Dear Mr Arends

Referring to your short-listed candidates for interviews to serve on the Board for the National Youth Developments Agency:

Just a glance over the 23 names, I pick up that there might be no Coloured person represented on the short-listed names. This concerns me and want to know how come such a gross omission could have taken place while the Coloureds youth national %, is more than the Indians and Whites together who seems to have a strong representation.

I suggest that the interview process be stop if you going to omit one of the minority groups.

Please let me know by close of business to day.

Kind Regards

Past. Elrich Oliphant
