

Annual Report 2012

Presented to
The Portfolio Committee on Energy
Parliament of the RSA

17 October 2012

The Patroleum Olf and Gas Corporation of South Africa (Pty) Ltd : Reg :No :1970/00810007

Company Overview

- PetroSA was established in 2002*
- Employs 1861 staff members
- Pioneered the world's first GTL refinery
- Business spans petroleum value chain
- Produces ~ 5% of RSA fuel needs
- Produces diesel, gasoline, kerosene and specialty products
- Has produced ~70 MMbbl crude and used 1 Tcf of natural gas to date
- Has acreage in Ghana, Equatorial Guinea and Namibia
- Has a trading office in Rotterdam
- Net Asset Value ~ R18 billion (31/03/12)

^{*} Following the merger of Soekor E & P and Mossgas Pty Ltd

Key Messages

security of supply The organisation continues on its NOC Mandate to operate commercially and support

Financial Performance and Sustainability

- Once again, we received an unqualified audit opinion
- Group profits rose 54% year on year to ~R1.3 billion in 2011/12
- Progress was made on Project Ikhwezi, which is intended to extend Mossel Bay Cape operations to 2020 and sustain jobs at the single largest employer in the Southern

SHEQ:

- Safety record is within acceptable range, but more focus on leading indicators (e.g. near misses) is needed
- Environment: 15 incidents occurred, with appropriate remedial action taken to avert a recurrence
- Increased awareness and education should help

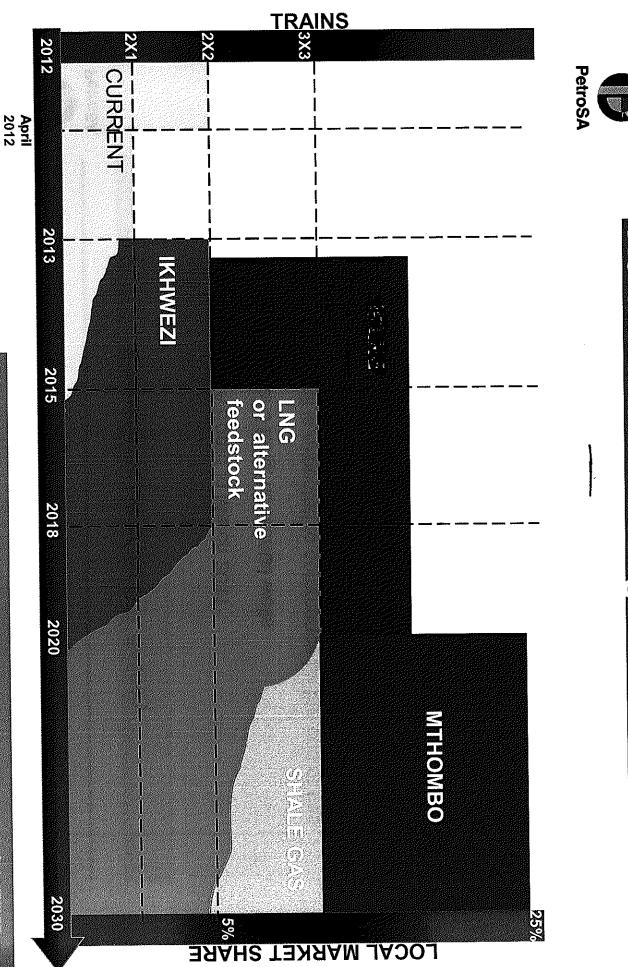

Key Messages - continued

Growth:

- ➤ Mthombo: Together with Sinopec, with which we signed a Joint Study Agreement, we are currently reviewing the business case in view of new clean fuels requirements and demand/supply projections
- ➤ We have bought Sabre Oil and Gas Holdings Ltd in Ghana, which gives us access to Jubilee field and provides a strategic entry into the prolific Gulf of Guinea

Transformation:

- ➤ Progress is being made on women recruitment, but more is still needed
- \gg Difficulties $\,$ remain in recruiting people with disabilities, but we have offered bursaries to selected students with disabilities
- We built a specialised fuels research centre at the University of the Western Cape
- ▶ 71% of commercial business sales went to BEE customers
- ▶ 67% of discretionary procurement spend went to BEE suppliers

The Petroleum Oil and Gas Corporation of South Africa (Pty) Ltd Reg. No. 1970/008130/07

Vision 2020: Building Blocks to 25%

__

__

_--

Project Ikhwezi

Extending the Life of our GTL Refinery

- Approved by PetroSA Board in March 2011
- \gg It entails the drilling of 5 long, horizontal wells
- Drilling of the first well is expected to commence by the end of this year
- First gas is expected to flow in the second half of 2013
- Project Ikhwezi is expected to extend the life of the GTL plant to 2020
- Provides opportunity for further development of other gas prospects near the F-O field, which should extend the life of the GTL plant

The Petroleum Oil and Gas Corporation of South Africa (Ph.) Ltd. Regulto, 1970/00910007

Shale Gas - Potential Impact to RSA

Key Observations

- According to the US EIA, SA has the 5th largest shale gas resources in the world
- Econometrix estimates that 10% of this (38.5tcf) could add R200bn/year to RSA's GDP and create 704,000 jobs over 25 years*
- The SA Ministerial Task team on Shale Gas concurs, and is of the view that 30tcf of this amount would make a huge impact to the RSA economy
- It is vital that there is a balance between developing Shale Gas and addressing environmental concerns, hence the importance of policies and regulations

Potential Benefits

- Would advance SA's drive for cleaner energy sources (IRP 2010 targets: 48% coal, 14% nuclear, 16% renewables, 9% gas by 2030)
- Would advance job creation, infrastructure and skills development, as well as B-BBEE

Shale Gas

Strategy

- Commercial-scale development in RSA may take 10 years (this allows sufficient time to enhance legislation, fiscal regime and regulation)
- PetroSA supports the quest to ascertain the viability of Shale Gas resource in the Karoo

The Partoleum Olland Gas-Corporation of South Artica (Psy) Ltd | Reg. No. 1970 (008130

The Participum Oil and Sea Corporation of South Africa (Pty) Ltd Rep. No.:1970/005(1300)

PetroSA has progressed significantly in transforming its supplier base towards a B-BBEE supplier base

■ Total Procurement

■ Non-discretionary spend

■BEE spend (Co. >25.1% Black Owned)

Discretionary spend

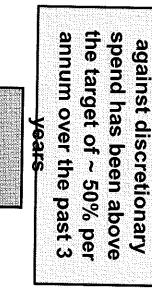

FY 10/11

FY 11/12

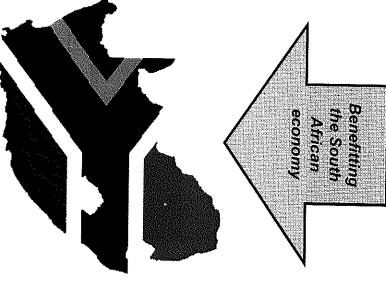

20% 40% discretionary spend (Target BEE % spend against 67% 50%) ■BEE % spend on Black Owned Companies >25.1%

FY 10/11 FY 11/12

The Petroleum Olliand Cast Corporation of South Africa (Pty) (Ed.: Reg. No. 1970) 018/30/07

B-BBEE % Spend

Conclusions

commercially and support security of supply. The organisation continues on its NOC Mandate to operate

- ➤ The focus is on sustaining our GTL Refinery in Mossel Bay and creating new opportunities for growth
- We are tightening financial and operational performance and controls
- We need support on key projects like Mthombo. The country faces a real risk of fuel supply shortage in the medium to short term
- Our Vision 2020 Growth Strategy will advance job creation, enterprise development and other key transformation initiatives
- Together we can do more!
