Subject: "Laat Jouself Hoor" voorleggings mbt Wetgewende voorstel vir die wysiging van die UITSAAI WET (nr 4 van 1999) van Suid Afrika soos versoek in Rapport van 06-07-2008 agv interne probleme in die SAUK waarvolgens die OU WET nie voldoende was nie en nou uitloop op onnodige en DUUR hof aksies vir die Betaler.

To Whom it May Concern

I have been busy with ACTION against the SABCTV for a number of years without success due to their total lack of integrity and refusal to obey the Cosmic Law of God when hypostasizing themselves to BREAK His Laws in the Bible and have predicted this and many other still to come Problems for the SABCTV due to this making up of own secular laws and now the problem I have foreseen has come to this AMENDMENT and there will yet be many such to come.

Naturally I AGREE with this amendment of the broadcasting law number 4 of 1999 but this will NOT solve the problem if there exists a Blanket denial of the TRUTH of God.

In 154 the National Assembly may by the adoption of a resolution ONLY *recommend* the removal of anyone on account of a) Misconduct and (b) the inability to perform the duties of their office efficiently and the Historical Case have shown us that this is all it is and worthless words only upon which the Government is unable to ACT efficiently and when anyone is suspended it is with full pay and in fact an UPWARD move on the ladder of Incompetence to get more PAY whilst sitting at home in the Comfort Zone to laugh all the way to the bank until being re-instated.

What I would like to see and suggest is that the word "MISCONDUCT" be defined since one person's misconduct is another person's PROMOTION just as the LAW of GOD is rejected by SATAN not not OBEY His LAWS when REJECTING the Third Command to BLASPHEME His Most Holy NAME and the THIRD COMMAND of God is then ridiculed and Jesus Christ is profaned as a "F-cking Mother F-cker Whore on TV and the OMBUDSMAN at the BCC and their TRIBUNAL have given the FINAL Judgement or Finding, in my case, that this is now LEGAL to do so within the sanctity of my HOME and they now FORCE me to PAY them to DO SO, and they now make the BAD to be GOOD and this is ILLEGAL and yet the Ombudsman promotes this FILTH when insisting that they deny HATE SPEECH when they LIE and have another Agenda of their father to REJECT this Law of God and have tried to soften it with all manner of Pseudo-legalities that GOD rejects as the Prefixes and abbreviation and whatever else they come up with like in the OJ Simpson case equally and we saw what happened to that Lawyer that did not make it and DIED soon after.

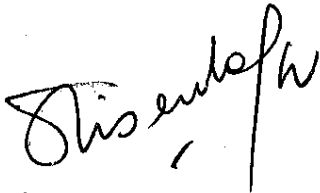

Anyone permitting of such programs on my TV that I have to pay for to see them Blaspheming my God thus in my home, will equally NEVER cross over the waters into HIS Promise. I have tried to get a RETRIAL and to APPEAL their Final

conclusion in writing and they simply ignore me at the BCC and thus I have written to the HRC and they have given me a CASE number but that is IT. It appears they are in cohesion and agreement with the BCC and the SABCTV to call my God a F-cking C-unt and other filthy profanities within my home and now BLAME me for it since I watch it thus the onus is "legally" but illegally and illogically removed from their framework of DENIAL and this is what is the CAUSE of all the TROUBLE as yet to COME within the SABCTV who HATES the name of God and promotes this FILTH in my House and yet expecting ME to pay for this FILTH of Satan. The BCC legal experts have now also decided this is NOT Blasphemy, because of the world wide acceptance thereof, and have now coined the word "profanity" to cover their DECEIPT in legal terms that GOD and others of God can never accept.

I have now tried everything possible to fight this FILTH and yet these SATANIC rites is still within the Secular framework where these ones have been Hypostasized and reject the GOD of Christians and spit on the Name of Jesus but I can assure you that when the man Muhammad is equally CURSED, the SABCTV will *immediately BAN it so this shows us the DECEIT and FILTH in the Boardroom of the SABCTV to apply Machiavellian Principles and Clauswitchian tactics to confuse the Christian pew parasites even more who do not know better and accepts the LIE of this MISCONDUCT that is now OK'd by your Broadcasting ACT 1999 and 2008's amendment not defining this word.*

It is for this BREAKING of the LAW of God that the SABCTV and the Government shall NOT succeed in the long run and this COUNTRY will go the same way as Sheba and others having removed this NAME of God and I speak what I know and if you want me to TEACH others, I will do so, to show you the error of the ways, as in sura 27:30 and Revelation 22:19, in any public house that all can learn and see.

Sincerely

Anthon von Lisenborgh
