# CORRECTIONAL SUPERVISION & PAROLE BOARD

LEEUKOP MANAGG MGT AREA

correctional services

Department:  
Correctional Services  
REPUBLIC OF SOUTH AFRICA

2.

## INTRODUCTION

- There are two Vice Chairpersons serving four institutions at Leeuwkop Management Area with the population of about 5000 offenders.
- The structure consists of two Vice Chairpersons, one secretary and three community members currently operating as one board.

3.

## Corporates Services

- We are running short of 2 Chairpersons, 1 secretary and 1 community member.
- Two Vice Chairpersons act as Chairpersons during sittings.
- Appointment of Chairpersons will assist in servicing four institutions well.

# Stakeholder Involvement

- Participation of other stakeholders such as SAPS and Justice Department is a challenge.
- Although a quorum is attained however it is important that such stakeholders do attend.

5

## Victims Participation

- We struggle to get the details of the victims because offenders would also say they hardly know the victims.
- It will be much appreciated if we could get this information from the courts before the accused are sentenced and admitted to Correctional centres.

6.

## Medical Parole

- From the beginning of this year (2009) to date we received only 12 profiles of offenders who should be considered for placement on medical parole and they were all placed out.

## Offender Profiles

- In some instances we receive profiles with no SAP 62, SAP 69 (Previous Convictions), sentence remarks and support systems.
- We rely more on the Case Management Committee for this information however this will be addressed through regular meetings between ourselves as Parole Board and various Case Management Committees.

# Conclusion

- In conclusion we are doing well as a Board and that is evident from the fact that we have no backlogs as we try to maintain the service delivery.
