STRATEGIC FOCUS FOR 2010-2013

RATIONALE

- Historically disadvantaged communities are deprived of access to information that can assist them to participate actively in the democratic processes of our country.
- Current media (in particular print and TV) lacks diversity and recognition of indigenous languages and culture,
- Approximately 80% of the SA population is African, yet the number of indigenous language media products are counted and instead most media is produced in English,
- Advertising tends to be biased toward media houses with adequate financial resources,

RATIONALE (Cont.)

- Broadcast frequency spectrum is a limited public resource, digital broadcasting may assist regarding availability of more frequencies.
- Small commercial media projects have limited access to printing given lack of resources (costs and facilities),
- Access to advertising for small commercial media remains a stumbling block to their growth and viability. Similarly their inability to acquire the audit bureau of circulation (ABC) certificate disadvantages them in the market place,
- The sector lacks appropriate and relevant skills in respect of marketing; management, financial management and production management.
- The sector lacks the development of strategies for sustainability of their projects.

RATIONALE (Cont.)

- There is a dearth of knowledge and information that can adequately identify critical issues in the small commercial and community media sectors in South Africa for innovation.
- There is also the lack of research and information specific to the sectors that inform program development and strategic focus (e.g. Not much updated information on the number of indigenous language newspapers in S.A., number of readers of such newspapers, etc.)

Overall Objective

“TO ENSURE THAT ALL CITIZENS CAN ACCESS INFORMATION IN A LANGUAGE OF THEIR CHOICE AND TO TRANSFORM MEDIA ACCESS, OWNERSHIP AND CONTROL PATTERNS IN SOUTH AFRICA.”

Purpose

“TO STRENGTHEN THE SECTOR THROUGH THE PROVISION & LEVERAGE OF RESOURCES, KNOWLEDGE AND SKILLS IN PURSUIT OF PROMOTING MEDIA DEVELOPMENT AND DIVERSITY.”
