Re: PSIRA Amendment Bill (B 27-2012) Submission and Hearings.

Attention: Ms. J. Shonhiwa.

1. I am the owner of a PSIRA / SASSETA / NKP accredited institution since 2004. I would like to submit input to this process, especially when it comes to "Regulate security service rendered outside the Republic".
2. My company is seen as a "Lead Service Provider" by the SASSETA. I have also developed training material on twenty one (21) Unit Standards for the SASSETA environment, and they were all accredited by the SASSETA.
3. As indicated I am also the owner of a security and training institution, but I also deploy PSIRA registered security officers on ships on International waters. These officers are placed on the ship to protect the vessel against Pirate attacks at sea. Every time we deploy, we experience massive problems between the functions of the PSIRA and the SAPS.
4. I will gladly serve on a committee or workgroup to help and sort out these challenges, and will gladly help developing work procedures etc. for this process.
5. Your feedback will be appreciated.

Chris Botha
