The nature of the judgments strip to bare essentials in respect of each department is as follows:

Safety and Security

The majority of the judgments received arise out of claims for unlawful arrest and detention.

Rural Development

Initially we were served with a lot of judgments obtained against Department of Land Affairs and Land Reform, there has been a decline to such extent that between July 2010 to January 2011 there were no judgments served on us against the said Department. In 2011 there has been 1 judgment served. The judgments have been paid by the Department.

Correctional Services

Judgments against Correctional Services are mainly for cost, apart from that; there have been two other judgments for arrear salaries.

Department of Health

Judgments against the Department of Health are for costs

Water Affairs

There has been one judgment against Water Affairs for services rendered.

Department of Labour

Judgments served on us are for costs

Defence

There has only been 3 judgments served on us and they have all been for costs.

Public works

There has been one judgment for services rendered.

Department of Justice

There judgments served on us are for costs and there is one for damages arising out of malicious prosecution

Department of Minerals and Energy

There was one judgment served for services rendered.

Department of Social Development

There judgments served are for costs incurred in bringing applications to compel the department to pay social grants. The costs were paid by the State Attorneys

National Prosecuting Authority

We have only been served with two judgments, one arising out of the actions of the asset forfeiture unit and Mrs. Da Silva from the AFU JHB confirmed that it was paid and the other arising out of a claim for unfair dismissal we were advised by Mr. Phuroe from the State Attorney JHB that the matter has been taken on review.
