

Parole Board Functioning
Johannesburg Management Area

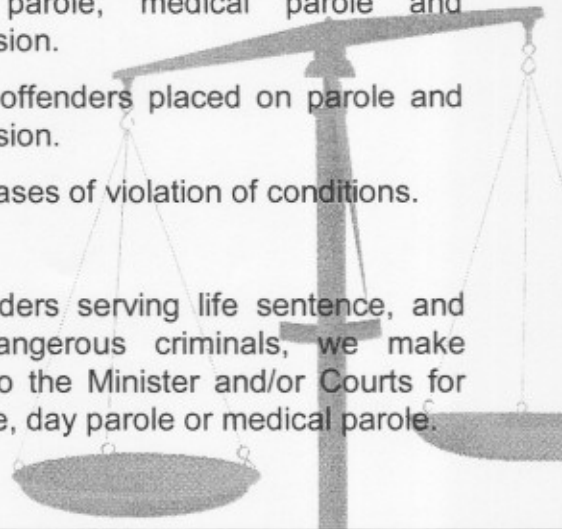

correctional services
Department:
Correctional Services
REPUBLIC OF SOUTH AFRICA

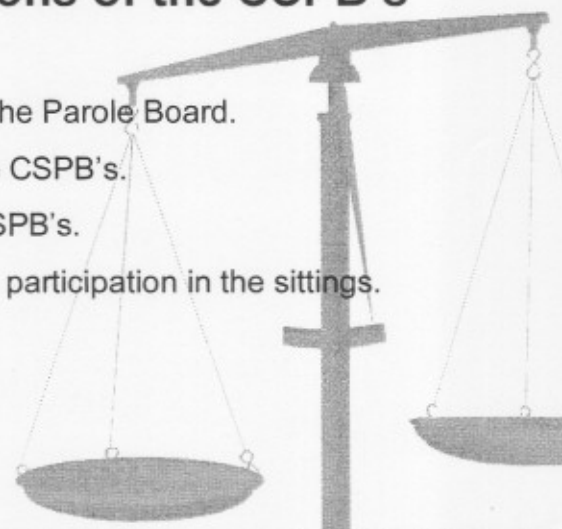

Key Functions of the Parole Board

- Consider offenders serving more than 12 months for parole, day parole, medical parole and correctional supervision.
- Set conditions for offenders placed on parole and correctional supervision.
- Revoke parole in cases of violation of conditions.
- Recommend,
in respect of offenders serving life sentence, and those declared dangerous criminals, we make recommendations to the Minister and/or Courts for placement on parole, day parole or medical parole.

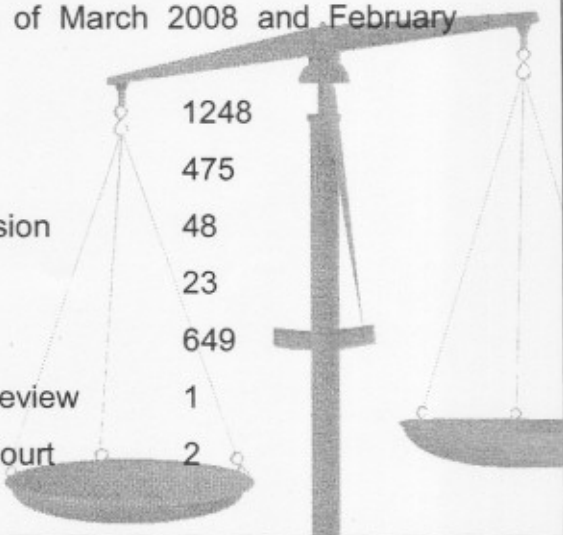

Key functions of the Chairpersons of the CSPB's

- Chair of sittings of the Parole Board.
- Management of the CSPB's.
- Marketing of the CSPB's.
- Promotion of victim participation in the sittings.

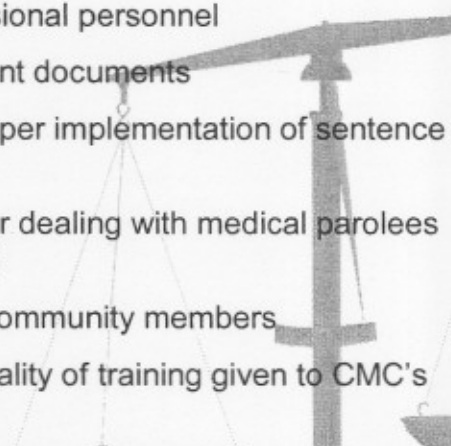

Achievements

Between the period of March 2008 and February 2009 –

Considered	1248
Placed on parole	475
Correctional Supervision	48
SED's	23
Further profiles	649
Cases that went for review	1
Cases that went to Court	2

Challenges

- 
- Shortage of professional personnel
 - Absence of important documents
 - Absence and improper implementation of sentence plans
 - Lack of provision for dealing with medical parolees who have recovered
 - Training of CSPB community members
 - Skills levels and quality of training given to CMC's
 - Victim participation

Motto:

Strive towards excellence...
