplinary hearings finalised within a year of receipt after ratification by ETHCOM (as delegated by Council)
DEFINITION	The indicator percentage of new disciplinary hearings finalised within a year of receipt measures all the new cases ratified by ETHCOM under indicator 3.1.1. The decision of ETHCOM on the outcome can include any sanction imposed. Cases that ETHCOM doesn't conclude but deliberate on, will not be counted as received. If the complainant withdraws the case, that case will also not be counted.
SOURCE OF DATA	Database for rolled-over disciplinary hearings
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Minutes of ETHCOM meeting, list of rolled-over rolled-over disciplinary hearings
ASSUMPTIONS	Rolled-over disciplinary hearings be finalized
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	100 rolled-over disciplinary hearings be finalized after rectification by ETHCOM
INDICATOR RESPONSIBILITY	Programme Manager: Ethical Standards

INDICATOR TITLE	3.2.2 Number of rolled-over disciplinary hearings/ cases finalized after ratification by ETHCOM (as delegated by Council)
DEFINITION	This indicator seeks to measure rolled-over disciplinary hearings/ cases finalized through hearings/and/or mediation and/or recommendations ratified by ETHCOM.
SOURCE OF DATA	Database for rolled-over cases finalized
METHOD OF CALCULATION/ ASSESSMENT	Simple Count
MEANS OF VERIFICATION	Minutes, and Action list of ETHCOM meeting,
ASSUMPTIONS	Rolled -over disciplinary hearing/cases will be finalized
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-to-date
REPORTING CYCLE	Bi-Annual
DESIRED PERFORMANCE	100 rolled-over cases finalized
INDICATOR RESPONSIBILITY	Programme Manager: Ethical Standards

Programme 4: Professional Development

INDICATOR TITLE	4.1.1. Number of professional development providers reporting type 3 activities of educators in the CPTD-IS in a year.
DEFINITION	This indicator measures the number of approved providers who according to the SACE points schedule are reporting type 3 professional development of the teachers who have taken part in their programmes in a year. Providers submit the registers of teachers who took part in the type 3 endorsed programmes.
SOURCE OF DATA	CPTD-IS Approved provider list
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Attendance registers
ASSUMPTIONS	Educators will participate and providers will record their activities on the CPTD-IS or submit them to SACE
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	20 providers reporting professional development points of educators
INDICATOR RESPONSIBILITY	Programme Manager: Professional Development

INDICATOR TITLE	4.2.1. Number of educators supported on professional matters in a financial year
DEFINITION	This indicator aims to measure the number of educators supported through professional development initiatives, including support through seminars, conferences, webinars, advocacy, and onsite support in all SACE mandates
SOURCE OF DATA	Invitations/requests/agenda
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Manual/Online Registers of members supported
ASSUMPTIONS	Members will be supported on professional development matters
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	15 000 Educators supported on professional matters
INDICATOR RESPONSIBILITY	Programme Manager: Professional Development

INDICATOR TITLE	4.3.1. Percentage of eligible professional development providers approved within 4 months of receipt of the applications
DEFINITION	This indicator aims to measure the percentage of eligible providers who are approved to provide type three external professional development activities. Eligibility in this context refers to the correct applications submitted by providers. All the providers that do not have fully completed applications will not be considered.
SOURCE OF DATA	Approved Provider database
METHOD OF CALCULATION/ ASSESSMENT	Number of approved providers Total number of eligible provider applications received X100
MEANS OF VERIFICATION	Provider application forms, approval letters, PRODCO minutes
ASSUMPTIONS	Providers will apply to be approved
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-Cumulative
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	80 % of applications approved
INDICATOR RESPONSIBILITY	Programme Manager: Professional Development

INDICATOR TITLE	4.3.2. Percentage of eligible endorsed professional development activities in a financial year
DEFINITION	This indicator measures the endorsement of professional development activities made available to teachers to enable them to participate in CPTD
SOURCE OF DATA	Register of Endorsed activities
METHOD OF CALCULATION/ ASSESSMENT	$\frac{\text{Number of activities endorsed}}{\text{Total number of eligible received applications for activity endorsement}} \times 100$
MEANS OF VERIFICATION	Activity application forms, approval letters, PRODCO minutes
ASSUMPTIONS	Providers will submit adequate activities for endorsement
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-cumulative
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	80% of activities will be endorsed
INDICATOR RESPONSIBILITY	Programme Manager: Professional Development

INDICATOR TITLE	4.3.3. Number of endorsed professional development sessions observed in a financial year
DEFINITION	This indicator measures the number of endorsed professional development provider programmes/activities monitored when being presented to teachers to ensure quality of the programmes
SOURCE OF DATA	Activities submitted to SACE for monitoring by providers
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Observation report, analysis report, and attendance registers
ASSUMPTIONS	Providers will submit adequate activities for monitoring
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-end
REPORTING CYCLE	Quarterly
DESIRED PERFORMANCE	10 activities will be monitored
INDICATOR RESPONSIBILITY	Programme Manager: Professional Development

Programme 5: Professional Teaching Standards

INDICATOR TITLE	5.1.1. Number of teaching practice Memorandum of Understanding (MOUs) established with Higher Education Institutions by the end of the financial year
DEFINITION	This indicator aims to measure the number of Higher Education Institutions which signs the teaching practice Memorandum of Understanding (MOU) with the South African Council for Educators in the financial year, as part of professionalizing the initial teacher education space.
SOURCE OF DATA	Annual plan of the HEIs Minutes of committee meeting approving the MOUs
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Signed teaching practice Memorandum of Understanding (MOU) Registers and minutes of engagements with HEIs
ASSUMPTIONS	The Higher Education Institutions shall sign the teaching practice Memorandum of Understanding (MOU)
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-cumulative
REPORTING CYCLE	Annually
DESIRED PERFORMANCE	13 MOUs signed
INDICATOR RESPONSIBILITY	Programme Manager: Professional Teaching Standards

INDICATOR TITLE	5.1.2 Number of Higher Education Institutions supported on the Code of Professional Ethics for student teachers by the end of the financial year.
DEFINITION	This indicator aims to measure the number of Higher Education Institutions which are supported on the code of professional ethics for the student teachers in initial teacher education sector.
SOURCE OF DATA	List of planned HEI's Annual Plan Code of Professional Ethics for student teachers
METHOD OF CALCULATION/ ASSESSMENT	Simple Count
MEANS OF VERIFICATION	Attendance registers, presentations, invitations
ASSUMPTIONS	The Higher Education Institutions offering Initial Teacher Education shall be supported on the code of professional ethics for student teachers.
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-to-date
REPORTING CYCLE	Bi-annual
DESIRED PERFORMANCE	15 HEIs supported
INDICATOR RESPONSIBILITY	Programme Manager: Professional Teaching Standards

INDICATOR TITLE	5.1.3 Number of approved projects for implementing the teacher professionalisation path (on focus areas 1-8) in place by the end of the financial year
DEFINITION	This indicator aims to measure the number of approved projects for implementing the teacher professionalisation path (on focus areas 1-8) in place by end of the financial year
SOURCE OF DATA	Teacher Professionalisation Path Approved concept/plan
METHOD OF CALCULATION/ ASSESSMENT	Simple
MEANS OF VERIFICATION	Minutes of committee approving projects Registers Report
ASSUMPTIONS	The approved projects for implementing the teacher professionalisation path (on focus areas 1-8) will be implemented
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	None
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	None
CALCULATION TYPE	Non-cumulative
REPORTING CYCLE	Annual
DESIRED PERFORMANCE	Improved Teacher Professionalism
INDICATOR RESPONSIBILITY	Programme Manager: Professional Teaching Standards

Programme 6: Research

INDICATOR TITLE	6.1.1. Number of research reports produced within a financial year
DEFINITION	This indicator measures the number of reports completed on research findings in line with SACE's research agenda
SOURCE OF DATA	SACE Research agenda
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Research Reports
ASSUMPTIONS	Research reports completed will inform the Council and the teaching profession
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Non-Cumulative
REPORTING CYCLE	Annually
DESIRED PERFORMANCE	To enable Council to make informed decisions and advise about the teaching profession
INDICATOR RESPONSIBILITY	Programme Manager: Research

INDICATOR TITLE	6.2.1. Number of statistical reports produced on the status of the teaching profession within a financial year
DEFINITION	This indicator measures the number of statistical reports completed with the use of qualitative or quantitative data on the teaching profession.
SOURCE OF DATA	SACE research agenda
METHOD OF CALCULATION/ ASSESSMENT	Simple count
MEANS OF VERIFICATION	Final statistical Report
ASSUMPTIONS	The SACE data system and external systems will contain credible data
DISAGGREGATED OF BENEFICIARIES (WHERE APPLICABLE)	N/A
SPATIAL TRANSFORMATION (WHERE APPLICABLE)	N/A
CALCULATION TYPE	Cumulative year-to-date
REPORTING CYCLE	Bi-Annual
DESIRED PERFORMANCE	2 research statistical report
INDICATOR RESPONSIBILITY	Programme Manager: Research

ANNEXURE A: AMENDMENTS TO THE STRATEGIC PLAN AND APP

The following table depicts the changes in the budget programme structure as it appears on page 16 of the strategic plan 2020-2025

PROGRAMME	SUB-PROGRAMME	EXPLANATION
Professional Registration	2.1 Registration of fit-to-practise educators 2.2 Data Management	Sub-programme is removed as the research programme deals with all SACE data analysis reports
Ethical Standards	Investigations Disciplinary Hearings Sanctioning	The sub-programmes are removed from the programme. Indicators fall under the programmes
Professional Development	4.1 Continuing professional teacher development management system 4.2 Member support 4.3 Quality Management	The sub-programmes are removed from the programme. Indicators fall under the programmes
Professional Teaching Standards	5.1 Initial Teacher Education 5.2 Newly Qualified Educators 5.3 Practising Educators	The sub-programmes are removed from the programme. Indicators fall under the programmes
Research	6.1 Research reports 6.2 Data management	<ul style="list-style-type: none"> The research programme has been moved from programme 1 sub-programmes. It is now programme 6 <p>The sub-programmes are removed from the programme. Indicators fall under the programmes</p>

The following table depicts changes made in the Strategic plan to the Outcomes table, page 17.

Outcome	Outcome indicator	Baseline	Five-year target	Explanation
Improved advisory role	Number of policy briefs developed and submitted to the Executive Authority	-	4	The strategic plan 2020-2025 omitted programme 6 outcome

Performance indicators changes from 2023/24 APP

2023/24 INDICATOR TITLE	2024/25 INDICATOR TITLE	REASON FOR AMENDMENT
PROGRAMME 1: ADMINISTRATION		
Percentage of trained employees in a financial year	Removed from the APP 2024/25	The sub-programme needs to develop an HRD Strategy, a plan and SOPs for implementing it before an indicator can be crafted to measure the output of the Strategy.

<p>Percentage of employees assessed for performance through performance evaluation system development</p>	<p>Percentage of employees who achieved satisfactory level through performance evaluation development system annually</p>	<p>The indicator was slightly amended to measure the impact. This has been reviewed to comply with the SMART principle</p>
<p>PROGRAMME 3: ETHICAL STANDARDS</p>		
<p>Not applicable</p>	<p>Number of rolled-over cases finalised through investigation and/or mediation and/or recommendations</p>	<p>The indicator was in the previous APP's, however, in 2023/24 it was removed due to the fact that it was being achieved.</p> <p>However, during the 2023/24 a rolled over case register was developed and it was realised that there are still backlog cases that needed to be elevated into to the APP.</p> <p>The draft APP brought back the indicator, however the title changed from percentage to number due to the fact that the number of backlog cases is known.</p>

Percentage of rolled-over disciplinary hearings/cases finalised	Number of rolled-over disciplinary hearings/ cases finalized after ratification of ETHCOM	The indicator title is slightly amended from percentage to number because we have data of rolled-over cases.
