Subject: Against Toll in Gauteng

Dear Sir/Madam,

I would like to voice my objection against the toll system to be instituted on the Gauteng Freeway System for the following reasons:

1. To collect the toll is very expensive and not an efficient way to pay for the upgrading of the freeway system
2. We are already pay a levy on fuel that is supposed to go for upgrading of our road system – what is the Government doing with this money? – it wil, therefore, be very easy to increase this levy and will also be more efficient to collect.

Why is the Government so set in instituting the Toll System? Are there any Government officials or their family members that stand to gain from this?

Kind regards,

Pierre du Toit
