1	Mpumalanga	JAKKALSDANS BOEDERY CC & 16 OTHERS VS RLCC-MP, MINISTER OF RURAL DEVELOPMENT & LAND REFORM & MOLOTO COMMUNITY	LCC 158/2010 & LCC 204/2010 (referral)	Referral	The Moloto Community (3rd Respondent) lodged a valid claim with the RLCC-MP the farm Jakkalsdansk 243 JR made up of a number of Ptns. Claim was settled on the basis that the farm is to be restored to claimants. Negotiations process to purchase the property between the RLCC & current owners ensued. Valuations were conducted & offers were made to owners. Sales of not all the affected Ptns were concluded and transfers to claimant community were done. This was done in phases. In the case of the applicants RLCC decided not to proceed with the sales saying that the properties are too expensive. Applicants want the court to adjudicate over this dispute	RLCC decided not to proceed on the basis that the properties are too expensive. They have now been converted to small holdings which they were not at the time of dispossession. The state can therefore not afford to purchase them and the claimants will be given alternative redress which is financial compensation. This will be based on the value at the time of dispossession	RLCC was compelled to refer the matter and referral notice was filed and served on the interested parties. 2	Mpumalanga	ETTIENE PIERRE DE VILLIERS VS RLCC-MP, MANSA WILLEM MAHLANGA, THE MINISTER OF RURAL DEVELOPMENT AND LAND reform	LCC 95/2010	Referral	The 2nd Respondent lodged a claim with RLCC-MP for restitution of rights lost on Ptn 1 (Remaining Extent) of Blyvooruitzicht 383 JT, which belongs to the Respondent. Investigations were done and recommendation is that property be restored to claimant. Applicant dispute the validity of the claim. He applied to court that the RLCC be ordered to refer the claim to court for adjudication on the basis that the dispute cannot be resolved between the parties	RLCC has conducted a full research on the claim and an acceptance report with a recommendation that the claim meets the acceptance criteria as set out by the Restitution Act was produced. Evidence collected proves that the claimants were dispossessed of their right in the land	Referral application was done and delivered to the office of the state att for issue and service. 3	Mpumalanga	MTSHWENI FAMILY / RLCC-MP & JACOBUS GUILLAM CLAASEN	LCC 20 /201	Referral	Claim lodged by the Mtshweni Family on Farm Onverwacht 70 IS to RLCC was investigated and found to be compliant with the requirements of a valid claim as per provisions of the Restitution Act. The current land owner (Jacobus Guillam Claasen) through his attorneys submitted to the RLCC his objections to the claim. He also rejected any attempts to resolve the dispute further rejecting offers put by the RLCC on the property. The RLCC referred matter to court for adjudication in terms of the Act	Investigations commissioned on the claim revealed evidence sufficient to recommend that the claim meets the criteria set out in the Restitution Act. Claim was investigated and found to be valid in terms of the Restitution Act. 6	Mpumalanga	MAHLANGU FAMILY / RLCC-MP. HERALD DU PREEZ ATT	LCC 48/2010	Referral	Claimant family lodged a claim with the RLCC-MP. Claim was investigated through research. Recommendations were that the claim meets the criteria as set out in the Restitution Act. On the strength of the recommendation negotiations to purchase the claimed property being Ptn 0 & Ptn 1 of De Roodekop 350 JS started. At the time the current owner indicated his willingness to to sell both properties to RLCC. Offers based on valuations were presented to the current owner. He rejected the offers and submitted his valuation amounts. As the negotiations were going on the current owner suddenly refused to negotiate further and through his attorneys submitted an objection to the claim withdrawing all the offers he initially made	Research recommendations are that there was dispossession in terms of the Restitution Act. The Land Owner had initially accepted the claim and the dispute was only on the valuation amount. It is noted that he has since repudiated all the claims against him and withdrawn offers he previously made.	Referral issued and served on the claimants. 7	Mpumalanga	WESSEL ALBERTUS VERMAAS VS RLCC MPUMALANGA	LCC 144/2007	Review	Claimant lodged a claim for restitution of land rights lost 2 farms. He argues that when he was dispossessed by expropriation in 1948 he was not paid compensation reflecting the value of his properties and that the state failed to compensate him for game lost that he had on the property. Research revealed that the claim does not meet the requirements of the Act. Claimant had been sufficiently compensated and that his game compensation claim is not covered in terms of the restitution Act. Claimant applied to court to compel RLCC to review this decision and refer the matter to court for adjudication on the merits of the claim. RLCC referred matter to court as per court directive.	There is sufficient information in a form of archival documentation that claimant was sufficiently compensated and claimant was involved in the price negotiation. There has been an exchange of valuation prices. Regarding compensation for game, there are good prospects of success as game is not covered in terms of the Act. Further, even if the court might find otherwise, which is not anticipated at all, there is sufficient evidence that claimant was also compensated for the game.	After filing of the referral form RLCC instructed counsel who drafted an amendment which was also filed. Claimant pleaded to the first referral and failed to plead to the amended referral. This was an irregular step on his part. There has been subsequent meetings between the parties (claimant has since appointed new att) and recently, in October, claimant has indicated that he will plead to the amended referral. In consultation with state att, RLCC and Counsel on the 30 Nov 10 it was agreed that a letter be sent to claimant advising him to plead as per agreement failing which an application for an irregular step will be brought.
