2025

## ANNUAL PERFORMANCE PLAN

---

FOR 2024 - 2025

blind people  reading

## **Introduction by the Chairperson of the Board**

This Annual Performance Plan provides a clear commitment by the SALB Board, SALB Management and the staff of the Library to achieve the objectives for the 2024/25 fiscal year. The APP is guided by the 2020/2025 Strategic Plan of the Library and supported by “2030 SALB vision”. The objectives have been agreed upon by the Board of the SALB based on the expectation that all required resources such as funding, staff, equipment, and the enabling environment will be made available to achieve the objectives. The Board and Management of the Library is committed to achieve these objectives with the required support from the Department of Sport, Arts and Culture and in partnership with external stakeholders where applicable. The Technical Indicator of each objective provides additional detail of each objective. The Board is aware of the Library’s responsibility as a Public Entity, hence all the Library objectives are linked to the National Priorities of Government and the United Nations Convention on the Rights of People with Disabilities which was signed and ratified by the SA Government.

As the only Library for the Blind in South Africa and on the African Continent the Board is committed to ensure that the Library’s Legal Mandate as described on the Act 91 of 1998 is not just honored but also implemented because of its profound impact on the lives of blind and print-handicapped readers. The Annual Performance Plan will serve as an active guide on the activities of the Library. Regular reports to the Board and the Executive Authority will serve as instruments for monitoring and evaluation of the progress. The Annual Performance Plan has been developed with the cooperation of all the Sections of the Library. The Board of the SALB is confident that the objectives will contribute to recognize the information and reading needs of the blind and visually impaired population of South Africa and will also respond positively to that need.

**Mr. Xolisa Yekani**

Chairperson of the Board of the South African Library for the Blind

## Foreword by the Accounting Officer

The Annual Performance plan of the South African Library for the Blind is confirming its commitments for the 2024/2025 fiscal year. The key indicators on the tables are an illustration to the beneficiaries of the Library that, the Library will deliver services and products in response to their reading, information, and recreational needs. These key deliverables are also an indication to taxpayers of South Africa, how public funds will be spent, and how the Library will add value to the lives of the blind, visually impaired and people with print disabilities. These includes indication to various Government structures that the Library is contributing to the development of the country by supporting the objectives of the National Development Plan and the Medium-Term Strategic Framework 2020-2025 that is enshrined into “SALB 2030 vision”. The Library consider itself as an important national strategic partner playing a meaningful role to grow and develop South African blind societies to active participants and beneficiaries of a democratic society. The APP also gives evidence on how the Board and SALB management work in collaboration in exercising sound fiscal management and general governance practices to fulfil the mandate.

Finally, the Annual Performance Plan is a true reflection on how all Library staff dedicate their efforts to produce and develop accessible reading material and Library services to the blind constituents. The Board, Management and Staff of the Library is committed to deliver the best Library and information services possible to blind and print-handicapped readers across South Africa – this plan is an affirmation of that. In addition, the Library has a proud centenary history of over one hundred (100) years of service delivery, governance excellence and unqualified audits that spans over five consecutive years and this Annual Performance Plan commits the organization, Board and staff to continue performing at that level.

## Part A: Mandate

### Updates to the Relevant Legislative and Policy Mandates

The South African Library for the Blind derives its mandate from the South African Library for the Blind Act No. 91 of 1998. The mandate is further strengthened by complying with the following main legislation:

- **Public Finance Management Act, No. 1 of 1999 (as amended):**

The SALB is committed to comply fully with the provisions of the Public Finance Management Act and Treasury regulations. An area where the Library still falls short of what the Act requires relates to a fully operational Supply Chain Management framework. The Library is striving towards achieving this objective. In addition, the Library's financial policies are regularly reviewed in order to ensure continued alignment with the provisions of the Public Finance Management Act and the Treasury Regulations. The Library has a fully operational internal audit structure in place.

- **Employment Equity Act, No. 55 of 1998 (as amended):**

The SALB is a schedule 3A Public Entity under the auspices of the National Department of Sport, Arts and Culture and conform to the requirements of the Employment Equity Act. The Library has an Employment Equity Manager appointed to assist the Chief Executive Officer in attending to matters relating to employment equity, transformation and eradication of discriminatory measures/practices. An Employment Equity report for the SALB is submitted online to the Department of Labour every year, as required by Legislation. Because the Library employs fewer than 150 employees, it is regarded as a small organization in terms of the Act.

- **Skills Development Act, No. 97 of 1998 (as amended):**

The Management of the SALB places a high value on the skills development of its staff. The Skills Development Act requires designated employers to submit formal Skills Work Plans on an annual basis to the relevant SETA (ETDP SETA). The SALB complies with the requirements of the Act.

- **Promotion of Access to Information Act, No. 2 of 2000 (as amended):**

The Library submitted their Section 51 Manual in terms of the Promotion of Access to Information Act to the SA Human Rights Commission during 2011. The Manual is available in English, Afrikaans and isiXhosa.

- **Occupational Health & Safety Act, No 85. of 1993 (as amended):**

The Library has a Health & Safety Committee in place which operates in compliance with the Act. The committee consists of a Health and Safety Officer and three Health and Safety Representatives. Frequent reports are submitted, and meetings conducted in relation to health and safety in the workplace. The Health and Safety representatives are also First Aiders for SALB.

## 1. Updates to Institutional Policies and Strategies

The Strategic Plan has been developed within the framework of the National Development Plan, the Mzansi Golden Economy Strategy; the Strategic Plan of the Department of Sport, Arts and Culture with a direct link to Outcome 14, Social Cohesion and Nation Building ; the United Nations Convention on the Rights of Persons with Disabilities (which has been signed and ratified by the SA Government) as well as the Library and Information Services Transformation Charter.

The work of the Library is supporting the Vision and Mission of the Department of Sport, Arts and Culture. Through the production and dissemination of accessible media to blind and print handicapped readers in South Africa, this target group becomes part of social cohesion, nation-building, sharing in the arts and culture of South Africa as well as its languages.

## Part B: Strategic Focus

### Updated Situational Analysis

#### SALB External and Internal Situational Analysis

#### External and Environmental Analysis

##### Highlights of SALB Situational analysis

The SALB operates under the National Archives and Library Services Programme of the Department of Sport, Arts and Culture, i.e. to facilitate full and open access to archival and information resources of South Africa. In the SALB's case these activities are focused on the blind and visually impaired citizens of South Africa. The objectives of the Library therefore is in support of the Department of Sports, Arts and Culture's objective to guide, sustain and develop Library and information resources of South Africa so that good governance is supported, socio-economic development is sustained and citizens are empowered through full and open access to these resources. There are, however, a number of challenges facing blind and visually impaired people when it comes to open access to information resources. These challenges influence the SALB in executing its core mandate and the role it plays on a broader social level. As part of strategic resource planning the Library is faced by the following challenges:

- Capacity building and Scarce skills
- Access to published Indigenous language reading material.
- Social cohesion
- Limitations on Organizational structure
- National funding priority
- Target market expansion and alignment with SDGs and AU agenda 2063
- Copyright and International access to reading material.

### **Internal Environmental Analysis**

- Physical Building constraints
- Information Technology Connectivity
- Expensive and imported technology.
- Legal compliance funding needs

### **In terms of opportunities:**

The Library is the only one of its kind, not only in South Africa but also on the African Continent. Although there are scarce skills in Audio and Braille production the Library has well trained staff to produce accessible reading material for blind and print-handicapped readers. The Library's content is digitized which makes it easy to distribute material nationally and internationally. The Library plays an important role in collaboration with international organisations such as the World Intellectual Property Organisation to address the lack of sharing digital book files across international borders. The Library is also a member of the International Federation of Library Associations where we share and exchange knowledge about Library service delivery to our unique market. The Library has added a third reading format to its production line, i.e. tactile books for pre-school children. This contributes to literacy and the love for reading with children. Collaboration with Provincial and Local Library Authorities contributed to the establishment of Digital Library Service Points in various public libraries (Mini-Libraries). Expanding the membership base of the Library through these initiatives is crucial to reach as many members as possible within and outside of South African borders.

- The Library will ensure Internal Controls are in place to adhere to Policies and applicable legislation.
- The Library will ensure compliance with submissions of regulated reports as per the regulatory requirements.
- SALB Management Team and the Board will effectively manage the utilization of the budget and associated expenditures.

- Unqualified audit opinion with no material compliance matters raised by either AGSA or Internal Audit report is the desired outcome.
- Outcome indicator 1.2.1, aims to foster a culture of continuous learning and development amongst staff to increase knowledge and skills within the organization that will translate into improved services to the constituency served by the SALB. Also, to enhance employee morale; and improvement of potential promotability and employability of employees.

#### Narrative explanation of planned performance over the medium-term period

- Most of the above indicators are qualitative indicators due to the nature of the reporting required and the indirect control of outcomes. The monthly and/or quarterly reports to the CEO/Board/Audit and Risk Committee/Management Team, will illustrate the progress achieved in meeting the objectives. The submitted reports will indicate quantitative statistics wherever applicable.
- Each programme manager will have an operational plan that will support this annual plan.
- Ensuring all produced reading materials added to the Library catalogue are correctly classified.
- Ensuring that the collection of the Library is diverse and caters for all languages spoken in South Africa.
- Strengthening outreach programmes and marketing to increase membership.
- Strengthening partnerships with Provincial and Local Libraries to sustain and increase mini-Library service points.
- Finding innovative ways of distributing Library material to members across South Africa exploring different distribution strategies to disseminate Library material for members.
- To reach out to African Countries to develop capacity to render Library and Information Service to the Blind and Visually Impaired.

The budget allocation for various programmes reflects a strategic approach aimed at fostering organisational growth and community engagement over the medium term.

- Administration:** With a steady increase in funding from 2020/21 to 2026/27, the Administration programme underscores the commitment to bolstering internal operations and ensuring effective management of resources. This allocation is crucial for sustaining the core functions of the organization, including human resources, financial management, and infrastructure maintenance. The notable boost in funding from 2022/23 signals a proactive approach to accommodate potential expansion or increased operational demands.
- Business Development:** The allocation for Business Development exhibits a fluctuating pattern, indicative of responsive budgeting to economic conditions and strategic shifts in priorities. While there is a slight decline in funding towards the latter part of the Medium-Term Expenditure Estimates (MTEF), this could be attributed to streamlined processes, increased efficiency, or reallocation of resources based on performance assessments.
- Public Engagement:** The budget allocation for Public Engagement demonstrates a consistent upward trajectory, reflecting a concerted effort to enhance outreach efforts and stakeholder involvement. This sustained investment underscores the organisation's commitment to fostering transparency, accountability, and community participation. The gradual increase in funding reaffirms the importance placed on building and maintaining relationships with key stakeholders, including the public, government entities, and partner organisations.

Overall, the budget breakdown reflects a balanced approach towards supporting administrative functions, fostering business growth, and nurturing public engagement. By aligning financial resources with strategic priorities, the organisation aims to optimise operational efficiency, drive sustainable growth, and maximise impact across its various programmes and initiatives.
