

Resolutions

- Cooperation between relevant Committees, eg Defence, Economic Development, Energy, Transport etc
- Effective and robust oversight through surprise visits to SOE`s
- Interrogate department on its procurement policy, and strategies to support local manufacturers
- Urgent need to visit the PBMR site

- Investigate the high Cargo dues at South African Harbours, and the efficiency of harbours (time taken to load and off load cargo) Inviting Transnet and manufacturing stakeholders
- Whenever SOE`s appear before the Committee, they must be accompanied by the boards
- Follow up on the ESKOM`s build program
- Oversight visit to the Richtersveld community
- A need to understand the risks involved in optic fibre cables, considering what happened in Somali. The Committee asked the researcher to gather information on the cables and to consult Hon Mangena for help.
