Subject: TRANSPORT LAWS & RELATED MATTERS AMENDMENT BILL

Sir (Mr Valerie Carelse)

The advert for "Have your Say" on the above-mentioned subject, has reference.

Kindly take note that, my opinion will be:

The regulation and formalization of the cross-border public transport and freight to enable government the control of such operators.

The above proposal is due to the fact that, currently government is in progress of getting co-operation of the local and long distance taxi association with the Regulation, Formalization and Legalization, even though the NTLTA is silent about taxi association, but the Gauteng Public Passenger Road Transport Act managed to come up with proper structures.

Currently there are lot of mushrooming of the cross-border operators soon or later they maybe out of control is there are no regulation on them, e.g. such operators in JHB are just operating all over on the streets.

Trusting you will find my comments worthwhile.

Kind regards

Oupa Papo
